NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.

2. The columns of the Return should be correctly added and the totals placed at the foot thereof.

3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.

5. No Quarterly Grant will be paid until Returns have been received by the Department.

6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays.

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.

2. The columns of the Return should be correctly added and the totals placed at the foot thereof.

3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.

5. No Quarterly Grant will be paid until Returns have been received by the Department.

6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays.

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.

2. The columns of the Return should be correctly added and the totals placed at the foot thereof.

3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.

5. No Quarterly Grant will be paid until Returns have been received by the Department.

6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays.

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

CANADA

INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance and tuition at the File Hills School for the Quarter ended March 31 19 49

Principal Lachlan McLean

Dated April 16th. 1949

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the instructions of the Department.

Ken Mood
Indian Agent

Dated at .....

this 16th April 19 49

NOTE

Principals will please be guided by the instructions printed on the last page.

, July 11, 1949.

Dear Sir:

The June Quarterly Return for the File Hills Residential School has been received.

On checking the return it is noted that pupil # 0277 was in residence for five days. However, you failed to show when she left the school. Our Treasury and Audit Branch insist that the dates the pupils leave and return to residence be shown.

Would you kindly supply the information for this case, and make it a point to show all necessary dates and reasons on future returns.

Yours sincerely,

Philip Phelan,
Chief, Education Division.

Mr. L. McLean,
Principal,
File Hills Indian Res., School,
Balcarres, Sask.,

MFS/HM

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.

2. The columns of the Return should be correctly added and the totals placed at the foot thereof.

3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.

5. No Quarterly Grant will be paid until Returns have been received by the Department.

6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays.

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

To be returned to Indian Affairs

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.

2. The columns of the Return should be correctly added and the totals placed at the foot thereof.

3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.

5. No Quarterly Grant will be paid until Returns have been received by the Department.

6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays.

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.

2. The columns of the Return should be correctly added and the totals placed at the foot thereof.

3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return. use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.

5. No Quarterly Grant will be paid until Returns have been received by the Department.

6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays.

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

CANADA

INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance and tuition at the FILE HILLS School for the Quarter ended Sept. 30th 1949

Principal Lachlan McLean

Dated Sept. 30th 1949

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the instructions of the Department.

DEPARTMENT OF INDIAN AFFAIRS

CANADA

Ottawa, December 24th, 1924.

MEMORANDUM:-

MR. SCOTT.

As you are aware the File Hills Boarding School has just had a 40x42 addition added to it. This addition provides for a large dormitory for the girls, 4 staff bed rooms , a recreation room, a bakery, a laundry and a hall running through the centre of the addition. I would ask for your authority to expend $1200.00 to assist in furnishing this new addition. I will only buy what is actually required and purchase material in the usual way.

Wm. Graham

Indian Commissioner.

COMMISSIONER'S OFFICE,
REGINA, SASK., February 2, 1925.

Sir:-

I beg to enclose herewith a voucher for the plumbing in connection with the new sewer for the File Hills School Extension.

The building inspector reported when digging the foundations that he found a sewer, but on further examination this was found to be a blind lead so the new work was undertaken.

I beg to recommend this voucher - #2874 amounting to $719.18 - for payment. It is in favor of Messrs Paulin & Swayze of Regina, the firm who did all the plumbing at the school.

Pay sheets, Freight receipts and the wholesale accounts pertaining to the job are all attached, and duly receipted. The work was done on a basis of 10%.

Department authority for this work is dated April 16th, 1924.

Your obedient servant,

W.M.Graham,
Indian Commissioner.

The Secretary,
Dept. of Indian Affairs,
Ottawa.

COMMISSIONER'S OFFICE,
C. REGINA, SASK., February 16, 1925.

Dear Sir:-

I have yours of the 11th instant, your file #111-1-5 returning voucher No.2834 in favor of Paulin & Swayze, Regina for $319.18, wherein you remark an error in supporting invoices of $16.41.

The supporting bills of the Engineers and Plumbers Supply Company Limited, amount to $184.91, but the additional $16.41 you will find on a direct charge of Paulin & Swayze for material delivered direct from their establishment.

I think you will find this correct, and the voucher complete for payment.

Yours truly,

W. M. Graham

Ottawa, April 7th., 1925.

Sir,-

With reference to receipts Nos. 11102, 11162, and 532, mentioned in your voucher No. 2886, it is observed that Mr. Deacon charges $25.00 a month for board of men working on the addition to the File Hills School. The Department desires to know whether Mr. Deacon supplied at his own expense all the food supplies necessary to board these men, or did he draw from the Department's stores of flour, beef, bacon, teac, etc., to feed these men.

COMMISSIONER'S OFFICE,
C. REGINA, SASK., April 9, 1925.

EXAM.

Sir:-

I beg to forward herewith and recommend for payment Regina voucher #3038 amounting to $136.06, in favor of Paulin & Swayze, Regina, Saskatchewan.

This is for the pipe-fitting, etc. in connection with the new laundry equipment at the File Hills School. It was necessary to put a hot and cold water line from the furnace room to laundry. These had to go down the basement hallway for connection with the washing machine. Also a waste pipe had to be carried below the cement floor to connect with the sewer line.

The above firm did all the plumbing work at the school, and the price quoted me for the above work was most reasonable.

INDIAN EDUCATION

The Department authority for the equipment is dated November 27th, 1924, under file #111-1-5.

Your obedient servant,

W.M. Graham

RECORDS

Sir,-

I beg to acknowledge receipt of your letter of the 7th inst. #111-1-5, with reference to receipts Nos. 11102, 11162, and 532 attached to Voucher 2886.

You observe that Mr. Deacon charges $25.00 per month for board of men working on the addition to the File Hills School, and that the Department is desirous to know whether he supplied, at his own expense, all the food supplies necessary to board these men.

In reply I beg to say that Mr. Deacon did supply all the food necessary to board these men at his own expense, and did not draw from the Department's stores.

Mr. Deacon could very well have asked me to board the men elsewhere. It was an obligement to the Department that he took them in, and as a matter of fact he is out of pocket, as he could not board men at $25.00 per month. However, this is what he said he would do it at. I also know that it was a great inconvenience to him to have these men boarding at his house, but as I said before, it was a convenience to the Department, and that is why he did it.

COMMISSIONER'S OFFICE,
C. REGINA, SASK., June 25, 1925.

Sir:-

I beg to inform you that there is no regular fire alarm system in connection with the File Hills Boarding School, and this matter should be attended to without delay. I would respectfully request that I be authorized to spend $30.00 in installing two gongs together with the necessary wiring and work in connection therewith.

already authorized

An extra fire escape pole is also required, to be erected at a low cost. I have not the figures at hand just now, but it would probably come to somewhere in the neighborhood of $200.00 to do this work.

I would also ask for your authority to purchase a couple of iron gates costing about $100.00.

There is a little extra work in connection with the setting up of a bell that was on the roof. This might be done for less than $25.00.

We have a carpenter at work now erecting the addition to the outside classroom, and if money is available I would have this work done by these men.

I would also ask for authority to purchase sufficient awning to fit over the screens on the new verandah that has been erected. I cannot say what this would cost, but $100. would be ample to cover this expenditure.

Your obedient servant,

W.M. Graham

111-1-5.

July 7, 1925.

Memorandum:

Dr. Scott.

Mr. Commissioner Graham recommends the following improvements at the File Hills Indian Residential School: -

1.	Extra fire escape pole	$200.
2.	2 iron gates	100.
3.	Installing bell on roof	25.
4.	Awning for the new verandah	100.

There are no funds specifically provided for these purposes and I shall be pleased to have your instructions.

Ottawa, July 7, 1925.

Sir:

I have your 306-11A of the 25th ultimo, with reference to improvements at the File Hills Indian Residential School. If you will refer to official letter of this file number of the 9th ultimo, you will note that you already have authority to supply and install two fire alarm gongs. You are authorized to erect an extra fire escape pole, to purchase two iron gates, to set up the bell on the roof and to purchase awnings for the new verandah. Your estimates in this connection should not be exceeded. Please keep in mind the regulations governing purchases when you are awarding the business. Your estimate of $100 for two iron gates seems high and I should be grateful if you would incur only the necessary expenditure in this connection.

Your obedient servant,

A. F. MacKenzie,
Acting Asst. Deputy & Secretary.

DEPT. OF INDIAN AFFAIRS AUG 10 1925 REGINA

DEPARTMENT OF INDIAN AFFAIRS
CANADA

IN YOUR REPLY REFER TO
No. 306-11A
ALSO TO DATE OF THIS LETTER

COMMISSIONER'S OFFICE,
REGINA, SASK., August 6th, 1925

Sir:-

I beg to enclose herewith and recommend for payment Regina Voucher No. 3265 for $1167.94 in favour of the Ontario Wind Engine & Pump Co., Regina, Sask.

This is for the expense and material used in the well for the File Hills School. Unfortunately, after reaching a depth of 622 feet there still was no water, and it was useless to continue the work. The original arrangement called for the drilling with casing $275.00 per 100 ft., but as the prospects of getting water became doubtful I made the drillers give me a great reduction on the original cost, which now amounts to about $600.00.

The invoice #2912 is for material in the new well and what was used in the old well. The Bulldozer pump is now being used in the old well.

The work was undertaken under Dept. Authority dated August 11, 1924, Fyle 111-1-5.

Your obedient servant,

W. M. Graham,
Indian Commissioner.

The Secretary,
Dept. of Indian Affairs,
Ottawa.

Sir:-

I beg to inform you that the engine which is used for pumping the sewerage at the File Hills School has been in use for a great many years, and is now worn out and beyond repair. They request authority to purchase a 1½ h.p. Fairbanks-Morse engine. In order to save time I am placing the order, and hope that this will meet with your approval.

Immediate

Sir:

With reference to the Principal's house at the File Hills School, when the building was erected the roughing-in for the bath, toilet and kitchen sink was executed. The necessary equipment, fixtures and labour to complete the plumbing in the house will approximate $300.00, and this should be done to complete the house and make it comfortable. I shall be glad to receive authority by telegram to proceed with this work.

COMMISSIONER'S OFFICE,
REGINA, SASK., Oct. 9th, 1925

Sir:

With reference to the amount allowed in the Estimates for out-buildings at the File Hills Residential School, I may inform you that the erection of an ice house, implement shed and poultry house is now being proceeded with.

SCHOOLS BRANCH
OCT 14 1925

More storage room is needed at this School. At the present time the Principal is using the old Principal's residence for storing his surplus clothing and other goods. This building is situated in the centre of what should be the children's play ground, and is anything but an ornament on the premises. It is my intentio to give this building to an Indian and to build a small frame store house to take its place for storage purposes, if this meets with your approval. I may inform you that we will save a sufficient amount from the authority already granted to do this work, and it will not be necessary to ask for any additional funds.

I shall be glad to receive the Department's sanction to go on with this work.

Your obedient servant,

Henhouse
Implement shed
Approved

W. M. Graham
Indian Commissioner.

Ottawa, October 16, 1925.

Sir:

I have your 306-11 A of the 9th instant, with reference to the building activity at the File Hills Indian Residential School. The henhouse and implement shed were authorized in addition to the classroom; but I note that you will be able to provide an ice house and a store room with the funds that were authorized for this school.

I wish to draw to your attention several expenditures which have been incurred at the File Hills Institution this fiscal year, in addition to the building programme, viz.: the gas engine, plumbing, boring well, fire escape, awning, screens and smaller items. In view of these expenditures, which were not voted, it is extremely desirable that no expense that is not absolutely necessary be incurred. You may proceed with the ice house and the store room, but the cost should be kept to a minimum consistent with efficiency.

Your obedient servant

A. F. MacKenzie,
Acting Asst. Deputy & Secretary.

W. M. Graham, Esq.,
Indian Commissioner,

COMMISSIONER'S OFFICE,
REGINA, SASK., 21st Nov. 1925.

Sir:-

I beg to forward herewith and recommend for payment, Regina Voucher No. 3504, $479.00, in favour of Paulin & Swayze, Regina, Sask., for the new furnace installed in the Residential School, File Hills Agency. They made the above price on a #670, all cast Duplex Pipeless Sunshine Furnace.

Tenders were called for the furnace for the farm house on the Colony which accompanied my letter of Nov. 14th, Voucher #3490, also the above firm installed the furnace in the Residence of the Principal and knowing their ability and the satisfaction they always give, I accepted their price for the furnace and installation at the school.

Department authority is dated April 9th, 1925E.

COMMISSIONER'S OFFICE,

M REGINA, SASK., Dec. 29th, 1925

Sir:

On the 21st ultimo I forwarded Regina voucher #3504 for $479.00 in favor of Messrs. Paulin & Swayze, Regina, covering the new furnace installed by them at the File Hills School. They have not yet received payment and it is possible that the voucher may have been overlooked. May I ask you to kindly look into the matter and expedite payment.

Your obedient servant,

W. M. Graham
Indian Commissioner.

The Secretary,
Dept. of Indian Affairs,
Ottawa.

OXD.

January 7th, 1926.

Sir,-

Referring to your letter of the 29th ultimo, No. 306-11A, I beg to state that Regina Voucher No. 3504 for $479.00 in favour of Messrs. Poulin & Swayze, Regina, covering furnace installed by them at the Pile Hills School, was paid by Department's cheque No. 4355, which was sent to the firm on the 27th November, last. If after further investigation Messrs. Poulin and Swayze are unable to locate the cheque the Department will consider issuing a duplicate thereof upon receipt of the usual bond of indemnity executed by them and two sureties. I herewith inclose blank forms.

Your obedient servant,

(J.D. McLean)
Asst. Deputy and Secretary.

Sir:-

I beg to forward herewith for payment, File Hills Agency voucher #263, amounting to $82.00, in favour of R. Hastie of Balcarres for labour performed in connection with building a chicken house at the File Hills Boarding School.

It was decided after the Agreement was made with Mr. Hastie, to put an extra ply of lumber on the building which brought the cost of labour $8.00 extra. There was no contract drawn up for this labour but Mr. Hastie did the work on the same basis as he built the implement shed and storehouse. There was no other carpenter available at the time and as the season was late, I permitted him to go on with the work.

Your obedient servant,

Ast. ED

COMMISSIONER'S OFFICE,
REGINA, SASK., January 4th, 1926.

Copy

Sir:-

I beg to forward herewith for payment, File Hills Agency voucher #263, amounting to $82.00, in favour of R. Hastie of Balcarres for labour performed in connection with building a chicken house at the File Hills Boarding School.

It was decided after the Agreement was made with Mr. Hastie, to put an extra ply of lumber on the building which brought the cost of labour $8.00 extra. There was no contract drawn up for this labour but Mr. Hastie did the work on the same basis as he built the implement shed and storehouse. There was no other carpenter available at the time and as the season was late, I permitted him to go on with the work.

Your obedient servant,

W. M. Graham
Indian Commissioner

Sir:

I beg to forward herewith for payment File Hills Agency voucher #265 amounting to $85.00 in favor of Mr. R. Hastie of Balcarres for labor performed in building an ice house at the File Hills Indian Residential School as per plan attached hereto. There was no contract drawn up with Mr. Hastie as we expected our foreman Mr. Henry George to get back from the north and continue with the work at this point. He being delayed and Mr. Hastie being the only local carpenter available, and as the season was getting late I gave Mr. Hastie verbal instructions to go ahead with the work as the price quoted by him of $85.00 was very reasonable. The expenditure is under Departmental authority of April 9th, 1925.

BOND OF INDEMNITY.

Know all Men by these Presents that We,

(Name of Principal) We, Edward Percival Paulin and Samuel J. Swayze, of the firm of Paulin & Swayze, of Regina, Sask.

(Name of 1st surety) John D Snell and Philip T. Filleul, both of the City of Regina Sask. and

(Name of 2nd surety) are

held and firmly bound to His Majesty the King, His Heirs, Successors and Assigns in the sum of Nine hundred & fifty-eight 00/100 dollars of (Double amount of lost cheque) lawful money of Canada, for which payment well and truly to be made we bind ourselves and our and each of our heirs, executors and Administrators, firmly by these presents, sealed with our seals and dated this 6th day of February, , A.D. 192 6,

WHEREAS on or about the 26th day of November, 1925, last past, a cheque was issued by the Department of Indian Affairs of Canada payable to the order of ~~me~~ us, the said Paulin & Swayze for the sum of Four hundred & seventy nine dollars and 00/100 cents, which cheque is on record in the books of the said Department as Number 4355 Series A-20 and drawn against credit with the Bank of Montreal, Ottawa, in favour of D. C. Scott and F. H. Paget.

(If not endorsed insert *not*.) AND WHEREAS the said cheque has since been lost or destroyed not having been endorsed by ~~me~~ us, the aforesaid payee, before such loss.

C 4592 / Letter in duplicate Feb. 10/26 + sent

AND WHEREAS His Majesty has consented and agreed to issue a new cheque in the place and stead of the one lost as aforesaid, provided we the said

(All the names) Edward Percival Paulin and Samuel J. Swayze, John D. Snell and Philip T. Filleul.

indemnify and save harmless His Majesty from all loss and damage, and from all costs and charges which may arise from the loss of the said cheque and the issue of a new cheque.

Now, the condition of the above written bond or obligation is such that if the above bounden Edward Percival Paulin & Samuel J. Swayze John D. Snell and Philip T. Filleul

(All the names)

or any of them, their or any of their heirs, executors or administrators, do and shall from time to time and at all times hereafter save harmless and keep indemnified, His Majesty, His Heirs and Successors of, from and against all and all manner of action and actions, claims, losses, costs, damages and expenses which His Majesty may sustain by reason of the loss of the said aforementioned cheque, or of any claim being made upon or under such cheque, then the above written bond or obligation shall be void and of no effect, but otherwise shall be and remain in full force and virtue.

Signed, sealed and delivered,

in presence of

Ottawa, March 22, 1926.

Dear Sir,-

(Incl.)

I re-inclose herewith voucher No.199 amounting to $67.90 which is dated the 16th September and which is for wiring the school at the File Hills Agency. Seemingly an overpayment of $1.00 was made when cheque No.4323 was issued covering this voucher, which cheque went forward on the 25th November. 100 tubes at .01½ each are charged for at $2.50 instead of $1.50. Kindly collect $1.00 from Mr.Haverty and forward the money to the Department under cover of a letter. Your early attention to the matter will be appreciated.

Yours truly,

F.H.Paget
Chief Accountant.

DEPT. OF INDIAN AFFAIRS
MAY 15 1926
RECORDS

Extract from Report of Inspector Murison on the File Hills Residential School - dated May 5th, 1926.

SCHOOLS BRANCH
MAY 17 1926

Original on file 111-1-6.

BUILDINGS

The main building, since the new addition was erected, has accommodation for 90 pupils. The building is well equipped for its purpose and a great improvement was noted since my last inspection. I found the building well kept and clean. The interior of the older portion requires repainting and decorating throughout. As it is some years since this was done, the paint has worn off in many places. I would suggest that the walls in the Girls' Playroom which is situated in the new addition, should be wainscoted to protect the plaster. In a room used for this purpose, the walls are subject to hard knocks and unless wainscoted, it is a difficult matter to keep them clean for a height of four or five feet. The dining room has been extended and the extension should be wainscoted to make the appearance uniform. This work would not entail very much outlay.

I noted that two chairs for the Teachers are required.

An ice house, implement shed, store house and poultry house were built last year and require painting, as the work was done too late in the season to permit of this work being done.

WATER SUPPLY

The water supply is obtained from a well 128 ft. deep. This well has a capacity of about 25 barrels a day which is pumped into a 750 gallon pressure tank. Owing to the limited supply, it is necessary to pump almost continuously during about 16 hours of the day. This supply is not sufficient as it does not provide for any surplus in case of an emergency, such as fire.

In forwarding the above report Commissioner Graham in his letter No.306-9 of May 10th, 1926, states as follows:-

You will note that this school has an accommodation for 90 pupils. The Inspector refers to certain interior decorating and re-painting. This should be done. I also think that the wainscoting referred to should be attended to.

This school is giving good satisfaction. They very seldom have any friction, and no complaints, for the simple reason that we have a practical man at the head of the institution. After Portage la Prairie, this, in my opinion, is the best boarding school we have.

Ottawa, May 17th, 1926.

Sir:

With reference to the report of Mr. Inspector Murison regarding the interior decorating and repairing required, also wainscoting in the girls' playroom and the dining room, at the File Hills Indian Residential School. I regret to inform you that, as the funds at our disposal this fiscal year are limited, this work will have to stand over for the present season.

Relative to the two chairs which the Inspector states are required for the teachers' use, I beg to say that you may arrange for the purchase of same, obtaining chairs of a good serviceable type. Please forward vouchers in the usual manner covering the expenditure incurred.

Your obedient servant,

A. D. McLEAN

Sir:-

I beg to forward herewith and recommend for payment, File Hills Agency vouchers numbers 372 and 373, for $13.00 and $4.05 respectively.

In explanation of these vouchers I have to state that Inspector W. Murison recently visited the File Hills school and reported that the kitchen range was set on the wooden floor without proper protection underneath, and I directed the agent to have a cement foundation made, projecting sufficiently to catch any live coals or ashes which might fall from the stove or fire box, as I considered as before placed there was a danger of fire.

Sir:-

There recently developed some trouble with the sewage disposal at the File Hills School, and I have been in correspondence with the Principal on the subject, who informs me that a chain and bucket pump would be useful and prove an effective means of keeping the well clean. The cost of this would be approximately $40.00 and the Principal would undertake to see that the installation was made.

I would recommend this purchase and would ask for the necessary authority.

CHIEFS BRANCH

Duncan Scott, Esq., Litt.D., F.R.S.C.,
Deputy Superintendent General,
Department of Indian Affairs,
Ottawa, Ontario.

Toronto,
Nov. 15,
1926.

Dear Mr. Scott:

I have representations from the Woman's Missionary Society of the United Church of Canada to the effect that the interior of the Principal's Residence at the File Hills School needs decorating. The walls, I am told, are finished in white plaster, and have never been decorated during the two years since the residence has been built. The estimated cost of material is $100.00 and the labour about $50.00.

1 150.00

A request is also made for the painting of the outbuildings. The material will cost about $150.00 and the labour $80.00. These outbuildings were erected in the fall of 1925, and have not yet been painted. The lumber is checking badly and the buildings are consequently deteriorating.

230.00

Application is also made for a grant for painting and decorating the interior of the main building. The paint and varnish in the interior of this main building needs renewal and has not been decorated for the past twelve years. Some work, we are told, has been done by the school authorities, but lack of funds prevents the decorating of the whole building. The estimated cost of material is $1,200.00, and labour $400.00.

1600.00

There is also a streng desire on the part of the management of this School that more land should be cleared. The estimated cost to clear one hundred acres is $1,500.00. Approximately fifty acres have been cleared by the school authorities and are ready to be broken. This breaking will have to be done by using an engine.

1500.00
348.00

I trust the Department will see fit to make the necessary appropriation to have this land cleared and ploughed.

I am,

Very faithfully yours,

C. E. Manning

Sir:

An inspection of the lighting system at the File Hills Hospital Boarding School, by a representative of the Delco Light Company, discloses that the batteries now in use are badly sulphated and the positive plates buckled. This condition renders liable the over-heating of the generator and may result in serious damage to it and new batteries should be installed.

I shall be glad to receive authority to incur the necessary expenditure which will amount to $225.00.

Your obedient servant,

W.M. Graham,
Indian Commissioner.

The Secretary,
Dept. of Indian Affairs,

111-1-5.

Ottawa, December 7th, 1926.

Sir:

I have your No. 306-11A of the 1st instant, regarding the condition of the batteries in connection with the lighting system at the File Hills Hospital Boarding School, and requesting authority to have new batteries installed. We note that you state this lighting system is in use in the Hospital Boarding School.

Considerable building activity took place at the File Hills Residential School and hospital building some two years' ago, and our files are not clear as to whether the same plant provides light for both the school and hospital building. I shall be pleased to have a report from you as to what buildings are being lighted by the system for which you now request that new batteries be supplied. This information is required in order that we can decide as to what appropriation the funds necessary for the supplying of the new batteries are chargeable.

Your obedient servant,

J. D. McLEAN

DEC 15 1926
CHOOLS BRANCH

Sir:

With reference to Department No. 111-1-5, dated the 7th instant, I beg to state that the insertion of the word 'Hospital' between the words File Hills and Boarding School, was inadvertent, and that the requisition for new batteries was to replace those that are badly sulphated and buckled at the File Hills Boarding School.

The lighting plant at this school provides light for the school only, and the report of the Agent of Bruce Robinson Supplies, Ltd. indicated that unless a new set is installed at an early date, the generator will be damaged and the plant thrown out of commission. I had the Agent in my office this morning and discussed the situation with him. While two batteries were originally installed with the plant at the school, one new set will be sufficient to put the plant in proper operating order, as some of the cells in the two old batteries can be utilized and with one new set will provide for what is required. In view of the expert's report and that batteries for the agency have been authorised, I have ordered a set for the school in order that the two may be sent together. The company will set up the batteries and see that the plant is properly operating.

I trust my action will be approved.

Your obedient servant,

W.M. Graham,
Indian Commissioner.

Gentlemen:

I have to request that you will arrange to supply, for the use of the File Hills Indian Residential School, Balcarres, Sask., one (1) Singer sewing machine, described in your catalogue as follows:

No. 2 - 5 Drawer Machine, 127 - 3 G.O.

Please notify Mr. F. L. Deacon, Indian Agent, Balcarres, Sask., from your nearest branch office concerning who will furnish this machine and when it will be available. Mr. Deacon will then give your local representative directions for delivery.

The account for the machine should be made out in duplicate, and should show the retail price and discount of 40% allowed, on which terms purchase is made. Please forward this account to Mr. Deacon, who, upon receipt of the machine, will certify the account and submit it to the Department for payment.

Yours very truly,

REGINA, SASK., March 29th, 1927.

SCHOOLS BRANCH
APR 2 1927

Sir:-

In the spring of last year I had measurements taken of the outbuildings at the File Hills School with a view to recommending their being painted, but owing to the circumstances which resulted in the difficulty of securing appropriations, I left the matter in abeyance.

There are a number of outhouses which have not been painted at all and three or four others which will need another coat in order to make them all uniform. The cost of material and labour will be approximately $500.00 and I shall be glad if this amount can be provided to have the necessary work done. I regret that I overlooked placing an item in the estimates to cover this expenditure. The Principal, in writing on the subject, states that some of the buildings are drying out and checking very badly. It is possible that a part of the appropriation, if it can be found, can be saved by having the labour performed by the School.

Some funds available
painting at this school.
Should auth. asked for (see letter)

Ottawa, April 2nd, 1927.

Sir:

Replying to your No. 306-11A of the 29th ultimo, I have to say that some funds are available for painting at the File Hills Indian Residential School. The Church authorities requested that the following work be carried out:

(1) Redecorating interior Principal's residence.
(2) Painting of outbuildings.
(3) Painting and decorating interior of main building.

I shall be pleased if you will have an accurate estimate made of the cost of the material and labour required in having all the above work carried out, taking into account the utilizing as far as possible of the labour of the staff at the school. When we have definite information as to the cost involved, consideration will then be given to authorizing having the work carried out this coming summer.

Your obedient servant,

J. D. McLEAN

part of the dining-room with hardwood, and putting in about forty feet of wainscoting. This should be done. There is also some wainscoting necessary in the girls' playroom. However, I think that if the $1000.00 asked for is allowed it will cover this work as well as the painting.

There is no object in doing the interior work until the school is closed for the summer vacation, but the exterior work could be gone on with any time. The proper procedure would be to buy the paint from a wholesale paint house here in Regina. This paint cannot be bought locally to satisfaction, and I doubt whether it would not be well to put an expert painter on to do the job. Painters are scarce and we will have difficulty in finding one. This work, however, cannot be carried on by amateurs.

COMMISSIONER'S OFFICE,
D
REGINA, SASK., April 25th, 1927

Sir:-

I beg to acknowledge receipt of your letter of the 2nd. instant, with regard to the matter of painting at the File Hills Indian Residential School, and reply to say that the Estimates for 1927-28 contain an amount of $500.00 for interior painting of the school proper, $100.00 for decorating interior of Principal's residence, and $150.00 for re-decorating the interior of the detached classroom - a total of $750.00 for interior decorating. I think perhaps this amount will meet the requirements so far as the inside painting is concerned, and may provide a small amount for outside work, but not sufficient, by any means, to do all the outside painting that is necessary.

The dormitories at this school will require kalsoming, and the wainscoting almost throughout the whole building will have to be re-painted, also the inside window casings, baseboards, etc., in fact a general re-painting of the interior of the school is necessary.

Several small outbuildings were put up at this institution a year ago, viz:- an ice house, storehouse, implement shed, garage, poultry house, and two granaries. These will all have to be painted.

You will note in the Estimates an item of $1000.00 for unforeseen repairs. If this amount were available it would be quite sufficient, with what I have mentioned, to complete the painting at the File Hills School. Besides the painting there are some repairs to be done, viz:- refloor<u>ing part of the</u>

FARM & GARDEN.

There is 75 acres under cultivation; last year their crop included 25 acres of Barley, 35 acres of Oats, 8 acres of Potatoes and 15 acres of summerfallow, the balance being used for garden. The potatoes were a short crop last year and they will have to buy about 150 bushels to meet their requirements. The garden provided ample vegetables for their use. The total acreage set aside for this school is 413. The portion not under cultivation is largely covered with scrub and is broken up with small hay sloughs. It was planned to have this land cleared and brought under cultivation last year, but owing to certain conditions this could not be done.

In conclusion, I would say that conditions at this school continue to be very satisfactory.

I have the honour to be,

Sir,

Your obedient servant,

W. Murison

Water Supply (Cont'd)

upon examining the pump in operation that it was only pumping a percentage of its capacity. The pressure tank is, in my opinion, too small to provide a surplus of water for an emergency. An item of $1,000.00 was placed in last year's estimates to provide a supply of water for washing and flushing purposes. It is proposed to dig a seepage reservoir at the edge of the lake, which is a short distance in front of the school, and pipe the water to the school for this purpose. If this was done, it would be necessary to have a separate pressure tank and connections so that there would be no danger of getting this water mixed with that used from the well for drinking purposes.

PUPILAGE.

There are 89 pupils enrolled, 38 boys and 51 girls, all of whom were in residence, with the exception of 2 girls who are in High School and 2 boys and 2 girls absent on account of sickness. The children were well dressed, looked clean and well nourished.

The staff at this school appear to be quite competent in their different departments. I noted some changes since my last visit. A new Farming Instructor has been appointed and from what I hear, he is reputed to be the best they have had at this school.

STOCK.

Their stock includes 15 Holstein cows, 2 bulls, 4 heifers, 7 calves, 9 head of horses and also 35 head of poultry. The cattle are a good type of Holstein. They had already 7 cows freshened this Spring. The herd provides ample milk for the use of the children.

Farm & Garden

the girls' playroom should be wainscoted. I find now that the plaster has been knocked off in places and the walls scratched and soiled, and it is very necessary that wainscoting should be provided in a room used for this purpose. The metal ceilings in the new addition have not been painted. In the boys' playroom the wainscoting should be painted and 15 more feet of wainscoting should be placed on the inner wall. The plaster on the walls in this room is in bad shape and the metal sheeting is rotted in places.

With regard to the exterior painting required, it was noted that the storm sash on the new part had not been painted and the old sash should be re-painted. The out-buildings requiring painting include - the pump house, store house, garage, ice house, implement shed, poultry house, 2 granaries and the engine house. The class room, which is a separate building, is in good shape, but I would recommend that wire screen should be provided on the outside of the windows for protection. This class room adjoins the playground.

PRINCIPAL'S RESIDENCE.

The walls in the downstairs and upstairs halls are soiled and the plaster cracked in places. In the dining room, sitting room and kitchen the walls have not a good appearance owing to brush marks being left by the plasterers. Although this building has only been up two years, it requires re-decorating.

WATER SUPPLY.

The water supply is obtained from a well 120 ft. deep; its capacity is reported at about 25 gals. per day. The water is pumped into a 750 gal. pressure tank. Owing to the limited supply, it is necessary to pump almost continuously for about 16 hours a day and I noted

upon examining

ED APR 22 REGINA, SASK., April 22nd, 1927.

Inspector Murison's report on File Hills Residential School.

Dear Mr. Graham:-

I beg to submit the following report on the File Hills Residential School, which I visited on the 12th instant.

I examined the buildings carefully and noted their condition; they are practically in the same condition as I found them one year ago. The interior of the older portion requires re-painting and decorating throughout. It is some years since this work was done; the building was last kalsomined in 1924. The walls in the boys' dormitories are dirty and there is some plaster repairing to be done. The wood work should also be painted; it was last painted in 1923 and the paint is rubbed off in places. The new cupboards in the hospital wing bathroom have not been painted. The hall walls to the dispensary and the walls in the dispensary room itself are soiled. About 40 ft. of wainscoting is required in the dining room extension. The staff dining room requires kalsomining and painting. The kitchen and pantry walls are badly soiled. The walls in the bake room are also soiled. I noted that the new balcony screen base has not been painted inside and no awnings have been provided for this balcony. Some of the awnings on the old balconies are badly faded and torn. The stairs leading up to the girls' dormitory are badly worn and have only been provided with 7 metal treads; 9 more are required. I mentioned in my last report that the girls'

SCHOOLS BRANCH
MAY 4 1927

Dear Mr. Scott:-

I am enclosing herewith a report of an inspection made at the File Hills Boarding School by Mr. Inspector Murison on the 12th. instant.

The matter of repairs and painting has been dealt with in a separate letter.

With regard to the water supply, it seems to me that something will have to be done. The proposal to dig a seepage reservoir at the edge of the lake and connect it up with the pressure system to be used for washing and flushing purposes might be followed. This would leave the limited supply of water in the well for drinking purposes. The cost of this would be about $1000.00, or perhaps a little more, and I should be glad to have your authority to proceed with the work.

The pupilage at this school is good, although we could take in eleven more if they could be had. I understand from the Principal that he is going to start out on a recruiting trip shortly.

Nothing has yet been done to clear land at the school. It is most difficult to get men who will undertake this sort of work. I am hoping, however, to get something done this year. The funds, I suppose will be available, as they were not used last year, and a re-vote was asked for.

Yours very truly,

Wm. M. Graham

111-1-5.

May 10th, 1927.

Dear Mr. Graham:

I have your No. 306-11A of the 25th ultimo, with reference to the painting and minor repairs required at the File Hills Indian Residential School. You may arrange to have the interior decorating and exterior painting as proposed in your letter undertaken when timely. The outbuildings also may be painted. The minor repairs which you have mentioned should also be attended to. Your estimate of $1,000 should not be exceeded if possible. The school management should provide all unskilled labour.

I have also your No. 306-11 of the same date, enclosing Mr. Inspector Murison's report on this school. If you are satisfied that the seepage reservoir at the edge of the lake to be connected with the pressure system is the best scheme to supplement the water supply, you may proceed with the work. The expenditure should be kept as low as possible, and your estimate of approximately $1,000 should not be exceeded. If you consider it necessary, you should get the advice of an expert before undertaking the activity.

There is also an appropriation of $1,000 for clearing at the File Hills institution. This work may be undertaken if you can make suitable arrangements.

In all this activity, you should be guided by the general instructions in my No. 1-1-5 of the 6th instant.

Yours very truly,

Duncan C. Scott

Dear Sir;-

I have for acknowledgement your letter of the 6th inst regarding Fire Protection, and in reply would advise that the Fire Escape facilities at this School are adequate.

All precaution are taken to minimize loss of life and property, and at this Season extra measures of safety are put into effect.

Instructions contained in the second paragraph of your communication are being carried out immediately.

Yours truly,

J. Rhodes.

Principal.

Sir:-

When on a recent visit to the File Hills School, the Principal drew my attention to an expenditure incurred by him for repairing the root house. The amount involved is $61.00, and this has been paid by the school authorities. I advised him I would endeavour to secure a refund of this amount, and beg to enclose and recommend for payment Regina Voucher No. 4761, attached hereto.

COMMISSIONER'S OFFICE,
REGINA, SASK., December 27th, 1927.

Sir:-

I beg to forward herewith and recommend for payment Regina Voucher No. 4884, amounting to $311.45, in favour of Paulin & Swayze, Regina, Sask., for repairs, labour and freight, etc., as per receipts attached, to the boiler at the File Hills Indian Residential School. These were made after a report by the Provincial Inspector, on their condition.

The Gurney Foundry Co., who installed the boiler, had their representative get the details of the repairs required, which were supplied by their agents who also did the work and present the voucher.

Department authority is dated May 10th, 1927, File 111-1-5.

Ottawa, February 21st, 1926.

Sir:

Certain Indians from the Qu'Appelle Agency, who visited the Department recently, requested that arrangements be made to provide a house for Indian parents while staying overnight during their visits to the File Hills Indian Residential School. In this connection I beg to say that Mr. Commissioner Graham states that there is an old house which was formerly used by the interpreter at the File Hills Agency which could be fitted up for this purpose, as the Agency is only a few hundred yards from the School. Please report as to what work is required in fitting up this house to make it suitable for overnight accommodation for the Indian parents who visit the above School, and the approximate cost of same. Your early attention to this matter will oblige,

Your obedient servant,

A. F. Mackenzie.

CANADA

OFFICE OF
INDIAN AGENT

Balcarres, Sask.,
Feb. 29, 1928.

Sir,

In reply to your letter 111-1-5, dated the 21st instant, in connection with your enquiry with regard to fitting up the old interpreter's house at the Agency for the use of Indians visiting File Hills School.

The house referred to is an old log house that was sheeted outside with siding and has a shingle roof. It has not been used for at least ten years, consequently it is in a bad state for repairs. The windows and doors would all have to be re-newed and it would also have to have new floors, the roof repaired, new stairs and something done to the walls as all the plaster has fallen off. I estimate that it would cost about $350.00 to do the above mentioned work.

There is at the Agency a small house that was built a few years ago for the destitute Indians who needed extra care. It did not prove a success as the old people would not stay there. It is not a great distance from the School, less than a half a mile, but if this is considered too far, it could easily be moved. It is in good shape, but there was only two ply of boards put on when it was built. I think this building would be far more suitable for the purpose mentioned. If it is, I recommend that it be sheeted inside the studding, the cost of which would be about $100.00. There are some furnishings in the place but it should have some more, such as pots and pans, blankets, bedding, etc. These should not cost more than $40.00.

111-1-5.

Ottawa, March 6th, 1928.

Sir:

I have your letter of the 29th ultimo, relative to the fitting up of a house for Indian parents while staying overnight during their visits to the File Hills Indian Residential School. The house the Department had in mind was the small house at the Agency, situated less than half a mile from the school. Mr. Commissioner Graham, who is at present in the Department, states that this house would be satisfactory for the purpose, and that it should remain on its present location, as it is not too far from the school.

You may incur an expenditure of approximately $100 in having the inside of this building sheeted, as recommended by you. You should arrange for the purchase of the material required and for the labour in having the work done, and this should be carried out at an early date. Please keep all expense down as low as possible, and forward accounts, in duplicate, properly certified, covering the cost.

The Department is not prepared to supply the furnishings mentioned by you, such as pots, pans, blankets, bedding, etc.

Your obedient servant,

A. F. MacKenzie.

COMMISSIONER'S OFFICE,
REGINA, SASK., April 30th, 1928.

Sir:-

I beg to advise the Department that the awning on the sleeping balconies at the File Hills School, which has been in use for many years, needs to be renewed. 1020 sq. ft. of a fairly heavy material will be required and I shall be glad if the Department will place the order. The material is required to be 30" wide and about 140 yds. of a good heavy white duck will be as serviceable as anything.

Your obedient servant,

W. M. Graham

Gentlemen:

Relative to telephone conversation with you some days' ago regarding the supplying of a quantity of heavy weight white Army duck, 30" wide, I have to inform you that your quotation of 40¢ per yard F.O.B. Ottawa is accepted. I have, therefore, to request that you will arrange to ship, freight charges prepaid, addressed to F. Rhodes, Esq., File Hills Indian Residential School, Balcarres, Sask., 140 yards 12 Oz. white Army duck, 30". This material should be supplied in the full width of 30".

After shipment has been made, please forward your account, in duplicate, to Mr. Rhodes, together with a receipt attached for the amount of the freight charges prepaid. Mr. Rhodes is being informed that the order has been placed with you, and requested, upon receipt of the material, to certify the account and send it to the Department, when payment will be made.

I shall be pleased if you will arrange to make early shipment.

Yours very truly,

Sgt. F. H. Paget 2.

Ottawa, May 22nd, 1928.

Sir:

Replying to your letter of the 12th instant, I beg to say that we are today placing an order with Messrs. Grant-Holden-Graham Limited, Ottawa, to ship, freight charges prepaid, addressed to you, the following:

140 Yds. 12 Oz. White Army Duck, 30" wide,

to be made into awnings for the sleeping balconies at the File Hills Indian Residential School. The price quoted is 40¢ per yard, F.O.B. Ottawa.

The above firm have been requested to make early shipment, and to forward their account covering the cost of this material in duplicate to you, together with the receipt for the freight charges prepaid. When the material arrives, you should certify on the account, "Goods received. Prices charged fair and just", and forward same to the Department, with receipt for freight charges attached, in order that payment can be made.

It is hoped that, when this material arrives, it will be satisfactory, and you should arrange to have it installed as awnings on the sleeping balconies at the school.

Your obedient servant,

Ottawa, June 11, 1928.

Sir:

In your estimates, mention is made of painting at the File Hills Indian Residential School. You might let me have a report in this connection, with an estimate of the cost, provided you are satisfied improvement of this nature is advisable at the present time.

Your obedient servant,

A. F. MacKenzie,
Acting Asst. Deputy & Secretary.

SCHOOLS BRANCH
JUN 21 1928

Sir:-

I have to acknowledge your 111-1-5 of the 11th instant, asking for a report as to what expenditures are needed for improvements at the File Hills Indian Residential School, and I wish to state that there are three items of expenditure in the Estimates, which I consider important, and I shall be glad if I can have authority to incur these expenditures, which are as follows:

Painting the outside and roof of the detached class-room	$170.00
Painting metal ceiling in main building; kalsomine and painting trim in staff-room, bakery, laundry, store-room, and girls' dormitory.	800.00
Provide new stairs to girls' dormitory.	100.00
	$1070.00

Painting + 1000

I shall be glad to learn that these items will be allowed.

Your obedient servant.

W. M. Graham,
Indian Commissioner.

MLXD.

Ottawa, June 21, 1928.

Sir:

I have your 306-11A of the 16th instant, giving an estimate of the cost of the painting which you recommend be carried out at the File Hills Indian Residential School.

In this connection I beg to say that the appropriation for this school provides for an expenditure for painting to the amount of $1,000. The Department will approve of the carrying out of the painting mentioned by you, and it is hoped that you can keep the total expense within the above amount. This work may be undertaken when considered timely by you and you should be guided by general instructions in the Deputy Superintendent General's 1-1-5 of the 28th ultimo.

Your obedient servant,

A. F. MacKenzie.

Sir:-

I enclose and recommend for payment Regina Voucher No. 5373 for painting done at the File Hills Indian Residential School under Department Authority 101-1-5, dated the 21st June last. It was not possible to procure a local painter who could undertake work of this kind at this figure, and I secured the services of Mr. J. Tappin to visit the school and make a thorough survey of what work was required. The result was his Estimate dated the 18th July, 1928, copy of which is attached to the Voucher. The Agents reports that the work has been finished in a thorough and workmanlike manner.

Your obedient servant,

W. M. Graham,
Indian Commissioner.

Dear Sir:

Re Indian Residential School
File Hills, Saskatchewan

Pursuant to our conversation when I was in Ottawa last week in which we discussed the needful repairs for File Hills School, - painting, flooring, batteries, etc., estimated cost $1,750.00,- I would respectfully request that this amount be provided for in the Estimates to come before the next session of Parliament.

Your favourable consideration to this will be appreciated.

Yours sincerely,

T. Ferrier

COMMISSIONER'S OFFICE,
W. REGINA, SASK., 29th May, 1929.

Sir:-

I am in receipt of a letter from the Principal of the File Hills Residential School, stating that the engine which operates the plant at that institution has not had an expert overhauling since it was installed in October, 1923, and asks if arrangements could be made to have this done before the heavy winter load is placed on the plant.

Is this an expenditure which the Department should bear? It seems to me that the school authorities should arrange for this service.

Principals of residential schools are constantly calling upon the Department to bear expenditures which I think should be borne by them. The correspondence entailed in attending to these matters involves a great deal of work, which might be obviated if the school authorities were given to understand that the cost of the upkeep of the plants installed at residential schools should be borne by themselves and not by the Department, as that I understand is the policy of the Department.

Your obedient servant,

W. M. Graham,
Indian Commissioner.

Ottawa, June 6, 1929.

Sir:

I have your 306-11A of the 29th ultimo, with reference to repairs to an engine at the File Hills Indian Residential School. It is the Department's practice to assist with repairs to buildings and mechanical plant, when funds are available for the purpose. It is expected that minor repairs will be effected by the management of each school; but when improvements of a more costly nature are necessary, the Department will consider requests relative thereto.

With particular reference to the engine at File Hills, if a general overhauling is required, you may make the necessary arrangements and forward a properly certified account, in duplicate, for payment.

Your obedient servant,

J. D. McLean,
Asst. Deputy & Secretary.

REGINA, SASK., July 26th, 1929

Sir:-

I have your letter of the 23rd. instant No. 111-1-5 with reference to improvements at the File Hills Indian Residential School.

I may say that the work asked for in the Estimates should be carried on at once. We have painters at work at the File Hills Agency and I should like to make use of them while they are there rather than have to send them out again. Following is a list of the work that should be gone on with,-

Painting verandah, doors, window frames, etc. main building OK.
Painting Principal's residence
New flooring put in barn
New flooring in classroom
Fifty window screens put on main building.
Wainscoting in dormitories.

OK
OK
Not.

I think it would be well to authorize the amount of $150.00 asked for to provide for unforeseen repairs. There is also an item of $150.00 for a fire line and pump. I think we should have this money to improve the fire protection.

Your obedient servant,

W. M. Graham,
Indian Commissioner.

Ottawa, August 1, 1929.

Sir:

I have your 306-11A of the 26th ultimo, with reference to the improvements required at the File Hills Indian Residential School. In this connection, I have to say that you may arrange to have the painting of the verandah, doors, window frames, etc., of the main building and the painting of the principal's residence carried out, keeping all costs as low as possible. You may also expend an amount of approximately $150 to improve the fire protection facilities.

Relative to the new flooring for the barn and for the classroom, window screens for the main building and wainscotting in the dormitories, I shall be pleased if you will furnish an estimate of the cost of this work.

Your obedient servant,

A. F. MacKenzie.

COMMISSIONER'S OFFICE,
ED REGINA, SASK., August 14th, 1929.

Sir:-

Replying to your letter No. 111-1-5 of the 1st instant, in connection with painting and repairs at the File Hills School, I beg to inform you that I have had an estimate on the different painting jobs and repair work, and I find that the painting of the verandah and window frames of the main building will cost about $450.00, for which $300.00 has been allowed. I would ask authority to expend an additional $150.00 so that this work may be completed. In the meantime, I am arranging for the painter to go on with the work.

In connection with the window screens for the school, the Western Manufacturing Co. have quoted a price of $78.50 plus freight to Balcarres.

The following estimates have also been submitted by the Agent:-

New floor for horse barn

Material - lumber only		$121.45
Nails		7.00
Labour		56.00
		$184.45

New floor for classroom

Material - lumber only		$103.50
Hardware	Approx.	10.00
Labour		45.00
		$158.50

Wainscotting for dormitories

Material		$ 93.10
Hardware	Approx.	6.00
Labour		44.00
		$143.10

FILE HILLS INDIAN RESIDENTIAL SCHOOL

Saskatchewan - Canada

Balcarres,
Nov. 5th, 1929

W.M.Graham,
Indian Commissioner,
Regina, Sask.

Dear Mr. Graham:-

In 1923 you very kindly donated to the School a Moving Picture Machine which has been a means of giving the Students many happy hours of entertainment, as well as imparting to them many interesting and educational subjects, enabling them to grasp the essential points much more quickly than if given orally.

The makers of this Machine have discontinued manufacture of this particular model, in fact it has been obsolete for the past 8 years, and we find it is impossible to obtain repairs or spare parts to keep the machine in good running order, and I was wondering if the Department would give us a little financial assistance in procuring another Machine. We could purchase a "Zenith" Model E for the sum of $290.00 F.O.B. Regina, this machine is an excellent one for the purpose and will give many years of satisfactory service. This Projector is distributed by Cameron Brothers Limited, 11th. Avenue, Regina, who will be pleased to give you any information you may require on the subject.

If the Department would be willing to pay half the cost of this Machine we would be very grateful. The Students and friends from the various reserves are looking forward to the performance commencing with great eagerness and I would not like to disappoint them if I can help it.

We will appreciate any assistance you can give to us in this matter.

Yours truly

(Sgd.) F. Rhodes
Principal.

RECEIVED

IN YOUR REPLY REFER TO
No. 306-11A
ALSO TO DATE OF THIS LETTER

COMMISSIONER'S OFFICE.
D
REGINA, SASK., Nov. 8th, 1929

Dear Mr. Scott:-

I am enclosing herewith copy of a letter that I received from Mr. F. Rhodes, Principal of the File Hills Indian Residential School. You will note that Mr. Rhodes is making a request that the Department pay half the cost of a Moving Picture Machine which he would like to buy. I know that the machine which I gave Mr. Rhodes has been a source of great pleasure to the children of the school, and many of the older Indians have been in the habit of going there once a week and having a regular picture show in the outside classroom, so that if you could see your way clear to meet his request it would be greatly appreciated, not only by the pupils, but also by the people on the reserve. This school has always given good satisfaction and the cost of operation has been small compared with most schools. I doubt whether anything has been given to them in the way of equipment for games, so that this request, in my opinion, is a reasonable one, and I am sure if it is possible to do so you will authorize the expenditure.

Yours very truly,

W. M. Graham,
Indian Commissioner.

Duncan C. Scott, Esq.,
Deputy Supt. General,
Dept. of Indian Affairs,
Ottawa.

111-1-5.

Ottawa, November 15th, 1929.

Sir:

I have your 306-11A of the 8th instant, enclosing copy of a communication from the Principal of the File Hills Indian Residential School in which he requests that the Department pay half the cost of the purchase of a moving picture machine for the use of the school.

In this connection I would point out that it is not the policy of the Department to provide equipment of this nature for Indian schools. However, in view of the report of the Principal and yourself as to the service which this machine will give to the pupils and Indians, the department will make an exception in this case and will provide half the cost of same. The Principal should arrange for the payment of the entire cost of the picture machine, obtaining a receipt, in duplicate. This you should forward to the Department attached to a voucher, in duplicate, properly certified, for one-half the cost, when a refund of this amount will be made to the Principal.

Your obedient servant,

A. F. MacKenzie,
Acting Asst. Deputy and Secretary.

COMMISSIONER'S OFFICE,
REGINA, SASK., Dec. 12th, 1929

Sir:-

I beg to inform you that a representative of the Lumber Manufacturers Yards, Limited, called at my office today and informed me that they cannot trace having received a cheque amounting to $490.75, in payment of File Hills Agency vouchers Nos. 296 and 297, covering material used in the erection of an implement shed and chicken house at the File Hills Indian Residential School, which vouchers were forwarded to the Department under cover of my letter dated January 28th, 1926.

There has been considerable correspondence over this matter, and I have been able to show the Company a copy of my letter forwarding these vouchers to Ottawa. They have now asked me if it would be possible for the Department to locate the cheque, or cheques, issued in payment of these vouchers, and advise me what endorsation is on the back.

Your obedient servant,

W. M. Graham,
Indian Commissioner.

Ottawa, December 21, 1929.

Dear Sir,-

In reply to your letter of the 12th instant, the contents of which have been noted, I beg to say the Department has endeavoured to locate ~~xxxxxxx~~ cheque No.5815 issued in February, 1926, covering the account of $490.75 mentioned by you which was rendered by the Lumber Manufacturers Yards, Limited, in connection with material supplied for the erection of an implement shed and chicken-house at the File Hills Indian Residential School. This cheque, it is thought, is in the Department's warehouse in this city, and a search for it is being made. The Department will write you later in regard to the matter, and will send the cheque to you if it is found.

Yours truly,

F.H.Paget

DEC 28 1929

Sir:-

I beg to bring to your attention your letter No. 111-1-5 of August 1st last, wherein the Department authorized some repairs to the File Hills Indian Residential School. Included in this was an approximate amount of $150.00 to improve the fire protection facilities.

I have this work under way now and find that the cost will be at least $350.00. I would therefore ask that an additional amount of $200.00 be authorized. This was the amount I intended to ask for when my letter of July 26th was written, but it evidently went forward with the amount specified as $150.00.

OK A.R.M.

Dear Sir,

I wrote to you on the 10th January requesting that the File Hills School be supplied with 18 single desks of the sizes mentioned below and you replied with your letter 111-1-5, dated January 18th and informed me that the funds for the present fiscal year were assigned and to bring the matter to your attention as soon as the appropriation for next year was available.

I would be pleased if these desks were supplied as soon as possible as they are urgently required. There are quite a number of children who are sitting two to a single desk.

Your obedient servant,

Indian Agent.

The Secretary,
Department of Indian Affairs,
Ottawa.

Ottawa, April 3rd, 1930.

Sir:

I have your letter of the 28th ultimo, regarding the extra number of school desks required to provide seating accommodation for the pupils at the File Hills Indian Residential School, and stating the sizes and number of each size required.

In this connection I have to say that you may arrange for the purchase from the Christie School Supply Company, Brandon, Man., of the following desks:

3	-	#2	Single	desks	for	pupils'	15 to 16	years,
3	-	#3	"	"	"	"	12 to 14	" ,
6	-	#4	"	"	"	"	10 to 12	" ,
6	-	#5	"	"	"	"	7 to 9	" .

The above firm should quote their lowest price F.O.B. Balcarres, sales tax included. It is presumed that the desks mentioned are of the same type as that already in use in the school.

You should obtain an account, in duplicate, covering the cost, and, after the desks are received, if in good condition, you should certify the account and send it to the Department for payment.

Your obedient servant,

A. F. MacKenzie,
Acting Asst. Deputy and Secretary.

Sir:

Replying to your No. 306-11A of the 8th instant, I have to say that you may incur the expenditure required in having the walls and ceiling in the classroom at the File Hills Indian Residential School renovated and placed in good condition. It is noted that you estimate the cost of the work to be from $50 to $75, and in this connection I have to request that you will keep the expense for the purpose as low as possible.

After the work has been completed, you should forward a certified account in the usual manner covering the expense incurred.

Your obedient servant,

A. F. Mackenzie,

EXTRACT FROM REPORT OF A. B. SIMES, M.D., MEDICAL SUPERINTENDENT, QU'APPELLE INDIAN HEALTH UNIT, FORT QU'APPELLE, SASK., ON THE FILE HILLS INDIAN RESIDENTIAL SCHOOL.

Original on 300A-3.

There is an outside closet provided for boys at the north east end of the boys' playground, and a similar convenience for the girls situated to the south of the school and close to the lake. In neither case is there any protection against the entrance of flies, and the contents of the closets were one mass of flies, and in a most insanitary and dangerous condition. (Considering the number of pupils using these closets it is impossible to prevent the entrance of flies) The location of the girls' outside closet is particularly bad inasmuch as it is only a few yards away from and above the lake in front of the school, and the pit is full and draining over the ground towards the water. With water and sewerage facilities available for the school building I would recommend that these outside closets be done away with and proper water carriage conveniences provided. This would remove practically the only fly hazard present around the school, and make it sanitary.

R

Sir:-

In perusing Dr. A.B. Simes reports for the month of June, I note his comments concerning the outside closets used for the pupils at the File Hills Residential School. To abandon them and use interior ones entirely, would necessitate a complete change in the plumbing arrangements which are not adequate or suitable. Outside closets are used in all our Residential Schools and there is no obstacle to their being kept clean and sanitary.

I instructed the Indian Agent to board them at the bottom where they apparently are open, and provide and utilize Chloride of Lime,

Your obedient servant,

W.M. Graham,
Indian Commissioner.

The Secretary,
Dept. Indian Affairs,
Ottawa, Ont.

111-1-5.

Ottawa, July 19, 1930.

Sir:

I have your 314-12D of the 15th instant, relative to the report of Dr. Simes, Medical Superintendent, Qu'Appelle Indian Health Unit, concerning the outside closets at the File Hills Indian Residential School. It is noted you do not recommend that these toilets be abandoned and interior ones used entirely, as it would necessitate a complete change in the plumbing arrangements, which are not adequate or suitable.

The Medical Superintendent stated that the outside closets were in a most unsanitary condition and that the location of the girls' closet was particularly bad, inasmuch as it is only a few yards away from and above the lake in front of the school, and that the pit was full and draining over the ground towards the water.

It is noted that you have instructed the Indian Agent to have these closets boarded at the bottom and have the school authorities utilize chloride of lime. You should also instruct the Agent to have the school authorities thoroughly clean out these toilets and see that they are placed in as sanitary a condition as possible. Would it be possible to move the girls' closet to another site, filling in the present location? The school authorities should see that chloride of lime is used freely in order to prevent the entrance of flies.

Your obedient servant,

A. F. MacKenzie,
Acting Asst. Deputy & Secretary.

W. M. Graham, Esq.,
Indian Commissioner,

INDIAN AFFAIRS BRANCH
AUG 5 1930

Sir:-

I beg to acknowledge receipt of your letter of the 19th. instant No. 111-1-5, relative to the report of Dr. Simes concerning the outside closets at the File Hills Indian Residential School.

For your information I beg to say that I instructed Mr. Dodds to make a report on these closets, and his report is just what I expected it would be, as I could not understand Mr. Rhodes, who is an outstanding man, having anything unsanitary around the place.

Mr. Dodds states that the girls' closets are situated about thirty yards from the lake, and that they were not draining over into the lake, and looked as though they never had been. He goes on to say that the closets are scrubbed every week, and chloride of lime is used. The boys' closets are situated north of the school, and the Agent states that they appear to him to be in as sanitary a condition as it is possible for outside closets to be. He goes on to say that the girls' closets cannot be removed any further from the lake on account of the location of the Principal's house.

I may point out to you that the lake referred to is never used to supply water for domestic purposes, and a pit dug 90 feet from a lake is not going to contaminate the water even if it were used for cooking. This water, however,
-is only-

EDUCATION COMMISSIONER'S OFFICE,

REGINA, SASK., July 29th, 1930.

Sir:-

I beg to forward herewith Regina Voucher No. 704, amounting to $246.40, in favour of Paulin & Swayze, Regina, Sask., for emergency repairs to the boiler at the File Hills Indian Residential School.

This voucher has only recently been handed to me, and as you will notice, the work took place last fall.

On the 9th of October last, the Indian Agent reported to me the condition of the above boiler, and I gave Mr. Paulin instructions to make an inspection of same, the matter being very urgent, and he has delayed until now in sending in his bill.

I trust you will have funds to have this voucher paid, and regret the oversight of Mr. Paulin in not presenting the bill immediately after his work was completed.

Estimates 1931-32, File Hills Agency, Sask.

Remarks and explanstions covering items on page 13. Boarding School.

File Hills Boys Sch

Cattle Barn 18 x 80

There is not sufficient room to house the cattle at the School and it is proposed to build a lean-to to the barn 18 x 80. This will supply ample accommodation. There will be ten double cow stalls with feed alley. The floor is to be of cement. It is intended to cut a door to enable the cattle to be fed from the main barn. The studding of the outside will be nine feet and inside 14 feet. It is estimated the lumber, cement, hardware, etc. will cost $950. and the labour $350. I have charged the item from a leanto to a seperate barn which is far more advisable.

Fencing W.M.G. 1

The fencing around the School is worn out. It is estimated the materia that is wire, posts and stables will cost $100. I did not estimate for labour as I considered the staff and boys should be able to do that themselves.

New cement floor for kitchen

The floor in the kitchen is badly worn out and it is thought that a cement floor would be the most serviceable for that room. The material would cost $35.00 and the labour $15.00. The gravel would be obtained by the School.

New hardwood floor for hall in basement

The floor is worn out and needs replacing. The material, that is hardwood and nails would cost ~~$150~~ $200. and the labour ~~$50.00~~ $75.00

Painting garage, store house and pump house

These three buildings need painting. The paint and labour will cost $100.

Addition to chicken house 16 x 30

The chicken house they have at present will only accommodate 50 chickens and it is desired to increase the flock to 150, which I do not consider will be too many.

Wainscoting in Hospital wing.

The plaster in the hospital wing around the bottom of the walls is getting badly broken and cracked. It is thought that putting on wainscoting instead of replastering it will be more serviceable.

A seperate building should be built to accommodate the cattle. A leanto will cut off ventilation if built on the existing barn. The additional cost will be small. All items asked for in this sheet have been gone into thoroughly and should be approved.

Barn will be carried till 1932-33

Forwarded with estimate 1931-32

Balcarres, Sask.
Nov. 5, 1931.

Dear Sir:-

Mr. Rhodes, the Principal of File Hills School has drawn my attention to the low level of the lake from which they obtain the water for washing and flushing purposes. He has pointed out that the lake is now so shallow that it will, in all probability freeze solid as soon as we get very cold weather.

He suggested that I write to you and request the Department to drill another deep well. As you know the Department has already spent a great deal of money in trying to obtain a better supply of water from a deep well for the school and we were not successful.

I suggested to Mr. Rhodes that it might be possible to keep the school supplied for the few months of cold weather, from the lake that is close to where Flag lives. This is about a half a mile from the school but he considered this idea impracticable as they would not haul the quantity of water the school requires that distance.

Your obedient servant,

Sgd. G. A. Dodds,
Indian Agent.

Sir:-

I enclose copy of a letter received from Mr. G. A. Dodds, Agent at the File Hills Agency, with reference to the water supply at the File Hills Residential School. I concur in the Agent's suggestion to Mr. Rhodes as to how their water supply can be maintained. I am strongly averse to digging any more wells. We have tried this experiment a number of times without success. Mr. Rhodes should find no difficulty in following out Mr. Dodds suggestion to use the emergent water supply he suggests, as he could draw water by utilizing threshing tanks and thereby maintain his supply. I shall be glad to have the Department's views in regard to the matter.

Your obedient servant,

W. M. Graham,
Indian Commissioner.

Sir:

I have your 306-11A of the 6th instant, enclosing copy of a communication which you received from Mr. Agent Dodds with reference to the water supply at the File Hills Indian Residential School. It is noted that, owing to the present low level of the lake from which the school obtains water, it is liable to freeze during the cold weather, and that it will be necessary to make other arrangements to obtain the water required.

In this connection I have to say that the Department agrees with you that the Principal should arrange to use the emergent water supply suggested by the Agent during the few months of cold weather and draw water by utilizing threshing tanks. I may say that the Department is not prepared to authorize the drilling of another well.

C O P Y

McPHERSON & THOM CO.

Regina, Sask., November 20th, 1931.

Department of Indian Affairs,
Regina, Sask.

Attention Mr. Graham.

Dear Sir:-

Following your instructions, we made a trip to the File Hill School, with a view of gathering information, so as to report to you on water conditions, re the supply for the School.

We went very carefully into all the details, with your Mr. Dodds and Mr. Rhodes. The supply at the present time is mostly taken from the lake, and we certainly were very much surprised to find that this lake had receded approximately ten feet, during the past year, thus leaving only about four feet of water at the deepest point. During the cold winter months this lake will now freeze to the bottom, which means the water supply will be cut off.

We then made a further investigation, and find that you have a well near the School which supplies a very limited amount of water, and could not take care of any reasonable portion of your daily supply. We therefore recommended to your Mr. Dodds, and Mr. Rhodes, that the only solution of overcoming the difficulty, would be to drill a well, and in accordance with your request, that we give special quotations on account of economic conditions, we wish to submit the following, which is very much below any other figures we have ever quoted on a guaranteed proposition.

We would be willing to drill a well at the File Hill School, using 5" Screw and Socket Well Casing, and Drive Shoe, and would be prepared to drill this well to a depth of at least 450 feet, if necessary. We would guarantee to supply 3000 gallons of water per twenty-four hours, for the sum of Eleven hundred dollars ($1,100.00).

On account of the guaranteed price being reduced, we would ask, that in the event of us not getting water, and finding it necessary to abandon the hole, that we would be reimbursed for the amount of Two hundred and seventy-five dollars ($275.00) which would only pay a portion of our cash out-lay

COMMISSIONER'S OFFICE,
REGINA, SASK., November 21st, 1931.

Dear Mr. Scott:-

The question of a water supply for the File Hills Residential School has been further investigated, and from what I can gather there is a great danger of all the lakes around File Hills freezing to the bottom this year. The lake near the school, where the water supply is obtained at the present time, will certainly freeze to the bottom. I suggested to the Department, failing the securing of a well, that the only alternative would be to haul water. The Principal of the school is very much opposed to this scheme, and I believe the Agent has come around to the feeling that it would be impracticable, especially in view of the fact that the lake from which it was proposed to haul the water will, in all likelihood, freeze to the bottom, and then there would be no other alternative but to close the school.

Having had all phases of the situation placed before me, I decided to send Mr. Thom, of McPherson and Thom, Regina, who are agents for the Ontario Wind Engine & Pump Co., also well drillers, out to the File Hills Agency to investigate matters, and was surprised to receive from him a most excellent offer. I enclose herewith a copy of Mr. Thom's letter. There is a possibility, if they go down 450 ft., of securing a good supply of water. We have, in the past, never gone down anything like this depth, and we are only called upon to pay $275.00, part of the actual expenses, if water is not obtained, and $1,100.00 if we secure a supply of water amounting to 3,000 gals. every twenty-four hours, which, of course, if obtained, will be a great thing for this school. The present water supply arrangements at this school, at the best, are very unsatisfactory, and the water is not fit for domestic consumption; the only supply for this purpose is obtained from a shallow

COMMISSIONER'S OFFICE,
REGINA, SASK., February 3rd, 1932.

Sir:-

With reference to my letter of the 21st of November, dealing with the question of water supply at the File Hills Indian Residential School, and your authority by telegram dated November 27th, to have Messrs. McPherson & Thom proceed with the work, I am pleased to inform you that we have at last struck a well which appears to be capable of providing an adequate supply of water for this institution. The company drilled 324 ft. and the water has come within 80 ft. of the top, and from reports I have received it cannot be reduced with steady pumping. However, I am not issuing a voucher until the well is further tested.

In the meantime, I wish to point out that this well is 100 ft. from the school, and it will be necessary to connect it with the system. In order to do this a trench will have to be dug, piped, and a deep well electric pump supplied. I have received figures, and the cost will be approximately $580.00. Your authority to proceed with this work will be appreciated.

Your obedient servant,

W. M. Graham,
Indian Commissioner.

DEPT. OF INDIAN AFFAIRS
FEB 16 1932

Duncan C. Scott, Esq.
Deputy Superintendent General.
Department of Indian Affairs.
Ottawa. Ont.

Dear Dr Scott;-

I am in receipt of your circular letter of the 5th inst having reference to Fire protection in Indian Residential Schools, and in reply wish to take up one or two matters relative to this subject in connection with this School.

In paragraph 5 definite instructions are laid down to the effect that a night watchman must be employed in all Schools where the interior is of frame construction, this building having been erected in 1910 is of this type of construction, I presume that the Department intends the Church authorities or the Principal in charge of the School to assume responsibility for the appointing of such a night watchman; I bring up this question because it is not always possible to pay extra salaries out of School funds, and sometimes the Church authorities are loath to assume this extra financial burden, more particularly in times like the present, in this connection also I would advise that it will be necessary to install a time clock in the School so that a check can be kept on the movements of the night watchman, for no matter how reliable a man may be there is always the possibility that he may be inclined to shirk duty, especially during the night hours when there is no one around to keep a check upon him, would the Department be disposed to supply and install this time clock?.

In the matter of Fire prevention; I believe that our equipment is adequate to cope with small outbreaks, regarding the Fire escapes;- the escapes at this School are of the Iron pipe type, leading from the Sleeping balconies to the Verandah numbering three in all, to clear the School it is necessary for the Pupils and Staff to parade in the sleeping balconies, drop to the verandah, proceed along the verandah for distances of 35 feet in each case to the steps leading to the ground, I have conferred with Mr Indian Agent Dodds re this matter and we are of the opinion that this is not a very safe proceedure as if the front of the building were to be on fire the escapes would be practically cut off preventing anyone from reaching the ground safely, I believe Mr Dodds is also writing the Department re this matter.

I fully realize the huge responsibility resting upon the Principal's of the Residential Schools, and assure you that everything is done at this School to safeguard life and property consistent with the facilities at hand.

Yours truly,

J Rhodes.

Principal.

DEPT. OF INDIAN AFFAIRS
FEB 18 1932
RECORDS

OFFICE OF
INDIAN AGENT

Balcarres, Sask.,

Feb. 13, 1932.

Dear Sir,

With reference to your Circular letter 1-1-5, dated the 5th instant, in connection with fire prevention in the Indian Schools.

I visited File Hills School yesterday and went into everything in connection with fire prevention and fire escapes in accordance with your instructions.

The fire escapes at File Hills School are the pole kind. That is an iron pole runs from the balcony which adjoins the dormitory to the verandah, down which the children slide. This is fairly efficient but there are several features that I thought it would be better to bring to your attention.

There are a number of young children in the school around seven and though they slide down the pole fairly well in practice they might let go of the pole and suffer a serious fall under excitement.

The bottom of the pole comes on the verandah. If a fire occurred in the room close to the pole it is possible that flames might come through the window and make it impossible to use the escape.

There is a trap door on the balcony covering up the hole down which the children slide. This trap door opens upwards and it is conceivable that in a panic the children might crowd on the door and make it impossible for anyone to open it. I made enquiries regarding this and found it used to open downwards but one of the staff in trying to open it fell through and was seriously injured.

In case you consider the escape in use should be changed I would recommend those spiral escapes similar to those used in the public schools in the cities. I understand they are rather expensive and I am only suggesting this in case you think a new system is necessary.

There are chemical fire extinguishers and also a water system for use in a fire at this school. The staff have been told how to operate the fire extinguishers and how to operate the water system. The however do not have any actual practice with the water system. I would recommend that the water system be actually tried out about once a month so that we would be sure everything is in working order and that the staff can do what they are supposed to do without delay. I would also like the Principal instructed to inform me when this practice is to take place so that I could be present and report on it.

File Hills School is of frame construction with a brick vineer. They have no night watchman.

They have a gardener at the school who can do very little at his job during the winter. I think he could do the night watchman's duties during winter and I think the school should be able to pay for a man during the summer months out of the government grant.

111-1-5.

Ottawa, February 22, 1932.

Sir:

I am directed to acknowledge your letter of the 12th instant, with reference to fire protection at the File Hills Indian Residential School. The Department will supply a time clock for the night watchman. Please make a recommendation as to what type should be supplied and let me have an estimate of the cost.

With reference to fire escapes, it is possible that an additional steel stair escape is needed at the back of the building. Please discuss this with Mr. Indian Agent Dodds, and, if you agree that this will meet the needs, please inform the Department.

It has been suggested that the fire hose be tested periodically and that the staff and older pupils be given experience in this part of the protection. Please see that this is done from time to time and inform Mr. Indian Agent Dodds when the practice will be carried out so that he can be present.

Your obedient servant,

A. F. MacKenzie.

R.

Sir,-

I beg to inform you that I am in receipt of a request to have additional outside closets built for the boys at the File Hills Residential School. It is pointed out that when the closets in existence were built, they were intended for the accommodation of 25 boys, and there are now 42 in residence. The cost is estimated at approximately $60.00.

I am of the opinion that unless money is available, this matter can be deferred - we now have a good water supply at this school, and this ought to help matters out. However, I thought it well to bring the matter to your attention.

If you agree with me regarding this matter I will communicate with the Agent.

Your obedient servant,

W. M. Graham,
Indian Commissioner.

DEPT. OF INDIAN AFFAIRS
MAR 5 1932

Your File 111-1-5

Balcarres,
March 1st 1932.

The Secretary,
Department of Indian Affairs.
Ottawa. Ont.

Dear Sir;-

I am in receipt of your letter of the 22nd ult having reference to the Fire protection facilities at this School.

Regarding the Time clock;- I regret I cannot give you much information about this, I did however pay a visit to the Qu'Appelle Industrial School at Lebret who have a time clock which would be suitable for our needs, they were not able to give me any idea of the cost of same but this could be obtained from the firm handling them, the name of the clock is the "NANZ IMPERIAL WATCHMANS TIME DETECTOR" sold by Munderloh & Co,Ltd, 943 Victoria Square, Montreal, Que, the number of stations required for a time clock at this School will be 15.

What is most economical clock for our purpose? AHP

With reference to additional Fire escapes, I have discussed this with Mr Dodds and we are of the opinion that Stair escapes are too dangerous for Children, as well as being unsuitable for Indian Schools, providing as they do easy access for unlawful entry, the safer method would be to install spiral chutes of the same type as those used in Public Schools in the Cities, these are safe and at the same time can be secured against anyone desiring to enter the building through them for unlawful purposes, while in case of Fire the doors are very easily opened from the inside.

SCHOOLS BRANCH
MAR 7 1932

The Fire hoses were tested yesterday in the presence of Mr Dodds and were found to be operating satisfactorily, I would point out to the Department that constant use of the Fire hoses will shorten their life considerably, necessitating replacement at more frequent intervals.

Yours truly,

J. Rhodes

Principal.

SCHOOLS BRANCH MAR 26 1932

Dear Sir,

In reply to your 111-1-5, dated the 22nd ultimo. I beg to advise that I visited File Hills School on the 29th February as Mr. Rhodes had informed they were going to have a fire drill and practice with the fire fighting system.

The children were marched upstairs to the dormitory and three and a half minutes after the alarm was sounded the school had been emptied.

They then had a practice with the water system and every hose was tried out and found to be in working order. I noticed however that the water when it first came out of the hoze was very much discoloured due no doubt to the corrosion of the pipes. This cleaned out immediately and then the water came in a clear stong stream. I think it wise to have these practices regularly so that everyone will be thoroughly conversant with their duties in case of an actual fire.

night-watchman

With regard to your suggestion that a steel stair escapes should be erected at the back. This would give an additional avenue of escape in case of fire and I think myself that it would be as well if one were provided. Mr. Rhodes however is not in favour of it as he is of the opinion that the pupils would use it for getting away from the dormitory and other undesirable purposes, at night. This is true but the same objection can be advanced with regard to any fire escape.

To prevent the improper use of the fire escapes by the pupils is a problem which confronts every school principal but I do not think it is a good way to solve this by limiting the means of escape or blocking the fire escapes.

Your obedient servant,
Lucyer Doolds
Indian Agent.

Ottawa, April 2, 1932.

Sir:

~~instant~~ *ultimo*, Replying to your letter of the 1st relative to the supplying of a time clock for the use of the night watchman at the File Hills Indian Residential School, I have to inform you that an order is today being placed with the Canadian Fairbanks-Morse Co. Ltd., here, to supply from their nearest branch office to the school one only D-P Watchman's Clock, complete, with ten stations.

The above Company have been requested to forward to you their account, in triplicate, covering the cost. Upon receipt of the clock, if in good condition, you should certify on the account as follows: "Goods received. Prices charged fair and just", and forward same, in duplicate, to the Department, retaining one copy for your file.

One year's supply of record dials will be supplied with the above equipment. It is considered that a clock with ten stations would be sufficient for the needs of your school.

Your obedient servant,

A. F. MacKenzie,
Secretary.

Ottawa, April 2, 1932.

Gentlemen:

I have to request that you will supply from your nearest branch office, for the use of the File Hills Indian Residential School, Balcarres, Sask., one (1) only D-P Watchman's Clock, complete, with ten stations. This should be shipped, charges prepaid, addressed to

F. Rhodes, Esq.,
Principal, File Hills Indian Res. School,
Balcarres, Sask.

In your communication dated the 28th ultimo to the Architect of this Department, you quoted a price of $113.25, sales tax included, F.O.B. Ottawa, for supplying this clock. The price charged for supplying the clock from your nearest branch to the School should not exceed approximately this amount, and they should forward their account, in triplicate, together with a receipt covering the cost of shipping charges, to Mr. Rhodes, who is being informed of the order placed with you. He is being requested, upon receipt of the clock, if in good condition, to certify the account and send it to the Department, when payment will be made.

Full instructions for the operating of this clock should be forwarded to Mr. Rhodes. One year's supply of record dials should also be supplied with the clock.

Your obedient servant,

A. F. MacKenzie,
Secretary.

Your file 111-1-5. April 20th 1932

The Secretary,
Department of Indian Affairs.
Ottawa. Ont.

DEPT. OF INDIAN AFFAIRS
APR 23 1932
RECEIVED

Dear Sir;-

I am in receipt of your letter of the 2nd inst advising me that an order had been placed with the Canadian Fairbanks Morse Co to supply a Watchman's time clock for this School, and in reply would advise that this Clock and equipment has been received, Invoices covering this have not yet come to hand but on receipt of them they will be dealt with according to instructions contained in your communication.

With regard to the appointing and installing of a night watchman at this School I will appreciate it if the Department will advise me if they consider it essential to have a watchman on duty all the year round, or if it will only be necessary to have him on duty during the Winter months, say from October 1st to April 30th. I am requesting this information as the Salary and Board of this man will have to be provided from School funds and if he is employed on a yearly basis it will be quite a drain on the finances especially since the 10% reduction in maintenance grant.

Responsible

all year Round

EX'D.

Ottawa, April 26, 1932.

Sir:

I have your letter of the 20th instant, informing the Department that the watchman's clock for use at the File Hills Indian Residential School has arrived, and that as soon as the account covering the cost has been received you will certify and forward same to the Department for payment.

Regarding the services of a night watchman for this School, I have to say that the Department desires that a watchman be on duty each night during the entire year. The Department will allow a grant at the rate of $30 per month towards payment of his services; the school authorities to provide the balance of salary from per capita allowances or other receipts. You should arrange to pay the salary of the watchman each month, obtaining a receipt, in duplicate, covering the amount of the Department's grant, viz.,$30. You should then prepare a voucher in your own favour for the Department's share of salary at the end of each quarter, certify same, attach receipts covering the payments made by you, and forward to the Department, when a cheque to reimburse you will be sent.

I shall be pleased if you will give the Department full particulars regarding the name, qualifications, etc., of the man engaged to perform the night watchman's duties at this School.

Your obedient servant,

A. F. MacKenzie,
Secretary.

File Hills Indian Residential School

SASKATCHEWAN, -:- CANADA

Balcarres,

DUTIES OF THE NIGHT WATCHMAN.

It shall be the duty of the Night Watchman to make a tour of the Building every hour between the hours of 10 O'clock P.M. to 6 O'clock A.M in the Summer and from 10 O'clock P.M to 7 O'clock A.M in the Winter and commencing at No 1 station to punch his clock at each consecutive station finishing with No 10, while on his patrol he will see that everything is in order throughout the building.

In case of Fire the watchman will sound the alarm and will assist in evacuating the building, afterwards rendering what service is necessary to assist in putting out the Fire.

It will also be the duty of the night watchman to Fire the steam boilers during his tour of duty, to light the Fires in the Kitchen range, Bakeshop, and Laundry at 5-30 A.M in the Summer and 6-30 A.M in the winter.

On completion of each days tour of duty the night watchman will hand his time clock,together with a report covering the period of duty completed, to the Principal or other member of Staff designated by the Principal and will receive his time clock each evening at 9-45 from the Principal or other member of Staff to be designated, all stations must be registered when going on duty and when completing duty, keys to the padlocks on Station boxes must be surrendered each day with the Time clock.

If during the period of duty any or all stations are not registered withinthe hour the night watchman must give a detailed explanation as to why the station or stations were not registered, this is very important.

The Secretary.
Department of Indian Affairs.
Ottawa. Ont.

Dear Sir:-

I am in receipt of your letter of the 26th ult having reference to the night watchman at this School, it is noted that the Department desires that a watchman be on duty each night during the year, this is being put into effect.

I wish to take this opportunity to thank the Department for their generous assistance in granting the sum of $30.00 per month toward the watchman's salary, this assistance is greatly appreciated and will enable us to employ a man without draining the finances of the School too deeply.

I have appointed to this position Mr Henry C. Redgrave, Mr Redgrave has been Farm Instructor at the School for the past six and one half years, he is a returned Soldier, is 65 years of age and is quite a reliable man for this position, he has had previous experience as a night watchman, having been in the employ of the Canadian Pacific Railway some years ago, he is also thoroughly conversant with the building and its requirements and I believe will give satisfactory service in this position.

I am attaching hereto a copy of the Night watchman's duties which I have compiled for your approval, if there are any additional duties which the Department wish to have included I shall be pleased to be advised.

Yours truly,

F. Rhodes.

Sir:

I have your letter of the 13th instant, in further reference to the appointment of a night watchman at the File Hills Indian Residential School.

In this connection it is noted that you have secured the services of Mr. Henry C. Redgrave. His past experiences in this connection have been noted, and it is considered that his services will be satisfactory. The copy of his duties, as compiled by you, has been noted, and would appear to include all the duties which he should carry out.

Gentlemen:

Referring to the account to the amount of $2.30 which you forwarded covering the transportation charges on one Watchman's Clock from Winnipeg to Balcarres, Sask., and shipped to Mr. F. Rhodes, Principal, File Hills Indian Residential School, I have to request that, in order to meet the requirements of the Auditor General, you forward a receipt from the transportation company covering the above charge prepaid by you.

I have also to request that you will forward a receipt for the transportation charges to the amount of $1.16 on the Watchman's clock shipped from Toronto to Fort Frances, Ont., to Rev. H. M. Brassard, O.M.I., Principal, Indian Residential School, Fort Frances, Ont.

When these receipts covering the transportation charges are received, payment will be made you. I should be pleased if the forwarding of the receipts asked for receives your early attention.

Your obedient servant,

A. F. MacKenzie,
Secretary.

Ottawa, June 1, 1932.

Gentlemen:

I have your account covering the cost of a watchman's clock supplied for the use of the Indian residential school at McIntosh, Ont. This account includes an item of 60 cents for express charges from Toronto to McIntosh, Ont. Before this account can be paid, it will be necessary, in order to meet the requirements of the Auditor General, for you to forward to the Department a receipt for the amount of the express charges from Toronto to McIntosh, viz., 60 cents. I shall be pleased if you will forward this receipt direct to the Department, when payment of the account will be made.

I also wish to draw attention to our letter of the 20th ultimo, requesting you to forward a receipt covering the transportation charges - $2.30 - on the clock shipped from Winnipeg to Balcarres, Sask., for use at the File Hills Indian Residential School, and also a receipt for the transportation charges - $1.16 - on the clock shipped from Toronto to Fort Frances, Ont., for use at the Indian Residential School at Fort Frances. The Department will be pleased to receive the receipts mentioned at an early date.

Your obedient servant,

A. F. Mackenzie.

Regina, Sask.,
February 1, 1932.

W. M. Graham,
Indian Commissioner,
McCallum Hill Bldg.,
Regina, Sask.

Dear Sir:

Re: - Pump for File Hills Indian School.

We thank you for the privilege of quoting on this and would advise that we will install complete, including installation of pump, pipe, electric wiring and connections, one model 75 Delco deep well pump, using the present rod and cylinder that is now in the well for $580.50.

The price includes pump house over the pump, digging the trench, etc., being a completely finished job.

This pump is an electric pump and can be operated from the present plant at the School. Our Mr. Parker has inspected this job this last week and we believe that an electric pump will give you much better satisfaction than the present type.

Trusting that we may be favoured with your order which will have our very careful attention.

Yours very truly,
ELECTRIC EQUIPMENT LTD.,

J. M. SHARPE.

R

Sir:-

I am in receipt of a letter from Mr. G. A. Dodds, Indian Agent at the File Hills Agency, informing me that the roof of the root house at the File Hills Residential School has fallen in owing to the lumber rotting. As this root house will be urgently required in a very few weeks to store the vegetables for winter requirements at the school, I would be glad if the Department could grant me authority to have a new roof built. It is estimated that the material and labour will cost $130.00.

C.A.D.

Ottawa, September 14, 1932.

Sir:

I have your letter of the 9th instant, requesting that a grant be provided to build a new roof on the root house at the File Hills Indian Residential School.

In this connection I have to request that you will state if it would not be possible for the school authorities, if the material is supplied, to perform the labour in building the new roof. Our funds this year are extremely limited, and it is necessary to curtail all expenses for repairs, alterations, etc., to the lowest possible point. If the school can perform the labour, please state the material required and the approximate cost of same. When we have this information, further consideration will be given as to whether funds to rebuild the roof can be provided or not.

Your obedient servant,

T. R. L. MacInnes,

RECORDS

Balcarres,

Your File 111-1-5. Sept 30th 1932.

The Secretary.
Department of Indian Affairs.
Ottawa. Ont.

Dear Sir;-

In accordance with instructions contained in your letter of April 26th I am attaching hereto Voucher with receipts in duplicate attached covering salary paid to the Night watchman at this School from May 15th to Sept 30th.

In this connection I wish to advise changes have been made in the night watchmen, Mr Redgrave relinquished his duties to go into Hospital early in June, Mr Kiff a returned Soldier, pensioner, was engaged to fill this position, he also relinquished his duties on advice from the Medical officer on August 15th, Mr Mann the present watchman was engaged on August 16th.

Mr Mann has had previous experience in these duties with the Canadian Pacific Railway at Montreal, he is 55 years of age and is a thoroughly reliable man for this position, I have known him for many years and have employed him on several occasions to do work at the School, since assuming the duties of night watchman he has given every satisfaction.

Yours truly,

F. Rhodes

111-1-5

Ottawa, October 6th, 1932.

Sir,-

Last April, the Department supplied a watchman's clock for use at the File Hills Indian Residential School and, at the same time, the Principal was informed that the Department desires a watchman on duty each night during the entire year in order to minimize the danger from fire. He was further advised that the Department would allow a grant at the rate of $30 per month towards payment of the watchman's services.

Mr. Rhodes now advises that he has had a night watchman since the first of June and payment is being made for the four months' period to the end of September.

At the end of each quarter, you should forward a voucher for the amount due for this service. It should be made out in a similar manner to the one enclosed. It is understood, of course, that you will satisfy yourself that the watchman is regularly employed at the school and is performing his duties satisfactorily.

Your obedient servant,

A. F. MacKenzie.
Secretary.

RECORDS

Sir:-

Referring to Department letter No. 111-1-5, of the 14th ultimo, with reference to material for a new roof on the root house at the File Hills Indian Residential School, I beg to inform you that I have taken this matter up with the Principal. He informs me that a temporary roof has been placed on the root house which will answer the purpose for the coming winter, but he hopes that the Department will see their way clear to appropriate the necessary funds to purchase material so that he can have it hauled out in readiness to commence work next spring. The labour will be performed by the school staff.

I am attaching herewith a copy of the estimate of the material required, the cost of which amounts to $98.19.

Your obedient servant,

W. Murison

W. Murison,
Inspector,

Sir:

I have your 306-11A of the 4th instant, with reference to the materials required for a new roof for the root house at the File Hills Indian Residential School, and enclosing copy of the estimate of material required. It is noted that a temporary roof has been placed on the root house, which will serve the purpose for the coming winter.

The matter of supplying material for a new roof should be brought to the attention of the Department next Spring, when consideration will be given to authorizing the expenditure required for the purpose. Funds for the purpose will be noted for our Estimates for the coming fiscal year.

Dear Sir,

With reference to your letter 111-1-5, dated the 6th instant, in connection with grant of $30.00 per month made to the File Hills Residential School towards the payment of salary for a watchman.

I understood from your letter that you had issued a cheque for the four months ending September 30th and that I was to forward a voucher at the end of each quarter. Mr. Rhodes informs me that he has not yet received the cheque for $120.00. Will it be necessary for me to forward a voucher for the four months ending September 30th before you issue the cheque to Mr. Rhodes or has a cheque already been sent to him?

Your obedient servant,

Indian Agent.

April 8th 1933.

DEPT. OF INDIAN AFFAIRS
APR 15 1933
RECORDS

The Secretary.
Department of Indian Affairs.
Ottawa. Ont.

Dear Sir;-

Attached hereto please find report for this School for the fiscal year ending March 31st 1933.

I would like to make a few observations in support of some statements made in the report;- The outside Toilets at this School were erected in 1922 at which time we had an attendance of 65 Pupils, these toilets are of the pit type and have been moved so many times that the ground has become polluted and we find it practically impossible to locate them on unpolluted ground, they are in a delapidated condition and very difficult to keep sanitary, this condition was brought to the attention of Mr W.M.Graham, then Indian Commissioner, in August 1931, Mr Graham communicated with the Department regarding this matter and suggested that we could manage with the present toilets, this we have done to the present time but we have now come to the point when something must be done to bring our outside toilet facilities up to date, we now have 85 pupils on the register or a 30% increase over the pupilage in 1923, I would suggest that buildings be erected of the moveable box or Pail type, a rough estimate of the cost of these would be about $175.00 for material and labour.

With reference to the Barn;- We have accomodation in the Cow barn for 16 Head of cattle,this number was sufficient to supply the requirements for 65 pupils, since the increase in pupilage however we find that more milk is required hence a larger herd must be maintained, we now have 32 head including Cows and calves and to accomodate this number we have utilized every inch of space in both the Cow barn and the Horse stable even to the harness rooms and feed stalls and then the cattle were considerably overcrowded, I feel that if the Department could provide us with an addition to the barn we could house the herd in the Winter very comfortably and get better results from them.

I realise that finds are very scarce but I would greatly appreciate any consideration given to these suggestions.

Yours truly,

J. Rhodes.

111-1-5.

Ottawa, May 3, 1933.

Sir:

The Department received a communication from the Principal of the File Hills Indian Residential School, regarding the condition of the outside toilets which, he states, are in a dilapidated condition and very difficult to keep sanitary. They are of the pit type and have been moved so many times that the ground has become polluted. He recommends that new toilets be erected, of the movable box or pail type, and gives a rough estimate of the cost, including material and labour, at approximately $175. The Principal has also requested that an addition be made to the barn, to provide accommodation for the number of cows on hand.

For your information, I may say that there is an item of $1,000 provided in our Appropriation for the current fiscal year for this school. From this amount, the sum of $100 is being authorized for the purpose of buying the material required for a new roof for the root-house. If new toilets are erected, at a cost of $175, it would leave only the sum of $725 for other repairs and improvements. I would request that you inform the Department definitely concerning the new toilets, giving particulars as to size and type, the materials required and the approximate cost of any labour other than that which can be performed by the staff of the school. You should also give detailed information with reference to the addition to the barn, stating dimensions, cost of materials and any labour necessary. It is doubtful if there will be sufficient funds to carry out this work. It may be that the Principal has other more pressing requirements than the addition to the barn. Please discuss the matter with him and report regarding any requirements, giving full particulars as to materials, labour, and the cost involved.

The Department will authorize Mr. Inspector Murison to incur an expenditure not exceeding the sum of $100 in the purchase of materials for the new roof on the root-house. It is understood that any labour will be performed by the staff of the school, without expense.

Your obedient servant,

A. F. MacKenzie,
Secretary.

ALSO TO DATE OF THIS LETTER

INSPECTOR'S OFFICE,
W. REGINA, SASK., 17th March, 1933

SCHOOLS BRANCH
MAR 30 1933

Sir:-

I beg to refer to Departmental letter No. 111-1-5, dated the 22nd of October, 1932, with reference to the materials required for a new roof for the root house at the File Hills Indian Residential School, and in which I was requested to bring this matter to the attention of the Department in the spring when consideration would be given to authorizing the expenditure required for the purpose.

In this connection I may inform you that a temporary roof was placed on the root house for the winter and it was thought that it would answer the purpose temporarily for the winter, but it has been found very unsatisfactory. The present winter has been an unusually severe one, with the result that the frost penetrated the temporary roof and destroyed a quantity of their roots and vegetables. It has been necessary to put a stove in the root house and keep a fire on to save the vegetables left. The cost of the materials for a new roof was estimated at $98.19. It is hoped the Department will see their way clear to appropriate the necessary funds to purchase this matterial to that it can be hauled out in readiness to commence work shortly after the spring opens up.

Your obedient servant,

W. Murison,
Inspector,
Saskatchewan Inspectorate.

E.A.D.

Ottawa, May 6, 1933.

Sir:

With reference to your No. 306-11 A of March 17th, last, regarding the installation of a new roof on the root-house at the File Hills Indian Residential School, I have to say that funds for this purpose are now available. It is noted that the cost of materials for the new roof will be $98.19. I enclose herewith Encumbrance Certificate, authorizing the expenditure in the purchase of materials, which must not exceed the sum of $100. It is to be understood that the labour will be carried out by the school authorities, without expense to the Department.

Either you or the local agent should arrange for the purchase of the materials required, from firms on the list to receive consideration. Itemized accounts, in triplicate, should be obtained, covering the cost. These should be attached to proper voucher forms, certified in the usual manner and forwarded for payment. It should be stated on each copy of the voucher that the expenditure was incurred under authority of E. R. No. 387.

The delay in replying to your letter is regretted, but no expenditure for the above purpose could be authorized until funds were available.

Your obedient servant,

A. F. MacKenzie,
Secretary.

DEPARTMENT OF INDIAN AFFAIRS
CANADA

111-1-5

DEPT. OF INDIAN AFFAIRS
JUN 5 1933
RECORDS

OFFICE OF
INDIAN AGENT

Balcarres, Sask.,

May 30, 1933.

Dear Sir,

In reply to your letter 111-1-5, dated the 3rd inst with regard to building repairs and improvements required by File Hills Residential School. I have gone into this matter with the principal of the school, as directed.

He requires a lean-to addition made to the barn for the purpose of housing his cattle for which he has not sufficient room. The building would be 45 feet long,18 feet wide, 9 feet high at the low end and 12 feet high on the side nearest the barn. It would contain 6 double stalls, or enough room for 12 animals. It would be double boarded, the first being of shiplap and the other of siding. The floor would be of concrete. It is estimated that the bill of material enclosed herewith would be sufficient to do the job.

He also required two outside toilets, one for the boys and one for the girls. He proposes to build a toilet with accommodation for six people in each and with movable boxes. It is estimated the bill of material enclosed herewith with be sufficent for one toilet.

Mr. Rhodes has also asked for for sufficient wire and posts to fence around the playground and school. The wire and post would cost 28.00 and the labour would be provided by the school.

The material for the root house is being purchased at a cost of $100.00 authorized

The main halls both on the first floor and basement need kalsomining. The labour and material for this would cost $35.00 no funds

$65 authorized + 100 forwarded

They will require new batteries for their electric light plant which will cost $200.00.

I would therefore request incumbrance requisitions for the following.

Addition to barn at File Hills Residential School. material and labour.	$310.00
Outside toilets 2 , labour and material	$140.00
Posts and page fencing for playground	$ 28.00 no funds
Kalsomining basement hall, main hall and dining room. Material and labour	35.00 no funds
New batteries for lighting plant	200.00

It is understood that incumbrance requisition for new root house for the school has already been sent to Mr. W. Murison.

I would ask you to return the bills of material for the addition to the barn and the toilets after you have examined them.

Your obedient servant,

George Rhodes

Indian Agent.

July 11, 1933.

Dear Sir,-

Replying to your letter of the 30th of May, with reference to the repairs and improvements required to the File Hills Indian Residential School, I am enclosing herewith E. R. No 635 and 636, which is your authority for the work indicated thereon, the cost not to exceed the amounts shown on the certificates.

Mr. N. Ferguson of Abernethy, Sask. may be employed as carpenter for the addition to the barn and the outside toilets.

The following may be asked to furnish materials required,-

E.R 636 = 200.00

E.R 635 = 450.00

Storage batteries: A. D. Mills of Abernethy.

Lumber, etc. A. E. Johnston of Abernethy.

Hardware. E. G. Hess, of Balcarres.

Yours very truly,

A. F. MacKenzie.
Secretary.

SEP 14 1933
RECORDS

Balcarres, Sask.,
Sept. 11, 1933.

Dear Sir,

With reference to your letter 111-1-5, dated July 11th, in connection with the erection of addition to the barn at File Hills Residential School, I beg to advise that I asked Mr. Ferguson of Abernethy for a tender for the labour to build the barn addition and the boys' and girls' outside toilets. He wants $100.00 for building the addition to the barn and $50.00 for building the toilets. This is considerably more than I estimated it would cost, consequently I have not sufficient money allowed in Encumbrance Requisition 635 to purchase the necessary material and pay for the labour.

I can get the labour done by Mr. F. Mann of Balcarres, for $75.00 and this would enable me to get the buildings completed below the amount authorized in E.R. 635. Mr. Mann is highly recommended by Mr. H.E. Chaplin of Balcarres and Mr. Chaplin is on the preferred list of merchants. I would like your authority to engage Mr. Mann. Please telegraph your reply as we have everything ready and want to start with the work.

Your obedient servant,

Indian Agent.

I

Dear Sir,

With reference to your Encumbrance Requisition No. 636, File 111-1-5, dated June 7th, authorizing me to purchase batteries for the File Hills School for $200.00, I beg to advise that I have spoken to Mr. Mills of Abeernethy, regarding the type of battery that should be used.

He recommends 200 Ampere Hour Ironclad batteries, because of the heavy load. These would cost $255.00 less $12.00 for the old batteries. May I please have an Encumbrance Requistion for an additional $43.00.

DEPT. OF INDIAN AFFAIRS
NOV 18 1933

Balcarres, Nov. 18, 1933

Nov. 14, 1933.

Dear Sir,

I am enclosing herewith voucher No. 219, amounting to $58.55 in favour of the North American Lumber Co., Balcarres, for material supplied for the building of the addition to File Hills School barn.

This expenditure was authorised by your Incumbrance Requisition No. 635, dated June 7th, 1933.

I found that we would need the material shown on this account, in addition to that shown on voucher No. 218, after the work on the barn had been commenced.

The North American Lumber Co. gave me a price of $58.55 on this material which I found compared with the price he had given me for the material shown on voucher 218. The order was therefore given to this company and no other tenders were asked.

Your obedient servant,

George Dodds

Indian Agent.

Sir:

The Department is in receipt of your voucher No. 273 in connection with the amount due the Principal of the File Hills Residential School for the services of the watchman for the months of October, November and December, last. This voucher is not prepared in the manner required by the Department, and, is, therefore, not being paid. I enclose voucher which you should sign and return for payment. Future vouchers for this service should be prepared in a similar manner.

It is not necessary to forward receipts from the man employed as watchman. Before signing the voucher at the end of each quarter, you should satisfy yourself that the watchman has been regularly employed at the school and has been performed his duties satisfactorily.

Your obedient servant,

A. F. MacKenzie,
Secretary.

Dear Sir,

In reply to your letter 111-1-5, dated the 13th instant, I beg to advise that the following rooms at the File Hills Residential School need decorating and I am informed that it will take the following material.

		Kalsomine	Paint
Dining Rooms	75'x 15'x 5'	4 pkgs	2 gals
Kitchen & Pantry	24'x 16'x 5'		4 glas
Dairy	9'x 16'x 9' 6"		1 gals
Laundry	24'x 16'x 9' 6"		3 gals
Basement Hall	115'x 8' x 5'	5 pkgs	3 gals
Main Hall	310 sq. feet	4 pkgs	
4 staff rooms		4 pkgs	
		18 pkgs	13 gals

18 pkgs Kalsomine @ 60¢ 10.80
13 gals paint @ 3.20 41.60 (Wholesale prices)
Labour approximately 100.00 $152.40

There is also some work required on the roof where the shingles and facer board have rotted. I estimate the material and labour required for this would be about $50.00

I would therefore be glad if you would authorise me to spend $210.00 on the above work.

Dear Sir,

With reference to your letter 111-1-5, dated June 13th, with reference to cement floor for kitchen and hall at File Hills **Residential** School , I beg to advise that it is estimated that the following will be required.

34 sacks of cement at 1.10	$37.40
Labour putting in cement floors	22.50
	59.90

I will be glad if you will let me have the authority to spend the above mentioned sum for the purposes stated.

Your obedient servant,

Indian Agent.

EXM.

Ottawa, August 17, 1934.

Sir:

With reference to your letter of the 10th instant, I beg to say that you may incur an expenditure of, approximately, $60.00, in placing a cement floor in the kitchen and hall at the File Hills Indian Residential School. It is noted, from your letter, that the amount mentioned above covers the cost of both material and labour.

Your obedient servant,

A. F. MacKenzie,
Secretary.

INSPECTOR'S OFFICE,
W. REGINA, SASK., 25th September, 1934.

Sir:-

I am advised by the Indian Agent at File Hills that the steam boiler used for heating purposes at the File Hills Residential School has developed several leaks and he asks for authority to have an expert in that line examine and report on the boiler.

I would be glad to know if I may have authority to send a man down. It is very essential that the boiler should be placed in good condition before the cold weather sets in.

Your obedient servant,

W. Murison

IN YOUR REPLY REFER TO
No. 306-11A
ALSO TO DATE OF THIS LETTER

INSPECTOR'S OFFICE,
W. REGINA, SASK., 3rd November, 1934.

R

Sir:-

Referring to Departmental letter No. 111-1-5, dated the 15th ultimo, with reference to repairing the steam boiler used for heating purposes at the File Hills Indian Residential School, I beg to inform you that this work has been completed at a cost of $161.70 and a covering voucher will go forward in a day or so.

I may advise you however that when the Plumber was making these repairs he discovered that the return pipes between the boilers are badly eaten and are leaking. They are apt to go any time and if it should occur during the winter, things will be in a mess. These pipes should be renewed at once. The cost of the necessary extra heavy pipe, including nipples etc., would be about $122.00. Standard pipe, if used, would cost $107.00. I would recommend that the extra heavy pipe be installed, as I believe it would more than warrant the increase in cost.

If this matter receives favorable consideration, I would be glad to have authority to proceed with the work.

Your obedient servant,

W. Murison

Sir:

I have your 306-11A of the third instant, regarding the repairs required to the steam boiler used for heating purposes at the File Hills Indian Residential School. In this connection it is noted that this work has been completed.

The Department will approve of the renewing of the return pipes between the boilers, using extra heavy pipe for the purpose. It is noted the cost will be approximately $122.

After the repairs to the steam boiler and the renewing of the return pipes have been completed, please forward accounts, in triplicate, properly certified, covering the expenditure incurred.

Your obedient servant,

A. F. MacKenzie,
Secretary.

FEB 12 1935

Sir:-

I beg to forward herewith File Hills Agency Voucher No. 366 in favor of Potts and Miller, Ltd., amounting to $21.05 for repairs for the hot water boiler in the File Hills Indian Residential School.

I may explain that on December 15th the steam coil which is used to heat the water in the hot water boiler at the school sprang a leak due to corrosion. In consequence the water backed up from the tank into the furnace. The Agent tried to get the material for a new coil in Balcarres, but was not successful. As the repairs were urgent, the Principal drove to Regina for them. It was Saturday afternoon and the wholesale warehouses were closed and it was necessary for Mr. Rhodes to have the coil made up by Messrs. Potts and Miller.

Your obedient servant,

W. Murison

March 7th. 1935.

Dear Sir:-

I beg to report that the Poultry House at the File Hills Indian Residential School was destroyed by fire on the morning of the 4th, instant.

The cause of the fire was seemingly from an overheated stove pipe or a spark from the stove, as the building was being used for a breeding pen and the use of a stove was necessary to prevent the eggs chilling.

I beg to recommend the replacement of this building, size 16' x 32' x 8', the cost of material and labour I estimate at $300.00, as a new building could be erected on the old foundation.

Trusting this will meet with your approval.

Your obedient servant,

G. A. Dodds,
Indian Agent.

737-11

Ottawa, March 15, 1935.

Sir:

I have your letter of the 7th instant, reporting the destruction, by fire, of the poultry house at the File Hills Indian Residential School. The Department would like to be informed if there was any carelessness in the operation of the stove. It is thought that, if it had been properly attended to, there would not have been any danger of the pipe becoming over-heated or a spark escaping from the stove.

Regarding your recommendation that the building be replaced, at a cost of $300 for material and labour, I have to say that the Department has no funds available to rebuild the poultry house. There is an item in the Estimates for the coming fiscal year for miscellaneous repairs, etc., to the amount of $300. If the Principal believes that the rebuilding of the poultry house is more urgent than the minor repairs, painting, etc., the Department might favourably consider utilizing the money towards the erection of a poultry house. After consulting the Principal, you might advise the Department.

Your obedient servant,

A. F. MacKenzie,
Secretary.

111-1-5

R.K.D.

Ottawa, March 19, 1935.

Sir,-

Since June, 1932, the Department has been allowing $30.00 a month towards the salary of a night watchman at the File Hills Indian Residential School.

As our appropriation for this purpose is limited and as we have recently received requests for allowances towards night watchmen's salaries at several other Indian residential schools that had not previously received same, it has been found necessary to place all residential schools on the same basis and only allow a grant towards the night watchman's salary for a period not exceeding seven months. Consequently, the allowance for the services of the night watchman at the File Hills Indian Residential School will be discontinued from April 30th, 1935.

Payment of this allowance will be resumed from October 1st, 1935, and will be continued until April 30th, 1936, a period of seven months, during which time the amount of $40.00 will be allowed. If the Principal so desires, you may forward a voucher at the end of each month for the period during which the allowance is made.

Your obedient servant,

A. F. Mackenzie.
Secretary.

Dear Sir:-

I have the honor to reply to your letter No. 111-1-5 of the 15th,instant, regarding the rebuilding of the poultry house at the File Hills I.R.School.

I beg to say that I have taken this matter up with Mr. Rhodes, the Principal, and I quote part of his reply to me as follows:-
"In this connection I would draw your attention to the Estimates for 1935, in which appears an item for Painting the outbuildings amounting to $400.00. I would suggest that part of this sum be used to rebuild the Poultry House and the remainder used to paint the Outbuildings as far as possible, my reason for this suggestion is that the Main building is looking very shabby indeed and isnot a very good advertisement either for the Department, the Agency or the School, the main building has not been painted since 1929, 6 years ago, and I would stress the need for this work to be done this year without fail, the outbuildings with one or two exceptions could go for another year, the balance of $100.00 or any amount left over after the Poultry house has been erected could be used to paint the buildings requiring it the most".

There is no question about the buildings requiring painting and the need for a Poultry House for this School, and I would recommend the Department to reconsider this matter.

Your obedient servant,
George A Dodds

Ottawa, April 5, 1935.

Sir:

I beg to acknowledge receipt of your 761-11 of the 27th ultimo, with reference to the poultry house at the File Hills Indian Residential School.

It is noted that Mr. Rhodes refers in his letter to you to an amount of $400 for painting at the File Hills Indian Residential School.

However, I would refer you to official letter of March 15th, in which you were informed that the sum of $300 is provided in our Estimates for the current fiscal year for miscellaneous repairs, etc., at the File Hills Residential School. The Department is prepared to authorize the use of this money in the erection of a poultry house. Please let me know whether or not the school staff will be able to handle any of the labour. If not, you should state the approximate amount that will be required for labour and also the approximate amount that will be required for materials, detailing the quantity of lumber, nails, etc., that will be needed.

Consideration to repainting the buildings will have to remain in abeyance until later in the year, when it will be possible to decide if funds for the purpose can be spared. You might communicate with the Department about the painting at the end of June.

Your obedient servant,

A. F. MacKenzie,
Secretary.

111-1-5.

Ottawa, April 17, 1935.

Sir:

As you may be aware, the poultry house at the File Hills Indian Residential School was destroyed by fire on the 4th ultimo. Mr. Agent Dodds and the Principal of the School estimate that the cost of rebuilding will be, approximately, $300.00 - material, $225.00 and labour, $75.00.

As this expenditure was entirely unforeseen, no provision was made in our Estimates for the current fiscal year. There is, however, an item provided for miscellaneous repairs, etc., to the amount of $300.00, and the Principal was asked to state whether he considered the rebuilding of the poultry house more urgent than the carrying out of minor repairs, painting, etc. He wishes the poultry house rebuilt, and I would request that you take this matter up with Mr. Agent Dodds. You should arrange for the purchase of the materials, from firms on the approved list and also for the labour required.

The Department is informing Mr. Agent Dodds that this matter has been placed in your hands, and you will therefore be good enough, in conjunction with Mr. Dodds, to make all necessary arrangements for the purchase of the materials and for the labour in the erection of the new poultry house.

The entire cost of the poultry house should not exceed the amount mentioned above, viz.: $300.

Your obedient servant,

A. F. MacKenzie,
Secretary.

April 18th. 1935.

Dear Sir:-

I conveyed copy of your letter No.111-1-5 of April 10th, re night watchman to Mr. F. Rhodes, Principal of the File Hills Indian Residential School, and have received reply from Mr. Rhodes in which he quotes:-
"In this connection I would advise that it is considered that the services of a night watchman are very necessary the year round, but our finances will not permit of his salary being paid in full from School funds, as you are probably aware we are operating on the lowest per-capita grant paid to any Residential School in the Dominion, further, the reductions which came into force in 1932 and 1933 reduced our earnings by about $2000.00 per annum, also at the present time the cost of Food, Clothing etc, has greatly increased the costs two years ago, this increase has to be met from School funds, therefore taking into account the low per-capita grant, the reductions in grant earnings and increased costs of operation I cannot see how we are possibly able to take care of the full salary of the night watchman for the period May 1st to September 30th.
In view of the foregoing it will be necessary to dispense with the services of the night watchman as at April 30th and re-appoint another watchman to commence duties October 1st, I will be glad if you will take this matter up further with the Department and ascertain if they approve of this decision".

I beg to say this school building is purely frame and I consider a night watchman should be employed the year round for there are a number of lives which cannot be endangered.

Trusting to hear further from you on this matter.

Your obedient servant,

G. A. Dodds,

Sir,-

I beg to acknowledge the receipt of your 36-11 of the 18th instant, with further reference to the night watchman at the File Hills Indian Residential School.

As you were informed in official letter of the 19th ultimo, it has been found that the Department can only allow a grant towards the salary of night watchmen at Indian residential schools for a seven months' period. Our funds will not permit any exception being made in the case of the File Hills School.

If proper care is exercised, it is considered that the danger from fire during the summer months is very small.

I have the honour to be,
Your obedient servant,

A. F. MacKenzie.
Secretary.

July 10th. 1935.

Dear Sir:-

I beg to advise that I am in receipt of a letter from Mr. F. Rhodes, Principal of the File Hills Indian Residential School regarding work to be done at this school as inserted in Estimates.

There is an item of $75.00 for painting and kalsomining the interior of the classrooms for which I beg to ask authority as this work is really necessary.

This would be the best month to have this work done as the children will not be back from their holidays till August 15th,1935.

Trusting this will meet with your approval.

Ottawa, July 18, 1935.

Sir:

I have your letter of the 10th instant, regarding the request of the Principal of the File Hills Residential School, that funds be provided to carry out certain painting and kalsomining in the interior of the classroom.

In this connection I have to say that the Department will approve of an expenditure, not exceeding the sum of $75.00, in having this work done. Please forward itemized accounts, in triplicate, covering the cost of the material and any outside labour that may be necessary. It is expected, however, that the school authorities will perform the greater part of the labour, without cost.

E. R. No. 3511

I enclose an encumbrance certificate, authorizing funds to the above amount. You should state, on each copy of your voucher, that the expenditure is incurred under authority of E. R. No. 3511.

Your obedient servant,

A. F. MacKenzie,
Secretary.

W.

INSPECTOR'S OFFICE,

IN YOUR REPLY REFER TO
No. 306-11A
ALSO TO DATE OF THIS LETTER

REGINA, SASK., 10th December, 1935.

Sir:-

I beg to advise the Department that the 3 K. 32 V. electric lighting plant at the File Hills Residential School has been in operation for twelve years. The plant is too small to supply the energy required at this school and it will only be a question of a short time until it should be replaced.

I have been informed that the lighting plant which was operated at the MacKay Indian Residential School at the Pas is in good condition. If it is not intended to replace that school, I would recommend that the plant in question be transferred to the File Hills School. The plant at present in use at the File Hills School might be utilized for lighting purposes at one of our Indian Agencies. There is still some service left in the plant, but it is not in condition to carry the heavy load required at the Residential School.

Your obedient servant,

W. Murison

W. Murison,
Inspector of Indian Agencies,
Saskatchewan.

Original on.. 128-1-5.

Ottawa, December 17, 1935.

Dear Sir:

The Department has received a request that the electric light plant which was operated at the MacKay Indian Residential School be transferred for use at the File Hills Indian Residential School, Balcarres, Sask.

In July, 1933, Mr. Inspector Hamilton was requested to arrange with you for the packing of the batteries, switch board and small gasoline engine used in operating the plant and to ship same to the Guy Indian Residential School. We are, therefore, not aware what part, if any, of the electric light plant is on hand at The Pas. I would request that you inform the Department, as soon as possible, if any part of this electric light plant is stored at The Pas and its present condition. Would you consider that the equipment on hand would be serviceable for use at the school mentioned above? Any information you can give regarding this equipment will be appreciated.

Yours truly,

A. F. MacKenzie,
Secretary.

S. Lovell, Esq.,
Indian Agent,
The Pas, Man.

Ottawa, December 17, 1935.

Dear Sir:

I have your 306-11A of the 10th instant, regarding the condition of the electric lighting plant at the File Hills Residential School and suggesting that the lighting plant which was operated at the MacKay Indian Residential School, The Pas, be forwarded for use at the File Hills School.

In this connection I would say that the batteries, switch board and small engine, which operated the plant at the MacKay School, were sent to the Guy Indian Residential School in the summer of 1933. The Department is not aware of what further part of the electric light equipment used at the MacKay Residential School remains on hand at The Pas. However, we are writing Mr. Agent Lovell and requesting him to state what part of the plant is on hand and its present condition.

Yours truly,

A. F. MacKenzie,
Secretary.

111-1-5.

Ottawa, December 28, 1935.

Dear Sir:

In further reference to your 306-11A, of the 10th instant, regarding the condition of the electric lighting plant at the File Hills Indian Residential School, and suggesting that the plant which was operated at the MacKay Indian Residential School, The Pas, be forwarded for use at the File Hills School, I have to say that Mr. Agent Lovell, The Pas, states the only part of the electric light plant of the MacKay School on hand is a generator. It is considered, however, that it would not be of any use at the File Hills School, as it is a 125 volt generator, while the plant at the File Hills School is 32 volts. The Department is therefore taking no action to have this generator shipped to the File Hills School.

Yours truly,

A. F. MacKenzie,
Secretary.

EX'D.

File Hills Agency
Balcarres, Sask.
May 21st. 1936.

Dear Sir:-

I have the honor to attach herewith our Vouchers #24 and 25 for Security Lumber Co. $18.45 and to the File Hills Indian Residential School for $15.90 respectively.

Beg to say this expenditure was incurred in repairs to the front steps of the File Hills Indian Resid. School. It was found that the posts supporting the baluster had rotted and broken off. This made the baluster very loose, and I considered these repairs should be done right away as there was a great possibility of some of the pupils being injured should the baluster have broken down altogether.

Trusting this will meet with your approval.

Your obedient servant,
G. A. Dodds
G. A. Dodds,

REGINA, SASK., 28th May, 1936.

DEPT. OF INDIAN AFFAIRS
JUN 1
RECORDS

IN YOUR REPLY REFER TO
No. 306-11A
ALSO TO DATE OF THIS LETTER

Sir:-

I beg to advise the Department that I visited the File Hills Residential School on the 13th instant and made an examination of the buildings. The school building has not been repainted for a number of years and is very badly in need of repainting. If it is left much longer the building will deteriorate.

I found the balconies in urgent need of repairs. I do not consider them in their present condition safe, as dry rot has set in along the sills. I asked Mr. Rhodes to get a carpenter to examine the balconies and prepare an estimate of the cost. I am today in receipt of this estimate which is as follows;- lumber and material $69.35, labour and hardware $65.00, 75 yards of 12 oz. canvas duck $27.00, making a total of $161.35.

I may inform you that these balconies are used as sleeping balconies and the outer walls, in addition to screen net, are enclosed with canvas. This gives a free circulation of air. The canvas is badly torn and should be renewed. I would recommend that, if possible, this expenditure be authorized.

Your obedient servant,

W. Murison

The Secretary,
Dept. of Indian Affairs,
Ottawa, Ont.

W. Murison,
Inspector of Indian Agencies,
Saskatchewan.

be carried out. Could not you or the local Agent arrange for the purchase of the paint and other materials, from firms on the approved list, and have any work, over and above what can be performed by the staff of the school, carried out by day labour? If so, would it be necessary to engage the services of a competent foreman-painter and, also, could any Indian labour be employed?

Regarding the set of 32-volt batteries, I would request that you will state if these are urgently required. If so, full particulars should be given as to the size and type of batteries at present in use, in order that similar equipment can be supplied.

With reference to the mattresses, please state the dimensions - length and width - of the beds and the number of each size.

The Department will approve of the repairs as mentioned in your letter being carried out to the balconies. The Agent or yourself should arrange for the purchase of the lumber, hardware and canvas duck material, from firms on the approved list, and you may engage the services of a carpenter to carry out the work. It is noted that the cost of the repairs to the balconies will not exceed, approximately, the sum of $162. This amount should be taken out of the sum provided for general repairs to buildings. Itemized accounts, in triplicate, properly certified, should be forwarded, covering the cost of the materials and labour. Regarding the labour, the number of days or hours employed and the rate paid should be definitely stated on the accounts.

When the Department has full particulars, as requested, regarding the work mentioned above, you, or if you so request, the local Indian Agent will be advised.

Yours truly,

A. F. MacKenzie,
Secretary.

EX'D.

Ottawa, June 1st, 1936.

Dear Sir:

I have your 306-11A of the 28th ultimo, relative to the painting required to the exterior of the buildings and repairs to the balconies at the File Hills Indian Residential School.

In this connection I have to inform you that the following amounts have been provided in our Appropriation for the current fiscal year, for painting, repairs and equipment at this school - these being amounts included in Mr. Agent Dodds' estimates, submitted through your office last fall:-

1.	Painting outside of main building - window frames - sash - doors - roof - verandah, etc.	$400.
2.	Painting outside buildings - classroom - barn - warehouse - ice house - granaries - implement shed - garage, etc.	500.
3.	Painting exterior of principal's residence	100.
4.	General repairs to buildings, including repairs to verandah and balconies of main building - -	200.
5.	1 set 32 volt batteries for light plant -	250.
6.	50 mattresses for pupils' beds -	250.

Regarding the painting, I would request that you take up this matter with the local Agent and the Principal and inform the Department how you would advise this work

- be carried out.

W. Murison, Esq.,
Inspector of Indian Agencies,
Inspector's Office,

DEPT. OF INDIAN AFFAIRS
JUL 3 1936
RECORDS

DEPARTMENT OF INDIAN AFFAIRS
CANADA

IN YOUR REPLY REFER TO
No. 306-11A
ALSO TO DATE OF THIS LETTER

W.
COMMISSIONER'S OFFICE,
REGINA, SASK., 30th June, 1936.

Sir:-

Referring to Departmental letter No. 111-1-5, dated the 1st instant, advising me regarding the amounts provided in the Appropriation for the current fiscal year for painting, repairs, and equipment at the File Hills Residential School, I beg to advise you that immediately upon receipt of your letter I got in touch with Mr. Dodds, the Indian Agent, and the Principal of the school and later on we had a conference together regarding the work.

1. Regarding the painting of the main and outside buildings we are of the opinion that it would be advisable to employ a competent foreman-painter and have the work done by day labour. We can employ some Indian labour, particularly on the outbuildings and I would be glad if the Department could authorize me at once to proceed with the work along these lines. I may advise you that I received information that the price of paint was going to advance after the 1st of July, so I took it upon myself to obtain competitive prices from firms on the approved list hereand have purchased the paint and had it forwarded on to the school. I trust this will meet with your approval. I obtained a very reasonable price on the paint.

2. With reference to the repairs to the verandah and balconies of the main building, I may say that this work is being proceeded with. We have engaged the services of a local carpenter, Mr. Hastie who has done most of our carpentry work at the File Hills Agency for some years now. He is a very reliable man and we may find it advisable to engage him to supervise the general repair work at the school, including the painting.

3. With reference to the 32 volt batteries for the lighting plant, I may advise you that the plant in use now is a Delco Ironclad 180 Ampere hour battery. This battery is suphating badly. There is no immediate hurry for replacing this battery until about the 1st of November when the load will increase to practically the maximum capacity of the battery. It would not be safe to depend on this battery after that time. During the winter months they have from 65 to 70 ampere hour loads and as the capacity of this battery is only 72 amperes, you will readily understand that the battery would require to be in good shape in order to stand up and the present battery could not be relied upon.

4. With reference to the fifty mattresses for the pupils' beds for which the sum of $250.00 is allowed, I may advise you

- that the size -

The Secretary,

www.collectionscanada.gc.ca

that the size of the mattresses required is 3 ft. x 6 ft. 2½
Mr. Rhodes asks for a standard layer felt mattress with heavy brown duck covering. I have obtained quotations from the Parkhill Bedding Company and Simmons Limited, both of whom are on the approved list here. The Parkhill Bedding quote $5.75 F.O.B. Balcarres and Simmons Limited quote $4.93 each, plus the Sales Tax, which would amount to 38¢, bringing the cost to $5.31 each. If the Department do not have to pay the Sales Tax their price would come within the appropriation, otherwise it will be exceeded by $15.50. I would recommend that the Simmons mattress be purchased.

I would be glad to receive authority to proceed with the work at File Hills as above outlined. It is important that the work should be proceeded with with the least possible delay, as it is desirable that it should be done while the children are absent on their vacation during the month of July.

4Q 38/31

111-1-5.

Ottawa, July 6, 1936.

Dear Sir:

I have your 306-11A of the 30th ultimo, regarding the painting, repairs and equipment for which funds are available at the File Hills Indian Residential School.

Regarding the painting of the main and outside buildings, I have to say that, when we are advised of the name of the foreman-painter to be employed on this work, you will be informed. It is noted that some Indian labour can be utilized and that you obtained competitive prices and have purchased the paint and had it forwarded to the school.

It is noted that the repairs to the verandah and balconies of the main building are being proceeded with, the services of a local carpenter being engaged.

With reference to the 50 mattresses for the pupils, I have to say that it will be satisfactory for you to place the order with Simmons Limited, who quote a price of $5.31 each, including sales tax, which the Department has to pay, the same as in the case of any other purchaser of similar equipment. When the mattresses have been delivered, please obtain an account, in triplicate, covering the cost, which should be attached to proper voucher forms, certified in the usual manner and forwarded for payment. Accounts for labour and any materials for repairs to the verandah and balconies are also to be forwarded, in triplicate, properly certified. The number of days or hours employed and the rate paid and also the names of the persons employed should be definitely stated.

Regarding the supplying of new batteries, it is noted there is no immediate hurry for replacing the batteries until about the first of November. You should instruct the local Indian Agent to forward a request for these batteries when considered timely. Full particulars should be given regarding type, etc., of the batteries required.

Yours truly,

A. F. MacKenzie,
Secretary.

MEMORANDUM:

The Honourable the Superintendent General,-

Funds, to the amount of $1,000.00, are provided in the Appropriation for Indian Education for the current fiscal year, to carry out the following painting at the File Hills Indian Residential School, Balcarres, Sask., (Electoral District of Melville):-

1.	Painting outside, main building, window frames, sash, doors, roof, verandah, etc. - - -	$400.00
2.	Painting outbuildings, classroom building, barn, warehouse, ice house, granaries, implement shed & garage -	500.00
3.	Painting exterior, principal's residence - -	100.00

Inspector Murison, Regina, reports regarding the painting that it would be advisable to employ a competent foreman painter and have the work done by day labour, employing Indians. The paint and other materials required were purchased and delivered at the school.

I would request your authority to incur the expenditure in carrying out the above work and to be advised of the name of the foreman-painter who should be engaged to oversee the work.

J.D.

Deputy Superintendent General.

The Honourable the Superintendent General,-

I desire to refer you to the Deputy Superintendent General's memorandum of the 6th instant. This morning, we received a telegram from Mr. Murison, requesting to be informed regarding the foreman-painter who is to be employed for the work at the File Hills Indian Residential School. Mr. Murison wishes to have the painting started at once, in order that it can be completed before the school re-opens.

D.C.A.

Acting Deputy Superintendent General.

Sir:-

Referring to Departmental telegram of the 28th ultimo, I beg to advise you that Mr. Lane has been engaged as foreman painter in connection with the work at the File Hills Residential School and I have left the matter in the hands of the Indian Agent Mr. Dodds to supervise the work with the co-operation of Mr. Rhodes.

I would be glad if you would send Mr. Dodds an accountable cheque for $600.00 to enable him to pay wages weekly, also a supply of labour pay list forms.

Dear Sir:

At the request of Mr. Inspector Murison, the Department is forwarding to you, under separate cover, an accountable cheque for $600.00, in order to pay wages for painting at the File Hills Indian Residential School.

You are being sent, also, a supply of Labour Return forms. You should prepare weekly paylists, in triplicate, and have them receipted by the labourers. These should be attached to your voucher when accounting for the advance which is being sent.

Yours truly,

T. R. L. MacInnes,

EX'D.

Dear Sir;

Some time ago I contracted with the Maple Leaf Milling Company to supply this School with 175 Sacks of Castle brand flour, I am now in receipt of confirmation of the order from this firm and it is noted that they have forwarded 6 copies of the Invoice to the Department, this is an error as these Invoices should have been forwarded to me, when these are received by the Department I will appreciate it if you will kindly have them directed to me when the necessary disposition will be made.

Thanking you.

Yours very truly,

F. Rhode

DEPT. OF INDIAN AFFAIRS
OCT 29 1936
RECORDS

Dear Sir:-

I beg to advise you that the Delco lighting plant at the File Hills ~~Indian~~ Residential School is out of commission.

When the plant was taken down and examined, it was found that a bolt holding the connecting rod cap had broken thus permitting the connecting rod to lash about freely in the cylinder and the crankcase.

The crankcase, cylinder, connecting rod, piston with piston pin and rings and crankshaft were found to be damaged and will require replacing. Regina is the nearest place to have this work carried out.

These repairs and replacements will cost approximately $250.00.

The school meanwhile are running on an auxilliary lighting system but this plant is not adequate to take care of their requirements.

Should this meet with your approval, I should appreciate your wiring me so that this plant can be put into working operation again with as little delay as possible.

Your obedient servant,

G. A. Dodds,
Indian Agent.

Ottawa, November 3, 1936.

Dear Sir:

Replying to your letter of the 26th ultimo and confirming official night lettergram to you of the 29th ultimo, authorizing the repairs to the lighting plant at the File Hills Indian Residential School, it is noted, when the plant was taken down and examined, that it was found considerable repairs would be required.

Do you consider that there was any neglect in the operation of the plant? Owing to the damage enumerated by you, it is thought there might not have been proper supervision.

It is noted the cost of the repairs and replacements will be approximately $250. As our funds are so limited, it is difficult to provide for these unforeseen expenditures. When the repairs have been completed, you should forward itemized accounts, in triplicate, properly certified, covering the expenditure incurred. Full particulars should be given on the account, regarding the time employed and the rate paid for the labour.

Yours truly,

A. F. MacKenzie,
Secretary.

November 9th.1936.

Dear Sir:-

I have the honor to reply to your letter No. 111-1-5 of the 3rd, instant, regarding the break down of the File Hills Indian Residential School lighting plant.

I would not say there was neglect in the operation of this plant, as the bolt that broke and caused all the damage, was inside the machine, on the connecting rod, and there was ample oil in the machine.

I am enclosing herewith our Voucher No.142 in favor of the Electric Equipment Co.Ld. amounting to $149.25 for these repairs, which is over $100.00 less than what was first estimated.

Trusting this will meet with your approval.

Your obedient servant,

George A Dodds

EX'D.

Ottawa, November 23, 1936.

Dear Sir:

The Department is in receipt of your voucher No. 142 in favour of the Electric Equipment Company, Regina, Sask.

In checking their account it was found that the firm had made a mistake in addition and that, as a result, the total of the first twelve items mentioned is $161.65. The Department, therefore, computed the amount due the Company as follows:

	$161.65
Less 25% ...	40.41
	$121.24
Machine crank pin & rebabbit rod ...	6.50
	$127.74
One Valve Guide and Seat ...	4.75
	$132.49
Labour Assembling plant & instal ...	16.20
Total ...	$148.69.

Yours truly,

T. R. L. MacInnes,
Acting Secretary.

If this were authorized in the manner explained, possibly the School would take care of the noon-day meals.

Trusting I have made this quite clear, and that I shall be hearing from you in this connection in the near future, as it is getting quite frosty, and if the digging of this trench were authorized, the longer we leave it the harder it will be to dig, also the greater the cost.

Your obedient servant,

G. A. Dodds,
Indian Agent.

OFFICE OF
INDIAN AGENT

223-11

File Hills Agency,
Balcarres, Sask.
October 7th. 1937.

Dear Sir:- Re piping water from school to barn
File Hills Indian Residential School.

I have the honor to reply to your letter 306-11 A.U. of the 30th, ultimo, with regard to the above.

Beg to state I have also received a letter from the Principal, Mr.F. Rhodes, referring to the above.

Mr. Rhode's letter states that the distance from the school to the barn is 280 feet, that a trench would have to be dug 2 ft.wide and 8 ft.deep, that 1¼" piping would cost $55.14 F.O.B.Regina, and he estimated the labour at $70.00 to $75.00.

In the past the school have winter watered their stock from a slough in front of the school, but this is now absolutely dry, as is other sloughs in the near vacinity. Mr. Rhodes is quite certain that their deep well would give them a sufficient supply of water if it were piped to the barn, and they have the machinery to take care of this. Other than this they would have to fill their water tank at the school haul it to the barn, with the danger that it might freeze and ruin the tank.

The Department have authorized me to purchase 200 sacks of flour, 70 of this is for the warehouse ration use, and 25 is for our winter firewood purchase, leaving 105 sacks for relief. It was my idea that if relief in flour was issued to have the Indian bring wood, which later could be sold and a refund make to the Department.

I do not think the 280' trench can be dug for $75.00 my Estimate would be nearer $140.00, however possibly we could put a value of $3.50 on the flour and pay the Indians at a rate of $1.75 a day for digging, which would mean two days work per Indian for one sack of flour. If this work were started on this scheme, as some of the Indians would come from quite a distance, we would pretty nearly have to give them something for a noon-day meal, possibly some bacon and tea and I am doubtful if we have enough in our warehouse for this.

RECORDS

IN YOUR REPLY REFER TO
No. 306-11 AU
ALSO TO DATE OF THIS LETTER

COMMISSIONER'S OFFICE.
REGINA, SASK., Oct. 8th, 1937.

Dear Sir;-

I beg to submit attached letter from Mr. Dodds, Agent File Hills.

In explanation I might say that Mr. Rhodes discussed this matter with me some time ago and I wrote Mr. Dodds for a report suggesting that if relief had to be given it might be undertaken as a relief measure.

I have circulated all our agents asking that they require all able bodied Indians to whom rations or clothing are issued to require that they either supply wood or do other work, which would be of value to the Department in return, as I am convinced we must impress upon them that they must work for what they receive.

This work would cost $55.14 and freight for piping and Mr. Rhodes estimates $75 for digging trench. The digging could be taken care of by flour and clothing.

If the funds are available I would suggest the piping and $75 for trench be authorized with the understanding that if it cost more Mr. Rhodes would finance it, also any meals required for the Indians.

In considering this the question of what effect this additional drain will have upon the present well must be considered. There is sufficient water for both purposes at present and no doubt should they have to haul the water they will get it from the well. Should the well not furnish enough they will look for another source for the stock. Would they do this should the connections be made or would they demand that the Department go to the expense of deepening the present well or boring a new one in order that the supply would be sufficient without hauling it, I am afraid of this.

Yours truly,

Thos. Robertson,
Inspector of Indian Agencies
Saskatchewan.

EX'D.

O t t a w a,
October 12, 1937.

Dear Sir:-

I am in receipt of your letter of the 7th instant addressed to Inspector Robertson with reference to piping water from the File Hills Residential School to the barn conducted in connection with that institution.

It is noted that it is your intention to have the work done by Indians in return for relief.

This Department is prepared to pay an amount not exceeding $55.00 for the piping and $75.00 for the labour. Any expenditure over and above these amounts will have to be paid by the school management.

Yours truly,

R.A. Hoey,
Supt. of Welfare & Training.

G.A. Dodds, Esq.,
Indian Agent,

EX'D.

Ottawa,
August 3, 1923.

Dear Sir:

With reference to your letter of the 26th ultimo it was only found possible to provide $350.00 in our current year's appropriation for repairs, improvements and new equipment at the File Hills Indian Residential School. You might consult the Principal and advise me in what manner you consider this amount should be expended. In the event of any material being required which would cost over $50.00 full particulars should be forwarded in order that the purchase may be made through our Purchasing Branch.

Yours truly,

Philip Phelan,
Chief, Training Division.

PLEASE QUOTE
FILE 158-11

File Hills Agency,
Balcarres, Sask.
August 11th. 1938.

Dear Sir:-

I have the honor to reply to letter No.111-1-5 of the 3rd, instant re appropriation of $350.00 allowed the File Hills Indian Residential School for repairs and improvements.

Beg to advise I have talked the matter over with Mr. F. Rhodes the Principal, and report that the roof on the old part of the main building and the roof on the classroom badly require re-shingling and the classrooms painted.

I have made out a requisition for the materials required to carry out this work and an estimate on the labour needed to do this workm this Requisition being attached herewith, in triplicate.

All materials listed could be purchased locally from firms on the approved list, also labour could be had locally.

As the children will be back in school September 1st, I would request that immediate consideration be given this requisition so that work can be started right away.

Trusting this will meet with your approval.

Your obedient servant,

George Dodds

Mrs. C. Maxwell Loveys,
Home Mission Executive Secretary,
Woman's Missionary Society,
United Church of Canada,
Toronto, Ont.

Dear Mrs. Loveys:

I am enclosing herewith a copy of the estimates for this School for 1939-40, which have been submitted to the Indian Affairs Branch at Ottawa.

It will be appreciated very much if representations could be made to the Department when the Estimates are under consideration in the House next year, so that we may have some idea of what appropriation has been made. I have experienced considerable difficulty this year in ascertaining the amount appropriated for repairs, etc., with the result that much of the work will have to be done this Fall. This is very inconvenient with all the students in residence.

With all good wishes,

Yours sincerely,

(Sgd.) F. Rhodes,

Principal.

My dear Mr. Hoey: Re: File Hills Indian Residential School

I beg to enclose copy of a letter to Mrs. Loveys, Home Mission Executive Secretary of the Woman's Missionary Society, from Mr. F. Rhodes, the Principal of the File Hills Indian Residential School, together with a statement of the Estimates for his School for 1939-40.

You will observe that Mr. Rhodes makes the same complaint as Mr. Scott, of the Coqualeetza School, did, in regard to the difficulty he had last year in ascertaining the amount appropriated for repairs. It seems to us a very reasonable request that the amount should be appropriated early enough each year to have repairs made during the summer vacation period.

Thanking you and your staff for your courtesy and attention to Dr. Dorey and myself during our visit to the office last week,

Believe me,

Very sincerely yours,

RBC.MLT

EX'D.

Dear Doctor Cochrane:

I have your letter of the 17th instant enclosing copies of letters received from the Principal of the File Hills Residential School with reference to the amount required for repairs and improvements at that school next year.

In preparing our estimates for the coming fiscal year we have included an item of $500.00 for repairs and improvements at the File Hills School. It is likely that this amount will be allowed.

If the Principal writes to the Department through the office of the local Indian Agent about the middle of March, 1939, we will then advise him the amount available and give him the necessary authority to proceed immediately.

Yours truly,

R. A. Hoey,
Supt. of Welfare & Training.

306-11A

Ottawa, March 15, 1939.

Dear Sir:

With reference to your letter of the 9th instant, provision was made in the appropriation for the fiscal year 1939-40 for an amount of $300.00 to replace the batteries at the File Hills School and also an amount of $500.00 for painting and repairs. This makes a total of $800.00 for new equipment, repairs and improvements at the File Hills School. It is not necessary to expend the money in the exact manner in which it was mentioned in the estimates.

Please let me know for what purposes the Principal considers the amount available should be expended, and if requesting any material or equipment full particulars should be supplied in order that purchase may be made through our Purchasing Branch.

Yours truly,

R. A. Hoey,
Supt. of Welfare & Training.

MAR 24 1939
RECORDS

Dear Sir:

I have discussed the matter of manual and vocational training with Mr. Dodds, Agent, File Hills, and Mr. Rhodes, Principal of the File Hills Indian Residential School.

After discussing the matter, they advise that they would require, for the purpose of carrying on this work, a building 18 x 32, 12ft. wall, with cement foundation and floor, and they estimate that it would cost about $650.00 for lumber, hardware, painting and labour, to erect the building. The building would be divided into two shops, one for carpentry, the other for implement repairs and paint shop, with a loft above for storage of working and finished materials. Some plain ordinary tools would be required, such as what the Indian would use on the Reserve--hammers, rules, pliers, screwdrivers, etc., and while the school have about two complete sets of such tools on hand, Mr. Rhodes stated about another two sets would be required, costing around $50.00 for the two sets.

Their idea would be to train the boys in carpentry, painting, implement repairs, gas engines, electrical engineering, and animal husbandry. No extra staff would be required.

Mr. Dodds goes on to say that he presumes, if this work was started, the Department would supply a certain amount of working material which would be required, such as lumber, paint, paint brushes, hardware, etc., and that once the work was in actual operation, material could mostly be supplied from the sale of the completed work, consisting of tables, benches, stools, chairs, cupboards, etc., which could easily be sold on the Reserve at cost or a little above it.

Submitted for your consideration.

Thos. Robertson,

Inspector of Indian Agencies,
Saskatchewan.

The Secretary,
Dep't of Mines & Resources,

Ottawa,
March 27, 1939.

Dear Sir:

I am in receipt of your letter of the 20th instant with reference to the erection of a vocational training building at the File Hills residential school.

In this connection I would refer you to my letter of the 15th instant in which you were advised of the amount provided in our appropriation for the fiscal year 1939-40 for the purchase of equipment and repairs and improvements at the File Hills school.

The Department has no objection to using the money provided in next year's appropriation for the erection of a vocational training building at the File Hills school but in that event the repairs and painting would probably have to be left over until the next year.

In the event of the Principal deciding to proceed with the vocational training building which the Department would like to see in operation at the File Hills school you should let me have detailed information regarding the material required in order that purchase may be made by our Purchasing Branch.

Yours truly,

R. A. Hoey,
Supt. of Welfare & Training.

111-1-5

Ottawa,
April 6, 1939.

Dear Sir:

I am in receipt of your letter of the 31st ultimo enclosing requisition for supplies for the File Hills Indian residential school. You may authorize the Indian Agent to purchase the following material locally at an estimated cost not exceeding $20.00:

10 Sks. cement
3 Pcs. 1 x 12 x 16
2 " 2 x 12 x 12

The total estimated cost of the labour is shown on the requisition to be $215.00. Please let me know if it is your intention to employ Indians to do this work or will white labour be required? In that event you should let me know the tradesmen that will be necessary and if you have any person in mind for the work you should let me know their name and address. As soon as this information is received the matter will have our immediate consideration and you will then be advised regarding who is to be employed.

Yours truly,

Dr. Thos. Robertson,
Inspector of Indian Agencies,
Regina, Sask.

RECORDS

Dear Sir:

Ref: Your 111-1-5 of March 27th,
Vocational Training Building,
File Hills School.

- - - -

I am now in receipt of a letter from Mr. Dodds, Agent at File Hills, with regard to using this year's appropriation for the erection of a vocational training building. Mr. Dodds has discussed this matter with Mr. Rhodes, the Principal, who states that he wants the repairing and painting work done this year; but he states that if an additional $400.00 can be allowed, he would agree to have all the repairs and painting done and a vocational training building erected and operated for the next year at no further cost to the Department.

If funds can be made available, I would strongly recommend that this be granted.

+ 494 50 -

Yours truly,

Thos. Robertson

111-1-5

Ottawa,
April 19, 1939.

Dear Sir:

I am in receipt of your letter of the 14th instant in connection with the erection of a vocational training building at the File Hills Indian residential school.

The cost of the material and labour to do the work recommended in your letter of March 31 amounts to $494.50. Only $500.00 was provided for repairs and improvements at this school and this amount is practically exhausted. In addition, of course, we are purchasing the batteries at an approximate cost of $300.00.

However, in view of your recommendation it has been decided to take $400.00 from a small unallotted item in our appropriation. It should be distinctly understood, however, that no further amount can be allowed for repairs, improvements or purchase of new equipment at the File Hills residential school during the current fiscal year.

Please let me have detailed information regarding the manner in which the $400.00 is to be expended. If any material is required the necessary information should be supplied in order that purchase may be made by our Purchasing Branch.

Yours truly,

Dr. Thos. Robertson,
Inspector of Indian Agencies,
Regina, Sask.

R. A. Hoey,
Supt. of Welfare & Training.

RECORDS

Dear Sir:

Ref: Your 111-1-5 of April 19th,
Vocational Training Building,
File Hills School.

- - - - -

I beg to attach requisition covering the material required for the erection of the above referred to building. It is proposed to erect a building 18' x 32' with a 12' wall. The quotation for this material was obtained from the Security Lumber Company Limited, Balcarres.

It will be noted that the requisition for material amounts to $464.50, but Mr. Rhodes has agreed that if the Department will pay $400.00 of this bill, he will contribute the balance of $64.50, purchase the necessary hardware, and pay for the labour and the operating costs until the end of the present fiscal year--that is, a grant of $400.00 will be all that will be asked for for the erection of the building and operating it this year.

Yours truly,

Thos. Robertson,
Inspector of Indian Agencies,
Saskatchewan.

The Secretary,
Dep't of Mines & Resources,
Indian Affairs Branch,

EXT

Dear Sir:

I desire to acknowledge the receipt of your letters of the 27th and 28th ultimo with reference to the erection of a vocational building at the File Hills residential school.

The Purchasing Agent has been requested to secure the material shown on the requisition attached to your letter. This will be paid by the Department.

It is noted that the school management is prepared to pay the cost of all labour. Under these circumstances it will not be necessary for this Branch to take any further action regarding the labour.

Yours truly,

R. A. Hoey,
Supt. of Welfare & Training.

Dear Sir:

Mr. Dodds, Indian Agent, File Hills, today called me by phone stating that he had requisitioned for Iron Clad batteries for the File Hills School, and that regular batteries had been ordered.

The Principal of the school objects to these batteries, as he states they will not stand up, that they have tried them out before, and insists that the Iron Clad are the only ones that will give satisfaction. He is refusing delivery until further instructions.

Kindly advise.

Yours truly,

Memorandum:

MR. BAILEY

Re: Order No. 14195

Our requisition of April 6, 1939, requested one set 16 cell Ironclad batteries, 32 volt. You ordered a set of Globelite batteries. In connection with these Inspector Robertson writes that the Principal of the File Hills school is not prepared to accept them. For your information I enclose Inspector Robertson's letter and I should appreciate it if you would let me know what answer you consider should be made.

Ref: Your #111-1-5 of April 6th, File Hills School, -- Repairs, etc.

- - - - - - -

Under our File #306-11A of April 27th, I advised you that the labour required for the above is mostly interior decorating, requiring skilled tradesmen, and that the Principal, Mr. Rhodes, suggests Mr. S. Lane of Abernethy for the paint work and Mr. R. Hastie of Balcarres for the cement work.

I am in receipt of a letter from Mr. Dodds, the Agent, in which he states that the cement, lumber, paint and kalsomine have been received by the school, but to date no authority has been received as to labour. He states that some of this work can now be done and asks that he be sent instructions as to who should be employwed.

Yours truly,

John Ranchman

for Thos. Robertson,
Inspector of Indian Agencies,
Saskatchewan.

Re: Repairs and alterations -
File Hills Residential School

Dear Sir:

I have for acknowledgment your letter of the first instant, in which you submit, for departmental approval, the names of Mr. S. Lane of Abernethy and Mr. R. Hastie of Balcarres, as men capable of undertaking the repairs at the above noted school.

May I refer to our letter to you, dated May 4, 1939, which read in part as follows:

> "It is noted that the school management is prepared to pay the cost of all labour. Under these circumstances it will not be necessary for this Branch to take any further action regarding the labour".

If the costs are borne by the school management, the Principal is authorized to employ the men whose names have been submitted or any other men who may be capable of undertaking the work.

Yours truly,

R. A. Hoey,
Supt. of Welfare & Training.

Dr. Thos. Robertson,
Inspector of Indian Agencies,
Regina, Sask.

OTTAWA May 31, 1939.

Memorandum

Mr. Hoey

With reference to Mr. Phelan's memorandum of the 26th instant, File 111-1-5, in connection with Purchase Order #14195 calling for one set of 16 cells, 13 plate, 32 volt Globelite batteries for the File Hills Residential School, Balcarres, Sask., I may say that in accordance with Departmental policy, electrical firms on the approved list were given an opportunity of quoting on Ironclad and other standard types of batteries, and the order was placed with the lowest tenderer.

I might add that your requisition did not indicate the capacity of the battery in ampere hours, or the number of plates. The battery ordered has a rating of 168 A.H. intermittent. If this is not sufficient, I would be pleased to have Dr. Robertson's definite advice as to the A.H.Rating and number of plates in the battery required. Otherwise, since a seven year guarantee is furnished with the Globelite battery ordered, I would suggest that there is nothing to be lost by accepting this battery and giving it a fair trial.

W.M.Bailey
Departmental Purchasing Agent.

Re: Batteries for File Hills Residential School

Dear Sir:

May I refer to your letter of May 16 relating to the above-noted subject.

I am enclosing herewith copy of a memorandum received by this Branch from the Purchasing Agent. The subject matter of this memorandum, you will note, is self-explanatory. In view of the guarantee to which the Purchasing Agent refers it might be well for the school to accept the batteries and give them a fair trial.

Yours truly,

R. A. Hoey,
Supt. of Welfare & Training.

JUN 13 1939
RECORDS

Regina, June 10, 1939.

Dear Sir:

Ref: Your #111-1-5 of June 5th, Repairs and Alterations, File Hills Residential School.

- - - - - -

There is apparently a misunderstanding with regard to the payment of the labour.

In your letter #111-1-5 of April 19th, you advised that there was only $500.00 provided for repairs and improvements at this school, but that in view of my recommendations, it had been decided to take $400.00 from a small unallotted item for the building of the vocational training building, making a total of $900.00.

Our understanding of this was that the Department would pay the cost of the material and labour for the repairs and re-decorating of the school to an amount not in excess of $500.00, and that an additional amount of $400.00 would be granted for the construction of the vocational building, the school to pay all other costs and labour necessary for the erection of that building.

Under my #306-11A of April 28th I forwarded a requisition covering the material required for the erection of the vocational building, amounting to $464.50, and advised that if the Department would pay $400.00 of this bill, the school would pay the balance of $64.50, purchase the necessary hardware, and pay for the labour and operating costs until the end of the present fiscal year.

It was not my understanding, nor the understanding of the school authorities, that they would pay the labour costs of the re-pairs and improvements, and I am very sorry if anything in my letter gave you a different understanding.

Yours truly,

John Ruchman

Memorandum:

DEPUTY MINISTER

Re: File Hills Indian Residential School, File Hills Indian Agency, Sask., Electoral District of Melville

Interior repairs and decorating are required at the above school. Material has already been secured through the Purchasing Branch.

Dr. Thos. Robertson, Inspector of Indian Agencies for Saskatchewan, recommends the employment of Mr. S. Lane of Abernethy for the paint work and Mr. R. Hastie of Balcarres for the cement work. I should appreciate having your approval for the employment of the above-mentioned men.

PLEASE QUOTE
FILE 98-S 1.

File Hills Agency,
Balcarres, Sask.
June 14th. 1939.

Dear Sir:-

I have the honor to reply to letter No.306-11A of the 12th,instant, regarding the batteries for the lighting plant of the File Hills Indian Residential School.

Having talked the matter over with Mr. Rhodes, I beg to advise that the plant at this school is a Delco 3 K.W. with a 72 ampre capacity(charging rate). The maximum load on this plant in winter time is 65 ampre. From past experience a light battery only lasts one year at this school whereas the Ironclad (heavy duty) batteries last from 2 to 2½ years. For the past six years Ironclad batteries have been supplied this school, and before that two sets of a lighter battery were hooked-up together but this was found too costly. The school lighting plant operates 7 to 8 hours in the winter time and 4 hours in the summer daily. In Mr. Rhodes opinion if the Globelite people were to see his plant the guarantee would be voided immediately.

A 15 plate battery is required, and I enclose herewith sheet from the Globelite Batteries Limited and have marked in blue pencil the battery to give service to this school.

Trusting this will meet with your approval.

Your obedient servant,
George A Dodds
G. A. Dodds,
Indian Agent.

Department of Mines and Resources
Indian Affairs Branch
JUN 19 1939
RECORDS

Dear Sir:

Ref: Your #111-1-5 of June 8, Batteries, File Hills Indian Residential School.

- - - - -

I have taken this matter up with Mr. Dodds and Mr. Rhodes, and am attaching copy of the letter received from Mr. Dodds. You will note that it is Mr. Rhodes' opinion that if the Globelite people were to see his plant, the guarantee would be void.

On Wednesday of this week, Mr. Lazorka, of the Engineering Department, Prince Albert National Park, called at my office on his way to the Qu'-Appelle Agency, having received instructions from his Department to visit that Agency and report on the electric light plant there. I took advantage of Mr. Lazorka's visit to take him to File Hills and get his advice. Mr. Lazorka is apparently of the same opinion as Mr. Rhodes--that the load is too heavy for the batteries supplied, and under those conditions the seven-year guarantee would be practically valueless.

Mr. Dodds attached to his letter a Globelite pamphlet showing the different types of batteries. The type considered by him and Mr. Rhodes to be the most suitable for the school is marked in blue pencil. I have shown this to Mr. Lazorka and he confirms Mr. Dodds' advice.

With regard to the guarantee given by this company, I might point out that this guarantee is given with the understanding that the batteries are the proper size and capacity for the duty they are required to perform. In view of all the information I have been able to secure, I am satisfied that the batteries supplied do not meet those requirements and that the guarantee would be practically valueless. In view of this, and of the fact that we are building a workshop at this school, where additional light will be required, I would recommend that the batteries asked for, as marked on the attached pamphlet, be supplied.

Yours truly,

Thos. Robertson,
Inspector of Indian Agencies,
Saskatchewan.

Minister's Office

MEMORANDUM

30th June, 1939

Department of Mines & Resources
Indian Affairs Branch
JUL 3 1939
REGISTERED

The Deputy Minister.

On the 8th of June I endorsed on Dr. McGill's memorandum of the 25th May that Mr. S. Lane of Abernethy might be engaged in connection with painting required at the File Hills Agency. Apparently some painting is needed in the school and the Principal is anxious to have it put under way as quickly as possible when the holidays begin. It is possible that the Agent has already received his instructions because he has been in touch with Mr. Lane although he has not issued any instructions to him. Mr. Lane is anxious to look after all of the work at the one time.

Would you kindly ask the Director of Indian Affairs to look into the matter with a view to expediting action.

W.J.F. Pratt,
Private Secretary.

Dr. McGill -

For action as indicated.

Ottawa, July 5, 1939.

Dear Sir:

In official letter of June 10 you were authorized to engage Mr. S. Lane, of Abernethy, Sask., for the painting of the Clerk's Agent's and Interpreter's houses, File Hills agency.

In official letter dated June 23, Inspector Robertson was informed that Mr. S. Lane could be employed also for the painting required at the File Hills Residential School.

The Department understands that Mr. Lane is anxious to do all the work at File Hills at the same time, and you should therefore arrange to have the painting commenced immediately.

Yours truly,

R. A. Hoey,
Supt. of Welfare & Training.

Ottawa, September 24, 1940.

EX'D.

Dear Sir:

In your estimates for the fiscal year 1941-42 you requested material for vocational training classes at the File Hills School, at a cost of $139.90. Funds for the purchase of these materials are available in the current year's appropriation. Consequently, the Purchasing Branch is being requested to secure them.

There is also available in our appropriation this year an amount of approximately $350.00 which can be used for necessary repairs or interior painting. Please let me know if you consider it necessary to expend the amount mentioned above, and if so, detailed information should be supplied, as any materials required will have to be secured through the Purchasing Branch.

Yours truly,

Philip Phelan,
Chief, Training Division.

Mr. E. S. Jones,
Acting Indian Agent,
Balcarres, Sask.

Memorandum

Mr. R.A.Hoey

Please find herewith c opies of Purchase Order No. 3982 for material for Vocational Training Classes at the File Hills Indian Residential School. As indicated in telephone conversation of even date, the prices for the ½" and ¾" Veneer at $200.00 per M. surface measure, seems prohibitively high. We have therefore not included these two items in the order in accordance with your request.

If the Acting Indian Agent can obtain these two items or a suitable substitute at the price indicated on his requisition, namely $16.80 for the two items, I would suggest that he be authorized to arrange for local purchase of the same.

Ottawa,
October 18, 1940.

Dear Sir:

I desire to refer to your requisition of August 30 and official reply of September 24 regarding material for the vocational training class at the File Hills School. This requisition included 4 sheets of ¼" veneer and 3 sheets of ⅜" veneer. It is understood that you can purchase these two items locally at a cost of $16.80. You may, therefore, arrange for local purchase. The other articles on the requisition have been ordered from the Reliance Lumber Company, Melville, Sask. A copy of the purchase order No. 3982 has been forwarded to the Principal, Mr. F. Rhodes.

Yours truly,

R.A. Hoey,
Supt. of Welfare & Training.

Octr. 26th. 1940.

Dear Sir:-

I have the honor to reply to letter 111-1-5 of Sept. 24th,1940, regarding available appropriation of $350.00 for repairs or painting at the File Hills Indian Residential School, Balcarres, Sask.

Am sorry at the delay in this matter, but the school water supply well gave out owing to a breakage in the casing and we did not know if the monies granted would have to be used in obtaining another water supply or not. However I am pleased to say the necessary repairs have been made and the supply of water seems to be holding.

I am enclosing herewith, two requisitions, one for mattresses and the other for work in the kitchen. As will be seen the total amount comes to more than the $350.00 granted but the overage will be taken care of by the school.

Trusting this will meet with your approval.

Yours truly,

E. S. Jones

Your file 36144-15-38

Dear Sir: Nov. 29, 1940.

Your letter of the 26th, addressed to our Regina Office, has been forwarded to us for attention.

As requested, we are confirming our quotation of $5.31 each, f.o.b. Balcarres, Sask., for 50 Mattresses required for the File Hills Indian School, at Balcarres, Sask., but, we would point out that our quotation was on a mattress 36" wide by 6' long, and not 3'6" by 6' as stated in your letter. This price includes Government Sales Tax.

Also, in accordance with your request, we are enclosing a sample of the Brown Duck covering to be used on these Mattresses and are giving you below the specifications of the Mattress quoted on:

Size	-	3'0 x 6' 0"
Border	-	4-1/2" Box
Filling	-	Garnetted Colored Felt,
Finish	-	Diamond Pattern Tufting, with White Cotton Tufts, Machine Roll edge.
Weight	-	Approximately 35 lbs., Gross.

Delivery Date - Immediate

Dear Sir;

Re: Purchasing Order No 4848.

Reference the above Order covering purchase of 50 Institutional Matresses from the Simmons Bedding Limited, I would advise that it is noted that this order calls for Mattresses 3'6" x 6'0", these would be too large for the Beds at this School, I got in touch with the representative of Simmons Limited at Regina and have corrected this order to read 3'0" x 6'0".

I trust this action meets with the approval of the Department and the Purchasing Agent.

Yours very truly,

F. Rhodes

COPY OF REPORT ON DEEP WELL AT THE FILE HILLS INDIAN RESID. SCHOOL. BALCARRES. SASK.

Depth of Well when drilled.	325 feet.	1929.
Height of water from base of Well.	240 feet.	
Size of Casing	5 inch.	

Size of Pump used up to Sept.1940. 2 inch Pipe with 1 - 13/16th. Cylinder, Wood rod. Length of Pump 140 feet.

In September 1940 the Pump pipe stripped at the first joint from the top permitting about 120 feet of Pipe to fall to the bottom of the well, a distance of approximately 180 feet and it is considered that the pipe falling this extreme distance has penetrated the mud and sand at the bottom of the well to a considerable distance probably splitting or buckling the pipe. I engaged the services of Mr. J. McCashin of Lipton to assist us in pulling the pipe out of the well, Mr.McCashin is an experienced well-driller, a taper tap was procured and the necessary pipe to connect with the pipe in the well. Several times they were able to get a good hold of the pipe but when pressure was applied in pulling the pipe the taper-tap would slip off. Pressure was applied by means of a clamp and two screw jacks. By this means they were enabled to exert an even pressure of considerable force, in spite of this we were forced to abandon the attempt tp pull the pipe.

A smaller pump of 1 inch diameter with a 1 - 13/16th. cylinder was then installed being put down to a depth of 200 feet. This was satisfactory for a short time when it was found necessary to increase the depth of the pump to 260 feet. This was necessary due to the fact that the old pump pipe had shut off part of the stream in the bottom of the well and the well would not give us sufficient quantity of water for our requirements. At this depth the well gave us just sufficient supply for the needs of the School (N.B. we have not been able to supply the stock since last Fall).

On February 27th, of this year it was noted that a high wind was prevailing and the water in the well became badly discoloured having a reddish colour. On February 28th, the amount of supply dwindled to such an extent that it was found necessary to pull the pump. On examination of the Cylinder it was found that the leathers had become badly worn. New leathers were installed and the pump replaced in the well. After operating for about 8 hours it was noted that the pump was not delivering water, and the pump was pulled again the following day when it was noted that the pipe from the cylinder for a distance of approximately 24 feet had become filled with sand. It was then decided to take off about 40 feet of pipe and re-install the pump. This was done on March 4th, to-date the pump has been operating satisfactorily, giving us a sufficient supply to take care of the requirements of the School (other than the stock tanks) however, with the amount of sand which has come into the well it is not possible to state that the supply of water will be available for any indefinite period. If it were possible to remove the old pump pipe from the well and the well thoroughly cleaned out I am of the opinion that the supply would beadequate - for our requirements.

One feature is noted, before the water became discoloured on February 27th, the water obtained from the well would be quite clear for a few hours, but would then become discoloured, having a red colour and would stain any utensil in which it was placed. Since the above date the water has been quite clear and does not discolour so readily on coming in contact with the air.

I am of the opinion that a new stream or vein has broken through. This would account for the excessive quantity of sand in the bottom of the well and the resultant stoppage of the pump when it was installed on March 3rd.

March 13th. 1941.

Dear Sir:-

I am enclosing herewith a report on the Deep well at this School.

In view of the facts contained in this report it will be necessary to attempt to remove the old Pump pipe in order to restore the well to its former efficiency. If this is found to be impossible it will be necessary to drill a new well as the well at the present time is not supplying a sufficient quantity of water to give us a reserve against emergencies.

I will appreciate it therefore if you will be good enough to take this matter up with the Department with a view to obtaining special appropriations for the following, the work will have to be done during the Summer holidays, viz; July & August, as we are not in a position to hold up the pumping of water while the School is full of students.

(a) A sum of $250.00 for labour and equipment to pull the old pipe and clean out the existing well.

(b) A sum of $1000.00 in the event it is found necessary to drill a new well.

Yours very truly,

Signed by.... F. Rhodes.

Department of Mines & Resources
Indian Affairs Branch
MAR 29 1941
REGISTERED

Regina, Saskatchewan,
March 25th, 1941.

Dear Sir:

I wish to bring to your attention that for some time the File Hills Indian Residential School, Balcarres, have been having some difficulty with the deep well from which the School obtains its water supply.

I now have a report on this well, which speaks for itself, and you will note that Mr. Rhodes, the Principal, states that it will require either $250.00 to clean out the well and pull the old pipe, or if that cannot be done, $1000.00 to put down a new well. Mr. Rhodes also states in his letter that July or August would be the proper time to have this work done.

I would suggest that this be handed over to the Surveys and Engineering Branch with the request that some engineer who has had experience with matters of this kind be sent over to the School, as it is going to be a difficult proposition to pull the pipe, and I am sure will require a very strong derrick and equipment.

Yours truly,

M. Christianson,
General Superintendent of Indian Agencies.

Dear Sir:

I am in receipt of your letter of the 25th ultimo with reference to the well at the File Hills Indian Residential School.

In our appropriation for the fiscal year 1941-42 provision has been made for an amount of $450.00 for repairs and improvements at this school. You may, therefore, authorize the Principal of the File Hills School to incur an expenditure not exceeding $250.00 in cleaning out the well and pulling out the old pipe. To be successful in doing this I believe that the Principal should give consideration to placing a screen on the pipe before it is put into the well.

Yours truly,

R.A. Hoey,
Supt. of Welfare & Training.

Dear Sir:

I wish to acknowledge receipt of your letter No. 111-1-5 of the 1st instant in connection with the well at the File Hills Indian Residential School, and note that $250.00 has been authorized to clean out the well and pull out the old pipe.

In this connection I wish to point out that the pipe in question was dropped into the well, as you were advised in my previous communication, last Fall, and the well driller there worked for several days trying to pull the pipe but was unable to do so. I am just afraid that if this authority is given to the Principal, the pipe will never be pulled and it will be a case of drilling a new well. What we need is someone who has had a lot of experience in connection with matters of this kind and the Surveys and Engineering Branch have some men whose services we have found to be very satisfactory. Therefore, would it not be better to have one of their men go into the matter?

However, if you think this is not necessary, I shall make the best possible local arrangements, but shall await your reply.

Yours truly,

M. Christianson,
General Superintendent of Indian Agencies.

Memorandum:

DIRECTOR,
SURVEYS & ENGINEERING BRANCH.

I am sending forward herewith copy of a report on the well at the File Hills Indian Residential School and also copy of a letter dated March 25, 1941, received by this Branch from Mr. M. Christianson, General Superintendent of Indian Agencies, Regina, Sask.

It would be appreciated if you could have an experienced engineer visit the File Hills School and report on the best ways and means of removing the pipe from this well. I should add that the amount of money at our disposal for repairs, improvements and general upkeep at this school during the present fiscal year is $450.00 and that it is our hope that the cost of removing the pipe from this well and re-installing the pump will not exceed $250.

Encl.

H. Lowes.

EXT.D.

Dear Sir:

I have for acknowledgment your letter of the 7th instant, in which you suggest that a representative of the Surveys and Engineering Branch be instructed to visit the well at the File Hills Residential School and report on the best ways and means of removing the pipe.

We are today communicating with the Surveys and Engineering Branch and asking them to undertake this inspection at the earliest possible date.

Yours truly,

T. R. L. MacInnes,
Secretary.

June 20, 1941.

DIRECTOR
JUN 21 1941
SURVEYS & ENGINEERING

Memorandum:

Mr. Wardle

Re: Water Supply, File Hills Indian Residential School

In further reference to your notation on Dr. McGill's memorandum of April 16th last, Mr. Gow has reported under date of the 16th instant that he visited the school on the 3rd idem and found conditions as described by Principal Rhodes. He failed to locate Mr. Clark of Wolseley, mentioned in previous correspondence, but through General Superintendent Christiansen, was referred to Mr. D. E. Marshall, of the Canadian Well Supply Company, of Regina, who is confident that with his equipment the pump pipe can be recovered.

Mr. Gow recommends that a further effort be made to pull the pipe and if that fails, a new well be drilled in the proximity to the old well at an estimated cost of $1,000.00 for drilling, casing, pump, etc. He requests authority to employ a competent well driller, possibly Mr. Marshall, to undertake the salvage operations at a cost not exceeding $200.00.

We concur in Mr. Gow's recommendation and suggest that the Indian Affairs Branch be requested to provide the necessary funds at once as he wishes to commence this work as soon as possible after July 1st. Kindly give this matter your immediate attention.

Respectfully submitted,

F. H. McGill

Chief Engineer.

rdle, Esq.,

Re: Water supply at the File Hills
Indian Residential School.

With further reference to your memorandum of April 16th last, with enclosures, relative to the above, I am enclosing a memorandum from the Chief Engineer, Mr. Mills, dated June 20th, which is self-explanatory.

The recommendation of Mr. Gow and Mr. Mills is concurred in as to Mr. Gow being given authority to engage a competent well driller to undertake pulling the old pump pipe at a cost not exceeding $200, and I would ask that this amount be transferred to the Engineering and Construction Service as soon as possible.

PLEASE QUOTE
FILE 21-S 1.

File Hills Agency,
Balcarres, Sask.
April 10th, 1942.

Dear Sir:

I wish to confirm the wire sent to the Department by Mr. M. Christianson, General Supt. of Indian Agencies, reporting the fire at the File Hills Indian Residential School. This fire, which was discovered at 7.45 P.M. April 8th, 1942, totally destroyed the two class romms and contents.

The class rooms, situated 35 feet from the main building were of lumber structure, 100 feet by 28 feet, with full sized basement. One half of the basement was of cement structure, the other half stone.

This building was heated by a pipeless furnace. The chimney was of brick construction built from the basement.

The class rooms were built at different periods. The actual date of the first structure is not available, the addition was built in 1924.

The contents of the building comprised:

90 Pupils Desks
2 Teachers Desks,
and the necessary text books,
scribblers, maps etc.

In conjunction with Corp. McCarro of the R.C.M. Police, Balcarres Detachment, an investigation is under way.

I shall submit a full report as soon as the investigation is completed.

Yours truly,
E. S. Jones
E. S. Jones,

AIR MAIL

Regina, Saskatchewan,
April 11th, 1942.

U R G E N T

Dear Sir:

Further to my wire of the 9th instant advising you that the classrooms and contents at the File Hills Indian Residential School, Balcarres, had been destroyed by fire, I wish to inform you that Mr. Jones, the Agent, and the Reverend Mr. Huston, are in my office this morning.

We have decided upon the following. If the Branch will authorize $100.00 for the purpose of buying lumber, nails, etc. and hiring a carpenter, Mr. Jones has undertaken to build benches and tables to be placed in the two playrooms so that school can be carried on at the present time. We even may not require quite the $100.00 and Mr. Jones thinks he will be able to fix up the two playrooms so that they are suitable.

Mr. Jones and Mr. Huston brought in a list of school materials required but in discussing this with me we came to the conclusion that since there was some school material on hand we could manage for the present. As I pointed out to them, nothing should be ordered at present, only sufficient to carry on school until the end of the school term. This will give the Branch breathing space to decide what to do before school re-opens in the Fall.

The Agent is taking the lists for the school material back to Balcarres and Mr. Huston is going up to the School on Tuesday. He will remain there for two or three days and the material on hand will be thoroughly checked. Only materials actually required will be asked for.

I am sending this letter by Air Mail and you will receive it on Monday morning. Will you please wire me the necessary authority to proceed with this work. If I do not hear from you by noon on Monday I will take it for granted that I have authority for Mr. Jones to take the necessary steps to purchase the material and get the work underway.

Yours truly,

M. Christianson,
General Superintendent of Indian Agencies.

Loss $10,000 In Indian School Fire

Fire destroyed the building in which classes were held for the Indian children of File Hills Indian residential school, Thursday morning, according to a report by the agent E. S. Jones to M. Christianson, inspector of Indian agencies, in Regina. The loss is approximately $10,000. This building, a frame structure on cement foundation with two large classrooms, and a hall between, was erected about 15 years ago.

There will be a problem for the present to find rooms where classes will be held, pending the announcement from the government as to whether a new building will be constructed or not.

By hard work on the part of volunteers, the main building housing a large number of Indian children was saved.

AIR MAIL

Regina, Saskatchewan,
April 17th, 1942.

Dear Sir:

Regarding the burning of the classrooms at the File Hills Indian Residential School, which happened on the 8th instant, when Mr. Jones, the Indian Agent, was in the office here last week he was of the opinion that the fire had been started by faulty electric wiring. However, he now informs me that a few days after some of the children started to discuss the fire at different times and there were a lot of rumours floating around. Therefore Mr. Jones got in touch with Cpl. McCarro, of the R.C.M.Police, Balcarres, who carried out an investigation at the school, during which three boys admitted setting fire to the school.

The boy who actually lit the match and started the fire is only 12 years old and is from the Carlton Agency, Mistawasis Reserve. Benny Pasqua and Jimmy Keepiness, aged 15, of the Qu'Appelle Agency, helped the little fellow and more or less forced him to start the fire.

Agent Jones was in the office today and we went to see Superintendent Darling, of the R.C.M. Police here in the city. While we were there he got in touch with Commissioner Ring, of the Bureau of Child Protection and it was decided to take the three boys into custody. Mr. Jones is to lay the charges tonight when he returns to Balcarres. These boys will be brought in to Regina very likely tomorrow and placed in the Industrial School here until such time as their case comes up.

Have you any instructions to give in the matter? You will receive this letter on Monday morning, as I am sending it by Air Mail, and if you write back immediately I should receive your reply on Tuesday. The Police Report will not be forwarded by Cpl. McCarro until about Monday.

Yours truly,

M. Christianson,
General Superintendent of IndiahAgencies.

The Secretary,
Indian Affairs Branch, OTTAWA.

AIR MAIL

Dear Sir:

I have your letter of the 17th instant, in which you advise that three of the boys of the File Hills Residential School have been taken into custody charged with setting fire to the classroom building.

The Department has no special instructions to give in this matter and, if they are found guilty, I feel that they should be committed to whatever Provincial institution in Saskatchewan the authorities consider they should be sent.

Yours truly,

T.R.L. MacInnes,
Secretary.

Mr. M. Christianson,
Gen. Supt. of Indian Agencies,
Dominion Public Bldg.,
Scarth & Victoria,
Regina, Sask.

INDIAN AFFAIRS BRANCH

File #306-11

Department of Mines & Resources
Indian Affairs Branch
APR 22 194
REGISTERED

Regina, Saskatchewan,
April 18th, 1942.

Dear Sir:

Further to my letter of even date regarding the fire at the File Hills School, the Indian Agent informs me that the staff there have all more or less become panic stricken since it was learnt that the boys started the fire. Mr. Jones also further informs me that although the three boys I mentioned in my letter have admitted their guilt I think that the bigger boys are all more or less implicated.

Personally I think it was a mistake to leave Miss Pugh in charge. She may be a "fine old girl" but certainly not capable of handling a lot of big boys and girls. However, this is not the purpose of this letter. The Agent claims there are three boys there who are 16 years of age and they should be discharged immediately before they do something that they shouldn't, as there is no one there to handle them. The boys are Arnold Pechawisis from the Mistawasis Reserve, Wilfred Haywanhi from the Carry the Kettle Reserve, and Stanley Pasqua, of the Pasqua Reserve, Qu'Appelle Agency, and as the term has only approximately two months more to run I think probably it would be a good idea to act on Mr. Jones' recommendation.

Dis approved Ltr 23/4/42 Mc 111/1/10

Mr. Jones wishes to have the fireman, whose term at the school expires at the end of April, kept on for another month and I agreed to this. However, if you think otherwise let me know.

In conclusion I am of the opinion the Branch should get after the United Church and insist on another Principal being appointed. A man living at Round Lake cannot look after that school as well as someone living at File Hills. At present the male staff at the File Hills School are "weak sisters" and Mr. Jones feels that the boys fully intended to burn down the main building as well as the classrooms.

Note - Have copy of this letter sent to Dr. Doyle for #1 file

Yours truly,

M. Christianson,
General Superintendent of Indian Agencies.

Dear Sir:

With reference to your letter of the 18th instant, the Department approves the fireman's remaining at the File Hills Residential School for the month of May. However, it should be distinctly understood that this permission is being granted due to the special circumstances now existing at the school and it is not to be considered a precedent for future years.

Under separate cover you are being written regarding the discharge of the boys to whom you refer.

Yours truly,

T.R.L. MacInnes,
Secretary.

Dear Sir:

Regarding the File Hills School, I was down at the Agency last week when the Treaty was paid and in a few days you will get another surprise.

While there I heard that all of the screens for the windows in the main school building were burned in the basement of the classrooms so it will be quite an expense to our Branch replacing these.

Yours truly,

M. Christianson,
General Superintendent of Indian Agencies.

Dear Sir:

I have pointed out to you in my letter of May 15th under my file No. 306-11A, that the screens for windows and doors at the File Hills Indian Residential School have been destroyed by fire together with the building.

I am now attaching a requisition that I received from Agent Jones for screen windows and doors for the school, and I have contacted the Western Manufacturing Company, Regina. They will supply screen windows and doors providing they can obtain the wire, at .18¢ per square foot. This includes one coat of paint. At the present time this Company have a supply of wire but do not know how long it will last as it is turning over fast.

Yours truly,

M. Christianson,

Memorandum:

DEPARTMENTAL PURCHASING AGENT

I attach account amounting to $204.92 covering the cost of screen doors and windows purchased for the File Hills Residential School. When the classroom building at this school was destroyed by fire last April the screen doors and windows were destroyed, as they were stored in the basement. It was, therefore, necessary to secure new screens and in requesting authority for local purchase Mr. Christianson wrote in part as follows:

"I am now attaching a requisition that I received from Agent Jones for screen windows and doors for the school, and I have contacted the Western Manufacturing Company, Regina. They will supply screen windows and doors providing they can obtain the wire, at 18¢ per square foot. This includes one coat of paint. At the present time this Company have a supply of wire but do not know how long it will last as it is turning over fast."

I should appreciate your issuing a purchase order so that the account may be paid. The coding is as follows: 653-76-12-415.

Dear Sir:

I wish to bring to your attention that in the 1942-43 Estimates for the File Hills Agency, on Page 19 a set of heavy duty 32 volt lighting plant batteries is requested for the File Hills School.

If this has been allowed the batteries are now required and I am attaching herewith requisition for same.

Yours truly,

M. Christianson,
General Superintendent of Indian Agencies.

Dear Sir:

I am in receipt of your letter of the 30th ultimo, forwarding requisition for a set of heavy duty 32 volt batteries for the File Hills Indian Residential School.

On reviewing our files I find that in July, 1939, we purchased for the File Hills School 1 set of 16 cell Globelite Type W 15 glass jar storage batteries, 294 amp. hr. capacity. Are the batteries supplied in 1939 worn out? If so, it will be necessary to give specific information regarding the reasons why they lasted such a short time. This is necessary before we can submit a requisition to the Purchasing Branch for a new set.

I may add that when supplying the batteries in 1939 a heavy duty set was ordered on the specific request of the Principal and the Agent and it was stated that the set supplied at that time was sufficiently strong to handle the load.

Yours truly,

Philip Phelan,
Chief, Training Division.

Dear Sir:

It was reported to me that the plumbing at the File Hills Indian Residential School was not in very good shape as some of the toilet bowls and pipes were filled up with sediment resulting from corosion, consequently rendering them unserviceable.

We had Messrs. Paulin and Swayze give us an estimate on the price of putting the plumbing in good shape and I am attaching herewith their statement on this, from which you will note the estimated cost is $394.00. I was talking to Mr. Jones yesterday and he informs me he can verify this statement.

Yours truly,

M. Christianson,
General Superintendent of Indian Agencies.

Dear Sir:

I have your letter of the 5th instant, with reference to repairs required to the plumbing system at the File Hills Indian Residential School. An amount of $450.00 was included in the current year's appropriation for repairs, improvements and purchase of new equipment at this school and we have already expended $310.00. In addition there is the probability that a new set of batteries will have to be purchased. Under these circumstances you will realize that it is extremely difficult for us to expend any large amount on additional repairs.

Would it be possible to reduce the amount of repairs required to the plumbing system? I note that Messrs. Paulin and Swayze tender at an amount of $394.00 for both material and labour. I should appreciate knowing the approximate cost of the material, as it is possible that we might be able to purchase this elsewhere at a lower figure than quoted by Paulin and Swayze.

Yours truly,

Philip Phelan,
Chief, Training Division.

Dear Sir:

I wish to acknowledge receipt of your letter No. 111-1-5 of the 11th instant regarding repairs to the File Hills Indian Residential School.

In reply I am herewith forwarding a list of the material as submitted by Messrs. Paulin and Swayze amounting to $200.00, and the cost of labour which totals $194.00. This, I understand, is all required if the toilets at the school are to be used this Winter.

Agent Jones called me up on the telephone this morning and stated the boiler in the heating plant at the school is leaking and has been leaking for the past year. He thought the boiler should be inspected before the school term starts in the Fall. I therefore got in touch with Mr. Mayhew, who is in charge of that work for the Provincial Government here, and he promised to have an inspector there shortly as there was going to be one in that district.

Agent Jones further stated that the pipes at the school all need replacement as they are in very bad shape. He understood that in the past these pipes had been cleaned out from time to time with acid, therefore you can imagine what the results are when acid is used in steam pipes.

In purchasing the material Messrs. Paulin and Swayze have submitted on their statement I think we would be wise to leave it to them to supply what is required. The cost of the material only totals $200.00 and if we obtained it a little cheaper by putting it through the Purchasing Agent you can readily understand that the difference would not be

Dear Sir:

In connection with the replacement of the batteries at the File Hills Residential School, in this regard I wish to inform you that these were looked over by an electrician from Abernethy and it was on his advice that the Principal was asking for the batteries. Mr. Jones, the Agent, however, went over these batteries himself and I am attaching herewith his letter, which speaks for itself. You will note that in the third paragraph of Mr. Jones' letter he states the cells can be disconnected, cleaned out and new acid put in at an approximate cost of $4.00 per cell, and you will also note in the sixth paragraph Mr. Jones says it would also help considerably if a little discretion were used in the number of lights turned on at one time. In the next paragraph he states: " I have recommended to the Principal that Mr. Andres, who is at present Farming Instructor at the School, be given the duties of engineer"

I wish to point out that Mr. Jones is a practical man and I think his instructions should be carried out by the Department, as he is of the opinion that the batteries should last another year.

Will you please advise me what you want done, and at the same time return ~~this~~ letter. We have not the time to make a copy.

Yours truly,

M. Christianson,
General Superintendent of Indian Agencies.

Dear Sir:

Re: Replacement of batteries,
File Hills Residential School.

This will acknowledge receipt of your letter of the 4th instant and also letter received by you from Indian Agent Jones sent forward therewith.

The recommendation made by you in the second-last paragraph of your letter appears reasonable to the Department. You should issue instructions, therefore, to the Agent that the cells of the batteries should be cleaned and other minor repairs undertaken. It is noted that such action will enable the batteries to last for at least another year.

I am returning herewith Mr. Jones' letter.

Yours truly,

T.R.L. MacInnes,
Secretary.

Dear Sir:

Regarding your letter 111-1-5 of August 24th in connection with the plumbing repairs to the File Hills Agency, wherein you state as follows: " It is noted from your letter that the cost of the labor will not exceed $194.00. The list of materials required isbeing forwarded to the Purchasing Branch" I am in receipt of a copy of the purchase order where the material has been purchased by J. E. Chaplin, Esq., of Balcarres evidently for $190.00, but the cost of labor for installation, including the services of a qualified plumber, is $90.00. The $100.00 has been dropped some place. Will you kindly get this matter cleared up and advise me immediately.

Yours truly,

M. Christianson,
General Superintendent of Indian Agencies.

Dear Sir:

Re: Plumbing repairs, File
Hills Residential School.

This will acknowledge receipt of your letter of the 14th instant, in which you seek information in respect to the purchase order relating to the marginally-noted repairs, copy of which has been sent forward to you.

The Purchasing Agent, with whom this matter has been discussed, informs us that the purchase order represents a reduction of approximately $100.00 from the original estimate and that this explains the discrepancy to which you refer.

Yours truly,

T.R.L. MacInnes,
Secretary.

Regina, Sask. September 18, 1942.

Dear Sir:

With reference to our 'phone conversation concerning the boilers at the File Hills Indian Residential School. The large boiler is reported in good condition. On the small boiler a general overhaul is recommended especially the replacing of the nipples next to the steam header.

As a rule there is very little deterioration in the cast iron sections of these boilers; but, the connecting wrought iron nipples are subject to errosive action, and have occasionally to be replaced.

From our inspector's report I would judge this boiler is not fit for use until the repairs are made.

Yours faithfully,

(Sgd) W. H. Mayhew

Chief Inspector of Steam Boilers.

Dear Sir:

This will acknowledge receipt of your letter of the 19th instant and also copy of a letter received by you from W.H. Mayhew, Chief Inspector of Steam Boilers, Department of Public Works, Regina.

The sum of $450.00 was provided for repairs at the File Hills School in the estimates of this year. At this date the sum of approximately $550.00 has been spent. In this connection I may state that similar over-expenditures have been made at the majority of our schools this year. I am anxious, therefore, that the cost of repairing the boilers should be kept down to a reasonable figure.

In view of the urgency of the matter, you are authorized to make the best local arrangements for the repair of this boiler. It is unnecessary to add that the work should be undertaken at an early date.

Yours truly,

T.R.L.M

Regina, September 24, 1942.

Dear Sir:

I wish to acknowledge receipt of your letter No. 111-1-5 of the 16th instant regarding the plumbing and repairs at the File Hills Indian Residential School.

In reply I wish to state I am now informed by Agent Jones that Mr. Chaplin, the man who gave the prices on the plumbing for the File Hills job, has not the equipment on hand and has applied to the War Time Prices and Trade Board for a permit to secure the material. He has not a plumber, either, and would have to come to Regina to hire one, so as things are now it doesn't look as if anything will be done.

I might just say here Mr. Chaplin put a furnace in the farming instructor's house a year ago last Summer and it has never worked properly but we have never been able to get Mr. Chaplin to do anything about it. In view of this as far as I am concerned our dealings with this man have not been very satisfactory.

Yours truly,

M. Christianson,
General Superintendent of Indian Agencies.

Re: Plumbing repairs,
File Hills Residential School

Dear Sir:

Your comments on the above-noted subject were referred to the Chief Executive Assistant of the Department and to the officials of the Purchasing Division. Mr. Jackson suggests that immediately following the completion of this work a report should be sent forward by you or by the Agent, in which an opinion should be expressed on the workmanship and the extent to which the repairs are satisfactory to the Principal in charge of the school.

Your comment that a furnace installed in the farming instructor's house by Mr. Chaplin is not giving satisfaction has been carefully noted by the officials at the Minister's office.

Yours truly,

T. R. L. MacInnes,
Secretary.

Dear Sir:

I wish to acknowledge receipt of your letter No. 111-1-5 of the 30th ultimo regarding the purchasing of certain material for the File Hills School.

I am now advised that the material is on hand at Mr. Chaplin's store in Balcarres, and he is going to have a plumber start on the work mentioned. We have also been promised that the furnace installed by Mr. Chaplin will receive attention at the same time, and I shall keep our Branch posted on this and advise you as soon as the work is completed.

I had Mr. Jones call on Mr. Chaplin every week lately to find out how the matter stood because I felt sure the work would not be completed this Winter if this were not done.

Yours truly,

M. Christianson,
General Superintendent of Indian Agencies.

File Hills Indian Residential School

Woman's Missionary Society of The United Church of Canada
Saskatchewan, Canada

L. L. Dobbin
RHODES,
Principal

TELEPHONES:
Office 49 r 3
Res. 49 r 3-1

Balcarres, April 30th 1943.

Mr. E.S.Jones,
Indian Agent,
File Hills Agency.

Dear Sir:

You will recall that both the 1942 and 1943 Estimates included a set of batteries for the Delco lighting plant of our School. This, however, was not granted, but instead a sum was authorized for the purchase of one cell to replace one which exploded and also for the overhaul of four other cells which had become clogged with sediment. As a result of these repairs we were able to carry on through the winter months. Gradually during the past two months the service has become poorer and poorer until it is necessary to keep the motor running continually in order to obtain satisfactory service. The batteries will not store up sufficient energy to operate the radio; immediately the motor is shut off the radio goes dead and the lights in the building become dim. Several mornings there was not enough "juice" in the batteries to start the motor, and it became necessary to start the laundry engine and run the auxiliary generator before the motor could be started. It is quite evident that this set of batteries is exhausted and should be replaced immediately.

Would you kindly bring this matter to the attention of the Department, urging thet immediate action be taken in the purchase of a complete new set of heavy duty batteries.

Yours truly,
L. L. Dobbin, Principal

Regina, May 10th, 1943.

Indian Affairs Branch, Department of Mines & Resources, OTTAWA.

We have today received a letter from Indian Agent Jones, File Hills Agency, with reference to batteries for the Delco lighting plant at the File Hills Indian Residential School together with a letter from Mr. Dobbin, the Principal, attached herewith.

The letter from Mr. Dobbin is self-explanatory and we wish to refer you to Departmental letter No. 111-1-5 of September 10, 1942, wherein authority was given to Mr. Jones to have these batteries cleaned out. We also wish to mention that this request was made in the 1943-44 Estimates.

In his letter to this office Mr. Jones points out that in his opinion the Principal should be instructed that the use of electrical appliances other than for lighting purposes be discontinued.

May 18 1943

To The Departmental Purchasing Agent, Ottawa,

PLEASE FURNISH THE FOLLOWING SUPPLIES FOR USE OF File Hills Indian Residential School

VOTE 76 Allotment 12-422

SHIP TO Mr. L.L. Dobbin, Principal, File Hills Indian Residential School, Balcarres, Sask.

Purpose for which required Lighting plant

NOTE:—Requisition for non-consumable equipment, state if New Issue or Replacement.
" consumable equipment and supplies use columns 1 and 2.

Quantity		Quantity on hand (1)	Quantity used per month (2)	Unit Price	TOTAL
1	Set 16 cell Globelite type W 15 glass jar storage batteries, 294 amp. hr. capacity.				
	Note: The last set of batteries for this school was supplied in 1939, see your purchase order No. 24851 of July 6, 1939, file 27,002-15-16. They were purchased from the Canadian Fairbanks-Morse Company at a cost of $209.72. I feel that the batteries supplied in 1939 have not received the proper care from the school management and I am so advising them. However, the situation at the present time is that the present set of batteries is useless and will have to be replaced. I am writing to the Principal pointing out that the Department is not satisfied with the manner in which they have looked after the batteries and I hope that this new set will receive the care that it needs.				

I hereby certify that I have personal knowledge that all the above articles are required in the Department and for Departmental purposes only. The expenditure required by this requisition is strictly unavoidable and the public interest will suffer if it is not made.

SIGNED—

APPROVED— Harold McGill

Mr. M. Christianson, Gen. Supt. of Indian Agencies,
Dominion Public Bldg., Scarth & Victoria, Regina,
Sask.

I have your letter of the 10th instant, with reference to the batteries at the File Hills Indian Residential School. I am submitting the Principal's request to the Purchasing Branch, but there is no assurance that the batteries will be supplied. The main reason for this is that the last set of batteries was supplied in 1939 and it is quite evident from the information that has been supplied to us that the school management have not given these batteries the care that they require. They have allowed them to become overcharged and, as a result, their life has been much shorter than it should have been.

Memorandum:

Dr. McGill.

We have your requisition of the 18th instant (file 111-1-5) for set of batteries to replace the present set at the File Hills Indian Residential School. Our files indicate that the present batteries were ordered on July 6th, 1939, and since now, after less than four years' service they are pronounced unfit for further use, it would appear desirable to ascertain if the type of battery requisitioned is the most suitable for the needs of the school.

In addition to normal lighting requirements, will you please advise what machinery or equipment is operated by means of the battery, also the average and peak daily consumption in watt hours per day.

Mr. M. Christianson, Gen. Supt. of Indian Agencies,
Dominion Public Bldg., Scarth & Victoria, Regina,
Sask.

I desire to refer to your letter of the 10th instant and my reply of the 18th instant, with reference to the batteries requested for the File Hills Indian Residential School. The Departmental Purchasing Agent has noted the fact that the present set of batteries has been in use less than four years. Before considering purchase of another set he desires to know if the type of battery requested is the most suitable for the needs of the school. In addition to normal lighting requirements the Purchasing Agent also wishes to know what machinery or equipment is operated by means of the battery, also the average daily consumption and the peak daily consumption in watt hours per day. I should appreciate it if you would arrange to secure the information requested.

EX.D.

Ottawa, July 8, 1943.

Mr. E. S. Jones, Indian Agent, File Hills, Sask.

While we have no assurance at the present time that funds can be provided in the appropriation for the fiscal year 1944-45 for the erection of a new classroom building at the File Hills School, at the same time the Department would like to have some information on file so that the matter can be reviewed when our estimates for the next fiscal year are being prepared. I would therefore appreciate an early reply to the following questions:-

1. Number of classrooms which you consider should be provided in this building. It is our opinion that two classrooms with full basement for manual training instruction would be sufficient.

2. Was there a basement in the former classroom building? If not, would it be comparatively easy to dig same?

3. Would a new classroom building be heated from the main building or would separate heating facilities be necessary? In the event of building a new classroom, do you consider the building should be of frame or brick construction?

HARDWARE FURNACES

J. E. CHAPLIN

Paints - Household Furnishings - Glass

BALCARRES, Sask.

Dept. of Indian Affairs
Balcarres, Sask.

Dear Sirs:

Our heating engineer Mr. P. Hill, of Fort Qu'Appelle has made an examination of the Gurney boiler at The File Hills Residential School and found that the boiler was in very poor condition.

He found that the tubes were completely plugged with an alkali or an iron deposit that is almost impossible to remove. This would make it necessary to renew all the tubes in the boiler and possibly retap the openings. The feasibility of this can only be ascertained after the boiler is dismantled. If this could be done the cost would be upwards of $300.00.

He recommends that it would be far better to install a new boiler, a water softener, and a smaller jacket heater. The cost of the boiler is not known at the present time, nor is that of a water softener. A suitable jacket heater could possibly be installed for about $75.00 to $100.00. This installation would eliminate the using of the larger boilers during the warm period of the year when steam pressure is not necessary for heating purposes.

Yours truly,

Sgd. J. E. Chaplin

File #306-11 A

JUL 16 1943 REGISTERED

Regina, July 16, 1943.

Indian Affairs Branch, Department of Mines & Resources, OTTAWA.

Mr. Jones, the Indian Agent, File Hills Agency, has forwarded to me a letter from Mr. J.E. Chaplin, Hardware Merchant of Balcarres, copy of which is herewith attached.

The Mr. Hill to whom Mr. Chaplin refers was asked to examine the boiler at the File Hills Residential School by the Principal, Mr. Dobbin, and the result of his examination is mentioned in Mr. Chaplin's letter.

I have been informed that the water softener would not make any difference to the water used at File Hills because this water has a lot of iron in it. Therefore the water softener would not have the necessary effect but it is evident something will have to be done to the heating plant at this institution.

M. Christianson,

Mr. M. Christianson, Gen. Supt. of Indian Agencies,
Dominion Public Bldg., Scarth & Victoria, Regina, Sask.

I have your letter of the 16th instant, with reference to the Gurney boiler at the File Hills Residential School. If you will let me have specific information regarding the tubes that are required to replace those now in use, they will be ordered. You might let me know if there is anyone in the vicinity of the school who is able to install them.

Philip Phelan,
Chief, Training Division.

Indian Affairs Branch, Department of Mines & Resources, OTTAWA.

I wish to acknowledge receipt of your letter No. 111-1-5 of the 20th instant regarding the Gurney boiler at the File Hills Residential School.

For your information I might say Mr. P. Hill, of Fort Qu'Appelle, does the work for Mr. Chaplin, the dealer in Balcarres, and I am told they cannot give us the length of the tubes that are required until the boiler is torn down. This work takes an experienced man, therefore the only thing we can do is to get in touch with the man that is going to do the work and if it is going to be given to Mr. Chaplin he is the one to contact.

Mr. M. Christianson, Gen. Supt. of Indian Agencies,
Dominion Public Bldg., Scarth & Victoria, Regina, Sask.

I have your letter of the 27th instant, with reference to the boiler at the File Hills Residential School. The letter from Mr. Chaplin, which you forwarded under cover of your letter of July 16, is not exactly clear, but I infer that it means that he is prepared to dismantle the boiler and install all new tubes required for an amount of $300.00. If this interpretation of his letter is correct, you are authorized to expend $300.00 in repairing the boiler.

Philip Phelan,
Chief, Training Division.

Extract for 111-1-5

Original on

EX'D
A

Extract from letter dated July 29, 1943, received from Globelite Batteries Limited, 146 Alexander Avenue, Winnipeg, Man.

Our Regina representative has recently completed an inspection trip to several Indian residential schools and agencies in Saskatchewan and reports to us as follows:

File Hills School

Supervised the installation of a new Globelite type W15, 16 cell, 32 volt battery. Here again the load is far too heavy for a 32 volt plant and strongly recommend that same be replaced with a 110 volt plant.

File Hills Indian Agency

Battery and plant in good condition. Battery consists of a Globelite type W13, 16 cells, 32 volts, installed September, 1940.

REGISTRY

Department of Mines and Resources, Indian Affairs Branch, Ottawa.

It will be recalled that after the File Hills Indian Residential School classrooms burned, I obtained authority to procure lumber to make up tables and benches to be used in the classroom. This of course was merely a temporary measure. Since this time, both pupils and teachers have been working under a terrible handicap and Mr. Dobbin, Principal, has now submitted a list of equipment urgently needed to carry on during the coming year.

I took this matter up verbally with Mr. Christianson and he advised me to write the Department direct.

REQUISITION FOR SUPPLIES

File No. 111-1-5

August 11 1943

To The Departmental Purchasing Agent, Ottawa,

PLEASE FURNISH THE FOLLOWING SUPPLIES FOR USE OF File Hills Indian Residential School

VOTE 76 Allotment 12-415

SHIP TO Mr. L.L. Dobbin, Principal, File Hills Indian Residential School, Balcarres, Sask.

Purpose for which required .....

NOTE:—Requisition for non-consumable equipment, state if New Issue or Replacement.
" consumable equipment and supplies use columns 1 and 2.

Quantity		Quantity on hand (1)	Quantity used per month (2)	Unit Price	TOTAL
14	Movable chair desks for ages 15 to 18				
14	" " " " " 12 to 15				
14	" " " " " 9 to 14				
20	" " " " " 7 to 10				
14	" " " " " 5 to 8				
2	Teacher's tables (2 drawers and book rail 26" x 48")				

Note: The classrooms at the File Hills School were destroyed by fire on April 2, 1942, and since that they have been using improvised desks. The classes are held in the dormitories, which involves moving the desks into the dormitories in the morning and removing them in the evening. It is, therefore, necessary, in this particular case, to supply the movable chair desks.

I hereby certify that I have personal knowledge that all the above articles are required in the Department and for Departmental purposes only. The expenditure required by this requisition is strictly unavoidable and the public interest will suffer if it is not made.

AIR MAIL

Regina, August 18, 1943.

Indian Affairs Branch, Department of Mines & Resources, OTTAWA.

I wish to refer you to your letter No. 111-1-5 of the 31st ultimo in which you give me authority to expend $300.00 in repairing the boiler at the File Hills Residential School.

Mr. J.E. Chaplin, of Balcarres, was given the work as you instructed and I had a telephone call from him yesterday wherein he stated it was impossible to repair the present boiler and in his opinion the only thing that could be done is to furnish the school with a new boiler. I also received a letter from Mr. Chaplin today which reads in part as follows:

> "Under separate cover I am sending in the portion of the boiler that I spoke to you about this morning. You will notice that this tube is filled in solid with the alkali deposit and it is impossible to remove this. The other tubes in this boiler are in a similar condition and it is our opinion that this boiler is not fit to be repaired."

The portion of the boiler tube Mr. Chaplin spoke about in his letter is 3¼" in diameter and is filled solid with deposits from hard water. I believe this is another case where we will have to furnish a new boiler. As far as I know the present one has been in the school for over twenty years.

In the letter I have from our Branch dated the 7th instant, your file No. 108-1-5, in connection with the boiler at the Round Lake School, Crooked Lake Agency, it is stated that the Surveys and Engineering Branch have been asked to make a report on the boiler there. Probably they could also see the boiler at File Hills School and I am sending this by Air Mail just in case they are at Round Lake School now.

M. Christianson,
General Superintendent of Indian Agencies.

Mr. F. Booth, Indian Agent, Balcarres, Sask.

I am in receipt of your voucher No. 70 for $160.02, covering the cost of the battery supplied for the File Hills Residential School by Globelite Batteries Limited. This account covers an item of $4.50 for prepaid freight charges from Regina to Balcarres. It will be necessary for us to have a freight receipt for this amount and if it was not forwarded to the Principal with the account you should write the company and secure it and send it to this office.

Voucher No. 67 for $67.65, in favour of the North American Lumber & Supply Company Limited, is being returned unpaid. The former Agent, Mr. E.S. Jones, issued voucher 58 on July 26 in payment of this account and cheque 8455 was forwarded to the company on August 16.

Regina, September 28, 1943.

Indian Affairs Branch, Department of Mines & Resources, OTTAWA.

In connection with the heating plant for the File Hills Indian Residential School Mr. Mills, of the Surveys and Engineering Branch, wrote to me asking for the name of a consulting heating engineer who has no connection with a supply house or firm of contractors in this city and not connected with any firm.

I made all of the enquiries that were necessary and found out there was no such person in this city, because naturally Regina is too small for a man who does work of this sort to be able to support himself without being connected with some firm. I, however, got in touch with the boiler inspector who inspects several of our schools and he advised me what they were doing in connection with several of the apartments here in town. They have been installing tractor boilers instead of the regular heating plants and this is working out very satisfactorily, therefore I passed this information along to Mr. Mills and also gave him the name of the man who is doing this work around Regina. I further gave him this man's quotation which was $450.00 for the Round Lake School and $450.00 for the File Hills School. However, evidently Mr. Mills did not think very much of this because I have now received the Purchase Order in connection with a quotation he received from the Regina Plumbing and Heating Company. This is regarding a boiler for the Round Lake School.

I have written to our Branch regarding the heating plant for the File Hills School but have not as yet received a reply. Do you realize that there is no furnace in the File Hills School and if it suddenly turns cold we are going to be in a bad way and this may happen at any time because I have seen the freeze-up on the 2nd of October.

Mr. M. Christianson, Gen. Supt. of Indian Agencies,
Dominion Public Bldg., Scarth & Victoria, Regina, Sask.

I have your letter of the 28th instant, with reference to the heating plant at the File Hills Residential School. Immediately on receipt of your letter this morning, I phoned the Surveys & Engineering Branch and apparently the information that you forwarded to them is not sufficient for their purposes. Accordingly they are sending an air mail letter to the Boiler Inspector mentioned in your letter, requesting him to proceed to the File Hills School immediately and report direct to the Surveys & Engineering Branch. They promised to ask him to rush the matter and as soon as their report is received we will take further action.

AIR MAIL

Regina, October 4th, 1943.

Indian Affairs Branch, Department of Mines & Resources, OTTAWA.

I wish to acknowledge receipt of your letter No. 111-1-5 of the 30th ultimo.

This morning, although the weather here today is fine, I thought of the File Hills School being without a heating plant and I thought I would call up Mr. D.N. Auckland, the boiler inspector who has inspected the heating plant at File Hills School several times, and I asked him if he had received word from the Surveys and Engineering Branch but he informed me he had heard nothing. As Mr. Mayhew is the Chief Boiler Inspector for the Provincial Government, and I had mentioned him in my letter, I then telephoned him but he gave me the same answer, that is he had received no word from the Surveys and Engineering Branch.

Do these people realize that there are over one hundred people at this school who will be without a fire when the cold weather sets in, and it is liable to come at any time? Today I wired you as follows: "RE HEATING PLANT FILE HILLS NO WORD RECEIVED BY BOILER INSPECTOR".

I wrote the Surveys and Engineering Branch three letters and sent them all by Air Mail on September 11th last but in spite of this no action has been taken as yet.

Chief Boiler Inspector Mayhew telephoned yesterday that he had received the letter from the Surveys and Engineering Branch and he came up to the office on his way to File Hills.

As per the postscript I put on my letter yesterday regarding the heating system at the File Hills School to the effect that Mr. Mayhew was on his way to File Hills, I wish to inform you he has just returned and was good enough to call on me and give me a copy of his letter to Mr. T.S. Mills, Chief Engineer, Engineering and Construction Service, Department of Mines and Resources, Ottawa.

Mr. Mayhew is the Chief Inspector of Steam Boilers for the Provincial Government. He is man practically my age and he has had years of experience with boilers. When the Surveys and Engineering Branch get in touch with our Department I hope Mr. Mayhew's recommendations will be accepted. In this way we can get action immediately. The estimated cost is between $300.00 and $400.00.

I am just writing this to let you know just what I think of the matter.

REGINA, Sask.
Oct 6, 1943.

Re: File Hills Residential School - Balcarres, Sask.

Dear Sir:

As requested by your letter of October 1st, I have made an inspection of the heating system at the above school. The information required is as follows:

1. Square feet in radiator's - 2331
Plus 25% for piping &
extreme conditions 583
Total radiation 2914 Sq. Feet.

2. Existing boilers: Two Gurney Cast Iron Section, listed as 25 and 17 Horse Power. Age uncertain - estimated 30 years. The smaller boiler is a complete wreck and must be replaced.

3. There is no high pressure boiler in the building. Water is heated for laundry purposes by steam from low pressure boilers.

4. See number three.

5. Room in the boiler room is very limited and the season is very late to order a new boiler at this time. There is a Safford C.I.S. boiler for sale at the Balcarres Hotel, Dominion Radiator Co. Number S-36-6. This boiler appears in good condition and is free from scale. This is slightly larger than the wrecked boiler, and would be very suitable. The price asked, I understand, is $125.00. A new boiler of this type would cost approximately $1000.00 and time of delivery very likely months ahead.

(Over)

Indian Affairs. (RG 10, Volume 6308, file 653-5, part 6)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

Library and Archives Canada / Bibliothèque et Archives Canada
www.collectionscanada.gc.ca

6. If the above mentioned boiler was procurred no structural changes of boiler room would be necessary.

7. Estimate of cost completed $300.00 - $400.00

As the small boiler was badly filled with scale, it is to be considered that the other boiler will be in a similar condition, and there is the possibility that it too will also have to be replaced in the near future.

Owing to the lateness of the season I would urge immediate action.

Yours faithfully,

(Sgd) W. H. Mayhew

Chief Inspector of Steam Boilers

T. S. Mills, Esq.,
Chief Engineer,
Engineering & Construction Service,

Indian Affairs. (RG 10, Volume 6308, file 653-5, part 6)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

Library and Archives Canada / Bibliothèque et Archives Canada
www.collectionscanada.gc.ca

It will be noted that Mr. Mayhew's estimate for the total installed cost is between $300 and $400. This corresponds approximately with an estimate of $450. for a rebuilt tractor boiler furnished our Engineering and Construction Office by Mr. Christianson after he had discussed the matter on September 11th with Mr. J. G. Bolton a Regina Heating Contractor. It is considered that the boiler upon which Mr. Mayhew's comments, is a more satisfactory replacement than the type of reconditioned equipment described by Mr. Christianson.

In view of the necessity of reconditioning the heating system at the school immediately, and the uncertainty of obtaining necessary materials and equipment when required, we consider Indian Affairs should authorize Mr. Christianson to arrange for the purchase of the boiler recommended by Mr. Mayhew, and to obtain the services of a reliable contractor for its installation.

If Indian Affairs concur, we consider supervision of the work might be obtained from the Saskatchewan Department of Public Works upon the payment of a fee and travelling expenses, which service, in addition to those already rendered, must be provided for in the cost of the undertaking.

It is estimated that to purchase and install the boiler, and to provide for contingencies, as well as to cover services which have been and may yet be incurred in connection with inspection and supervision, a total amount of $600.00 should be made available.

(Sgd) John A. Pounder.

COPY

Ottawa, October 12th, 1943.

Dr. McGill

Re: Heating system, File Hills Residential School, Balcarres, Saskatchewan.

With reference to your memoranda of August 20th and October 7th, relative to the above, this matter was referred immediately on receipt of your first memorandum to our Engineering and Construction Service who at that time had the heating system at the Round Lake Indian Residential School under consideration. As it had not proved possible to arrange for an inspection at the Round Lake School satisfactory from all points of view, the inspection at the File Hills School was left in abeyance as your memorandum of August 20th did not lead us to consider the situation at the latter school particularly urgent and we were not prepared to make a recommendation on information which Mr. Christianson was able to secure and which he furnished on September 11th.

In this connection there would seem to be some confusion as to dates in Mr. Christianson's letter of October 4th, of which you sent us a copy.

Also in this connection we would suggest that Indian Agents be advised, particularly in view both of our shortness of staff for all projects that have to be taken care of, the general labour situation and the almost invariable long delay before new equipment of any kind can be secured, that where they suspect any heating equipment not to be in good order that they ask for its inspection in April or May rather than in August.

Our Engineering and Construction Service has been in communication with the Deputy Minister of Public Works for Saskatchewan asking his co-operation in obtaining a report on the existing installation at the File Hills School. A report has just been received prepared by Mr. H. W. Mayhew, Chief Inspector of Steam Boilers for the Saskatchewan Department of Public Works, of which a copy is attached for your information.

You will observe that the school is now being supplied with steam for heating and laundering, from two low pressure boilers of uncertain age, and that the smaller of these is described as a complete wreck. Mr. Mayhew further states that it is possible the larger boiler may have to be replaced in the near future, but in the absence of any criticism of this unit, it is assumed that satisfactory service can be provided at least for the present by replacing the smaller boiler.

In this connection Mr. Mayhew has ascertained that a Safford cast iron sectional boiler, #536-6, manufactured by the Dominion Radiator Company Ltd., in good condition and having a larger capacity than the boiler it would replace is available at the Balcarres Hotel for a cost of $125.00. How this boiler became available is not stated, but on checking by our Engineering and Construction Service it would appear to be a six-section unit, manufactured in 1935or 1936, and, as reported by Mr. Mayhew, would cost approximately $1000.00 if new. The boiler is capable of assuming approximately 45% of the school load, whereas the boiler it replaces carries just over 40&.

Memorandum:

DEPARTMENTAL PURCHASING AGENT

Reports received from Mr. Christianson indicated that the heating plant at the File Hills Residential School required replacement. When we first heard from Mr. Christianson it did not appear as if the matter was urgent. However, recent letters indicate that unless the new installation is made this school will be without heat.

We brought the matter to the attention of the Surveys & Engineering Branch some time ago and again recently when Mr. Christianson urged immediate action. I enclose, for your information, their memorandum of October 12, together with a copy of the report of the Provincial Boiler Inspector whom the Surveys & Engineering Branch directed to inspect the heating system. You will note that the Surveys and Engineering Branch recommend the boiler suggested by Mr. Mayhew and they estimate the total cost of purchasing the boiler, the installation etc. at $600.00. Funds are available and your immediate approval would be appreciated, in order that we may arrange for the installation at the earliest possible date.

OTTAWA October 14, 1943.

Memorandum

Mr. C.W.Jackson

Indian Affairs Branch recommend the purchase of a used Safford Cast Iron, sectional boiler #S-36-6, to replace the present boiler at the File Hills Indian Residential School at Balcarres, Sask. The boiler is obtainable from the Balcarres Hotel at a cost of $125.00. A new boiler of the same type would cost approximately $1000.00.

The boiler at the Balcarres Hotel has been inspected by a provincial boiler inspector, who reports that it is suitable, in good condition, and free from scale. Engineering and Surveys Branch consider that Mr. Christianson should be authorized to make the purchase and to arrange to obtain the services of a reliable contractor to install it. They estimate that the total cost involved, including the boiler at $125.00, installation, services in connection with inspection and supervision, will be approximately $600.00.

I concur in this recommendation and request that authority be granted to permit Mr. Christianson to arrange for the purchase and installation of the boiler on the basis of attached memoranda of Mr. Hoey and Mr. Pounder at an estimated total cost of $600.00.

Memorandum:

DIRECTOR

Surveys & Engineering Branch

I desire to refer to your memorandum of October 12, with reference to the heating system at the File Hills Residential School. A copy of your memorandum was forwarded to the Departmental Purchasing Agent and on October 15 Mr. Christianson was instructed to purchase the boiler from the Balcarres Hotel. He was also given authority to arrange for its installation on the basis of your memorandum.

Director.

111-1-5

File #306-11A

Regina, November 18, 1943.

NOV 22 1943
REGISTERED

Indian Affairs Branch, Department of Mines & Resources, OTTAWA.

I wish to acknowledge the Department's letter No. 111-1-5 of October 15th together with a letter from Mr. C.W. Jackson, the Chief Executive Assistant, in connection with the furnace at the File Hills School.

Upon receipt of the above mentioned letter I took immediate steps to get this going and I am now forwarding two vouchers, one in favour of the Plaza Hotel, Balcarres, in the amount of $135.00 being payment for the furnace, and another in favour of Mr. J.E. Chaplin of Balcarres, in the amount of $198.36 for the installation.

I was down at the File Hills Agency yesterday and the day before, and I visited the school. Everything in connection with the furnace appeared to be in first class shape and it was giving fine heat. The engineer who looks after the furnace informed me it was in first class shape and Mr. Hill, who installed it for Mr. Chaplin, certainly seems to have made a good job of it. The whole thing amounted to $333.36 and I would recommend the two vouchers for payment.

I just want to say here that the other furnace probably will go out of commission in a very short time because it probably is all corroded but it is to be hoped that it will last throughout the Winter. If the weather is not too cold the furnace we shipped in will probably heat the school. However, if it gets real cold it would not do it. Therefore if we have an opportunity to buy another furnace the way we did this one I think we should take advantage of it and I can get the Provincial boiler inspectors to help me in this matter if you wish.

M. Christianson,
General Superintendent of Indian Agencies.

Memorandum:

DEPARTMENTAL PURCHASING AGENT

I desire to refer to your memorandum of October 15, File 15-3 S, authorizing purchase and installation of a boiler at the File Hills Indian Residential School. In this connection I enclose two accounts, one in favour of the Plaza Hotel, Balcarres, Saskatchewan, for $135.00, and the other in favour of J.E. Chaplin for $198.36. It would be appreciated if you would issue purchase order so that these accounts may be paid. The coding is as follows: 653-76-12-422.

PURCHASING OFFICE

Ottawa,
October 14, 1943.

Memorandum:

DEPARTMENTAL PURCHASING AGENT

Reports received from Mr. Christianson indicated that the heating plant at the File Hills Residential School required replacement. When we first heard from Mr. Christianson it did not appear as if the matter was urgent. However, recent letters indicate that unless the new installation is made this school will be without heat.

We brought the matter to the attention of the Surveys & Engineering Branch some time ago and again recently when Mr. Christianson urged immediate action. I enclose, for your information, their memorandum of October 12, together with a copy of the report of the Provincial Boiler Inspector whom the Surveys & Engineering Branch directed to inspect the heating system. You will note that the Surveys and Engineering Branch recommend the boiler suggested by Mr. Mayhew and they estimate the total cost of purchasing the boiler, the installation etc. at $600.00. Funds are available and your immediate approval would be appreciated, in order that we may arrange for the installation at the earliest possible date.

R.A. Hoey,
Supt. of Welfare & Training.

Extract for 111-1-5

Extract from annual report of Mr. L.L. Dobbin, Principal, File Hills Residential School, for year ended March 31, 1944.

Our staff are all anxious to give of their best towards the educational and spiritual uplift of the Indian people but the indifference of the Department in the matter of providing new classrooms is gradually killing their enthusiasm for the work. In the interests of Indian Education I implore you to take action immediately in the rebuilding of these classrooms. Government buildings are being constructed elsewhere; and we see no valid reason why our institution should be discriminated against. Could not material from discarded flying schools be used?

I am attaching requisition on behalf of the File Hills School Agency with respect to necessary repairs and decorations in that school in the amount of $1814.99.

You will note a request is being made for a 20-Row Seeder (preferably an Oliver machine) to cost $285.00.

Also, the following is equipment that is urgently needed but has not been included in the Estimates:

1 Jacket Heater	$ 100.00	
1 Washer (rebuilt)	575.00	
8 spools Wire for fencing	36.00	
300 Pickets	30.00	
Dug-out for watering stock	125.00	$ 866.00

I have just returned from the Agency and while there I was speaking to the Principal of the School. He informed me this material and equipment is urgently needed and I would recommend that this be furnished if at all possible.

Dear Mr. Hoey: Re - File Hills Residential School

I have received from Mr. L.L. Dobbin, of File Hills Residential School, a letter stating that he can build a classroom building, with two classrooms - 26' x 40' - that is a building 52' x 40' - with full basement, including a furnace, for $6,500.00. This includes excavation. In order to be on the safe side, I think we should say $7,000.00. If you can get this amount put in the Estimates, I think we should be prepared to go ahead and build it for this amount in a way that would be satisfactory to the Department.

I enclose rough sketches of the building, showing what is proposed. Of course, if the building has to go through the Architect, then it might be condemned and a more elaborate plan prepared, which would cost more money.

Mr. Dobbin assures me that the materials are available and that the work can be proceeded with immediately it is authorized.

Yours sincerely,

GD.MLT

OFFICE OF THE DEPUTY MINISTER

Memorandum to: Dr. McGill

Re File Hills Residential School

The Rev. Dr. Dorey has forwarded to me a copy of his letter to your Branch dated June 22nd in reference to constructing a new classroom building.

I have discussed the matter with the Minister and he approves of Dr. Dorey's suggestion, provided you are satisfied with the rough sketches of the building which have been forwarded to you and on the understanding that the total cost should not exceed $7,000. He also approves of an item being included in the Supplementary Estimates this year for the expenditure.

Chief Executive Assistant.

Ottawa, June 26, 1944.

Memorandum:

DEPUTY MINISTER

Re: File Hills Residential School

I am in receipt of Mr. Jackson's memorandum of June 24th authorizing the inclusion of an amount of $7,000 in the Supplementary Estimates in order to construct a new classroom building at the above mentioned residential school. The necessary instructions in this regard are being given to the Representative of the Treasury.

In order that authority may be given for immediate construction of this building, it would be appreciated if the Minister would approve our using, for the present, the amount of $5,000 provided in the current year's Main Appropriation for the Cross Lake United Church School. This amount cannot be spent during the current fiscal year.

If this were done, the amount of $7,000 provided in the Supplementary Estimates would be available before the building was completed, which would enable us to pay the extra $2,000 and leave the Main Appropriation as it is today.

Director.

Attention of Mr. Hoey.

I wish to inform you that I was down at the File Hills School yesterday and while there Mr. Dobbin, the Principal, informed me he had been asked by the United Church to supply plans for two new classrooms and he was getting the cost of building because he understands that the Church is going to submit this to the Department.

I had a little talk with him about this because I know just how matters are at the school at the present time, and here in a nutshell is what is going on there. As you know, the teaching has been carried on in the two playrooms and it is necessary every morning and night to move some of the furnishings in these rooms. Mr. Dobbin had two good teachers there but both have resigned and have no intention of coming back. Mr. Dobbin pointed out he does not know where he is going to get teachers and I quite realize that nobody who knew what the conditions for teaching are like there would accept a position of teacher there. I was there last Winter and I felt sorry for the two lady teachers who were teaching under such a terrible handicap. Personally I think Mr. Dobbin is getting along fairly well and both he and his wife are very fine people. I think they have the confidence of the Indians because they have instilled kindness into the school amongst the children and military tactics have been done away with. Still at the same time I know Mr. Dobbin can be firm with the children. While conditions remain as they are at present the children cannot possibly get the education they should receive. For example under one of the playrooms an engine is continually running and you can understand that this is distracting to whatever teacher they might have. The teachers resigning this year is just a sample of what will happen in the future because, as I have already stated, no teacher will remain long so long as existing circumstances remain. I know there is a war on and our Branch find it hard to get money but I sincerely hope that when the United Church present their request it will receive every consideration.

My reason for writing.....

Ottawa, June 26, 1944.

Dear Doctor Dorey:

With reference to your letter of the 22nd instant regarding the erection of a classroom building, with two classrooms and full basement, including furnace, at the File Hills Residential School, I am today advised that the Minister has approved an expenditure not exceeding $7,000, and we have been instructed to include this amount in the Supplementary Estimates.

I am not certain when the Supplementary Estimates will be passed but, in the meantime, we have $5,000 available if this amount is required before the Supplementary Estimate is secured.

In view of the above, this letter authorizes you to proceed immediately with the erection of the building, and I trust that you will find it possible to complete it by early Fall, at the latest.

The rough sketch of the building which you forwarded is satisfactory.

Yours truly,

R. A. Hoey,
Supt. of Welfare and Training.

DEPARTMENT
OF
MINES AND RESOURCES

INDIAN AFFAIRS
BRANCH

File #306-11A

Regina, June 23rd, 1944.

Department of Mines & Resources
Indian Affairs Branch
JUN 26 1944
REGISTERED

Indian Affairs Branch, Department of Mines & Resources, OTTAWA.

Attention of Mr. Phelan.

I wish to acknowledge receipt of your letter No. 111-1-5 of the 7th instant in connection with the request from the Principal of the File Hills Residential School.

In reply I wish to state I was out at the school the day before yesterday and yesterday, and Mr. Simpson and I went into the matter of repairs, etc. with the Principal.

I am attaching a requisition in duplicate for repairs amounting to $150.84. This is all required and some of the work to be done there can only be done by skilled labour. However, anything that can be handled by the staff will be performed by them and Mr. Dobbin stated he would have all of the work he could done by the staff, therefore $22.00 can be taken off this amount, leaving the total at $128.84.

I am also enclosing a requisition in duplicate signed by Mr. Simpson for the material for the pig pen and this is required. We could make the building a little smaller if it is absolutely necessary but I think for future use at the school they require the building as outlined and this will cost $595.78. The price is from the North American Supply Company with head office in Winnipeg. I was down to see the manager of the Yards in Balcarres and he informed me the price he had quoted was the one he gave to everyone but the Purchasing Agent may be able to do better.

The school also need a jacket heater which the hardware man in Balcarres quoted at $100.00. This is required to heat water. If you can get lower prices on the lumber the total cost might be brought down to the amount mentioned in your letter, namely $750.00 but in any event the things I have mentioned should be supplied because they are necessary and I am sure Mr. Dobbin will do his best to keep the amount within what will be allowed.

I further explained to Mr. Dobbin..

Indian Affairs. (RG 10, Volume 6308, file 653-5, part 6)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

Library and Archives Canada / Bibliothèque et Archives Canada
www.collectionscanada.gc.ca

I further explained to Mr. Dobbin that the seeder would not be supplied, also the washer in the amount of $575.00. This was requested because the washer now in use at the school is really too small but I told Mr. Dobbin he would have to try to get along as best he could for the present.

I think he can do without the 8 spools of wire for fencing and the posts totalling $66.00 for the present time. Also, there has been lots of rain around File Hills at the present time and I do not believe the dug-out is absolutely necessary just now. However, as I have said before, I trust that the amounts which are necessary will be supplied.

M. Christianson,
General Superintendent of Indian Agencies.

Memorandum:

DEPUTY MINISTER

Re: File Hills Residential School

I am in receipt of Mr. Jackson's memorandum of June 24th authorizing the inclusion of an amount of $7,000 in the Supplementary Estimates in order to construct a new classroom building at the above mentioned residential school. The necessary instructions in this regard are being given to the Representative of the Treasury.

In order that authority may be given for immediate construction of this building, it would be appreciated if the Minister would approve our using, for the present, the amount of $5,000 provided in the current year's Main Appropriation for the Cross Lake United Church School. This amount cannot be spent during the current fiscal year.

If this were done, the amount of $7,000 provided in the Supplementary Estimates would be available before the building was completed, which would enable us to pay the extra $2,000 and leave the Main Appropriation as it is today.

Ottawa, June 26, 1944.

Dear Doctor Dorey:

With reference to your letter of the 22nd instant regarding the erection of a classroom building, with two classrooms and full basement, including furnace, at the File Hills Residential School, I am today advised that the Minister has approved an expenditure not exceeding $7,000, and we have been instructed to include this amount in the Supplementary Estimates.

I am not certain when the Supplementary Estimates will be passed but, in the meantime, we have $5,000 available if this amount is required before the Supplementary Estimate is secured.

In view of the above, this letter authorizes you to proceed immediately with the erection of the building, and I trust that you will find it possible to complete it by early Fall, at the latest.

The rough sketch of the building which you forwarded is satisfactory.

Yours truly,

R.A.Hoey,
Supt. of Welfare and Training.

Dear Mr. Hoey: Re - File Hills Residential School

I have your letter of June 26th, intimating that the Minister has approved of an expenditure not exceeding $7,000. May I ask whether you want the bills for this to be submitted, or whether you will get a bill from The Woman's Missionary Society? I have advised Mrs. Loveys of this, as well as Mr. Dobbin, and I think that the money might very well be made available to the Treasurer of The Woman's Missionary Society rather than to us. However, it is entirely for you to decide -- we can adjust matters here.

I should like to express our appreciation of the action of the Department.

Yours sincerely,

R. Dorey.

MINISTER OF AGRICULTURE
Canada

OTTAWA,
June 26th, 1944.

Personal

Honourable T.A. Crerar, P.C., M.P.,
Minister of Mines and Resources,
OTTAWA.

My dear Colleague:

Attached is copy of a letter which I have received from Dr. George Dorey, Associate Secretary of the Board of Home Missions of the United Church of Canada.

I may say that there has been a very important mission of the United Church on the File Hills Indian Reserve for many years. I think it is one of the Reserves that the United Church has taken a great deal of interest in and has been very proud of. Mrs. Motherwell for many years was closely associated with it, and still takes a great interest in the work which is being done there. I think it would be most unfortunate if the school was not continued at its past high standard, and am very anxious to see the building proceeded with at as early a date as possible.

You will recall that the Indian school at Lebret was burned some years ago. It was during the period that the Bennett Government were in office. They almost immediately proceeded with the reconstruction of a new building of a very much better type and at a much higher cost than the old one. As these two schools are close enough together to be known by all the people in the community there are some comparisons being made which are not helpful.

I am sure it will be the intention of the Department to rebuild this school, and I hope they can have it completed before the coming winter.

Yours sincerely,

sgd) James G. Gardiner.

DEPUTY MINISTER

File Hills Indian Res. School
Request for rebuilding of class-room building burnt few yrs. ago.

Attached is some correspondence from Hon. Mr. Gardiner, Minister of Agriculture, with reference to the above,- his letter to the Minister, with copy of one from Dr. Dorey of the Board of Home Missions, United Church of Canada, Toronto, and copy of one Dr. Dorey enclosed from Mr. L.L. Dobbin of Balcarres submitting an estimate of the North American Lumber Co. received from their representative at Balcarres, Mr. Hastie.

Note specially the statement of Mr. Dobbin that overcrowding has been a detriment to the health of both the teachers and the children; that both teachers are leaving at the end of the term on account of impaired health due in a large measure to the conditions under which they have been working; and his comment - quote: "this work simply must be done this summer". Note that Mr. Gardiner expresses the hope that the rebuilding may be done before the coming winter.

The correspondence is submitted for consideration.

Please have a draft reply prepared to Mr. Gardiner for the Minister's signature.

Private Secretary.

Dear Doctor Dorey:

With reference to your letter of the 30th ultimo, I am arranging to have a cheque for $5000 forwarded at once to your Treasurer. This money is being given as an accountable advance and consequently the Principal will have to retain his receipted accounts for material and receipted pay-lists which should be forwarded to the Department when the building is completed, in order to account for the advance that is being made. The forms to report the labour are being forwarded direct to the Principal. I am writing to the Principal in the above regard.

Yours truly,

Dear Sir:

The Department is arranging to forward an accountable cheque for $5000 to the Treasurer of the Board of Home Missions of the United Church of Canada, Toronto, as an accountable advance in connection with the erection of the new classroom building at the File Hills School. It will be necessary for you to retain your receipted accounts for material and also prepare each week the labour return forms in duplicate. These should be signed by any individuals to whom payment is made for labour in connection with the building. When the building is completed you should forward these receipted accounts and the receipted labour return forms to this Branch, in order to account for the money being sent at the present time. Under separate cover a supply of labour return forms will be sent to you.

Yours truly,

R.A. Hoey,
Supt. of Welfare & Training.

I have a letter from our Indian Agent at File Hills, Mr. S.H. Simpson, with respect to the water supply at the File Hills Indian Residential School.

At one time there was a small lake near the school and the water was pumped therefrom for use but this year the water has dried up considerably and it is not deep enough for school purposes, and is now only used by the cattle. In fact it may become completely dry this Fall. The other source of water supply for the school is a well but it does not meet with the requirements. Mr. Dobbin is therefore requesting that a dug-out be constructed 165 ft. long; 60 ft. wide; and 12 ft. deep to cost $125.00. A suitable site is available near the school.

I would recommend that this matter be given consideration and if money could be found available as it is necessary to have a supply of water at the school. Arrangements ~~will~~ should be made to have this work completed early this Fall.

PLEASE QUOTE
FILE 269-S-1A

File Hills Agency,
Balcarres, Sask.
Oct., 5, 1944.

Indian Affairs Branch, Department of Mines & Resources, Ottawa, Ont.

With reference to Departmental letter 111-1-5, Sept., 29th., pertaining to the new classroom building now under construction at the File Hills Residential School, I beg to report as follows;-

The cement basement is completed, excepting half of the cement floor.

All outside work of the building is completed, excepting the siding on one end and both sides, and painting of the walls and roof.

Inside work; The first flooring has been laid. The walls are sheated and insulated, and the ceiling is half sheated, and insulated. The walls and ceiling have also to be plastered.

The chimney is now under construction.

Procuring of building materials has been the chief cause of of delay in this work. Procuring of labour has also been more or less a problem.

Mr. Dobbin, Principal of the school has informed me that he was able to procure the balance of the siding required, and the flooring, yesterday, and expects to be able to procure the balance of the sheating for the ceiling, also that he does not anticipate any further delay in this work through being unable to procure the necessary building materials.

Mr. Hasty, building contractor advised me that providing there was no holdup in procuring labour, or materials, he expected to have this work completed within the next month.

S.H.Simpson,
Indian Agent.

INDIAN AFFAIRS
BRANCH
OCT 16 1944
REGISTERED

File #306-4A

Regina, October 13th, 1944.

Indian Affairs Branch, Department of Mines & Resources, OTTAWA.

I wish to inform you that some time ago the Indian Agent at File Hills, Mr. S.H. Simpson, discussed with me the matter of getting some fire fighting apparatus for the Agency to protect the school, Agency buildings, and other buildings in the Agency. This, of course, was a while ago when we thought that a lot of equipment was going to be turned over to us after the war.

However, I asked Mr. Simpson to make up a requisition for what was necessary and he has just forwarded this to me. I am now attaching this in duplicate. If any equipment of this nature is available I thought probably it would be well to supply this to the File Hills Agency. However, there are probably men employed with our Branch in Ottawa who know more about fire fighting equipment than I do because I must admit I know very little.

In any event I am forwarding the requisition for your attention, as previously stated.

M. Christianson,
General Superintendent of Indian Agencies.

Memorandum:

DEPARTMENTAL PURCHASING AGENT

I am sending forward herewith a requisition for certain supplies that appear to be needed for fire protection at the File Hills School and File Hills Agency buildings. I am sending forward also copy of the letter from Mr. Christianson that accompanied this requisition. It is my understanding that this requisition is based, in part at least, on the assumption that a certain amount of this equipment will be available from military sources.

In view of our desire to do everything humanly possible to protect our buildings from fire, we would be prepared to purchase this equipment new if the total cost is at all reasonable. It would be appreciated, therefore, if you would let us know by phone what the approximate cost might be.

OCT 15 1944
REGISTRY

File #306-11

Regina, October 13th, 1944.

Report on File Hills Indian Residential School

I might say while at the Agency I visited the File Hills Indian Residential School and everything there seemed to be going along fairly satisfactory.

The staff there were glad to know that the classrooms are being rebuilt. I was in the new classrooms talking to the man in charge, Mr. Dick Hasty, whom I have known for the past thirty years. He is getting up in years but he is a first class carpenter and we can depend on anything Mr. Hasty does therefore I know he will make a good job of rebuilding these classrooms. Mr. Hasty told me that they probably would be finished at the end of this month but on account of the shortage of labour he thought it might take him a couple of weeks longer so in all probability it will be on in November some time before the building is completed. However, it is closed in and there should be no trouble in finishing even if the weather does get cold.

The Principal again brought to my attention the boiler at the school. When Mr. Mayhew, Provincial Boiler Inspector, was down there last he reported to me when the new boiler was being installed that we should make arrangements to purchase another new boiler to replace the other one, and I brought this to the attention of our Branch. I again brought this to the attention of our Branch on July 17th last since no action had been taken stating that the boiler was not satisfactory but again no attention was paid to this by our Branch. To quote Mr. Dobbin's remarks it does not matter how much you fire this boiler it is so badly caked that very little results are obtained from the fuel burned in this heating plant therefore they are depending mostly on the boiler that was installed a year ago last Fall at the school and in real cold weather this is not sufficient. The matter of having a new boiler installed should be given consideration.

The staff at the school, of course, is new as several of the ladies there are beginning their first year but there were one or two ladies who were there before I certainly was not sorry to see leave this institution. Mr. Dobbin, the Principal, seems to be carrying on very satisfactorily.

Woman's Missionary Society of the United Church of Canada

L. L. Dobbin, Principal. Phones: Office 49 r 3. Residence 49 r 3-1

Balcarres, Sask. Dec. 4th 1944.

Mr. R.A.Hoey,
Supt. of Welfare and Training,
Indian Affairs Branch,
Ottawa.

Dear Sir:

I enclose herewith Return of Labor performed on the new classroom being erected at our school. I also enclose cancelled cheques issued in payment of same, together with receipts and cancelled cheques in connection with material and the hauling of same. Itrust you will find these in order and if so I would be pleased to receive the balance of $2000.00, which is still due from Ottawa.

The building is practically complete with the exception of the concrete floor in the basement.

Yours very truly,

L. L. Dobbin.
Principal.

111-1-5

Copy sent to Dr. Dorey

Ottawa,
December 13, 1944.

EX'D.

Dear Sir:

I have your letter of the 4th instant, enclosing labour returns and other receipts in connection with the erection of the new classroom building at the File Hills Indian Residential School. The statements covering the labour amount to $1017.35. The total of the cancelled cheques is $965.45. Cancelled cheque No. 35, issued in favour of T. Franklin for an amount of $40, and cheque No. 46, issued to K. Stonechild for $11.90, were not included. The total of these two cheques would be $51.90 and this amount added to the total of the cancelled cheques received, namely, $965.45, would make a total of $1017.35 and would balance the statement you forwarded for labour. The two missing cheques should be sent. You should also forward a detailed account from the North American Lumber Supply Company showing the various items purchased at a cost of $2000.

We have already forwarded to the General Treasurer of the United Church of Canada an accountable cheque for $5000 and we are prepared to pay an additional $2000, provided there is a total of $7000 expended. In this connection I would refer you to official letter of July 24.

The following is a brief statement showing the present standing of this matter:

Advance		$ 5000.00
Expenditures		
Labour	$ 1017.35	
Material	2368.00	3385.35
Amount unaccounted for		$ 1614.65

Mr. L.L. Dobbin,
Principal,
File Hills Indian Residential School,

It will, therefore, be necessary for you to forward us additional receipts to the amount just stated to account for the $5000 advance. In order to enable us to pay you an amount over and above this, receipts either for material or labour in connection with the construction of the building must be forwarded.

Yours truly,

Philip Phelan,
Chief, Training Division.

THE SASKATCHEWAN POWER COMMISSION

Electrical Inspection and Licensing Branch.

SASKATCHEWAN INSPECTORATE
SEP 30 1944
REGINA, SASK.

Form "G" No. 264 - 4

INSPECTION REPORT

Electrical Inspection & Licensing Act,
Section 19.

To: Indian Affairs,
Dominion Government,
414 Federal Building,
Regina, Saskatchewan.

The Electrical installation of File Hills Reserve, at Balcarres, Residential School,
was inspected on the (X) 19th day of September 1944.

DEFECTS:

No main entrance or central switch ahead of panel.

B.X. used for sub-entrance into laundry.

Wall switch outlets defective.

Flexible cords used to extend circuits from panel.

The above does not conform to the requirements of the Canadian Electrical Code and constitutes a danger or a potential danger to life or property. The following changes must be made within 30 days from the date hereof:

For use with 32 volt system: Properly install sub-service into laundry to Canadian Electrical Code requirements. Remove all flexible cord wiring tapped to circuit wires at panel. Repair or renew defective wall outlets and switch devices.

For use with 110 volt system: Install service and 60 amp. externally operated fused switch ahead of panel distribution, and entrance to Code standard if isolated plant is located outside of main building.
Also carry out repairs as required for general safety, see re 32 volt above.

Failure to have the defects remedied within the time specified may result in discontinuance of service to the premises.

Dated at Regina, this [illegible] day of September 1944.

SASKATCHEWAN INSPECTORATE
JAN 12 1945

File Hills,
Balcarres, Sask.
Jan. 9, 1945.

M. Christianson, Esq.,
General Superintendent of Indian Agencies, Regina, Sask.

With reference to your letter No. 306-4A of December 9th pertaining to the defects in the wiring of the Agency buildings I beg to advise that I have just been able to procure a list of parts required and an estimate of the cost of labour.

It has not been possible to procure a price on the parts locally. However, I am attaching hereto an extra copy of the lists of parts in order that it could be handed to an electric equipment firm in Regina who could give an accurage cost of the items listed thereon.

The approximate cost of labour is as follows:

File Hills Residential School Buildings, 100 hrs. at $1.00 per hour.
Agency Headquarters Buildings..... 70 hrs. at $1.00 per hour.

Attached hereto are the Provincial Inspector's reports enclosed in your letter of December 9th. to this office.

Sgd. S.H. Simpson,
Indian Agent.

File #306-4A
-11A

Regina, January 12th, 1945.

JAN 15 1945 REGISTERED

Indian Affairs Branch, Department of Mines & Resources, OTTAWA.

In connection with the electric wiring at the File Hills Residential School and also the Agency, we had an inspector from the Saskatchewan Power Commission go over all of the electric wiring there and I am attaching herewith his report, together with a requisition of the parts required for both the school and Agency buildings.

In his letter to me Agent Simpson states that to date the repairs at the school will amount to approximately 100 hrs. at $1.00 per hour so that will be $100.00, and at the Agency buildings 70 hrs. at $1.00 per hour making a total of $70.00. We do not have a price on the parts required and I did not see very much use in getting this as no doubt the Purchasing Agent will be asked to make the purchases and therefore that can be left to him.

I am also attaching copy of Agent Simpson's letter to me.

M. Christianson,
General Superintendent of Indian Agencies.

EX'D. A

Ottawa, January 18, 1945.

Mr. M. Christianson, General Supt. of Indian Agencies,
Dominion Public Building, Scarth & Victoria Streets,
Regina, Sask.

With reference to your letter of the 12th instant, the Purchasing Branch is being requested to secure the articles required to repair the lighting system at the File Hills Indian Residential School. It is noted that the labour will involve an expenditure of $100.00.

The section of your letter which refers to the electric wiring in the agency buildings has been transferred to the Agencies Division.

Philip Phelan,
Chief, Training Division.

Ottawa, January 24, 1945.

Dear Sir:

I desire to refer you to my letter of December 13, 1944, in connection with the expenses incurred in the erection of the new classroom building at the File Hills Residential School. I would appreciate receiving at once either receipted accounts or receipted labour returns covering the amount for which you have still to account, namely $1,614.65.

I also wish to direct your attention to the last paragraph of my letter, which pointed out our requirements in regard to any amount expended over $5,000.00.

Yours truly,

Philip Phelan,
Chief, Training Division.

statement attached showing how much the painting of the roof cost and whether Stonechild did all the work or whether part of it was performed by someone else.

Mark Graff $23.50. The exact date on which Mr. Graff worked should be shown on this account.

A. E. Robinson $37.00. On this account, too, should be shown the exact date on which he worked.

North American Lumber Company - Cheque $2,000.00. There is nothing to show on the account if the balance of $1,577.17 has been paid or is still outstanding.

In my letter of December 13, 1944, I mentioned the fact that we had secured accounts from you amounting to $2,368. However, on reviewing these we find, as stated above, that the total of the accounts which are in order and which we can accept on the advance of $5,000 are those amounting to $509.53. The other accounts, as stated above, require additional information.

As you are aware, we have already forwarded you $5,000.00 and until we receive definite accounting for this amount, present regulations will not permit our sending any additional funds. It would be appreciated if you would give this matter your immediate and careful attention and have all accounts and paylists put in proper order and forwarded to us at the very earliest date. The end of the fiscal year is rapidly approaching and as the money for the erection of this building was included in the current year's appropriation it is absolutely essential that the matter be definitely closed before March 31, 1945.

Auditor, and in connection with these, which I am returning to you, the following comments will explain what we require.

Cheque for $3.30 issued to Thomas Cowling. There is no account attached showing what service this account covers.

Account of J. E. Chaplin $111.11. This is not receipted.

Account of Max Braunstein $140.80. It is stated that this was paid by cheque 57, but this cheque was not forwarded.

Five accounts, issued respectively in favour of K. Stonechild; Mrs. Rose Stonechild; J.B. Pinay; G. Starr and A. Brass. None of these accounts are receipted and no statement is attached showing what work K. Stonechild offered to perform for the amount of $2.00 which he apparently claims is due him.

Ham's Garage $3.40. No receipt attached.

J. E. Chaplin $611.66. No receipt attached.

R. Hastie account $621.50, on which evidently $350.00 has been paid. We will have to have the original contract, signed by this party.

Baird Electric $258.10. Evidently $100 has been paid. We will have to have a receipt for the balance.

A. Moffett $86.73. There are no details on this account regarding the first item marked "Balance $75.72." Explicit information will have to be supplied in regard to this item.

H. Cooper $68.00. Cheque not sent.

C. H. Stewardson & Sons account $24.00. Cheque not sent.

Kenneth Stonechild Cheque $8.00. This covers an advance on painting roof, but there is no detailed

Ottawa, February 15, 1945.

Dear Sir:

I am in receipt of some of the accounts and statements regarding the expenditures on the classroom block at the File Hills Residential School. In previous communications we have endeavoured to point out to you exactly what we require, but evidently our instructions have not been sufficiently clear. You enclose a statement showing that your expenditures to date (but no date stated) have been $7,481.50. We have previously informed all parties concerned that the maximum amount must not exceed $7,000.00. However, the statement that you forward is by no means complete, and after carefully reviewing the vouchers we find that the following are in order:-

Labour returns amounting to		$1,017.35
Accounts for material and labour, as follows:-		
Ferguson Cartage	$15.00	
Meikle "	7.00	
Reliance Lumber Company ...	259.00	
Meikle, gravel	94.00	
Hess' Hardware	19.56	
J. E. Chaplin, labour furnace....	107.10	
Balcarres Meat Market	7.87	509.53
Total		$1,526.88

We have also received the following accounts, but they are not sufficiently clear for our

Ottawa, February 16, 1945.

Mr. H. S. Simpson, Indian Agent,
Balcarres, Sask.

In connection with the erection of the new classroom block at the File Hills Residential School, we advanced the Principal an amount of $5,000.00 last summer and the total amount appropriated is $7,000.00.

In spite of several communications, we have been unable to obtain a proper accounting for the advance that was made and, as a consequence, we are unable to make any further payments.

I enclose, for your information, a copy of a letter sent to the Principal yesterday. This letter outlines the situation existing at the present time.

I would appreciate it if you would get in touch with the Principal immediately and assist him in preparing a proper credit voucher for the advance already forwarded and also prepare and forward the accounts for the additional $2,000.00. The funds for the erection of this building were provided in the current year's appropriation, and consequently it is absolutely essential that we have all the accounts in proper form at the earliest possible date, as the end of the current fiscal year is rapidly approaching.

With reference to your letter 306-11A of Feb.16th, pertaining to an Inglis Supreme steel heating boiler built for 15# W.P.

Mr. Dobbin, Principal of the File Hills Residential School has been interviewed as to whether or not this steam boiler is suitable for this school. He advises that providing the boiler has a 60000 cu.ft. of steam capacity, and is in excellent shape as reported, it will meet requirements. He also advises that part of the stone basement wall of the school will have to be removed to install the boiler. It is estimated that the cost of installing it will be about $75.00.

Ottawa, March 2, 1945.

Memorandum:

EXP.

MR. VINCENT.

With reference to your telephone enquiry regarding our requisition of March 1, for a boiler for the File Hills School, the following is a quotation from a report received from the Surveys & Engineering Branch on October 12, 1943, in connection with the heating system of this school:-

"You will observe that the school is now being supplied with steam for heating and laundering, from two low pressure boilers of uncertain age, and that the smaller of these is described as a complete wreck. Mr. Mayhew further states that it is possible the larger boiler may have to be replaced in the near future, but in the absence of any criticism of this unit, it is assumed that satisfactory service can be provided at least for the present by replacing the smaller boiler."

Mr. Mayhew, mentioned above, is the Chief Inspector of Steam Boilers for the Saskatchewan Department of Public Works.

Following receipt of this report, we purchased a second hand boiler at a cost of $600.00. Authority for this purchase was contained in your memorandum of October 15, 1943 - your File No. 15-3 S.

In a letter dated July 17, 1944, Mr. Christianson, former General Superintendent of Indian Agencies, advised us that the larger boiler mentioned in the extract quoted above was badly coated with scale and would have to be replaced. In reply, we asked him to

FILE HILLS RESIDENTIAL SCHOOL

Department of Mines & Resources
Indian Affairs
MAR 24 1945
REGISTERED

Balcarres, Sask.,
Feb., 1945.

Mr. Philip Phelan,
Chief Training Division,
Dept of Mines & Resources,
Ottawa, Ont.

Dear Sir:

I enclose herewith accounts and statements returned to me recently from your office. I have followed the directions in your letter of Feb. 15 as closely as possible and I trust you will now find everything in order, and will have the balance of $2000 forwarded at an early date.

I also enclose a statement showing how the money already sent ($5000) has been expended, also the amount outstanding.

You will note that the accounts yet to be paid exceed $2000 by the sum of $473.48.

I am quite aware that the maximum to be expended was not to exceed $7000 and have endeavoured to keep it within this figure. Two items, namely, the furnace installation, and electric wiring, cost a great deal more than anticipated and I was not aware of this until the work had been completed. When wartime conditions are taken into consideration, it must be admitted that the extent to which the grant was overwpent was not excessive, and an additional sum to cover this overexpenditure should be granted by the Department.

I might add too that the exterior of the building is still unpainted and this will have to be done when weather is suitable in the Spring.

Yours truly,

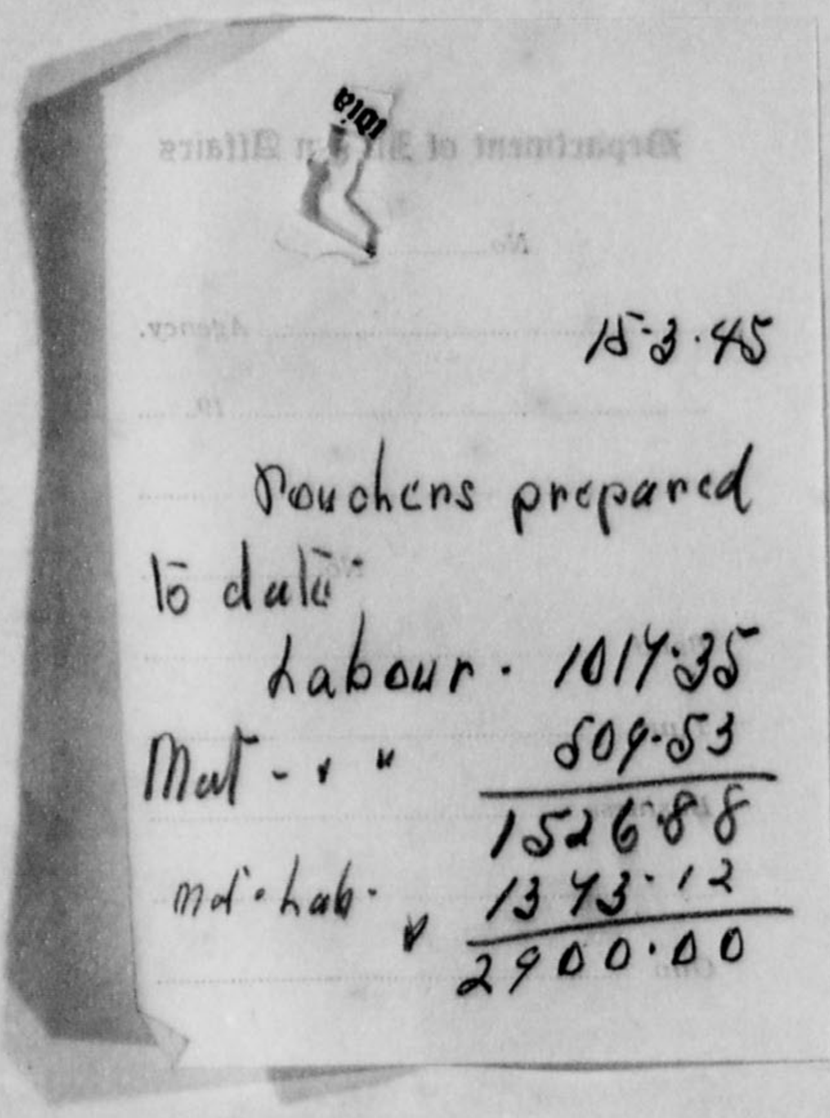

L. L. Dobbin

Ottawa, March 14, 1945.

Dear Sir:

I have your recent letter, enclosing accounts in connection with the erection of the classroom block at the File Hills School.

Arrangements are being made to forward you another accountable advance for $2,000.00. This will enable you to pay the majority of the outstanding accounts. You should expend the $2,000.00, as soon as you receive it, in paying these accounts, and should then forward receipts from the persons to whom payments are made. Please give this matter your immediate attention when the cheque arrives, as we wish you to account for the advance by the end of the current month.

I am returning the account of J. E. Chaplin, which you apparently owe in full.

Yours truly,

Encl.

Philip Phelan,
Chief, Training Division.

Attention Mr. Phelan

Indian Affairs Branch, Department of Mines & Resources, OTTAWA.

Re: Heating Boiler at File Hills School

Regarding the boiler purchased from T. G. Bright (Western) Limited I wish to advise the Regina Cartage and Storage Company are storing it for a period of about two months. This was necessary as there is no storage available at File Hills. Mr. Simpson was communicated with by telephone and he advised that the boiler could not be installed at the present because to do so would interrupt the school work as the heat would have to be turned off. To install this boiler in the school a section of the cement wall will have to be knocked out. It is therefore considered adviseable to store the boiler here and when weather conditions are such that the boilers can be turned off in the school then when everything is ready the new boiler can be trucked to Balcarres by the Maier Transport Company who have the equipment to place it in its permanent position.

The Regina Cartage and Storage Company moved the boiler to their storage facilities and there will be a cost in connection with this work. We are endeavouring to obtain their invoice so that payment may be made out of this year's Appropriation. I am given to understand that their storage charges will be $2.00 a month. There will also be a charge for pulling down the stack and this work was done by the Maier Transport Company. We will endeavour to obtain their invoices and forward same to your office for payment out of this year's Appropriation.

J. E. Morris,
Acting Inspector of Indian Agencies.

MEMORANDUM FOF FILE

On August 8, 1944, a letter was written to Mr. S. H. Simpson, Indian Agent, File Hills Agency, authorizing the construction of a dug-out.

In a letter dated March 24, 1945, on File 21-111, Mr. Morris advised that Mr. Simpson was unable to have this dug-out constructed last year, as the machinery was not available. Mr. Simpson requests renewal of the authority for the expenditure of $125.00 for the construction of the dug-out at the File Hills School.

Ottawa, April 21, 1945.

Dear Sir:

With reference to your letter of the 24th ultimo, in connection with the water supply at the File Hills Residential School, the Department understands that you were unable to arrange for the construction of the dugout authorized in official letter of August 8, 1944. Under the circumstances, the Department renews the authority to expend $125.00 for this work whenever you can have it done during the current summer.

Philip Phelan,
Chief, Training Division.

DEPARTMENT OF MINES AND RESOURCES
INDIAN AFFAIRS BRANCH

APR 27 1945
REGISTERED

PLEASE QUOTE FILE 43-S.1.A.

File Hills,
Balcarres, Sask.
April 24. 1945.

Indian Affairs Branch, Department of Mines and Resources, Ottawa

With reference to Department telegram from Mr. Phelan of even date asking for a desccription of the new class room building, File Hills Residential School, I beg to enclose herewith the following plans under which this building was constructed.

1. Blue print of basement plan.
2. " " " front elevation.
3. " " " half section and side view.

Also enclosed is a rough sketch showing the main floor divided into two rooms. There is a beaver board partition 7' 8" high by 24' long, divided into three panels 8' wide which can be removed, thereby making the two classrooms into one. This beaver board panel is not sound proof.

The basement walls are constructed of cement and gravel in accordance with the attached plan. Two fuel bins have been constructed on the west side of the basement against the walls thereof, by constructing one end wall 6" thick by 8' 6" high by 14' long, and one side wall 6" thick by 8' 6" high by 24' long, divided in two by an (6) 8" cement wall. A standard door way leads from the basement floor into each bin.

The classroom floor is constructed of 1 layer of shiplap,1 ply of building paper and one layer of edge grain flooring. The outside walls have one layer of shiplap and 2 ply of building paper covered with cedar lap siding . The inside of walls have one layer of shiplap, covered with wall board and plaster finish. The walls and ceilings are insulated with shavings. The roof is constructed of one layer of shiplap, one ply tar paper and cedar shingles.

This building has electric lights installed and is heated by a hot air coal furnace.

The following work has yet to be completed.

Two thirds of basement cement floor to be constructed, one quarter of the roof on the east side, four walls and both gable ends to be painted outside. Materials for this work are on hand at the school.

Please kindly return the three blue prints which were loaned to me by the North American Lumber Co. at Balcarres.

S.H.Simpson,

Indian Agent.

SASKATCHEWAN INSPECTORATE
APR 24 1945
REGINA, SASK.

Mr. J.P.B.Ostrander,
Acting Inspector of Indian Agencies,
Regina, Sask.

Dear Sir:

Would you kindly draw the attention of the Department to the following urgent matters pertaining to our School, with a view to having action taken in regard to them.

For a considerable number of years past, the water for laundry and other purposes has been heated in a tank placed in a horizontal position above and to one side of the boilers. Inside this tank is a copper coil through live steam from the boiler is forced, thus heating the water in the tank. This was quite satisfactory in winter, but during the summer months it was necessary to keep a fire in one of the boilers continually in order to have sufficient hot water available. More fuel was consumed than necessary, and the building was kept too warm. At the present time the tank is leaking in several places and will have to be replaced very soon. We would suggest that it be replaced with a jacket heater of sufficient capacity for our needs. We believe that it would be more economical and efficient than the present arrangement.

The other matter for consideration is the painting of the new classroom building. The funds provided by the Department for its construction were not sufficient to cover exterior painting, and in order to prevent deterioration of the siding this should be done at once. The dimensions of the building are 40'x52' with a 12' side wall.

Your early attention th these matters will be appreciated.

Yours very truly,

L. L. Dobbin
Principal.

Indian Affairs. (RG 10, Volume 6308, file 653-5, part 7)

OF THE
XXXXXXXXXX
Inspector of Indian Agencies.

CANADA
DEPARTMENT
OF
MINES AND RESOURCES
INDIAN AFFAIRS BRANCH

PLEASE QUOTE
FILE #306-11A

APR 30 1945
REGISTERED

Regina, April 26th, 1945.

Indian Affairs Branch, Department of Mines & Resources, OTTAWA.

When visiting at the File Hills Residential School last week my attention was directed to the condition of the tank used for heating the water for washing purposes. This tank was leaking in two places and temporarily patched. I expect that at a very early date it will go to pieces entirely. I asked Mr. Dobbin, the Principal, to write me regarding this and I am enclosing his letter.

You will note that he requests a jacket heater instead of replacing the hot water tank. It is very uneconomical to make a large fire in one of the boilers in order to heat water for washing purposes in the summer, and that is what is required with the present arrangement. The wisdom in substituting a jacket heater is obvious.

Mention is made in Mr. Dobbin's letter of the need for painting the new classroom building. I understand that the funds allowed for the erection of the building did not allow sufficient for painting. In Mr. Dobbin's letter he does not mention the cost of this but he informed me in conversation that he had received an estimate of $75.00 for material and labour for a two-coat job. I doubt that this is sufficient and I find that most of the estimates given Mr. Dobbin by local experts have been far too low. I instructed Mr. Dobbin to make provision in his next Estimates for these two matters but I am bringing them to your attention now because I am afraid that at any time a replacement of the water heating plant will be urgently needed.

Mr. Dobbin showed me some accounts which he had just received for a rather large expenditure in connection with repairs to the water works and sewage at the school, and showed me where the repairs had been made. No authority for the expenditure had been received from the Department and I believe no request was made for authority by the school but the work was done when urgently needed.

I explained to Mr. Dobbin the need for anticipating repair expenditure. For instance it is very obvious that in view of the fact that many of the pipes

are now so badly corroded that.....

www.collectionscanada.gc.ca

are now so badly corroded that they are nearly completely filled, and others are so badly rusted that they are starting to leak, a rather large expenditure in this connection will be necessary very soon, and I instructed him to place all these matters in the next Estimates, after having had quotations giving an estimate of the probable cost. From my own observations I feel that a great deal of trouble is coming at a not far distant date in connection with the sewage system at this school and it may be necessary to do considerable replacement of pipes.

J.P.B. Ostrander,
Acting Inspector of Indian Agencies.

Ottawa, May 5, 1945.

Mr. J.P.B. Ostrander,
Acting Inspector of Indian Agencies,
414 Federal Building, Regina, Sask.

With reference to your letter of the 26th ultimo, regarding the File Hills Residential School, please let me have more definite information regarding the type of jacket heater which you consider is required at the File Hills School. The catalogue number of some reputable firm should be given, if possible.

I note, in the third paragraph of your letter, that you are not satisfied with the quotation received by Mr. Dobbin for painting the new classroom building. Please make further enquiries, with a view to securing a definite quotation for the material and labour.

I note from the last paragraph of your letter that you anticipate it will be necessary to expend a considerable amount in repairing the sewage system at this school. It is noted that a request for this expenditure will be included in the estimates for the fiscal year 1946-47.

Philip Phelan,
Chief, Training Division.

Regina, May 1st, 1945.

Indian Affairs Branch, Department of Mines & Resources, OTTAWA.

For your further information and as a follow-up to our letter of April 26th, File No. 306-11A, concerning the hot water tank at the File Hills Residential School, I wish to inform you that we have a letter from Mr. Dobbin, the Principal.

Mr. Dobbin notes that the engineer has been finding it particularly difficult to keep the water hot enough in spite of the fact that continual stoking of the furnace was necessary, in other words he says that the system is losing its efficiency at such a rate that something will have to be done very soon. This has been particularly developing in the last few days.

71-S.1.A.

File Hills,
Balcarres, Sask.
May. 12. 1945.

J.P.B.Ostrander Esq.,
Inspector of Indian Agencies, Regina, Sask.

With reference to your letter #306-11A of May 9th., pertaining to a jacket heater for the File Hills Residential School, I beg to report as follows;-

The hot water tank at the school is leaking badly. It is also badly corroded and cannot be repaired to make it serviceable for the purpose for which it is required. The hot water supply for the school is procured through the furnace heating coils placed within this tank. These coils are also badly corroded. Apart from that this system of heating water is not suitable or satisfactory, as when a supply of hot water is required a furnace fire has to be put on. This results in heating the whole of the school building. It is also an expensive method of procuring hot water during the months that the building does not require to be heated.

Form 37 in triplicate is attached hereto listing the equipment essential to provide sufficient hot water for the requirements of this school. Prices stated were quoted by J.E.Chaplin, Hardware Merchant, Balcarres, Sask. Cost of labour installing equipment is to be taken care of by the school.

April 26th 1945.

SASKATCHEWAN INSPECTORATE
MAY 21 1945
REGINA, SASK.

Mr. S.H.Simpson,
Indian Agent,
File Hills Agency,
Balcarres, Sask.

Dear Mr. Simpson:

I enclose herewith 4 invoices (in triplicate) as follows:

1. Dated Jan. 29th 1945 - J.E.Chaplin- 23.55
2. Dated Feb. 2nd 1945 - J.E.Chaplin-104.84
3. Dated Mar. 22nd 1945.- J.H.Ashdown Hardware Co. $33.55
4. Dated Mar. 26th 1945 - J.E.Chaplin - 55.25

Each of the above are for emergency material or labor for repairs to the Sewage Disposal and Water Systems at the School.

Invoice No. 1 - This expenditure was incurred after the drain from the kitchen sink refused to function. Every effort was made to clear the drain, without any success, and it was decided to abandon the old drain, which ran underneath the cement floor, and install another above the floor. It was necessary to do this at once.

Invoice No. 2. - This expenditure was for replacement and installation of a new pressure tank for drinking water, the old one having sprung a-leak in a number of places through rusting. The walls and bottom of the tank had become so thin that it was useless to try to repair it. A new one had to be purchased at once in order to provide drinking water for the pupils.

Invoice No. 3. - This was for the purchase of a new rotary pump. The main sewer which leads to the disposal tank became clogged, resisting all afforts to dislodge the obstruction. The trouble occurred between the second and third manholes and caused the sewage to back up into the basement of the School. The only possible way to relieve this condition was to pump the sewage from the second manhole and convey it through a pipe above ground and allow it to empty into the third manhole. This necessitated the purchase of a new pump, and like the previous situations, had to be remedied immediately.

Invoice No. 4. - This was for the purchase of new pipe and rods for the deep well from which we obtain practically our entire water supply for the School during the winter months. It became necessary to make some repairs to the cylinder of the pump and to do this the pipes and rods had to be raised to the surface. On close examination it was discovered that many of the pipes were perforated with holes due to rust. The rods were also in a very bad state due to the same cause and it would have been very unwise to continue to use them. It therefore became imperative that we purchase new pipes and rods throughout.

Would you kindly bring these matters to the attention of the Department, with a view to having the expenditures met from

MAY 25 1945
REGISTERED

Regina, May 22nd, 1945.

Indian Affairs Branch, Department of Mines & Resources, OTTAWA.

I am enclosing herewith Voucher No. 23 for $183.64 in favour of J.E. Chaplin of Balcarres, and Voucher No. 24 for $33.55 in favour of the J.H. Ashdown Hardware Company Limited, Regina, for necessary repairs at the File Hills Indian Residential School. Also enclosed is a letter from Mr. L.L. Dobbin, Principal of the school, which outlines the need for the repairs in question.

When I visited this school on the 19th ultimo I inspected the repairs referred to and have no hesitation in saying that they were badly needed.

Some reference was made to this matter in my letter of the 26th ultimo reporting on my visit to that school, and while I realize that large expenditures of this kind should be anticipated wherever possible, and so instructed Mr. Dobbin, I would recommend that the vouchers enclosed be paid.

Our order No.
947

Department of Mines & Resources
OTTAWA.
JUN 5 1945
PURCHASING OFFICE.

Dear Sir:

I enclose herewith 4 copies each of 14 invoices issued by The Northern Electric Co. of Ottawa for goods supplied to our School. With the exception of one item, namely, 100' 18/2 C Lamp Cord all articles have been received. Several articles were not shipped as ordered, but the Northern Electric Co. has agreed to exchange same for the proper material.

Yours very truly,

Department of Mines & Resources
Indian Affairs Branch
JUN 6 1945
REGISTERED

L. L. Dobbin

Principal.

P.S.
The following articles on the purchase order have not been received, nor has invoice been received for same:

50 ft. Type S rubber cord 16/2
50 ft. #8 R.C.S.B. black or red wire
10 only porcelain sign receptacles with pull chain.

Ottawa, May 30, 1945.

Memorandum:

EX'D. A.

DEPARTMENTAL PURCHASING AGENT.

I attach account amounting to $183.64, covering the cost of emergency purchases and repairs at the File Hills Indian Residential School. The Principal supplies the following information with reference to these expenditures:-

"Each of the above are for emergency material or labour for repairs to the sewage disposal and water system at the school.

"Invoice No. 1 - This expenditure was incurred after the drain from the kitchen sink refused to function. Every effort was made to clear the drain, without any success, and it was decided to abandon the old drain, which ran underneath the cement floor, and install another above the floor. It was necessary to do this at once.

"Invoice No. 2 - This expenditure was for replacement and installation of a new pressure tank for drinking water, the old one having sprung a leak in a number of places through rusting. The walls and bottom of the tank had become so thin that it was useless to try to repair it. A new one had to be purchased at once, in order to provide drinking water for the pupils.

"Invoice No. 3 - This was for the purchase of a new rotary pump. The main sewer which leads to the disposal tank became clogged, resisting all efforts to dislodge the obstruction. The trouble occurred

p.t.o.

between the second and third manholes and caused the sewage to back up into the basement of the school. The only possible way to relieve this condition was to pump the sewage from the second manhole and convey it through a pipe above ground and allow it to empty into the third manhole. This necessitated the purchase of a new pump and, like the previous situation, had to be remedied immediately."

It would be appreciated if you would issue purchase order so that the account may be paid.

The coding is as follows: 76 - 653 - 10-691.

INSPECTOR OF INDIAN AGENCIES

CANADA

DEPARTMENT
OF
MINES AND RESOURCES

INDIAN AFFAIRS BRANCH

File #306-11A

Department of Mines & Resources
Indian Affairs Branch
JUN 21 1945
REGISTERED

Regina, June 18th, 1945.

Indian Affairs Branch, Department of Mines & Resources, OTTAWA.

I am enclosing requisition for materials and labour for the painting of the Department buildings at the File Hills Residential School. It will be noted that also included in this requisition is material and labour for repairing the porch floor of the main school building.

As the total of this requisition if $1299.00 and funds will not be available for the carrying out of a very large proportion of the Department's program for this year until after next August, I would suggest that authority be given at the present time for material and labour for the painting of the new classroom building. An estimated cost of this, according to the requisition, is $170.20.

All the File Hills Indian Residential School buildings are badly in need of paint but there will be no great change in the woodwork of these buildings in the next few months whether painted or not. I am anxious, however, to see the new classroom building painted as soon as possible to avoid deterioration in the lumber.

J.P.B. Ostrander,
Inspector of Indian Agencies.

Dear Mr. Hoey: Re: File Hills School

You will remember that a year ago you authorized the expenditure of $7,000 to rebuild the School at File Hills. I am advised by Mr. Dobbin that he has actually expended $7,473.49. I wonder whether it would be possible for the Department to increase the grant to that extent. My personal opinion is that an increase of $470.00 over the estimate, in view of the fact that prices have been very unstable, is not a bad record. The largest amount of the increase is in the furnace. Mr. Dobbin was not able to purchase the type of furnace he had hoped to get. Because of wartime restrictions, he had to purchase what he could get. That made it more expensive.

We shall be glad if you will give the matter consideration.

Yours sincerely,

GD.MLT

File Hills,
Balcarres, Sask.
July. 3. 1945.

J.P.B.Ostrander Esq.,
Inspector of Indian Agencies, Regina, Sask.

With reference to your letter 306-11A, of June 5th. last pertaining to repairs for the Globe Washing Machine, made by the Canadian Laundry Machinery Co. and in use at the File Hills Residential School, I beg to advise as follows;-

On June 6th, the Principal of the school was requested for a list of the worn parts of this machine that required replacing. It was received on June 20th. and on that day I wrote to the Stanley Brock Ltd. Winnipeg, requesting a quotation on the repair parts required. The price quoted on the attached Form 37 A was taken from Messrs Stanley Brock Limited letter dated June 27th. and received today.

S.H.Simpson,

Indian Agent.

Ottawa, August 7, 1945.

MEMO: Superintendent of Welfare and Tfaining
Attention Mr.Phelan

I wish to call your attention to the following paid vouchers,-

Vr. No. 87, May 17, 1945 $6.00
National Cartage & Storage Co.
Paid May 31, 1945 Cheque No. 60267

Vr. No. 103, June 22, 1945 $3.00
National Cartage & Storage Co.
Paid June 30, 1945 Cheque No. 99527

Vr. No. 119, July 13, 1945 $3.00
National Cartage & Storage Co.
Paid July 30, 1945 Cheque No. 35407

You will note that the invoices attached to each of these vouchers are in favor of The Regina Cartage and Storage Company, Limited. The National Cartage and Storage (Regina) Limited under date of Aug.3, 1945 returned the last two cheques, stating that they have no boiler in storage. The first noted cheque for $6.00 was negotiated, the paid cheque bears a rubber stamp endorsement - for deposit only, to the credit of National Cartage,--Bank of Montreal, Victoria and Albert Branch, Regina, June 28, 1945.

I should be pleased if you would take this matter up with Inspector of Indian Agencies, Mr.Ostrander. In the meantime we are holding the two cheques which were returned by the National Cartage and Storage Limited. It is possible that all three payments were due the Regina Cartage and Storage Co.Ltd.. If so, a refund of the $6.00 payment made to the National Cartage and Storage Co. will be necessary.

H.M. McLachlan

Chief Treasury Officer.

Ottawa, August 8, 1945.

Mr. J.P.B. Ostrander, Inspector of Indian Agencies,
414 Federal Building, Regina, Sask.

I wish to call your attention to the following paid vouchers:-

Vr. No. 87, May 17, 1945 $6.00
National Cartage & Storage Co.
Paid May 31, 1945, Cheque No. 60267.

Vr. No. 103, June 22, 1945, $3.00
National Cartage & Storage Co.
Paid June 30, 1945, Cheque No. 99527.

Vr. No. 119, July 13, 1945, $3.00
National Cartage & Storage Co.
Paid July 30, 1945, Cheque No. 35407.

On reviewing these vouchers, it is found that the invoices attached to each of them are in favour of The Regina Cartage and Storage Company, Limited, although the vouchers themselves were issued in favour of the National Cartage and Storage (Regina) Limited. Under date of August 3, 1945, the last named company returned cheques Nos. 99527 and 35407, stating that they have no boiler in storage.

The first-noted cheque, namely, No. 60267, was negotiated and bears the following rubber stamp endorsement: "For deposit only, to the credit of National Cartage, Bank of Montreal, Victoria and Albert Branch, Regina, June 28, 1945."

We are holding the two cheques which have

EX'D.
A

Indian Affairs Branch, Department of Mines & Resources, OTTAWA.

We are attaching our Voucher No. 138 for $3.00 in favour of the Regina Cartage and Storage Company Limited.

This is for storage of the boiler for the File Hills Indian Residential School. This boiler was removed from storage to the school on July 14th and in speaking to the Cartage people they feel that no matter when the boiler was taken from storage we would have to pay the full month's storage.

We are not acquainted with the regulations in this regard and are submitting our voucher for your action.

Held for letter Aug 15/45

Re: Yours No. 111-1-5
Attention of Mr. Phelan.

With reference to your letter of the 8th instant regarding our vouchers No. 87, 103, and 119 in favour of the National Cartage and Storage Company we regret the error.

Regarding the first one in the amount of $6.00 we were in contact with the National Cartage and they are forwarding us a cheque in favour of the Regina Cartage and Storage Company. Respecting the two cheques that were returned to you covering the last two vouchers of $3.00 each these should have been issued in favour of the Regina Cartage and Storage Company with whom the furnace was stored.

Will you kindly have cheques issued to the Regina Cartage and Storage Company Limited, Regina, Saskatchewan. Again I wish to say that we very much regret that this error was made and not corrected at the time of mailing the voucher to you.

J.P.B. Ostrander,
Inspector of Indian Agencies.

No. 257-S.I.A.

File Hills,
Balcarres, Sask.
Sept. 5, 1945.

J.P.B. Ostrander, Esq.,
Inspector of Indian Agencies, Regina, Sask.

EX'D
A

With reference to your letter #306-11A enclosing the original and duplicate copy of unnumbered voucher for $262.41 in favour of J.E. Chaplin pertaining to the installation of a boiler and jacket heater at the File Hills Indian Residential School.

Mr. Chaplin advises that the reason the cost in installing the boiler appears to be high is due to having to dismantle and remove the old boiler, breaking up and removing the cement foundation thereunder, and constructing a new cement foundation for the new boiler which had to be replastered and insulated, as the old plaster and insulation had been broken off, probably in transit from Regina by truck. This work had to be done in addition to connecting the new boiler to the pipe system already installed. He claims that the hours employed in installing the heater and connecting the tank are normal.

Further detail has been given on the two receipts, amounting to $54.00 and $15.00 respectively. Mr. Dobbin, Principal of the School, has certified as to the receipt of goods, and labour listed on the invoices submitted by Mr. Chaplin.

The voucher made out by this office is not numbered as it is not entered in our office voucher record, due to authority of the purchase of the new boiler and jacket heater, and the labour in connection being arranged by Ottawa through your office, which would want to voucher and record the accounts pertaining thereto.

Enclosed herewith are the documents referred to herein.

Sgd. S.H. Simpson,

Indian Agent.

File 263-S.I.A.

File Hills,
Balcarres, Sask.
Sept. 14, 1945.

J.P.B. Ostrander, Esq.,
Inspector of Indian Agencies, Regina, Sask.

With reference to your letter 306-11A of Sept. 10th, pertaining to the prices quoted on screen doors and window blinds listed on Form 37 of Aug. 24th, I beg to advise that the prices listed thereon are estimated.

The North American Lumber Co. at Balcarres, have more orders for screen doors and windows than they can fill and do not care to quote a price thereon as they are not in a position to fill our requirements if an order was placed with them.

Mr. Dobbin, Principal of the school, stated that he understood venetian blinds were being supplied for classrooms, as they have been found more suitable for classroom work, and outlast the common cloth type. The price stated on the requisition form is an estimate of the cost of the venetian type. At the time the requisition was submitted Mr. Chaplin, local hardware merchant, was absent in Winnipeg, and his price on venetian blinds could not be procured.

It is recommended that the screens and blinds be procured in Regina or some large centre, as delivery from local source is uncertain at present, and the local cost would undoubtedly be much higher.

Sgd. S.H. Simpson,

Indian Agent.

Regina, September 19th, 1945.

Indian Affairs Branch, Department of Mines & Resources, OTTAWA.

I wish to acknowledge receipt of Department letter No. 111-1-5 of the 5th of September with reference to requisition for screen doors and window blinds for the File Hills Indian Residential School.

Regarding the name and address of the firm from whom the prices were quoted I am attaching herewith copy of a letter received from Agent Simpson which is self-explanatory.

I might mention I have circularized all Indian Agents in this province impressing upon them the necessity of supplying the names of all firms tendering estimate prices in future.

for J.P.B. Ostrander,
Inspector of Indian Agencies.

INDIAN AFFAIRS BRANCH

File #306-4A

Regina, October 16th, 1945.

Department of Mines & Resources
Indian Affairs Branch
OCT 19 1945
REGISTERED

Indian Affairs Branch, Department of Mines & Resources, OTTAWA.

A letter was forwarded to the Department from this office on January 12th, 1945, file No. 306-4A, enclosing a report of an electrical inspection by provincial authorities of the electric wiring at the File Hills Indian Residential School and the File Hills Agency.

I have not a copy of this inspection report but apparently a considerable quantity of equipment was condemned.

There has been some correspondence between this office and the Department in connection with the whole question of the lighting plant at the File Hills Residential School and the File Hills Agency but nothing has been done.

The Provincial Government authorities are now requesting a report on the progress in connection with the bringing of the electrical installations at that point up to standard.

If no action is to be taken in connection with a complete change of the lighting plant at the File Hills Agency at the present time would it be in order to make an effort to secure the necessary wire and insulators to meet the requirements of the provincial authorities at an early date?

J.P.B. Ostrander,
Inspector of Indian Agencies.

111-1-5

File #306-11A

Department of Mines & Resources
Indian Affairs Branch
OCT 19 1945
REGISTERED

Regina, October 16th, 1945.

Indian Affairs Branch, Department of Mines & Resources, **OTTAWA.**

With reference to Department letter of June 28th, 1944, No. 111-1-5, advising that a requisition was being forwarded to the Departmental Purchasing Agent for material for a pig pen at the File Hills Indian Residential School, amounting to $473.85, the Principal of the School is now asking for authority to submit a voucher in connection with the cost of the labour in constructing this building, no authority for the labour having been given him at the time.

The Principal, Mr. Dobbin, states that the cost of the labour was $233.25 and because of lack of funds he has been unable to pay the whole of this and still owes $178.50 thereon. He states further that when he received authority for the expenditure of $7,000.00 last year for the construction of the new classroom building he had to use $538.94 of the funds of the school, being the difference between the amount allowed and the total cost.

In view of the heavy expenditure from school funds in order to complete these buildings Mr. Dobbin is now asking for authority to submit a voucher for $178.50 to pay the amount still owing in connection with the labour of constructing the pig pen. I would be glad to have authority granted for this and would ask that Mr. Simpson, the Indian Agent, be so advised at an early date.

J.P.B. Ostrander,
Inspector of Indian Agencies.

Ottawa, October 20, 1945.

Mr. J.P.B. Ostrander, Inspector of Indian Agencies,
414 Federal Building, Regina, Sask.

I have your letter of the 16th instant, with reference to an electrical inspection for the File Hills School and Agency. The letter of January 12, 1945, to which you refer, was received and I enclose a copy of the inspection report which was submitted. At the same time we received a list of parts that are required to put the lighting system in proper repair. We placed an order with the Northern Electric Company for these parts and in June, 1945, we received an account, signed by the Principal, showing that the articles on the purchase order had been delivered to the school, with the exception of 50 feet of rubber cord, 50 feet of black wire and 10 porcelain sign receptacles.

In the letter dated January 18, 1945, we authorized Mr. Christianson to expend an amount of $100.00 for labour in connection with the electric wiring at the File Hills School.

Encl.

Philip Phelan,
Chief, Training Division.

Gentlemen:

The following invoices are still open in your account according to our books:

Date	Our No.	Your No.	Amt.	Destination
May 29/45	#26099	947	$5.65	Balcarres, Sask. — Paid by ck. 3784 Dec 13/45
June 26/45	#26099	947	1.41	Balcarres, Sask. — Paid by ck 3785 Dec 13/45

Several weeks ago a representative of your branch was in our office about these invoices and we gave him all information we had in our file.

We are wondering if since then the invoices have been cleared so that they may be put in line for payment.

If any additional information is required concerning them will you kindly advise and we shall be pleased to furnish whatever information we can from the file.

Yours very truly,

DISTRICT CREDIT MANAGER.

Education

There are no day schools in this Agency as the children attend the Qu'Appelle Residential school at Lebret and the File Hills Residential School near Agency Headquarters. Both these schools are filled to capacity. All children coming of age this year were admitted into either of these schools. Two ex-pupils of the File Hills School are attending Brandon Residential School for advanced education.

The construction of a dug out has been completed at the File Hills School to supplement the inadequate water supply there.

Re- Your office letters No.306-11A of Aug.11/44,
and 306-4A of April 21st. 1945.
Dugout for File Hills Residential School.

No E.R.certificate has been received by this office in connection with the enclosed voucher No.198 - $125.00.

As the dugout machinery completed the dugout at Agency Headquarters on Oct. 15th, I had the one at the school done, as the water situation there is not good, and it was questionable that a machine could be procured before 1947 due to the work it had contracted to do in 1945 and 1946.

INDIAN AFFAIRS BRANCH

File #114-306-4A

Department of Mines & Resources
Indian Affairs Branch.
FEB 1 1946
REGISTERED

Regina, January 28th, 1946

Indian Affairs Branch, Department of Mines & Resources, OTTAWA.

I am enclosing herewith voucher No. 198 in favour of the Rural Municipality of Tullymet, No. 216, Balcarres, in the amount of $125.00, for the construction of a dug-out at the File Hills Indian Residential School. Also enclosed is copy of a letter received from Mr. S.H. Simpson, the Indian Agent, explaining the reason for proceeding with this work before authority had been actually received.

I may say in this connection that my letter of April 21st, 1945, to which Mr. Simpson refers, was to advise Mr. Simpson of the contents of Department letter of April 16th, 1945, No. 21-111, by which I was given authority to proceed with the construction of the dug-out at the Agency, and advising him that he should expect authority for the dug-out at the school in another letter.

I received no further instructions from the Department with regard to the school dug-out and Mr. Simpson did not again bring the matter to my attention.

The dug-out at the school is badly needed and it's cost was considerably reduced by the fact that the machinery was close to the school making the Indian Agency dug-out. I would therefore recommend that the voucher be paid.

J.P.B. Ostrander,
Inspector of Indian Agencies.

Dear Sir:

File: 111-1-5

We have received your letter of February 4th in regard to the purchase of L. L. Dobbin, Principal, File Hills Indian Residential School, Balcarres, Sask under order no. 5681 for 14 shades.

Would you please advise us as to what date this purchase was made and what date it was invoiced to you; also the amount of the purchase and whether it was bought through the mail order department.

Thank you.

Yours very truly,

The T. EATON Co. Limited, CANADA.

Re: Purchase Order No. 5769.

The above Purchase Order was issued on November 9th, 1945, to Regina Sash and Door Manufacturing Company Limited, Regina, for fourteen screen windows and two screen doors for the File Hills Residential School. A copy of this Purchase Order was sent to you and you returned it stating that the windows and doors had been received. However, we have not yet received the account and we will have to have this before we can the account. Please certify the account and forward to this office for payment. If you have mislaid it kindly secure another from the Company and certify and forward it.

Your immediate attention would be appreciated.

File Hills Agency.
Balcarres, Sask.
June 26, 1946.

J.P.B.Ostrander, Esqr., Inspector of Indian Agencies, Regina,

Re; Sheet #76691 and 76693 Estimates, 1946-47.
Schools. Repairs, Buildings & Works.$1130.00

Attached hereto is Form #37 with an extra copy for your office, listing the materials and cost of labour required to paint the various buildings listed thereon.

It will be noticed that the flooring for the main school building and wall paint for the Hog house included in the current estimates have been omitted from the attached lists. It is impossible to procure flooring. The walls of the Hog house were painted last year by the school.

All these buildings are very badly in need of outside painting. It is recommended that this work be done this year if at all possible in order to save them from further deterioration and additional expense in repair work.

The price of materials and cost of labour has been quoted be J.E.Chaplin, Hardware Merchant, Balcarres, Sask.,

S.H.Simpson,
Indian Agent.

INDIAN AFFAIRS BRANCH

File #1069-306-11A

Regina, July 3rd, 1946.

Indian Affairs Branch, Department of Mines & Resources, OTTAWA.

I am enclosing herewith requisition and letter of Indian Agent Simpson from the File Hills Agency in connection with material and labour for exterior painting of the Department buildings at the File Hills Indian Residential School.

The buildings in question are all very badly in need of paint and I would recommend that authority be granted for the expenditure if funds are now available.

H. J. Scott Jr.

J.P.B. Ostrander,
Inspector of Indian Agencies.

414 Federal Building, Regina, Saskatchewan.

EX'D.

I have your letter (No. 1069-306-11A) of the 3rd instant, with reference to painting at the File Hills Indian Residential School.

The Department approves the acceptance of the tender of $256.00 for material and labour for painting the main building.

If we supplied the paint required for the other buildings, would it not be possible to have these buildings painted in the Fall, by the larger boys?

Bernard F. Neary,
Supt. of Welfare & Training.

111-1-5

File [illegible] 306-11A

Department of Mines & Resources
Indian Affairs Branch
JUL 27 1946
REGISTERED

Regina, July 24th, 1946.

Indian Affairs Branch, Department of Mines & Resources, OTTAWA.

With reference to Department letter of the 15th instant, No. 111-1-5 W T 1, in connection with painting of the buildings of the File Hills Indian Residential School.

Regarding the third paragraph of your letter the building is very high and we would have to purchase special equipment for the painting.

While I am certainly in favour of having the larger boys perform duties which would mean something to them in their training I do not know that I would recommend work of this kind. The scaffolding will be high and even if it is well constructed it would not be constructed entirely safe against the possibility of the boys doing some thoughtless act which might result in a serious fall or injury in some other manner. There is so much criticism by the Indians whenever their boys are asked to perform useful work about the school that I think it is wise to confine their work to work which is at least quite safe.

We have always avoided having the Indian boys perform any work which might be dangerous and I would recommend that this policy be continued at least during the period in the immediate future and while the question of the management of Indian residential schools is being considered by the Parliamentary Committee.

I would be in favour of having the boys perform some of the labour of painting where they can stand on the ground or not very high on scaffolding but there are many buildings at the File Hills Residential School which are quite high, requiring a considerable amount of scaffolding.

Please instruct me further in this connection.

EX'D.

Mr. J.P.B. Ostrander, Inspector of Indian Agencies,
Regina, Saskatchewan.

I have your letter of the 24th instant, with reference to painting buildings at the File Hills Indian Residential School.

The Department agrees with you that the Indian boys should not be requested to do work where there is any danger of serious injury.

In official letter of July 15th, we authorized the expenditure of $256.00 for material and labour for painting the main building. You may authorize an additional $250.00 and the Agent and Principal can decide the buildings that can be painted this year with the amount authorized.

File #1279-306-11A

Regina, August 6th, 1946.

Indian Affairs Branch, Department of Mines & Resources, OTTAWA.

With reference to Department letter of the 1st instant, File No. 111-1-5 (W.T.1), the requisition refers to a total of $583.50 for material and labour for painting the main building, made up of $327.50 for material and $256.00 for labour.

Please advise me whether it is intended to authorize the whole amount at $583.50 for the main building plus $250.00 to be distributed over other necessary exterior painting.

File Hills Agency.
Balcarres. Sask.
July 29th. 1946

J.P.B.Ostrander Esq. Inspector of Indian Agencies, Regina. Sask

Attached hereto is Form 37 listing materials and labour required to install wash basins for use of the pupils at the File Hills Residential School.

All wash basins for use of the pupils are located in the sleeping dormitories on the top floor of the building. Before meals and at other times during the day when use has to be made of these basins, the children have to climb one or two flights of stairs accompanied by their supervisor. It is not always possible for the supervisor to accompany them and at such times the children make play rooms of the dormitories, with consequent damage to furniture, bedding etc.In order that the dormitories may ne kept closed during the day, and to avoid unnecessary tramping of dirt along corridors , up two flights of stairs and throughout the dormitories it is recommended that seven of the fourteen basins now in each of the dormitories be removed and installed downstairs.

Form 27 is enclosed herewith pertaining to the following necessary items.

1. The main stringers which support the large main entrance steps to the main school building have rotted and at present are support - ed by being patched up with pieces of 2" x 6" plank,which is considered very unsafe. The flooring of the veranda ofthe main building is badly worn and is not safe in places.

2. The room occupied by the boy's supervisor is located in a dark corner of the dormitory where the ventilation and lighting is extremely poor. The staff members of the school object strongly to this condition and at times have refused to occupy the room. It is essential that a staff member sleep in a room off the boy's dormitory. A suitable room could be arranged by moving the partition of the present room to an outside wall where the ventilation and lighting is good.

3. When the new class room building was constructed the plans thereof did not provide for a porch over the main entrance door. This door opens outward and it is not possible to make use of a storm door. During cold weather the door becomes badly frosted over, and the consequent swelling of the wood, due to moisture from the frost, prevents proper closing of the door. On windy days it is blown open and has been blown off its hinges twice. It is essential that a porch be constructed.

4. The outside toilet cans are rusted through and require The local Hardware Merchant claims he is unable to procure the galvanized iron required for this purpose. It is thought that possibly this could be done through the priority rights of the Department to materials of this type. If so, it is requested that the material listed on the enclosed Form 37 be shipped as directed thereon.

Yours very truly.

File #1280-306-11A

Regina, August 6th, 1946.

Indian Affairs Branch, Department of Mines & Resources, OTTAWA.

I am enclosing herewith covering letter from Indian Agent S.H. Simpson and requisitions in connection with needed changes at the File Hills Indian Residential for the purpose of changing the location of the wash basins, repairing the front steps, repairing the verandah floor, moving the Boys' Supervisor's room, and material for toilet cans for outside toilets, also the construction of a porch entrance for the new classroom.

Indian Agent Simpson's letter explains the need of these changes and I would recommend that authority be granted for the expenditure.

EX'D.

With reference to Department Letter No. 111-1-5 (WT1). dated August 13th authorizing an amount of $250.00 to be spent for exterior painting of the File Hills School buildings Indian Agent Simpson stated that the material alone will amount to approximately $163.00.

There is no competent staff at the school to supervise Indian boys in doing this work so we have given him authority to hire competent labour to do the work and at the same time make as much use as possible of the older boys.

OF [redacted] THE
IAN AGENT

CANADA
DEPARTMENT
OF
MINES AND RESOURCES
INDIAN AFFAIRS BRANCH

PLEASE QUOTE
FILE 337-S.1.A.

File Hills,
Balcarres, Sask,
Sept. 23/46

J.P.B.Ostrander Esq.,
Inspector of Indian Agencies, Regina, Sask.

Re- Your letter #1345-306-11A of Aug.17/46
My letter 176-S.1.A of June 26/46,
Outside painting File Hills School Buildings.

Your letter advises the acceptance of the tender for material and labour for painting the main school building, namely materials $327.50 and labour $256.00, total $583.50. Also a further expenditure of $250.00 for materials and labour to paint the other school buildings listed on Form 37 attached to my letter of June 26th.

Mr.J.E.Chaplin , Hardware Merchant at Balcarres, who submitted the cost of materials and labour now advises that due to the increase in price of paint and oil he is unable to procure these materials at the price quoted by him last June. Also that he has only now been able to locate a source from which the paint and oil can be procured in the quantities required at the prices listed hereunder which includes the cost of delivery to the building site.

Roof Paint	$2.35	per gallon
Red Wall "	3.10	" "
White Trim "	4.20	" "
Green " "	4.20	" "
Raw Linseed Oil	1.80	" "

To paint the main school building it will mean an additional expenditure of $71.25 over and above the $583.50 quoted last June. Also an additional expenditure of $27.65 to purchase the paint and oil for the other buildings.

Total amount required to purchase materials now, and cost of labour to paint the main building is -	$654.75
Cost of materials only for the other buildings is-	190.93
	845.68
Total amount authorized to expend	833.50
	12.18

71.25
27.65
98.90
#98.-

Mr Chaplin advises that the company from which he can procure the paint and oil can now make immediately delivery within the next 8 days. Also that his order is subject to cancellation if delivery is not taken within that time.

As it is getting late in the season to do this type of work satisfactorily authority is requested to purchase all the materials required and have the work of painting the main building done as soon as the materials arrive.

Authority is also requested to expend an additional sum of $75.00 in the purchasing of paint brushes and paying for suitable supervision over the older Indian boys who will assist in painting the other six school buildings, providing weather conditions are favourable for them to do this type of work.

INDIAN AFFAIRS BRANCH

DEPARTMENT
OF
MINES AND RESOURCES

File #1612-306-11A

AIR MAIL

Regina, September 28th, 1946.

Indian Affairs Branch, Department of Mines & Resources, OTTAWA.

I am enclosing herewith copy of letter received from Indian Agent S.H. Simpson in connection with quotations submitted for painting at the File Hills Indian Residential School referred to in Department letters of July 15th and August 1st, 1946, File No. 111-1-5 (W T 1).

Mr. Simpson's letter explains the situation but I should add that Mr. Chaplin had to wait some time to secure the paint needed for this work and before the paint was received the Wartime Prices and Trade Board had authorized an increase of approximately 10% with the result that Mr. Chaplin now states that he is unable to supply the paint at the quotation given.

Unfortunately the delay resulting will mean that unless authority is granted to proceed at once with the painting, and the paint supplied at the higher rate by Mr. Chaplin, it will probably be too late to get the work done this fall or to get it in the current year's Estimates. I would therefore recommend that Indian Agent Simpson be advised by wire as to the decision of the Department on the matters outlined in his letter.

Reverend Sir:-

The attached forms have been received from War Assets Corporation. We have no record of placing any order for the items mentioned and it is presumed that you ordered them direct and are paying for same f from school funds.

In order to complete the transaction, it will be necessary for you to sign the green copy and return to War Assets Corporation, Hamilton Bldg., Regina.

Yours truly,

Bernard F. Neary,
Supt. of Welfare & Training.

FILE HILLS INDIAN RESIDENTIAL SCHOOL, Balcarres, Sask. Nov. 6th 1946.

Mr. S.H.Simpson,
Indian Agent,
File Hills Agency,
Balcarres, Sask.

Dear Sir:

Attached you will find an account of Mr. S.Lecours, Lebret, Sask. dated Aug. 31st 1944 for $16.00, which is still unpaid. The original bill was wrongly made out, stating that the labour consisted of painting, and was mailed to me for payment. As Mr. Lecours had been engaged in painting at the School on about the same dates I concluded that the account was intended to cover this labour and issued a cheque on the school for payment. Later I received a letter from Mr. Lecours demanding payment for the painting he had done at the School stating that the previous cheque covered the labour he had performed for the Department in repairing and installing eave-troughs. As his bill for painting amounted to only 12.60 and our cheque was for $16.00 I have asked him to refund me the difference, (3.40) and present the proper bill for eavetroughing to the Department for payment.

As a result of this misunderstanding over two years have elapsed, but I trust that the Department will see fit to make an adjustment.

I would appreciate very much your attention to this matter.

Yours very truly,

L. L. Dobbin
Principal.

Re: Your office letter No. 306-11A, July 6/44,
Materials and labour, File Hills Residential School

Attached hereto is a letter dated Nov. 6/46 from Mr. L.L. Dobbin, Principal of the File Hills School, pertaining to the attached voucher No. 146 for $16.00 payable to S. Lecours for labour installing eavestroughing.

My letter No. 129 dated July 8th, 1944, to Mr. Dobbin advised that an expenditure of $29.50 was authorized for labour in this connection. On Nov. 22/44 Voucher No. 114 - $30.00 in favour of D. Bouret of Lebret in payment of labour repairing eavestroughing was submitted and it is presumed was paid.

When Mr. Dobbin brought the matter of Mr. Lecour's $16.00 account to my attention on Nov. 6th, I advised him that he had expended the amount authorized in 1934, and I felt that at this late date the Department would not consider payment of labour engaged by him in excess of the authorized amount.

Sgd. S.H. Simpson,
Indian Agent.

INSPECTOR OF INDIAN AGENCIES

CANADA

DEPARTMENT
OF
MINES AND RESOURCES

INDIAN AFFAIRS BRANCH

File #1810-306-11A

Regina, November 14th, 1946.

Indian Affairs Branch, Department of Mines & Resources, OTTAWA.

I am enclosing herewith Voucher No. 146, of the File Hills Agency, in favour of Mr. S. Lecours, of Lebret, Saskatchewan, presumably for work done on the eavestroughing at the File Hills Residential School in June, 1944.

Also enclosed is copy of a letter from Mr. L.L. Dobbin, the Principal, addressed to Mr. Simpson, the Indian Agent, and a copy of Mr. Simpson's letter addressed to me on the subject.

It would appear to me that the Department is being asked to pay this account, which is two years old, because of the mistake of Mr. Lecours in the account he originally submitted, and Mr. Dobbin's failure to note the mistake at the time. I would therefore recommend that the matter of the payment of the balance of $16.00 be left to Mr. Lecours and Mr. Dobbin to settle between them as it would appear to me that there was a certain amount of carelessness by both Mr. Lecours, in submitting the account improperly in the first place, and Mr. Dobbin in not making the correction at the time.

COPY for information of OTTAWA.

File #1875-306-11A

Regina, November 23rd, 1946.

H.B.D.

S.H. Simpson, Esq., Indian Agent, BALCARRES, Saskatchewan.

I am returning herewith your voucher No. 141 for the amount of $589.67 for painting at the File Hills Indian Residential School.

On referring to correspondence in this connection it appears that there was a total of $733.50 originally authorized for this work, subsequently I believe you received authority by telegram from the Department authorizing an increase of approximately 10% in the cost of material. I have not a copy of this telegram but Department letter gives the date as September 30th last.

The Department assumed from the letter and requisitions originally submitted that Mr. J.E. Chaplin quoted on material and labour. Subsequently authority was given to spend up to $86.00 to pay for supervision of the boys of the school while they were performing such painting as they were able to perform. This complicates matters a little but it would be satisfactory to the Department for the voucher in favour of Mr. Chaplin to be for material and labour, keeping within the amount authorized, in which case it would not be necessary to outline in detail the quantity of paint used. The voucher should merely state the nature of the work performed, namely two coats or one coat of paint,(as the case may be), on certain specified buildings, and the size of the buildings which were painted.

Please amend this voucher in the manner set out and forward it direct to the Department.

WAR ASSETS CORPORATION

Hamilton Street,

Regina, Saskatchewan,
February 17,1947.

Acting Departmental Purchasing Agent,
Department of Mines & Resources,
General Administration Offices,
Ottawa.

Dear Sir,-

Reference your letter of February 14th, 1947, regarding your account with this branch.

Please be advised that goods purchased by your department on Sales Order REG.62394, Invoice 3103, in the amount of $60.00, are covered by your Purchase Order #14339, dated 26th October 1946; the Consignee being Mr. L. L. Dobbin, Principal, File Hills Indian Residential School, Balcarres, Saskatchewan.

A copy of this letter and of invoice, in quadruplicate, are being forwarded to Consignee this date, as it is noted from purchase order that invoice should have been submitted to him in the original instance.

Yours very truly,

WAR ASSETS CORPORATION,

(sgd) T. L. Chaloner,
Branch Accountant.

Ottawa, February 27th, 1947.

Mr. J.P.B. Ostrander, Inspector of Indian Agencies, REGINA, Saskatchewan.

E ~~X~~ D.

In forwarding his report for the fiscal year ended March 31st, 1947, L.L. Dobbin, Principal of the File Hills Indian Residential School writes as follows:

> "A modern 110 volt power and lighting plant should be installed in place of the present antiquated 32 volt model."

On the occasion of your next visit to this school you might investigate the Principal's request and let us have your recommendation.

Even if you recommend the equipment we will not be able to purchase same until after April first.

File Hills Indian
Residential School,
Balcarres, Sask.
Feb. 19th. 1947

S.H.Simpson,
Indian Agent, File Hills Agency.

Dear Mr.Simpson;

You will recall that about a year and a half ago a jacket heater and tank was installed in the furnace room of the school. This was to replace an overhead horizontal tank which was leaking badly from a number of holes eaten out by rust all along the bottom of the tank. After consultation with a plumber who made an examination of the tank it was decided that it was unfit for further use and that a jacket heater would serve our purpose better than the overhead tank which was heated from the furnace and necessitated the keeping on of fires during warm weather, thus keeping the building too warm at this time.

Toward the end of the first year of use it was noticed that the tank heater was losing its efficiency and since early last fall it has become increasing difficult to heat sufficient water for the laundry, kitchen and washrooms. For some months it has been necessary to keep all drafts open continually in order to heat the quantity of water required. This condition results in the consumption of approximately a ton of coal per week, and with the coal shortage what it is at present it means that simething must be done immediately.

The solution of the problem as I see it is to remove the old overhead tank and replace it with a new one of the same capacity and connect it up to the furnace as before. During spring, summer and fall when the furnace is not being used, water could then be heated by a jacket heater. Before doing this however, it would be necessary to remove the accumulated encrustation of scale on the inside of the jacket and pipes, if this is possible. Otherwise it would be necessary to procure a new jacket.

This matter is very urgent and I would greatly appreciate your bringing it to the attention of the Department at the earliest possible date.

Yours very truly,

L.L.Dobbin,
Principal

PLEASE QUOTE
FILE 685-S.1.A.

File Hills,
Balcarres, Sask.
Feb. 21/47

J.P.B.Ostrander Esq.,
Inspector of Indian Agencies, Regina, Sask.

Attached hereto is a copy of a letter from Mr.L.L. Dobbin, Principal of the File Hills Residential School, also a copy of Mr.J.E.Chaplin's letter to Mr.Dobbin, all pertaining to the hot water system at the school.

At this time it is not possible to give more information as to the make and type of the water storage tank listed on the attached form 37A, as Mr.Chaplin is absent and will not be returning to Balcarres until about March 6th.

The present hot water system appears inadequate and very expensive to operate. It will be noticed that if this hot water system ceases to function the school will be without a hot water supply during the time required to make it refunction.

S.H.Simpson,
Indian Agent.

AIR MAIL

File #274-306-11A

Regina, February 27th, 1947.

Indian Affairs Branch, Department of Mines & Resources, OTTAWA.

I am enclosing herewith copies of letters from Indian Agent Mr. S.H. Simpson, of the File Hills Agency, Mr. L.L. Dobbin, Principal of the File Hills Indian Residential School, and Mr. J.E. Chaplin, Hardware Merchant of Balcarres, together with a requisition for one standard black horizontal hot water storage tank fully equipped, at a cost of $238.10, this price subject to change if Wartime Prices and Trade Board regulations are lifted.

As the equipment mentioned is badly needed I would recommend that authority be granted and that Mr. S.H. Simpson be advised by wire in order to take advantage of the present price.

SASKATCHEWAN INSPECTORATE MAY 12 1947 REGINA, SASK.

Note- The item re traps for basins may or may not be necessary as it may be possible to use the ones on the basins which are being removed.

Note- All materials except 1½" galvanized pipe can be supplied immediately at price quoted providing no change in price occurs between now and placement of order. Galvanized pipe will be available about June 1st.
by J.E. Chaplin, Hardware Merchant.

Prices quoted by the J.E.Chaplin Hardware, Balcarres, Sask.

I hereby certify that I have personal knowledge that all the above articles are required in the Department and for Departmental purposes only. The expenditure required by this requisition is strictly unavoidable and the public interest will suffer if it is not made.

May, 9, 1947.

J.P.B.Ostrander Esq.,
Inspector of Indian Agencies, Regina,

RE- Agency letter No.239-S.1.A July 29/46
Your letter No.1536-306-11A, Sept 14/46
Pertaining to providing wash basins for pupils
in attendance at File Hills Residential School.

The materials required for this work were not supplied.

As stated in the second paragraph of my letter of July 29/46 wash basin accommodation in this school is badly needed.

Attached hereto is Form No.37 listing the materials and labour required in this connection.

It is recommended that if possible this work be undertaken to be completed before the end of the coming annual school holidays.

S.H.Simpson,
Indian Agent.

Re- Repairs and Alterations to File Hills Residential School Buildings listed in Estimates 1947-48

Attached hereto is Form 37 listing materials and labour pertaining to the following school buildings.

Principal's Residence, exterior painting.			258.00
Barn	"	"	290.70
Garage	"	"	80.75
Meat House	"	"	36.25
Pump House	"	"	33.90
Gas House	"	"	45.60
Store House	"	"	59.30
Work Shop	"	"	62.85
Outside Toilets	"	"	26.40
Repair to pasture fence			80.00
Cement walk, main building to class rooms			99.00
Repair to Septic tank disposal field at Principal's Residence.			50.00
Conserving rain water from class room building			190.00
			$ 1312.75
In addition payment has not yet been made of Voucher #141, March 18/47 to J.E.Chaplin for paint supplied for Main School building last October, amounting to			588.57
Estimated cost of labour to paint this building is			256.00
			$ 2157.32

Of the total of $2157.32 the sum of approximately $1740.00 will be required to complete the exterior painting of the buildings listed and referred to herein.

The price of paint and oil has been quoted by Mr.Chaplin, Hardware Merchant, Balcarres, Cost of labour is estimated. So far it has not been possible to procure a tender from an experienced workman. It is expected this will be done within the next week or ten days.

S.H.Simpson,
Indian Agent.

INDIAN AFFAIRS BRANCH

File #940-306-11A

653-1

Regina, June 18th, 1947.

Indian Affairs Branch, Department of Mines & Resources, OTTAWA.

I am enclosing herewith copy of letter from Indian Agent Mr. S.H. Simpson and requisitions for painting and repairs necessary at the File Hills Indian Residential School totalling $1,312.75. I would recommend that authority be granted as requested.

Please note Mr. Simpson's remark to the effect that Voucher No. 141 for $588.57 dated March 18th, 1947, for paint supplied for the main building at this school last year has not yet been paid. In addition, the estimated cost of labour to paint the main building is $256.00. The prices for material are those quoted by Mr. Chaplin, Hardware Merchant at Balcarres, but the amounts shown for labour on all of this are only an estimated price.

INDIAN AFFAIRS BRANCH

File #941-306-11A

Wet-7

Regina, June 18th, 1947.

Indian Affairs Branch, Department of Mines & Resources, OTTAWA.

I am enclosing herewith copy of letter from Indian Agent Mr. S.H. Simpson, of the File Hills Agency, together with requisitions for repairs to the verandah steps, moving the Boy's Supervisor's room, and repairs to the porch at the main entrance of the new class-room building. All of these matters are necessary and I would recommend that authority be granted as soon as possible.

J.P.B.Ostrander Esq.,
Inspector of Indian Agencies, Regina, Sask.

Re- Agency letter #239-S.1.A. July 29/46
Items 1.2. and 3, therein.

File Hills Indian Residential School

Item No.1 Verandah steps $66.21. Verandah floor #210.70.

Attached hereto is Form 37a listing materials and labour for this purpose which was authorized last year but could not be done, due to being unable to procure building materials. The steps are now in very poor repair and should be repaired without delay. It is questionable that flooring will be available for repair to verandah floors.

Item No.2 Moving Boy's Supervisor's Room. $113.60

Funds were not available for this essential requirement last year. It is recommended that if at all possible this work be done during the school holidays, in order that proper supervision of the boys can be given, which is not always possible owing to the poor accommodation for the Supervisor.

Item No.3. Porch for Main Entrance of New Classrooms' Building $194.13.

Funds also were not available for this work last year. As explained in my letter of July 1946, no porch was provided for this building when it was constructed in 1945. One is required to protect the present entrance door which during winter weather becomes frosted over, and the moisture from the frost causes it to swell, preventing it from closing proper. On windy days it blows open and has been torn from its hinges twice.

Authority is requested to purchase the lumber required locally, and the work to be done by Mr.R.Hastie, Contractor, Balcarres. An advance cheque will be required to pay cost of labour.

Submission of the attached requisitions has been delayed due to being unable to procure the price of lumber until to-day from the North American Lumber Company, Balcarres, Sask.

Many attempts to procure a price on outside painting of the school buildings has to date been unsuccessful. Requisition will be submitted for this work as soon as possible.

S.H.Simpson,
Indian Agent.

DEPARTMENT OF LABOUR - STEAM BOILERS BRANCH

Nº 1795

Boiler No. 15080

Certificate of Inspection of Steam Boiler

This is to Certify that under the provisions of The Steam Boilers Act, a duly qualified Inspector of the Department of Labour inspected the Steam Boiler herein described and owned by

Indian Reserve School of Balcarres, Sask.

and having found same in Poor condition authorized a working pressure of 100 lbs. per square inch after repairs as ordered are completed.

Name of Inspector J. W. Cook Type of boiler Vertical

Date of inspection October 11th, 1947 Horse-power rating 5

REPAIRS ORDERED Built by Dutton

This boiler has a leak in mud ring; head is also badly corroded.

This boiler and #15013 should be replaced by a single modern unit.

It is a violation of The Steam Boilers Act to operate this boiler unless these repairs are made.

Acct. No. 6442

Fee paid $5.00

111-1-5 (WT)

Ottawa, June 26th, 1947.

Mr. J.P.B. Ostrander, Inspector of
Indian Agencies, Regina, Saskatchewan.

File Hills Indian Residential School

Reference your letters 940-306-11A,
and 941-306-11A of June 18th.

Included in our 1947-48 estimates was a sum of $900. for painting and general repairs at the above school. However, it is noted that the total cost of the repairs mentioned in these letters is as follows:

1.	Painting	$1,312.75
2.	Verandah Steps	66.21
3.	Verandah Floor	210.70
4.	Moving supervisor's Room	113.60
5.	Porch	194.13

We are quite prepared to increase the sum available to this school to $1,000. but we can go no higher at the present time.

Would you please inform Indian Agent Simpson of this fact and request that he and the principal discuss the items which they would wish done within this limit of $1,000. As soon as we receive this information we will take immediate steps to issue purchase orders and give the necessary authorities, etc.

Bernard F. Neary
Supt. of Welfare & Training.

Electric wiring at Agency and File Hills Indian Residential School

The report from the Saskatchewan Power Commission referred to in your office letter dated December 9th, 1944, was not complete until receipt of your letter dated Nov.10, 1945, which called for considerably more repair work than did the incomplete report.

Since November 15, 1945, I have made a continuous effort to have a qualified electrician look over the work prescribed by the Saskatchewan Power Commission Inspection report, and submit a list of materials required and cost of labour needed to complete it, without success until on July 2nd last when the electrician now employed by Messrs Greenfield Motors, Balcarres, appraised the work to be done in accordance with the inspection report.

Not being familiar with this type of work and being unable to procure a list of materials required or an estimate of the cost of labour, it has not been possible to include these items in previous yearly Estimates.

Attached hereto is tender of Messrs Greenfield Motors also Form 37 listing the materials required and the cost of labour submitted by this firm. to complete this work at the File Hills Residential School.

Ottawa, September 19th, 1947.

Mr. S.H. Simpson, Indian Agent,
Balcarres, Saskatchewan.

It is regretted that we did not reply sooner to the quotation you submitted from Greenfield Motors, Balcarres, Sask., for repairs to the wiring at the File Hills Residential School.

You may arrange with the Company mentioned to have the necessary wiring done on the understanding that the material and labour will be supplied at a total cost of $452.18.

It will not be necessary for you to submit detailed account when the work is completed. You should, however, have an account from the firm in duplicate, reading:

"To wiring the File Hills Residential School as per instructions received from the Saskatchewan Power Commission and in accordance with our tender of July 3rd, 1947 - - - - - $452.18".

Philip Phelan

Re- Agency letter #254-S.1.A, of Aug.13/47
Delco Light Plant Batteries,
File Hills Indian Residential School

The Principal of the File Hills School informed me to-day that considerable trouble is being experienced in the lighting of buildings at the school due to the condition of the light plant batteries. He has requested that the matter of supplying new batteries be rushed if possible.

September 3rd, 1947.

SUBJECT : FILE HILLS INDIAN RESIDENTIAL SCHOOL.

Following instructions contained in your letter dated August 18th the File Hills Indian Residential School at Balcarres was visited on September 2nd, and the Indian Agent, Mr. Simpson; the Principal, Mr.L.McLean; and the Kitchen Matron were contacted.

It was discovered during the visit that the only complaints about the water were expressed by the kitchen matron. It was her contention that the water had a disagreeable taste, which made it unfit for drinking, and excessive hardness, which made laundering and washing difficult.

The water did have a definite taste which was probably due to a high mineral content and the presence of iron compounds. However, to the writer this taste did not appear to make the water unpalatable.

Two or three commercial chemicals have been tried in an effort to soften the water on a small scale for washing and laundering. In the opinion of the kitchen matron these have not been satisfactory as they are very hard on the hands.

I explained to her that it would be difficult and relatively expensive to remove the taste and the hardness from all of the water. As a substitute I recommended that she try the different commercial products on the market that are sold as softeners so that she could discover the one most suitable for her needs. In this connection I promised to forward a list of the commercial products that are known to me.

During the visit the water system was examined and a number of water samples were collected. There appears to be little chance of this water being contaminated, but if the bacteriological reports are unfavourable the school will be revisited and an effort will be made to locate the source of the contamination.

File #1446-306-11A

Regina, September 20th, 1947.

Indian Affairs Branch, Department of Mines & Resources, OTTAWA.

With reference to Department letter of the 26th of June, 1947, File No. 111-1-5 (WT), the Principal of the File Hills School has asked that the amount of $1,000.00 be used in the following manner:

Providing wash basins	-	$ 232.91
Labour connected therewith	-	200.00
Completion of electric wiring	-	452.18
Repairs to the verandah steps	-	66.21

The item of $452.18 in connection with the electric wiring was forwarded to the Department with my letter of July 12th, File No. 1071-306-11A, but no action has been taken on this at the present time. This wiring should be done at the earliest possible date as the old wire is in a dangerous condition.

File #1444-306-11A

Regina, September 20th, 1947.

Indian Affairs Branch, Department of Mines & Resources, OTTAWA.

When visiting the File Hills Indian Residential School recently I found that the fire extinguishers were in need of re-charging and instructed that this be done. Indian Agent Mr. S.H. Simpson, of the File Hills Agency, submitted a voucher to the Department amounting to $24.00 for this service.

Passed 25/9/47 J.D.

I found also that fire drill at the school, which is a frame building, and dangerous, had not been receiving the attention which it should. Mr. Simpson and Mr. McLean, the Principal, are to hold fire drills for pupils and staff every Saturday until all become familiar with quick removal from the building in case of fire.

Dear Sirs: Your File 1523-306-11A

I have not heard anything from Ottawa regarding my account and I would like you to let me have the name of the individual or special branch that is responsible for this account. Apparently they are not going to take any notice of your letters and my patience is getting exhausted.

Yours truly,

Sgd. J. E. Chaplin.

Regina, November 8th, 1947.

Indian Affairs Branch, Department of Mines & Resources, OTTAWA.

I am enclosing herewith copy of a letter received from Mr. J.E. Chaplin, of Balcarres, in connection with the oustanding account for paint supplied by him and referred to in my letters of July 19th, August 29th, and October 3rd, 1947.

Mr. Chaplin is quite annoyed about the delay in payment of this account and I would ask that it receive attention at the earliest possible date.

Dear Sir;-

Re- Fire Escapes

Following up.my visit and inspection as to installing fire escapes on your school, we are prepared to install two only Westeek Potter Tubular Fire Escapes on this building for the sum of Nine Hundred and Forty Eight Dollars and Fifty Cents.... $948.50 each - sales tax and education not paid.

It is understood that your department would provide rooms and meals for our workmen while on the job. If your department will take care of the complete installation of the two fire escapes, we would make an allowance of $128.00 and $14.00 freight on each escape, two in all.

Our prbce would then be Eight Hundred and Six Dollars and Fifty Cents..... $806.50.

If you should decide to take care of the installation, we would supply you with all the necessary details and instructions for installing.

Hoping this is the information you require, and thanking you for the opportunity of quoting, we are

Yours truly

Westeel Products Limited.
L.L.Morrow.

The above quotation is governed by current material labour and tax costs and is subject to existing Governemnt regulations. Should there be any change in these factors prior to shipment prices will be adjusted accordingly. Any shipping date quoted by us is approximate. We do not guarantee delivery nor do we assume any liability for non-shipment or delays arising from #### any cause beyond our control.

Inspector of Indian Agencies, Regina, Sask.

Re: Fire Escapes-File Hills Residential School

Attached hereto is a copy of a letter from Messrs. Westeel Products Ltd. Regina, dated Nov. 17th, which is self-explanatory.

It will be noted that this firm are asking the sum of $128.00 plus board and meals for workmen, while installing each fire escape. Evidently this amount includes transportation to and from File Hills School by truck at the going rate of 15¢ per mile. Undoubtedly it would also include pay for time travelling.

It is felt that this work could be done at much less cost by employing skilled workmen from Balcarres or Fort Qu'Appelle.

In order to install the fire escapes part of the brick walls in the dormitories of the boys and girls will have to be cut out. While this and the work of installing the fire escapes is being done, the rooms will be exposed to the winter weather. The water works in these rooms will also be esposed. It is therefore considered that this work should not be undertaken until spring.

This type of fire escape is costly. However there is no other type that coule be considered safe or suitable in this particular case.

In the event that it is decided to install Tubular Fire escapes, and funds can be made available for the purchase thereof during the current fiscal year I am attaching hereto Form 37a in triplicate in this connection.

(Sgd) S. H. Simpson,
Indian Agent

INSPECTOR OF INDIAN AGENCIES

CANADA

DEPARTMENT
OF
MINES AND RESOURCES

INDIAN AFFAIRS BRANCH

File 1757-306-11A

Regina, November 17th, 1947.

Indian Affairs Branch, Department of Mines & Resources, OTTAWA.

I am enclosing herewith a copy of a letter from Indian Agent, Mr. S. H. Simpson of the File Hills Agency, together with tender and requisition for the installation of 2 fire escapes for the second floor of the main building of the File Hills Indian Residential school.

This old building would burn very quickly if it caught fire and I am not at all satisfied that the present fire escapes would be sufficient if a fire started at night. I discussed the matter with the Principal and with Mr. Simpson about two months ago, when I visited the school, and asked Mr. Simpson to make enquiries as to a suitable type of fire escape and the cost thereof. The enclosed tender and requisition is the result of Mr. Simpson's efforts in that direction.

Mr. Simpson's remarks about the difficulty in installing the new fire escapes in the winter will be noted: I now feel inclined to recommend that installation of the fire escapes be delayed until Spring, in view of the cost and the difficulty of installation at this time.

I discussed with the Principal the need for a very careful and thorough fire drill and he has taken the necessary steps to train the children and the staff towards a speedy exit, with the present escapes, until better escapes can be provided.

E OF THE
AN AGENT

CANADA
DEPARTMENT
OF
MINES AND RESOURCES
INDIAN AFFAIRS BRANCH

PLEASE QUOTE
FILE 570-S.1.A.

File Hills,
Balcarres, Sask.
Jan. 12, 1948.

J.P.B.Ostrander Esq.,
Inspector of Indian Agencies, REGINA, Sask.

I am in receipt of advice from the Principal of the File Hills Residential School that the engine used for pumping water from the dug out to the school buildings is over twenty years old and worn out, and a new one is needed.

The engine used for crushing grain is also worn out, obsolete, and cannot be used for this work. The engine used for sawing wood is also worn out, and the engine used for pumping the fresh water supply from the well to the school buildings is worn out to such an extent that it barely operates the pump.

In going into this matter it was decided that the type of engine listed on the attached form 37a mounted on skids could perform all the above mentioned work efficiently, and more economically than to have each of the old engines replaced.

Great difficulty is being experienced in supplying water to the cisterns in the main building, which has to be pumped thereinto. The water is forced from these cisterns to supply the main building for all purposes including fire hose in the event of a fire.

It is recommended that the type of engine requested be supplied as soon as possible.

S.H.Simpson,
Indian Agent.

Mr. J.P.B. Ostrander,
Inspector of Indian Agencies,
Regina, Saskatchewan.

We received your letter of November 17th enclosing tender and requisition for the installation of two fire escapes at the File Hills Residential School.

In view of the contents of the last two paragraphs of your letter, no action will be taken on the tender at the present time. The matter should be brought to our attention again after April 1st.

It is noted that you have instructed the principal to be especially careful during the heating season so as to avoid every possible fire hazard.

Department of Mines and Resources, Ottawa.

Re- Department letter 111-1-5(W.T.1) Jan.22/48.
Inspection of Steam Boiler in the
File Hills Residential School.

Attached hereto is certificate No.1795, pertaining to inspection of steam boiler owned by Indian Reserve School, Balcarres, Sask. There is no boiler such as that described on this certificate to my knowledge on this Agency.

Certificates Nos.1851 and 1852 have been left with the Principal of the File Hills Residential School, to be placed in the boiler room of the school. The Principal has promised to have the leaky nipples in both boilers replaced as soon as possible.

It will not be possible to have the blow down pipe and valves installed until early next summer. A qualified Steam Boiler Fitter will be required to examine the boilers and advise what materials are required for this work. Both boilers were certified as being in fair condition at time of inspection on October 11th, 1947.

S.H.Simpson,
Indian Agent.

INSPECTOR OF INDIAN AGENCIES

CANADA
DEPARTMENT
OF
MINES AND RESOURCES

INDIAN AFFAIRS BRANCH

AIR MAIL

File #207-306-11A (111)

Regina, January 30th, 1948.

Indian Affairs Branch, Department of Mines and Resources, OTTAWA.

I wish to acknowledge receipt of Army Signal today which reads as follows:

"REFERENCE YOUR LETTER JANUARY TWENTY FOURTH LETTER AUGUST SIXTH 1946 STATED MATERIAL AND LABOUR FOR PAINTING MAIN BUILDING WOULD TOTAL $583.50 MADE UP OF $327.50 FOR MATERIALS AND $256.00 FOR LABOUR STOP THIS EXPENDITURE AUTHORIZED OFFICIAL LETTER OF AUGUST THIRTEENTH 1946 $583.50 INCLUDING MATERIAL AND LABOUR STOP VOUCHER NUMBER 141 OCTOBER TWENTY-FIRST 1946 FROM AGENT SIMPSON ISSUED FOR $588.57 GIVING AS AUTHORITY LETTER TO YOU DATED AUGUST THIRTEENTH 1946 BUT INCLUDING COST OF MATERIALS ONLY WE SUBMITTED VOUCHER TO THE PURCHASING BRANCH IT WAS CONSIDERED THAT PRICE CHARGED FOR THE TIME OF YOUR LAST VISIT TO THE DEPARTMENT STOP DELAY IN PAYING THE ACCOUNT IS DUE TO THE FACT JUST STATED THAT ACCOUNT WAS NOT IN ACCORDANCE WITH AUTHORITY GIVEN IN AUGUST THIRTEENTH 1946 LETTER STOP WE HAVE NOT YET RECEIVED ANY SATISFACTORY EXPLANATION OF THE INCREASE AND WOULD APPRECIATE YOUR INVESTIGATING THE MATTER FURTHER AND ADVISING ME AND YOUR REPLY WILL RECEIVE MY PERSONAL ATTENTION."

With reference to the above in the matter of unpaid Voucher No. 141, $588.57, in favour of Mr. J.E. Chaplin, of Balcarres, for material supplied for exterior painting at the File Hills Indian Residential School, I have to report as follows: It is true that Department letter of August 13th, 1946, contains authority for an expenditure of $583.50 for material and labour for painting the main building but this letter also includes authority for an additional expenditure of $250.00 for "other necessary exterior painting". Actually, the other necessary exterior painting was the material necessary to paint the other school buildings as arrangements had been made, with the approval of the Department, to have the labour on these other buildings performed by the older boys of the school. In other words I understood that that letter gave me authority for an expenditure of $577.50 for material. Subsequently, as the result of Mr. Simpson's letter to me, dated 23rd September, 1946, and my letter to the Department, No. 1612-306-11A, dated 28th of September, 1946, with which was enclosed a copy of Mr. Simpson's letter, a telegram was received by Mr. Simpson dated the 30th of September, 1946, over the signature of Mr. Phelan, reading as follows: "DEPARTMENT APPROVES EXTRA EXPENDITURE FILE HILLS SCHOOL OUTLINED IN YOUR LETTER SEPTEMBER TWENTY-THIRD TO INSPECTOR OSTRANDER."

Following my visit to headquarters and the discussion there, I wrote to the Department per letter No. 395-306-11A, of March 18th, 1947, enclosing File Hills Agency Voucher, No. 141, submitted in two forms, together with the written tender of Mr. Chaplin. My purpose in submitting the vouchers in two different forms was in an effort to have one or the other acceptable to Treasury and paid in sufficient time to come out of the 1946-47 Appropriation. Please note the last paragraph of my letter referred to, which reads as follows:

"I trust that payment can now be made of the amount of $588.57 to Mr. Chaplin from the 1946-47 Appropriation by using either one of the two vouchers enclosed. If and when this is accomplished please advise Mr. Simpson in order that he may destroy his copy of the voucher which is not used."

From that date until now no further letter has been received in this office from the Department, therefore I had no way of knowing whether or not one of the vouchers referred to was acceptable and if not, why not. In the meantime

Mr. Chaplin has been [illegible]

24 Jan 48 Mr. O. complains again

Indian Affairs. (RG 10, Volume 6308, file 653-5, part 7)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

Library and Archives Canada / Bibliothèque et Archives Canada
www.collectionscanada.gc.ca

Mr. O's letter of Jan. 30, 1948.
(1) Admits that the $583.50 was for material and labour.
(2) Claims rightly that no strings were on the extra $250
which therefore allows for material $577.50

The bill from Chaplin showing the paint at increased prices is dated 21 Oct 46.
This was incurred on the strength of Mr. O's interpretation of our telegram of Sept. 30.

But Mr. O. (or his staff) might have been warned by the amount (over $500) that certain administrative procedures should have been followed.

I don't see any memo from Deptl Purchasing Agent objecting to the prices charged.

Nor do I see any evidence that the paint has been used.

Possible Courses: 1. Pay all money for paint only with a reminder to Mr. O how large purchases should be made.
2. Pay materials ~~labour~~ only for main bldg. out of 1946-47 ($398.75) and buy the rest $277.65 out of 1947-48
3. Having done either of 1 or 2 contract for labour out of 1948-49 money as it won't be done until May of this year.
4. Start all over again on a contract basis in 48-49, Chaplin pretending to re-possess paint.

INSPECTOR OF INDIAN AGENCIES

CANADA

INDIAN AFFAIRS BRANCH

AIR MAIL

DEPARTMENT
OF
MINES AND RESOURCES

File #207-306-11A (111)

Regina, January 30th, 1948.

Indian Affairs Branch, Department of Mines and Resources, OTTAWA.

I wish to acknowledge receipt of Army Signal today which reads as follows:

"REFERENCE YOUR LETTER JANUARY TWENTY FOURTH LETTER AUGUST SIXTH 1946 STATED MATERIAL AND LABOUR FOR PAINTING MAIN BUILDING WOULD TOTAL $583.50 MADE UP OF $327.50 FOR MATERIALS AND $256.00 FOR LABOUR STOP THIS EXPENDITURE AUTHORIZED OFFICIAL LETTER OF AUGUST THIRTEENTH 1946 $583.50 INCLUDING MATERIAL AND LABOUR STOP VOUCHER NUMBER 141 OCTOBER TWENTY-FIRST 1946 FROM AGENT SIMPSON ISSUED FOR $588.57 GIVING AS AUTHORITY LETTER TO YOU DATED AUGUST THIRTEENTH 1946 BUT INCLUDING COST OF MATERIALS ONLY WE SUBMITTED VOUCHER TO THE PURCHASING BRANCH IT WAS CONSIDERED THAT PRICE CHARGED FOR THE TIME OF YOUR LAST VISIT TO THE DEPARTMENT STOP DELAY IN PAYING THE ACCOUNT IS DUE TO THE FACT JUST STATED THAT ACCOUNT WAS NOT IN ACCORDANCE WITH AUTHORITY GIVEN IN AUGUST THIRTEENTH 1946 LETTER STOP WE HAVE NOT YET RECEIVED ANY SATISFACTORY EXPLANATION OF THE INCREASE AND WOULD APPRECIATE YOUR INVESTIGATING THE MATTER FURTHER AND ADVISING ME AND YOUR REPLY WILL RECEIVE MY PERSONAL ATTENTION."

With reference to the above in the matter of unpaid Voucher No. 141, $588.57, in favour of Mr. J.E. Chaplin, of Balcarres, for material supplied for exterior painting at the File Hills Indian Residential School, I have to report as follows: It is true that Department letter of August 13th, 1946, contains authority for an expenditure of $583.50 for material and labour for painting the main building but this letter also includes authority for an additional expenditure of $250.00 for "other necessary exterior painting". Actually, the other necessary exterior painting was the material necessary to paint the other school buildings as arrangements had been made, with the approval of the Department, to have the labour on these other buildings performed by the older boys of the school. In other words I understood that that letter gave me authority for an expenditure of $577.50 for material. Subsequently, as the result of Mr. Simpson's letter to me, dated 23rd September, 1946, and my letter to the Department, No. 1612-306-11A, dated 28th of September, 1946, with which was enclosed a copy of Mr. Simpson's letter, a telegram was received by Mr. Simpson dated the 30th of September, 1946, over the signature of Mr. Phelan, reading as follows: "DEPARTMENT APPROVES EXTRA EXPENDITURE FILE HILLS SCHOOL OUTLINED IN YOUR LETTER SEPTEMBER TWENTY-THIRD TO INSPECTOR OSTRANDER."

Following my visit to headquarters and the discussion there, I wrote to the Department per letter No. 395-306-11A, of March 18th, 1947, enclosing File Hills Agency Voucher, No. 141, submitted in two forms, together with the written tender of Mr. Chaplin. My purpose in submitting the vouchers in two different forms was in an effort to have one or the other acceptable to Treasury and paid in sufficient time to come out of the 1946-47 Appropriation. Please note the last paragraph of my letter referred to, which reads as follows:

"I trust that payment can now be made of the amount of $588.57 to Mr. Chaplin from the 1946-47 Appropriation by using either one of the two vouchers enclosed. If and when this is accomplished please advise Mr. Simpson in order that he may destroy his copy of the voucher which is not used."

From that date until now no further letter has been received in this office from the Department, therefore I had no way of knowing whether or not one of the vouchers referred to was acceptable and if not, why not. In the meantime

Mr. Chaplin has been waiting

INSPECTOR OF INDIAN AGENCIES

CANADA
DEPARTMENT
OF
MINES AND RESOURCES

INDIAN AFFAIRS BRANCH

File #176-306-11A (111)

Regina, January 28th, 1948.

Indian Affairs Branch, Department of Mines & Resources, OTTAWA.

Re: Department letter No. 111-1-13 (W.T.) Dec. 8, 1947, to Reverend George Dorey, D.D., File Hills Indian Residential School.

I am enclosing herewith duplicate report of Indian Agent Mr. S.H. Simpson, commenting on report of inspection of food services, etc. at the File Hills Indian Residential School. Mr. Simpson's report is quite thorough and his comments in accordance with the facts.

Much of the additional equipment, particularly that which is power driven, cannot be operated with the present electric power, and, I believe, should not be purchased until the school can be served from the power line which, it is hoped, may be possible within the next year or two. As we have been hoping for this service, I have not recommended that any large expenditure be made for a new power plant at the school.

Regarding the food supplies, Mr. McLean, the Principal, is purchasing carefully and endeavouring to provide a balanced diet for the children. This has been the subject of two discussions with Mr. McLean, and he is certainly making an honest effort to carry out the wishes of the Department and, as near as possible, provide the needs of the children in that direction.

Regarding over-crowding of the school and insufficient dormitory and recreation space, there are actually more children in the school and a larger staff than the size of the school warrants. However, I think it would be a mistake to consider building an addition to the school. Any addition to the present building at this time would be a waste of money. We would still have a dangerous building from the point of view of its fire hazard, further additions resulting in more corridors and more danger in evacuating the children in case of fire. If it is decided that a residential school is to continue to operate to accomodate the children of the File Hills Agency, a new building should be erected near the power line at a site where there is a good permanent supply of suitable water, and the building should be as near fire-proof as possible, with proper facilities for evacuation of the children.

In the last paragraph of Mr. Simpson's report he makes a recommendation that a Department engineer examine the building for advice before any considerable expenditure is made in the way of plumbing, interior painting, etc. I concur with this recommendation. It should be remembered that the water supply, sewage facilities, and power facilities are all very inadequate, and that the building is dangerous from the point of view of fire.

In less than a year two residential school buildings in this province have burned. Both were fire traps and in both cases we were fortunate that there was no loss of life. This was because every possible precaution had been taken for evacuation of the children. The File Hills School, the Round Lake School, and the St. Alban's school are all dangerous in this respect, and those responsible for their operation have to be continually on the alert day and night to avoid a great disaster.

J.P.B. Ostrander,
Inspector of Indian Agencies,
Saskatchewan.

File Hills Indian Agency, Balcarres, Sask.
File 582-S.1

Jan. 19, 1948

Indian Affairs Branch, OTTAWA, Ont.

Re- copy of Departmental letter 111-1-13(W.T) Dec. 8/47 to Rev. George Dorey D.D. pertaining to File Hills Indian Residential School, and received by this office.

As requested I have discussed with Mr.Lean, Principal of the school the "Report on Inspection of Food Services which was attached to the marginally noted copy of the Departmental letter;-

Supervision and Training Pupils in Cookery

The Cook, Mrs. Drake, appears to be an excellent cook, is interested in her work and has the confidence and co-operation of the girls receiving training in the work. She has a staff member assisting her during the hours the various groups of girls are receiving their training which are from 10.A.M. to 12 noon, and from 4,30.P.M. to 7.30.P.M.

Facilities

1. Covering of flooring in dining room. This matter is being referred to later on in the report.

2. Replacement and additions of cooking utensils. Items recommended are on order but are not available at present.

3. Proper dishwashing unit. It appears that an electric operated unit was recommended. The power plant at this building is not strong enough to use electric equipment. There appears to be some doubt as to the advisability of using an electric washer. Apparently stains are left on some of the dishes, and these have to be sorted out and washed by hand. The girls received no training in the method of dishwashing in the home. I examined the dishes in use, and in the cupboards, and found them spotlessly clean.

4. Walk-in refrigerator. The only place to install a refrigeration unit is located the whole length of the building from the kitchen. Due to lack of electric power a gas motor unit would have to be installed. At present ice is used for this purpose.

5. Potatoe Peeler. It is considered that one is not required under present conditions. In order to procure as much nourishment as possible potatoes are more often than not cooked in their jackets. When not the girls receive instruction how to properly peel and clean them.

6. Bread Slicer. One has been on order for some time, but has not yet been supplied. (Hand Operated Type)

7. Electric Mixer. Cannot be operated by the present electric power system .

8. Bread Mixer. A hand operated mixer is considered too heavy to do satisfactory work. There is no power to operate an electric one.

9. Rack for drying dish towels. Is on order and will be put into use as soon as received.

Sanitation and Hygienic Conditions.

Floors and drab appearance of rooms through -out the school. Cost of materials and labour to improve this condition is listed in 1948-49 Estimates and will be requisitioned for in due course.

Dishwashing method though awkward appears to be sanitary. To improve the present method, also to improve working conditions, the kitchen would have to be remodelled.

File Hills Agency.

Sanitation and Hygienic Conditions(cont).

The matter of procuring a suitable cart for transporting dishes to and from the dining room is being looked into by the Principal of the School.

Water Supply. Is inadequate and not satisfactory. The water from the deep well is very hard. A fair quantity of rain water is procured from the roof of the main building. Eavestroughing should be installed on the new class room building to conserve the rain water therefrom, and another dug out installed adjacent to the school.

Untidy appearance of girls . This condition has been improved.

Food Supplies. Beef, pork, eggs, chickens, butter and milk are supplied in adequate quantities from the school farm. The garden in 1947 was a failure.

Menu Planning A weekly menu is now being used, whereby adequate and wholesome meals are served.

Nutritional Aspects. Use of the following has been increased;- Liver, cheese, tomatoe juice and lemons.

Food Preparation, Cookery and Service. The basic 100 quantity receipts supplied to the cooks which had been removed from the school has not yet been replaced.

It is found that due to the cramped space in the staff and childrens' dining room, it is not possible to serve hot meals without some dishes getting cool. It is expected that when the extra cart for transporting dishes is brought into use, it will eliminate to some extent this condition.

General

The main school building though old appears to be very well constructed, and could be made serve its purpose for many years more by making a number of alterations.

It is badly in need of interior and exterior painting and repairs to floors, two small ceilings, verandah and steps.

The 32 volt power plant is heavily loaded. Lighting is very poor throughout all buildings including class rooms.

No electrical power appliances or machinery can be operated. Gas engines have to be employed within the building.

The whole water works system appears to be worn out, and has rusted through in places. It should be replaced and enlarged. There is only one bath tub for use of about 50 girls, and one for about 50 boys.

The sleeping dormitories for the pupils are both overcrowded, no space therein is provided to hang or store their wearing apparel, or bedding. Wash basins are installed against the inside wall of each dormitory and in full view.

Staff sleeping quarters are poorly arranged and inadquate. There are not sufficient rooms to employ the extra staff that is required to carry out the programme planned.

There is no recreational space for pupils or staff. The children are forced to use the stairways and main hall way for this purpose. The staff members have to crowd into the only sitting room in the building or retire to their respective rooms when off duty, with the exception of the Principal and Farming Instructor who are provided with a residence.

These conditions make it most difficult to procure and retain for any reasonable length of time, the type of employee most suited for this work.

Mr. L.McLean, Principal, appears to be a consientious capable worker, and most anxious to see that this school renders the service for which it is intended.

It is felt that the present building could be altered and added to, to give the accommodation badly needed, and the necessary equipment installed therein at a cost that would be justified.

I recommend that if possible a Department engineer be obtained to look over this building with this view, and submit a report before any further expenditures of any great extent are made in the way of plumbing, interior painting, repairing floors, ceilingsand veranddah, or installing a refrigeration plant.

S H Simpson

Extra copy for Ottawa.

S.H.Simpson, Indian Agent.

INSPECTOR OF INDIAN AGENCIES

CANADA
DEPARTMENT
OF
MINES AND RESOURCES

INDIAN AFFAIRS BRANCH

File #395-306-11A

Regina, Saskatchewan, March 18, 1947.

Indian Affairs Branch, Department of Mines & Resources, OTTAWA.

With reference to Department letter of the 14th November last, 111-1-5 (W. T. 1) and conversations when I was in Ottawa recently, I am enclosing herewith File Hills Indian Agency voucher in favor of Mr. J.E. Chaplin, Balcarres, for amount of $588.57, which covers paint and oil delivered to the File Hills Indian Residential School for painting of the buildings at the school, according to Mr. Chaplin's contract, a copy of which is also enclosed.

Mr. Chaplin's agreement was to supply the paint and oil for the main school building, the hog house, ice house, implement shed, 3 granaries, hen house and brooder house, and to perform the labour necessary for the painting of the main school building. As we contemplate having the other buildings painted by boys of the school, under supervision, in the coming summer, we are not considering Mr. Chaplin's quotation on that part of the labour.

After the paint was delivered it was found impossible to have the labour performed on the main building under Mr. Chaplin's contract, because the weather became too severe and he had difficulty in getting the services of men to perform the work. This cannot be completed before the end of the current fiscal year.

All paint and oil having been delivered at the school in preparation for painting this year, Mr. Chaplin assures Indian Agent, Mr. S. H. Simpson, that he will carry out his part of the agreement to perform the labour in connection with the painting of the main school building at the price quoted, $256.00 for labour.

As I doubt that the enclosed voucher can be submitted to Treasury and paid in its present form, I am also enclosing a substitute voucher, shown as interim payment on an uncompleted contract, totaling the same amount and leaving a balance of $256.00 to be paid to Mr. Chaplin when his contract is completed by performing the labour of the painting of the main school building.

I trust that payment can now be made of the amount of $588.57 to Mr. Chaplin from the 1946-47 appropriation by using either one of the two vouchers enclosed. If, and when, this is accomplished please advise Mr. Simpson in order that he may destroy his copy of the voucher which is not used.

O t t a w a, Ontario.

Dear Colonel Neary: Re: File Hills Residential School

This is just to confirm our conversation of yesterday.

As I said, this building was erected over fifty-nine years ago and is now in need of certain improvements. My information is that the following is needed:

(1) A complete new water system; and examination of the system for the disposal of sewage.

(2) A new lighting system.

(3) Re-arrangement of rooms, to provide more space for play-rooms, and so on

(4) New floors and new floor coverings; and a general paint job.

As suggested in our conversation, it would be advisable for your Engineer to visit the School and to report on these matters. It would be quite easy for him to vist File Hills from Punnichy, as I have no doubt that somebody could meet him at Ituna.

Yours sincerely,

Geo Dorey.

Ottawa, March 8, 1948.

Memorandum:

DIRECTOR, LANDS and DEVELOPMENT SERVICES BRANCH

File Hills Indian Residential School.

Reverend George Dorey, D.D., Secretary of the Board of Home Missions of the United Church of Canada, recently visited the Department and discussed the condition of the above residential school. We have now received a letter from him, reading as follows :-

"As I said, this building was erected over fifty-nine years ago and is now in need of certain improvements. My information is that the following is needed:

"(1) A complete new water system; and examination of the system for the disposal of sewage.

"(2) A new lighting system.

"(3) Re-arrangement of rooms, to provide more space for play-rooms, and so on.

"(4) New floors and new floor coverings; and a general paint job.

"As suggested in our conversation, it would be advisable for your Engineer to visit the School and to report on these matters. It would be quite easy for him to visit File Hills from Punnichy, as I have no doubt that somebody could meet him at Ituna."

We would like to have one of your engineers visit this school and report upon the requirements thereat, as

March, 4, 1948.

Indian Affairs Branch,
Department of Mines and Resources, OTTAWA, Ont.

It was found that the extension ladder at the File Hills Indian Residential School had become worn and rotted to the extent that it was not safe to use.

This type of ladder is required to give access to the roofs of the higher buildings at the school for the purpose of cleaning chimneys periodically, or in case of a roof fire.

As this was a case of emergency a new ladder was procured immediately to replace the old one.

Attached hereto is voucher No.43 - $26.75 in favour of the T.EATON Co. Regina, in this connection, also Form 37a listing this requirement.

Memorandum:

DEPARTMENTAL PURCHASING AGENT

Re: File Hills Indian Residential School

Attached is an account amounting to $588.57 covering the cost of materials for painting buildings at the File Hills Residential School. This school is operated under the auspices of the United Church of Canada and the buildings have not been painted for several years.

Through a misunderstanding of correspondence, Mr. Ostrander understood that he had been allowed authority for local purchase in view of the fact that the school management was supplying all the labour without cost to the Department.

The amount paid for the paint appears reasonable and we would appreciate it if you would issue a purchase order so that the account may be paid. The coding is as follows: 516-653-10-691.

Feb. 9, 1948.

Mr. Sidney Simpson,
File Hills Agency,
Balcarres, Sask.

Dear Mr. Simpson,

There are four sewing machines in the sewing-room and they are continually causing trouble. At different times I have sent them away to be repaired but they only break down again. These machines have been in constant use for over twenty years.

I am sending you a requisition for two new machines with prices as quoted by the Regina Company. I would like to have them as soon as possible as at present only two of the old machines are in working order and the sewing-room is behind with its work.

Yours truly

Lachlin McLean.

Re- Sheet No.3, 503-185, Estimates 1948-49
Light Plant Engine #545.00, Batteries $800.00

The Principal of the File Hills Residential School has advised that the old Delco Light Plant Engine at the School is worn out, and that considerable trouble is being experienced in keeping it in operation. Also that it is in constant need of repair, new parts are becoming most difficult to procure, and there is a danger of the plant failing to operate.

Attached hereto is a copy of a letter from Messrs Greenfield Motors, Balcarres, to which is attached their tender to supply, and install the type of engine and batteries needed to give the required service.

Enclosed is Form 37 listing the requirements in this connection.

PLEASE QUOTE
FILE 714-306-11A (111)

Regina, April 23rd, 1948.

Indian Affairs Branch, Department of Mines & Resources, OTTAWA.

I am enclosing herewith copy of a letter from Indian Agent Mr. S.H. Simpson, of the File Hills Agency; copy of a letter from Greenfield Motors, of Balcarres; tender of Greenfield Motors; and requisition, Form 37, in connection with the installation of a new lighting plant for the File Hills Indian Residential School, at a cost of $1277.93, less salvage value of the old batteries. Mr. Greenfield does not give a quotation on this. He says he will make an allowance, depending on the unused portion of the batteries at the time the installation of the new ones takes place. I presume it will be only a small amount.

The lighting plant at the File Hills School has been giving a great deal of trouble for some time. I had delayed recommending a new plant because there seemed to be some hope that we would be able to connect the school with a Hydro at a not far distant date. However, this does not now seem very hopeful, and I would therefore recommend the acceptance of the tender of Greenfield Motors and that instructions be issued for the installation at an early date.

Memorandum:

DEPARTMENTAL PURCHASING AGENT

Re: Requisition April 19, 1948 for Lighting Plant and Globelite Batters for File Hills Indian Residential School.

Mr. Warner phoned this office on May 31st, requesting additional information and as we did not have the information on file, we sent an Army Signal to Regional Supervisor Ostrander. He has replied as follows:

"Re signal May 31 and letter April 23 re Greenfield quotation on light plant and batteries for File Hills school. Price quoted on 32 volts and this would be only temporary remedy as load and distance between buildings too great for 32 volt lines. Educational Survey Officer Clark made inspection May 28 could this matter not be held pending his report on lighting. Greenfield is preparing tender for 110 volt change over. Will be forwarded this week."

In view of the above please take no further action on our requisition of April 19, 1948.

Bernard F. Neary
Superintendent of Education.

AIR MAIL

Regina, June 8th, 1948.

Indian Affairs Branch, Department of Mines & Resources, OTTAWA.

With reference to my letter of April 23rd, 1948, File No. 714-306-11A (111), and Department letter of April 28th, 1948, File No. 111-1-5 (E1), Department Army message dated the 31st ultimo, and my reply dated the 1st instant, I am enclosing herewith letter and tender from Greenfield Motors, Balcarres, on a 110 volt D.C. lighting plant and batteries for the File Hills Indian Residential School. It will be noted that Greenfield Motors are offering an allowance of .75¢ per cell for the 16 old batteries and that their prices are subject to change should there be an increase in the cost before the tender is accepted.

I have discussed with Mr. C.A.F. Clarke the matter of the new lighting plant for this school and he concurs with my recommendation that there should be a 110 volt plant as a 32 volt plant is not sufficient for what is expected of the plant at the File Hills Residential School. Consequently I would recommend that the tender of Greenfield Motors be accepted, and that they be so advised at the earliest possible date.

Re; File Hill Residential School,
Balcarres, Sask.

Dear Sirs:

Please find attached tender for paint contracts covering labor and material to all buildings at File Hill Residential School at Balcarres, Sask.

These tenders have been very carefully prepared. We have made a complete check of all buildings, inside and out. The paint needed has been estimated by two leading paint companies, and the labor has been estimated by two leading commercial painters.

We find all buildings to be very badly in need of paint, in fact we will have to replace many face and siding boards, will also have to do considerable renailing to siding and shingles. The outside of all these buildings with the exception of the classroom, are badly in need checked, and should have been painted some years ago. Most of these buildings will have to be wire brushed before they can be painted. The inside of these buildings , particularly the main buildings, are in bad condition with regard to paint, and also the colors are very drab and dismal for a school.

Our prices are net figures, and the only reason we can quotethese prices being we are obtaining special discounts from the paint firms for this contract. Ourlabor price being the lowest we received from the two leading contractors for this estimate. You will note that we have estimated $80.00 for repairs to the entrance of the main building, and whatever new face boards etc. we have to replace.

Re Estimates 1948-49. File Hills Agency.
Residential School.

I am enclosing herwith a tender for the painting of all buildings at the File Hills Residential School, received from the Greenfield Motors of Balcarres, this work was estimated for inthe estimates 1948-49 the total cost being $6484.90, the price submitted by Greenfield Motors is $6945.07 , which is a fair price considering that the price that was inserted in the estimates was made practically a year ago.

I would recommend that authority be given as soon as possible so that the work could be started as quickly as possible.

Greenfield Motors agree to use the best paint and labor procurable.

Frank Booth.
Superintendent.

GREENFIELD MOTORS
DEALERS
CHEVROLET AND OLDSMOBILE

Balcarres, Sask.

Steam Boiler.

Boilers O. K. but piping and installation faulty. Repairs ordered by Boiler inspector not carried out . Definitley dangerous.

Principal's Residence.

Some faulty piping . Basementcontinually contains sewage from faulty septic tanks. At time of check 14" deep.

Summary

Any Medical Health Officer or Plumbing inspector would immediatley condem the building. It is a miracle that no epdemic has broken out. A complete medical check up should be made of all inmates of the institution, and if repairs are not carried out, it would be criminal neglect.

There are no washrooms for boys and girls downstairs, one for each should be added.

Re; File Hill Residential School.

Dear Sirs:
The following is a full and complete report on the condition of the plumbing at the File Hill Residential School This report is given by a member of the Master- National Association of Master Plumbers.

Girls Dormitory.

Toilets. Bowls corroded . Tanks worn out. Drains underfloor rotten throughout.

Basins. Strictly unsanitary. Enamel worn off. Integral overflow's corroded. Taps, traps and drainage definitely beyond repair.

General Odor of sewer gas is almost unbearable.

Boys Dormitory

Same unsanitary conditions as in Girls' Dormitory. Raw sewage and urine from both dormitory's continual being showered downstairs.

Female Staff Rooms
Toilet and bath both unrepairable. Bath tub only can be salvaged .Sewage drips from here into dairy.

Male Staff.
Same conditions as above except that sewage drips into kitchen.

Re; Plumbing File Hill Residential School,
Balcarres, Sask.

Dear Sirs:

You will please find enclosed our tender for the labor and material necessary to repair the plumbing at the File Hill Res. School at Balcarres, Sask.

We have checked into this very thoroughly and must report that the plumbing in this building is in a very bad condition. I am enclosing with this letter a reportv on our findings ,and would like to point out that this report and estimate have been made by a member of the National associatéon of Master Plumbers. You will gather from his report that these repairs should be carried out as soon as possible . The only time this can be done without disrupting the activities would be during July and August, and in order to get this completed we would need the full two months.

Should you consider our tender we would appreciate your letting us know as soon as possible, as it will take some time to bring in the material needed.

I have includeda a tender in blank for the septic tank and disposal field. You will understand that until these are examined it is not possible for us to give an estimate .They may be able to be rpaired, or we might have to renew them.We can not examine them until the school closes down for holidays.

Should we be favred with this contract you may be assured of our utmost co-operation . All work will be in the hands of a master plumber.

yours very truly,

GREENFIELD MOTORS.

Regional Supervisor of Indian Agencies
Saskatchewan

INSPECTOR OF INDIAN AGENCIES

CANADA
DEPARTMENT
OF
MINES AND RESOURCES

INDIAN AFFAIRS BRANCH

File No. 1094-311-11 A.U.

Regina, June 15th, 1948.

Indian Affairs Branch, Department of Mines & Resources, OTTAWA.

When Mr. C.A.F. Clarke visited the File Hills Indian Residential School recently the matter of the plumbing was brought to his attention by the Principal of the School, and as a result of their discussion the Principal called in a plumber who works with Greenfield Motors, of Balcarres, to examine and give a quotation on the work required. Herewith enclosed is report of Greenfield Motors, and estimates of some of the cost of the work.

The plumbing and sewage disposal at the File Hills School has not been in good condition for many years. If this school is to continue to operate it will certainly have to have considerable improvement in that system.

The estimates enclosed total $7,315.25 without any quotations on the sewage disposal plant. In my opinion the sewage disposal plant is the most important of the whole work, and is likely to be found very costly. It would appear that in an effort to avoid having the disposal field below the school, where the water supply for the livestock and the school well are situated, the disposal field has been installed in the other direction, toward higher ground. I believe that the disposal field should be toward the lower round, but if that is done certainly another well to supply water to the school appears a necessity. What the new disposal field and well would cost, it is almost impossible to estimate, but I would not be surprised if the figure given above would be more than doubled.

With this in mind, and a considerable doubt in my mind that a residential school is a necessity at the present site of the File Hills School, I have hesitated about making any definite recommendation pending the recommendation of the Joint Committee and the decision of Parliament on the matter of continuing the operation of a residential school to serve reserves such as the File Hills reserves, where conditions suggest day schools to me.

There is a two-classroom school on the site of the File Hills Indian Residential School which could be used as a day school by providing transportation for the children, perhaps at an average distance of six miles. The cost of renewing the plumbing and sewage at the File Hills Indian Residential School would pay for a lot of transportation of Indian pupils to a day school. Certainly the present location of this classroom building is not ideal to be operated as a day school to serve the children of that area, but, by providing transportation, it could serve for a few years until the cost of building two or three other day schools in proper locations would be a great deal less.

Many of the homes of that area from which children are sent to the File Hills Indian Residential School are good Indian homes whose parents should be expected to do something toward their education, with the assistance they now receive from Family Allowances. I believe also that many of the parents would be very pleased to do so.

I believe this matter should receive serious consideration by our Branch as to policy, and, if it is decided to continue operating the File Hills Indian Residential School, an engineer should be sent there to thoroughly examine the situation before anything is done about the enclosed estimate. Certainly a very important factor in carrying out this work has not been estimated upon at all. This is with regard to the sewage disposal plant. Consequently our own engineer should be asked to do some figuring on that part of the work before a decision is made.

The Home of Better Service

BALCARRES, SASK.

Steam Boiler.

Boilers O. K. but piping and installation faulty. Repairs ordered by Boiler inspector not carried out . Definitley dangerous.

Principal's Residence.

Some faulty piping . Basementcontinually contains sewage from faulty septic tanks. At time of check 14" deep.

Summary

Any Medical Health Officer or Plumbing inspector would immediatley condem the building. It is a miracle that no epidemic has broken out. A complete medical check up should be made of all inmates of the institution, and if repairs are not carried out, it would be criminal neglect.

There are no washrooms for boys and girls downstairs, one for each should be added.

Re; File Hill Residential School.

Dear Sirs:

The following is a full and complete report on the condition of the plumbing at the File Hill Residential School This report is given by a member of the Master- National Association of Master Plumbers.

Girls Dormitory.

Toilets. Bowls corroded . Tanks worn out. Drains underfloor rotten throughout.

Basins. Strictly unsanitary. Enamel worn off. Integral overflow's corroded. Taps, traps and drainage definitely beyond repair.

General Odor of sewer gas is almost unbearable.

Boys Dormitory

Same unsanitary conditions as in Girls' Dormitory. Raw sewage and urine from both dormitory's continually being showered downstairs.

Female Staff Rooms

Toilet and bath both unrepairable. Bath tub only can be salvaged .Sewage drips from here into dairy.

Male Staff.

Same conditions as above except that sewage drips into kitchen.

File Hills Indian Residential School.

Reference your 1094-311-11 A.U.

The facts disclosed in your above letter have already received serious consideration here. We have noted that there is considerable doubt in your mind as to the necessity of a residential school at File Hills. We have discovered in the past that the prime consideration in the provision of bus facilities is the condition of the roads along which such buses would have to travel. These buses can operate up to distances of 12 miles from the school and if the roads are good, still deliver the children to the school before 9 A.M. Therefore, it would be appreciated if we could have your views as to the possibility of providing transportation on the roads in the immediate vicinity of the school on a 10 month basis (exclusive of summer holidays).

Your letter will be discussed with Major Clark as soon as he returns to Ottawa and we will write you further when we have heard concerning road conditions.

Bernard F. Neary,
Superintendent of Education.

AIR MAIL

Regina, June 28th, 1948.

Indian Affairs Branch, Department of Mines & Resources, OTTAWA.

I am in receipt of Department letter of the 24th instant, File No. 111-1-5 (E), in connection with the File Hills Indian Residential School and the matter of substitution of a day school for the residential school.

With regard to that part of the Department letter which refers to transportation and roads, I have to say that it is my opinion that horse drawn vehicles should be used. It will probably be many years before the roads in that area are suitable for year round use of motor transport. With school commencing the 1st of September, and the roads usually closing for motor transport any time after the middle of October, not re-opening again until the month of May, the investment cost of motor transport to serve our purpose would be prohibitive.

It is my opinion that there should be two Indians hired with driving teams and that each be supplied with a wheel vehicle and a bob sleigh, with a suitable covered cabin which could be used on either the wheels or the bob sleigh. This cabin should be provided with a wood heater for cold weather. The cost of operation of the two outfits should not exceed $3,000.00 a year, and two dependable Indians would be glad to have the employment.

J.P.B. Ostrander,
Regional Supervisor of Indian Agencies,

Dear Colonel Neary :-

Re. Repairs and Alterations at File Hills School

In the absence of Dr. Dorey I am taking the liberty of presenting some matters which were drawn to my attention during my recent visit in Saskatchewan.

A year ago we appointed Mr. Lachlan McLean as Principal of the File Hills Indian Residential School. Mr. McLean's first year of work can be very highly commended but in order that he may successfully carry on there are very necessary improvements which need to be given attention. These matters have been discussed with the Indian Agent and have, no doubt, come to you from your Saskatchewan representative, but I should like to assure you that if we are going to maintain the high standard of work which has been previously done there is great need for these expenditures:

There is a plumber's report

1) A complete new water system. When I visited the school two years ago I urged our Principal at that time to have new bathroom equipment installed, new floors in the rooms used, and all the pipes replaced.

No room in basement & first floor. Only resort is to put up top floor

There was also a need for wash rooms in the basement or on the first floor in order that the children might not have to return to the dormitories to wash up for meals;

She's right! The rooms are small one is 24x16, other 12x14 The linoleum is needed.

2) The Play-Rooms - are very badly in need of new floors and the battleship linoleum covering the halls is worn through and needs replacing immediately;

This can wait

3) Re-arrangement of Basement rooms - If you have ever been in this school you will recall that the cook walks approximately 75 feet fromt the kitchen to the supply room for her groceries, therefore, the re-arrangement of the basement rooms and the provision of more space for play-rooms is urgently needed

Send to be on order

4) A new lighting system - should be installed, and while I was at the school an engineer arrived to make some arrangements about the water system which again you may remember is pumped from a slough but a new dug-out is necessary in order that sufficient pressure may be obtained;

Engineer from Donald Inspection co. is to look at this.

(5)

Indian Affairs. (RG 10, Volume 6308, file 653-5, part 7)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

Library and Archives Canada / Bibliothèque et Archives Canada
www.collectionscanada.gc.ca

We bought paint. Former agent was not active re schools

5) **Re. Painting** - Looking at the fine condition of the buildings at the Agency and then the drab appearance of our school buildings we were agreed that a general paint job is also necessary and desirable.

Considering the amount of work involved, $12,000.00 does not seem a large sum for these expenditures and I can assure you that Mr. McLean will use every dollar to advantage. — I think so

Re. Agency Houses

Staff accommodation is limited.

With the difficulty in securing staff it has now become apparent that we must employ married men and with only one residence for assistants it is sometimes difficult to make suitable living accommodation for the type of staff which may be secured. Since the Agency will now have two vacant houses Mr. McLean is very anxious that these houses may be moved sufficiently close to the school to be used for the employees. When this matter comes to your attention may I assure you that there is a definite need for the establishment of these buildings as employee houses. ?

I had a most satisfactory visit in Fule Hills where I found the children extremely friendly, in good physical condition and in great glee because of their anticipated return home.

With my kindest regards,

Yours sincerely,

Isabel McIntosh Loveys

PLEASE QUOTE
FILE 111-1-5 (E.1)

OTTAWA July 21, 1948.

Dear Mrs. Loveys:

We have your letter of the 9th instant regarding certain repairs and alterations which you consider are required at the File Hills Residential School.

It is noted that you mention an amount of $12,000. which would be required to provide all the improvements that you suggest. I regret that we have not this amount of money available in the current year's appropriation. However, I am writing today to Superintendent Booth and we will make every possible endeavour to make the building as comfortable as possible for the coming academic year.

Yours sincerely,

Bernard F. Neary
Superintendent of Education.

111-1-5 (E.1)

July 21, 1948.

Mr. Frank Booth, Superintendent,
Indian Agency, Muscow, Sask.

Since Mr. Clark returned to the Department we have discussed with him the situation at the File Hills School.

In a letter dated July 19th we authorized the purchase of a tray carrier and we have also requested the Purchasing Branch to secure the sewing machines and the 1,000 gallon compartment tank. We have also requested them to secure the lighting plant and batteries which were recommended by Regional Supervisor Ostrander

Mr. Ostrander also forwarded to us a copy of quotation which he had received from Greenfield Motors for very extensive repairs at the school. Acceptance of the quotation would involve an expenditure of upwards of $5,000.00. We have not provided this amount in the current year's appropriation and consequently are unable to consider that particular tender.

We would like to have a separate tender for each of the following:

(1) <u>Boys' Dormitory.</u>

(a) Supply and install one single stall metal shower.

(b) Reset bath tub

(c) Recondition wash basins with minimum of new parts.

Indian Affairs. (RG 10, Volume 6308, file 653-5, part 7)

PUBLIC ARCHIVES

CANADA

Library and Archives Canada / Bibliothèque et Archives Canada
www.collectionscanada.gc.ca

(2) Girls' Dormitory

(a) Recondition sinks with minimum of new parts.

(b) Supply and install one single stall metal shower.

(3) Laundry.

Make minor repairs that would enable machinery to be satisfactorily operated for another year or so

With reference to painting the building, we understand that the paint is still available at the school, but you have not submitted a quotation for the labour. If you have obtained a quotation you should submit it for our consideration, giving full particulars regarding the buildings that it is intended to paint.

Bernard F. Neary
Superintendent of Education.

File 1568-311-11 A.U.

AIR MAIL

Regina, August 13th, 1948.

10 9719

Indian Affairs Branch, Department of Mines & Resources, OTTAWA.

Attention of Mr. Neary

The following quotation is taken from Certificate of Inspection of pressure boiler No. 15335 at the File Hills Indian Residential School for an inspection which took place on July 10th, 1948, by the Inspector of Steam Boilers, Department of Labour:

Ext 1

> "Install an equalizer pipe and new return water pipe. Boilers require a blow down tank and blow down valves so that boilers can be cleaned. This boiler must not be put into operation until the above work is completed and notice of such forwarded to this Department. These boilers should be replaced by a modern stoker unit."

At the request of the then Indian Agent, Mr. S.H. Simpson, a tender was received from Greenfield Motors dated June 4th, 1948, for the following:

Ext 2

> "Supply and install blow off tank and valves, all pipes and fittings, to renew return lines from end of mains to boilers and install equalizers in each boiler. Complete cost of labour and material $797.60."

This was one of the many expenditures necessary to put the File Hills Residential School in reasonably good working order, which resulted in my decision to write my letter of June 15th, 1948, File 1094-311-11 A.U., in which I questioned the wisdom of incurring large expenditures at that school and mentioned that consideration might be given to replacing the residential school by one or more day schools. I have received Department letter dated June 19th, 1948, File 111-1-5 (E.1), to the effect that the File Hills Residential School will operate for at least another academic year.

Ext 3

> In view of the fact that the boiler, in its present condition, has been condemned, it is very necessary that authority be given at once to have the repairs completed on the boiler before the school opens, or as soon as possible thereafter. Mr. Booth has recently spoken to Greenfield Motors in connection with their tender, as mentioned above. The completed work on which they have tendered will no doubt meet the requirements of the boiler inspector's order. Mr. Greenfield is prepared to make the installation at the price he quoted on July 4th, 1948.

Mr. Booth has received authority from the Department under letter dated July 21st, 1948, File 111-1-5 (E.1), to proceed with certain minor repairs and additions, and this work will proceed. The work on the boiler, as mentioned before, is even more urgent.

I would recommend that Mr. Booth be authorized by telegram to instruct Greenfield Motors to proceed at once with the work.

(E)

AIR MAIL

Ottawa, August 19, 1948.

Mr. J.P.B. Ostrander,
Regional Supervisor of Indian Agencies,
Regina, Saskatchewan.

File Hills Residential School

(1) REPAIRS:

By now you will have received an Army Signal concerning the boiler repairs and the purchase of the lighting plant required at the above residential school.

The Minister has approved the acceptance of the tender of Greenfield Motors Limited, to the amount of $797.60 to carry out the repairs as listed in their tender of June 4th, 1948.

Yesterday we mailed a copy of purchase order 33063 covering the purchase of a lighting plant and a set of batteries from Greenfield Motors Limited.

(2) FUTURE POLICY WITH REGARD TO THE OPERATION OF THIS SCHOOL:

Two days ago, Dr. Dorey of the United Church of Canada visited this office. The contents of your letter of June 15th was discussed with him at some length and while not committing himself fully, it seems fairly evident that he is in agreement with the replacement of this residential school by day schools.

Major Clark was also present at the discussion and he too is in agreement with your recommendation. It

Indian Affairs. (RG 10, Volume 6308, file 653-5, part 7)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

Library and Archives Canada / Bibliothèque et Archives Canada
www.collectionscanada.gc.ca

is understood that the two class room school block now on the site of the residential school could be used as a day school, providing transportation for the children could be arranged. It was, therefore, agreed that Major Clark would visit the school this fall and go over the roads thoroughly and decide whether bus transportation is feasible. It would be appreciated if efforts could be made to improve the roads selected to the extent required for them to be used by a heavy school bus. Our experiences with such transportation in Ontario have convinced us that good roads are essential for the provision of adequate school bus transportation.

I also understand that another day school would be required on this reserve near the File Hills colony. Would it be possible to have arrangements made for the school children at the File Hills colony to be admitted to the provincial school at Lorlie?

To summarize, therefore -

(1) File Hills Residential School will be operated as a residential school during the 1948-49 academic year.

(2) A thorough survey will be completed to decide what day school facilities can be provided to replace this residential school during the 1949-50 academic year.

(3) Before the closing of this residential school is authorized, adequate educational facilities must be ready to provide for the continuance of the education of these children. In other words, we cannot close the residential school until the day schools required are complete and bus transportation is provided.

Bernard F. Neary
Superintendent of Education.

August 30, 1948.

Mr. J.P.B. Ostrander,
Regional Supervisor of Indian Agencies,
R e g i n a, Saskatchewan.

File Hills Indian Residential School.

Please find attached a self-explanatory letter and requisition from Mr. Superintendent Booth. In view of the information contained in my letter to you of August 19, we hesitate to consider the provision of this linoleum at the price indicated. Your comments would be appreciated.

Bernard F. Neary,
Superintendent of Education.

FILE G-11-P. (114)

Fort Qu'Appelle.
August 28th.1948

Indian Affairs Branch, Department of Mines and Resources,
Ottawa.

Re File Hills Residential School.

The water situation at this school is very poor and I would recommend that a dug-out be excavated, the cost would be 285.00 and as I can have it dug immediately I would like to have the authority as soon as possible.

This dug-out would be placed closed to the school and the water could then be piped into a convenient tank inside the school.

Regardless of the future of this school the dug-out would be of use on this reserve.

Frank Booth.

Mr. Phelan:

File Hills: Re wire # 13466.

1. "Work on toilets absolutely necessary. Wire authority. He is correct. Please see picture #6 on 111-1-1

In our letter of 21 July we didn't mention toilets I have flagged the plumber's report and estimates.

The plumbing items total $ 647. 50
Some will be usable anywhere

The laundry tubs are in a condition similar to the wash-basins — years of neglect.
Labour on them with new taps, pipes, etc. $ 201. 00

In all, the request is for $ 848. 50

Other items approved are:

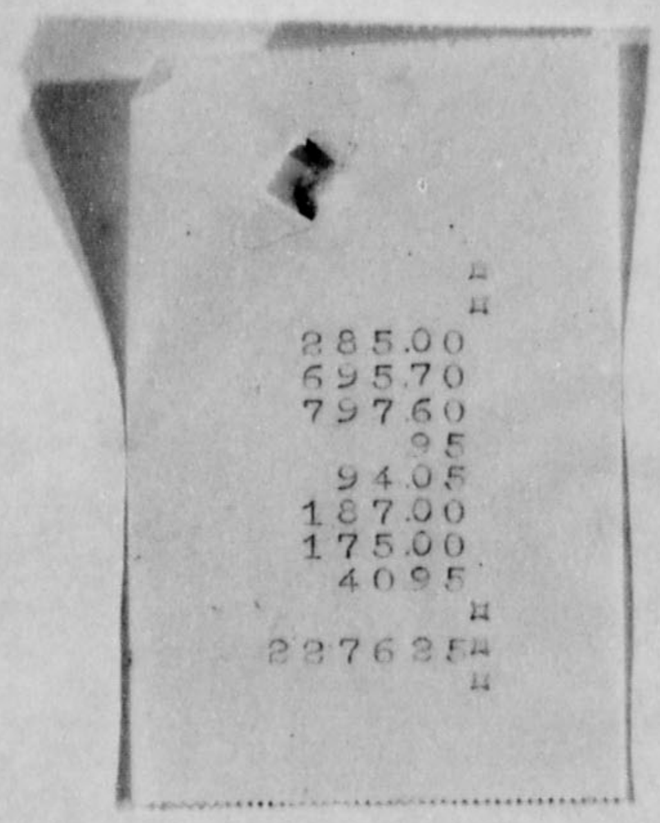

Dug-out	$ 285. 00
Light plant	695. 70
Boiler	797. 60
Tray carrier	95. 00
Gasoline tank	187. 00
Fence posts	175. 00
Joist	40. 95

Ottawa, September 3, 1948.

Memorandum:

DEPUTY MINISTER

File Hills Indian Residential School

Mr. Frank Booth, Superintendent of the File Hills Indian Agency, Saskatchewan, recommends immediate acceptance of the tender which he has received from Greenfield Motors Ltd., Balcarres, Saskatchewan for the following repairs to the File Hills Residential School:

(1) Repairs to plumbing, including installation of shower baths, wash basins and toilets $647.50

(2) Repairs to laundry tubs and other equipment in the laundry $201.00

The prices mentioned above include both materials and labour. $848.50

I would appreciate it if you would approve acceptance of Greenfield Motors' tender for the amount stated above.

Mr. Frank Booth,
Superintendent,
Indian Agency,
Fort Qu'Appelle, Sask.

We have your letter of the 16th instant enclosing requisition for new cots and mattresses for the File Hills School.

To purchase the items mentioned would involve an expenditure of over $700.00. Would it not be possible to repair the springs in the present cots? This would involve considerably less expense.

Bernard F. Neary
Superintendent of Education.

MINES AND RESOURCES
INDIAN AFFAIRS BRANCH

PLEASE QUOTE
FILE G.V. 114

Fort Qu'Appelle. Sask.
September 21st.1948

Indian Affairs Branch,Department of Mines and Resources,
Ottawa.

I am enclosing herewith Vr # 453 and 454 in favor of Greenfields.Balcarres.

I may say that on voucher # 453,no authority was given ~~xxx~~ for labor and material for repairing the drinking fountains in the dormitories,but no doubt the fountains could not be used until repaired,therefore the Principal asked the plumber to do the work.

Reference vr # 454, I wish to report that this hot water tank was purchased last year and has been laying outside the building until now,as the plant would not be complete without it I gave instructions to install it the same time that the boilers were being repaired.

All the plumbing is now completed and it should give good service for a considerable time.

Frank Booth.
Superintendent.

Mr. F. Booth, Supt. of Indian Agency, Fort Qu'Appelle, Sask.,

We find it necessary to return your voucher No. 464 in connection with repairs to the File Hills Residential School. The following mistakes have been made:

1. There is an error of $10. in the addition
2. No receipt is attached for the freight charges but I would point out that Purchase Order # 32342 provided for delivery f.o.b. the school site, consequently there should be no charge included on the account for freight.

Philip Phelan,
Chief, Education Division.

553-5 (E.1)

November 5, 1948.

Mr. Frank Booth,
Superintendent,
Indian Agency,
Fort Qu'Appelle, Sask.

We have your voucher No. 541 for $105.00 covering the cost of the dish truck purchased for use at the File Hills School.

On the requisition which you forwarded under cover of your letter of July 6th, you stated that you could secure this article for $95.00 from General Steel Wares and authority for an expenditure of $95.00 was authorized in official letter of July 19th.

Please let me know why it was necessary to expend more than the amount originally authorized. If we had known the cost of this article would exceed $100.00, we would have submitted your former request to the Purchasing Branch. We will now have to submit it to that Branch as it is over $100.00.

Please let me have an explanation of this matter as soon as possible.

Bernard F. Neary
Superintendent of Education.

COPY

Winnipeg Cabinet Factory Limited.

Winnipeg,
August 31, 1948.

File Hills Indian Residential School,
BALCARRES, Saskatchewan.

Attention: Mr. Lachlan McLean

Dear Sirs:

We are in receipt of your letter of August 28th ordering one dish truck, and wish to thank you for same. We are sorry however, that since submitting our quotation on June 10th, the price of this unit has gone up to $105.00, f.o.b. Winnipeg.

We were very reluctant to raise our prices on articles such as this but due to increased costs in manufacturing, including increases in the prices of metal, all metal parts, and labour, we had no laternative.

Delivery can now be made within four to five weeks from receipt of order, and we would like to have your permission to proceed with this order at the new price.

Thanking you, and trusting we will be favoured with your reply by return mail, we are,

Yours very truly,

THE WINNIPEG CABINET FACTORY LIMITED

With reference to your letter of November 5, 1948, File No. 553-5(E1) concerning Voucher No. 541 covering the cost of a dish truck for use at File Hills School. Mr. McLean of the File Hills Residential School failed to notify us of the change of price of this article. He received notification from the Winnipeg Cabinet Company on August 31, advising him of the change in price.

I was under the impression that this dish truck would cost only $95.00 until the invoice came in for $105.00. The only thing I could do was to submit the account for payment, as the truck had then been in use.

I regret that Mr. McLean did not inform us of the letter he received from the factory inorder for us to submit it for your consideration.

Frank Booth,
Superintendent.

Department of Mines and Resources,
Ottawa.

Mr. McLean, principal of the File Hills Residential has purchased a movie Projector and three radios for use in the File Hills Residential School.

He now asks partial reimbursement for these purchases, therefore I am forwarding the letter and receipted accounts which he sent to this office.

Mr. McLean would appreciate any favourable consideration the Department may decide upon.

Regina, November 15th, 1948.

Indian Affairs Branch, Department of Mines & Resources, OTTAWA.

Attention Colonel Neary

There should be provision made in the Estimates for the coming fiscal year for a complete overhaul of the plumbing, a new sewage disposal system, new floors or battleship linoleum on the old floors, and painting, both exterior and interior, at the File Hills Residential School if it is to continue in operation after this school year.

As apparently no decision has been made in connection with its continuation, and the above mentioned items would mean an expenditure of perhaps $20,000.00, I would suggest that some provision should be made in ~~the Estim~~ates as certainly the school cannot continue much longer without these large expenditures.

Balcarres,

Nov. 16th, 1948.

Mr. Frank Booth,
Indian Agent,
Fort Qu'Appelle,
Sask.

Dear Mr. Booth,-

I requested Mr. Greenfield of Balcarres to make out a requisition to repair the sewer system at File Hills. He tells me it is impossible as the pipe systems are all clogged up, and recommends a complete new job throughout. The main pipes are so corroded on the inside that passage is almost blocked.

Since the recent additions to the toilets when one is flushed the pipes overflow and run down through the floors to the main floor below. This is very unsanitary and it also causes a bad odour.

Kindly advise the proper authorities.

Yours truly,

(Sgnd) Lachlan McLean.

We have your letter of the 13th instant enclosing copy of account covering the cost of a movie projector and radio purchased by the principal of the File Hills Residential School.

Before we can provide any amount towards the cost of the projector it will be necessary for the order to have been placed through our Purchasing Branch.

As you are aware, no authority was either requested or given for the purchase of this equipment and under the circumstances we regret that we are not in a position to make any allowance towards its cost.

Re: File Hills Residential School
Ref. your G-7P-(114) of November 29

We note that you have received a requisition requesting a new washing machine for this school. Some of our schools have recently found that a Bendix Automatic machine is preferable to a large gasoline driven washer. Would you discuss this matter with the Principal of the File Hills Residential School and find whether he would consider such a machine satisfactory for his requirements. While the Bendix machine does not wash the quantity of the larger machine, it delivers them partially dry, and many schools consider this advantage to outweigh the disadvantage of the small size. I presume that a gasoline driven Bendix machine or similar type can be obtained.

Bernard F. Neary,
Superintendent of Education.

P.C. 727.

Certified copy of a Report of the Committee of the Privy Council, approved by His Excellency the Governor General on the 26th March, 1889.

PRIVY COUNCIL CANADA.

Upon the application of the Indian Commissioner of the North West Territories, and of the authorities of the Presbyterian Church of Canada, for a grant for the purposes of a boarding school established by that Church for the benefit of Indian children, of the North half of section 32, Township 22, Range 11, West of the 2nd Meridian, and of all that part of Section 33, in the same Township, which is outside of the boundaries of the "Okanesse Indian Reserve", the Minister of the Interior recommends that the control of the said lands be vested in the Superintendent General of Indian Affairs for purposes connected with the Indians of the said Reserve including the purposes of the boarding school before referred to.

The Committee submit the above recommendation for Your Excellency's approval.

J. J. McLean — Robert Sinclair

Clerk of the Privy Council.

P.C. 995.

Certified copy of a Report of the Committee of the Privy Council, approved by His Excellency the Governor General on the 29th June. 1903.

PRIVY COUNCIL CANADA.

On a memorandum dated 11th June, 1903, from the Acting Superintendent General of Indian Affairs submitting in reference to the Order in Council of the 26th March 1889, vesting in the Superintendent General of Indian Affairs the north half of section 32, township 22, range 11 west of the 2nd meridian, and all that part of section 33 in the same township, which is outside of the boundaries of the Okanees Indian Reserve for purposes connected with the Indians of the said reserve including the purposes of the boarding school established on the reserve by the Canada Presbyterian Church, that the Indian Commissioner for Manitoba and the North West Territories suggests, on a report of the Indian Agent for the said reserve, that the north west quarter of said section 32, which is now of no use to the Department of Indian Affairs and which has been occupied for some years by a halfbreed, be relinquished by the latter mentioned Department and thrown open for homestead entry, and that the north east quarter of the same half section 32 and all that part of the said section 33 which is outside of the boundaries of the Okanees Indian Reserve, remain subject to the control of the Superintendent General of Indian Affairs for the purposes of the Presbyterian boarding school referred to.

P.C. 1896.

PRIVY COUNCIL CANADA

Certified copy of a Report of the Committee of the Privy Council, approved by His Excellency the Governor General on the November, 3rd 1905.

On a report dated 26th August, 1905, from the Superintendent General of Indian Affairs, stating that the Board of Trustees of the Presbyterian Church in Canada have applied to the Department of the Interior to acquire in fee among other lands, for the use of the File Hills Indian Boarding School, under the control of the Presbyterian Church, the fractional Section 33 and the North-east quarter of Section 32, Township 22, Range 11, West of the 2nd Meridian, which lands were by Order in Cohncil of the 29th June, 1903, placed under the control of the Superintendent General of Indian Affairs for the purpose of the File Hills Indian Boarding School.

The Minister therefore, recommends that these lands be relinquished to the Department of the Interior, in order that they may be disposed of by that Department to the Presbyterian Church for boarding school purposes.

The Committee submit the same for approval.

A.P. Sherwood C.P.C.

Clerk of the Privy Council.

Sir, -

I beg to acknowledge receipt of cheque No. 409 in payment of voucher No. 557 issued on account of money advanced to J. Ironquil ~~for levelling~~ levelling the yard round the File Hills Boarding school. When the work of levelling the yard was completed I forwarded voucher No. 560 covering the whole amount due, so that the $25.00 I have received should be deducted from the amount of the last voucher viz. $131.00 , unless I may apply it on account of the work now being done on the school farm, cutting scrub etc. I would respectfully request to be advised what to do with the cheque. I may add that the work of clearing the farm is being done by the same Indian, J. Ironquil.

Sir,-

I beg to inform you that a fence round the garden of the File Hills School is very badly needed. The garden is close to the buildings and it is very necessary to have a neat fence. I have gone into the matter and find that a page wire fence with cedar posts and top rail with two iron gates can be constructed for about $135.00. At the present time there is no fence there as the last one ,which was made of rails has rotted and been burnt.

I trust you will see fit to grant this request.

IN YOUR REPLY REFER TO
No. 11
TO DATE OF THIS LETTER.

Balcarres, Sask., August 8th, 1913 191

3149

Ref.: Your Letter ..... 191 , No.

Sir,-

I have the honour to bring the following matter to your attention. You will remember that after the completion of the File Hills Boarding school, the matter of fencing the grounds was left undone, and as a consequence animals of all kinds can roam between the buildings. The property on which the buildings are situated is deeded in the Department's name, and it is this property I wish to fence, with an additional 75 or 100 yds added to the north boundary, where the road passes through to the Agency. I had hoped to put off this work for another year, but this would be a great inconvenience, and if it is possible to do it this year, I should be very glad. Some of the work can be done by the boys. The fence should be made of barbless square mesh wire with cedar posts, in fact the same kind of a fence as was built around the school garden with the exception of the top rail, which will not be required. The estimated cost of the whole fence will be about $350.00.

I have the honour to be,

Sir,

Your obedient servant,

W. M. Graham

Supt. of Indian Agencies.

The Secretary,
Dept. of Indian Affairs,

Sir,-

I have to acknowledge the receipt of your letter of the 8th instant in reference to the fencing of the grounds at the File Hills Boarding School.

In reply I beg to say that you may purchase the material and have this fence erected at a cost of approximately $350.00. The school authorities should supply some of the necessary labour and the material should be purchased by you at the best possible prices.

Your obedient servant,

J. D. McLEAN

Duncan C. Scott, Esq., F.R.S.C.,
Deputy Superintendent General,
Department of Indian Affairs,
Ottawa, Ont.

Dear Dr. Scott:-

Recently, the Women's Missionary Society of the Presbyterian Church received a request from their leaders in Saskatchewan for $1500, with which to clear 100 acres of land in the vicinity of File Hills, that is now the property of our Church and that is being used in connection with the File Hills work.

Our W.M.S. have 420 acres. 70 acres of this is under cultivation. Of this 70 acres, 48 has been cropped in wheat and oats and has been worked for years without rest. 10 acres is used for potatoes and the remainder is practically useless owing to timber and potholes. The fuel for the school has always been taken from this property.

The proposal now made is that 100 acres of the 420 shall be cleared. It appears that there is a man nearby who has a machine and is willing to do this work at $15.00 per acre, which will mean in all, $1500. I understand that Mr. Graham and Mr. Rhodes met in conference with the W.M.S. representatives in Regina, before this request was made so it is quite evident that Mr. Graham approves the suggestion.

The matter has been taken up by the Board of the W.M.S. and as the Society has no money to apply on this work, it was decided to ask the Government to vote $1500 for the purpose. If the Department is not willing to expend money on land that does not belong to the Government, then the W.M.S. will be willing to sell the 100 acres at a very reasonable price. Or, they will be willing to sell the 420 acres, if the Government would prefer to take the whole farm.

Hoping for a favorable reply, believe me

Yours sincerely,

JHE/HC

Dear Dr. Scott:-

Re- File Hills

On Feb. 3rd, I wrote you recommending that the Government set apart $1500. to be used in clearing one hundred acres of land in the vicinity of the File Hills School. As yet we have not had a reply. I take it that you are consulting your representatives in the West.

If it is not asking too much, we would appreciate an answer before the Annual Meeting of our Board, which will begin its sessions March the 19th. At that time, our representatives from Saskatchewan will be here.

Yours sincerely,

J H Edmison

Ottawa, March 12, 1923.

Dear Dr. Edmison:

I have your letters of the 3rd ultimo and 3rd instant, requesting this Department to clear 100 acres of land, which belongs to the Presbyterian Church and is used in conjunction with the File Hills Indian Boarding School. I have postponed answering your first communication, until such time as certain information was to hand, and until a decision was reached as to the advisability of presenting supplementary estimates for Indian Education to Parliament.

In reply I have to state that it is not the intention to ask Parliament for an appropriation additional to our main estimates, at this time, and I regret that favourable consideration cannot be given to your suggestion at present.

I am communicating further with our western representatives, and, at a later date, I hope to make a proposal relative to the land in question.

Yours very truly,

Deputy Superintendent General.

Ottawa, March 13, 1923.

Sir:

I am enclosing two blue prints, showing a portion of the Okanase Indian Reserve and the property used in conjunction with the File Hills Indian Boarding School. Certain records have been lost, or mislaid, and the Department desires information concerning the school land.

I understand that the East ½ of Sec. 32, Tp. 22, Rge. 11, W. 2 M. is owned by the Presbyterian Church. That portion of Section 33 which is outside of the Indian reserve and on which the school is situated was, I understand, given by the Presbyterian Church authorities to the Department, in 1910, when the present school was erected.

I have learned that 70 acres is under cultivation. I should be pleased if you would mark, roughly, on one of the blue prints the location of this 70 acres and return it to the Department. Further, in conjunction with Mr. Rhodes, please indicate the location of the 100 acres which it would be advisable to clear. I have learned that Mr. Rhodes met Woman's Missionary Society representatives in Regina, in this connection.

Your obedient servant,

J. D. McLEAN

J. D. McLean,

EXD

Ottawa, March 13, 1923.

Reverend Sir:

I am directed to refer further to your communication of the 3rd ultimo, with reference to the farm at the File Hills Indian Boarding School. This Department understands that, in 1906, you acquired the West ½ of Section 32, Tp. 22, Rge. 11 W. 2 M. and all that portion of Section 33 lying outside of the Okanase Indian Reserve. After a study of our files which, in this connection, are incomplete, or have been mislaid, I understand that fractional section 33, comprising 101.95 acres, was conveyed to the Department of Indian Affairs for educational purposes, when the new boarding school was erected in 1910.

Your letter states that the W. M. S. have 420 acres. Should not this read 320, or the East ½ of Section 32? Further, would you mark on the enclosed blue print the approximate location of the 100 acres which should be cleared, and return the same to the Department at your convenience.

This Department would be grateful for a copy of any instrument of conveyance that was given by your W. M. S. to the Department of Indian Affairs in 1910, when the present boarding school was erected.

R.J.T.

Your obedient servant,

J. D. McLEAN

J. D. McLean,
Asst. Deputy & Secretary.

Sir,—

The Department applied to the Foreign Mission Committee of the Presbyterian Church for a deed of the fractional part of Section 33 Township 22, Range 11 west of the 2nd Meridain, on which the new File Hills Boarding School is situated. The Church authorities, however, do not wish to transfer to the Department the whole of this piece of land, which containes about 100 acres, but state that they are quite willing to hand over five or ten acres, whatever may be necessary for the site of the building. The Department wishes, therefore, to obtain a piece of this land containing not less than 10 acres, but before a deed is prepared a description of the site is required. I have to ask you, therefore, to be good enough to choose the site. It would be well for you to make a sketch showing the location of the buildings and the measurements of the lot, which will have to be described by metes and bounds. You should also show the distance from the corner of the quarter section. It is thought that the school site, which must embrace ten acres, should extend across the lot and touch the lake and road allowance. You are sent, under separate cover, a map of the township for your guidance. This you will be good enough to return to the Department.

Your obedient servant,

W.M. Graham, Esq.,
Inspector of Indian Agencies,

ALSO
TO DATE OF THIS LETTER

Sir,—

In reply to your letter 111-1-9, dated the 13th instant, I am returning herewith blue prints showing the location of the land already cultivated by the File Hills Boarding School and the land that it is proposed to bring under cultivation.

With regard to the ownership of the East half of Section 32, Township 22, Range 11, West of of the Second Meridain and the fractional part of Section 33, which is outside of the Indian Reserve, I always understood that the whole of this land belonged to the Presbyterian Church, with the exception of 10 acres on which the School buildings stands. I have searched through our files and a letter from you to Commissioner W.M. Graham, dated Oct. 5th, 1910, a copy of which I am attaching hereto, would seem to indicate that only 10 acres were transferred to the Department. I may say that I can find no answer to your letter on our files so I am not quite sure whether the transfer of this land actually took place. I could however, get a copy of title from the Lnad Titles Office if the Department thinks it necessary.

I have the honour to be,

Sir,

Your obedient servant,

L. L. Deacon

Indian Agent

" C O P Y ".

2245 Cornwall St., Regina, Sask.,
April 3rd, 1923.

Rev. J.H. Edmison, D.D.,
Toronto, Ont.

Dear Dr. Edmison:-

When in Toronto you asked me to locate the 100 acres of our land at File Hills which should be broken in order to give a better opportunity to carry on farming operations in connection with our Boarding School there, in accordance with the request, of J.D. McLean, Deputy and Secretary of Indian Affairs, Ottawa.

I had a conference with Commissioner Graham today about this matter. He knows the land well. He says that the 100 should be broken on the South East quarter of 32, tp.22, R.11, w 2M, or almost wholly so. He is of opinion that a survey should be made when the contractor is ready to begin work. A good deal of this land is covered with scrub and some of it heavier than other parts. If it is imperative that 100 acres be named, I would recommend that it be described as follows- Starting at the S.E. corner of the S.E. quarter of 32.22.11, follow along the southern boundary of said quarter section 100 rods, then north 160 rods, then east 100 rods, then south 160 rods to the place of starting - 100 acres. Our present land now under cultivation is in small patches of 4 and 5 acres here and there, over this part of our farm. These patches were fairly free of scrub when broken.

I am, yours sincerely,
Sgd.- Peter Strang.

Ottawa, April 10, 1923.

Dear Dr. Edmison:

I have your letter of the 7th instant, enclosing a copy of a communication from the Rev. Mr. Strang, of Regina, relative to the location of the land at the File Hills Indian Boarding School which should be cleared for farming operations.

Certain information concerning the area of the school site is desired, before a decision is reached in this connection. As you were informed in official communication of this file number, dated the 13th ultimo, one of our files has been lost, and I should be grateful for a copy of any instrument of conveyance that was given by your W. M. S. to the Department of Indian Affairs in 1910, when the present boarding school was erected.

Yours very truly,

R.H. DCS

Dear Dr. Edmison: re File Hills I.B.S. (land)

Mrs. Clark has handed over to me, as Secretary of the Property Committee of our Board, the copy of letter sent you by the Department on Marhh 13th in this connection.

From correspondence and files it would appear that the Board of Trustees holds in trust for our Society 413.35 acres of land in connection with this School. I am enclosing sketch of property shewing different parcels of land. The N.E. 1/4 sec of 32 together with the fractional part of Sec. 33 was purchased from the Government at the rate of $3 per acre - total acreage 253.35 - costing $760.05. This transaction took place in 1906. The S.E. 1/4 sec of 32 was a f free gift from the Government and had been homesteaded previously by Mr. Gordon on our behalf. According to the Land Titles Office in Regina the fractional section 33 which the Department understands was conveyed to them in 1910 is still vested in the Board of Trustees as the Abstract of Title which I recently filed with Dr. Laird's office will show. This is our authority for believing that the land was never conveyed to the Department and I suppose is considered the authority.

Trusting that this information will be of service.
I remain,

Yours very sincerely,

(Signed) (Mrs. J.E.) Lillian E.W.Jones.

Dear Dr. Edmison:-

Re correspondence on the question of farm lands at File Hills I.B.S., I may state that I have gone over the files (W.F.M.S.) dating 1906 to 1911 and fail to find any reference to the transfer of any portion of this land to the Govt.

The files show purchase of the land by W.F.M.S. Society (253.35 acres) at $3 per acre - $760.05 in the year 1906. In addition to this S.E. 1/4 section 32 was homesteaded by Mr. Gordon for the use of the school. In our minutes of March 19th- 1907 this 1/4 section was legally transferred by the Govt. to our Society. I have also conferred with my predecessor in office and she has no knowledge of any transfer of land made by our Society to the Govt. Our W.M.S. recognize that the Govt. should own the land upon which the new school was built in 1910 and would be willing to deal liberally with the Govt. as we think they should own <u>all land</u> in connection with our Indian Schools.

Kindly confer with the Dept. on this matter at an early date, and oblige,

(Signed) Adelaide Clark,

Ind. Sec. W.M.S.

Dear Dr. Scott:-

I have yours of April 10th, re property at File Hills. I have again taken this matter up with the Women's Missionary Society and have received two letters this morning,- one from Mrs. Erle Jones and one from Mrs. C. Clark. I am enclosing copies of both.

If you desire a copy of the Abstract of Title, which is in Dr. Laird's office, we can send it.

Hoping these letters may clear up your difficulties, believe me

Yours sincerely,

Ottawa, May 1, 1923.

Dear Dr. Edmison:

I have your letter of the 16th ultimo, enclosing copies of communications from the Women's Missionary Society officials, relative to the property at the File Hills Indian Boarding School. I note that there was apparently no transfer to the Department, of any of the land owned by the Presbyterian Church at this school, at the time the new building was erected.

Referring to your communication of March 3rd, last, in which you asked the Department to clear 100 acres, it is my suggestion that the Church transfer, at a nominal sum, the S. E. quarter of section 32, Tp. 22, Rge. 11, W. 2. This particular quarter section was, I believe, acquired by the Church at practically no cost, by completing homestead duties. I understand from local officials that the whole of the 100 acres in question lies in this quarter. Following this proposed transfer, I shall endeavour to arrange for an appropriation for the proper clearing of the 100 acres or more, in 1924.

Further, as the present school buildings stand upon property owned by the Presbyterian Church, I should be pleased if you would make arrangements with the W. M. S. for the transfer, also for a nominal sum, of fractional section 33 - that portion of the section lying outside of the Okanese Reserve. This Department should have arranged for proper title to this last mentioned parcel, at the time the main building was erected by parliamentary appropriation, in 1910.

Extract from Mrs. Jones' Letter

" Mrs. Clark reported the correspondence from Ottawa in which the Department suggested that we should convey to them for a nominal sum, the S.E. 1/4 Sec. 32 in which is included the 100 acres which it is desired should be cleared for the purposes of the school, and also the fraction of Sec. 33 on which the Government School building is erected. The acreage involved in these two parcels is about 262 acres. In addition our Society holds the N. E. 1/4 Sec. 32 and the recommendation of our Executive Board is as follows.-

> "That we offer to sell for a nominal sum to the Department of Indian Affairs all the land we hold in connection with the File Hills I.B.S. comprising about 413 acres, the matter to be considered with the Board of Trustees of the Church".

Mrs. Clark has in the past secured valuations of this land and the lowest valuation was $15 per acre. We have to remember of course, that the total cost of this land to our Society was $760— the amount paid for the N. E. 1/4 Sec. of 32, and the fraction of Sec. 33 totalling 253.35 acres at the rate of $3 per acre. The S. E. 1/4 sec. of Sec. 32 was a free gift by the Government. We should like advice as to what should be considered a nominal sum and also as to what the procedure is in connection with taking the matter up with the Board of Trustees.

While the Government only suggests the purchase of the two parcels it would seem unwise on our part to retain the other 151 acres of land, hence our suggestion that the Department take over the whole property."

JUL 30 1923

Dear Dr. Scott,-

I have yours of July 12th re the purchase by the Government of the W. M. S. property at File Hills. There seems to be some misunderstanding. The facts are as follows,-

1. Our W. M. S. own the S. E. 1/4 Sec. of 32, Tp. 22, Rangell W.2, comprising 160 acres. You speak of this as a free gift from the Government. While this was referred to as a free gift by Mrs. Jones in her letter of May 17th, copy of which I sent you, this is a little misleading. This quarter section was homesteaded by a friend of our Principal , now Mrs.Motherwell and was later transferred to our Women's Missionary Society with the approval of the Government. Homestead duties were done according to law. This seems to me as a little different from a free gift and the W. M. S. should be entitled to any increase in value, as property homesteaded by any private individual.

The other property owned by the W. M. S. is the West half of Sec. 33 comprising 253.35 acres for which they paid $3 per acre or $760.65. Mrs. Clark informs me that their Society through their Solicitor Dr. Hamilton Cassels, appealed to the Government at different times for a gree gift. This was not allowed however, and they were obliged to pay $3 per acre. In the judgment of the W. M. S. it is worth more to-day either to the church or Department.

The N. E. 1/4 Sec. of 32, comprising 151.42 acres referred to in your letter of the 13th is included in this 253.35 acres. From this you will see that the W. M. S. own in all only 413.35. They feel that they should get at least $3,000. for this property.

Kindly let me know if the Department is prepared to buy at this price.

Yours sincerely,

JHE/EB

Dear Dr. Edmison:

I have your letter of the 20th instant, with further reference to the purchase, by the Government, of the Woman's Missionary Society property at the File Hills Indian Boarding School.

In the light of your explanation, the Department considers that the more or less nominal sum of $3,000 should be given to the Church Authorities, in the event of a transfer, to the Crown, of the 413.35 acres held for the institution. An effort will be made to place an item in the Estimates for the coming fiscal year, to cover not only this purchase, but the cost of clearing a further portion of the property.

Yours very truly,

J. D. McLean,

Department of Indian Affairs,
Ottawa, Ont.

Dear Mr. McLean,-

I received yours of July 31st, in which you intimate that the Department will be willing to allow $3,000. to the Church for the 413.35 acres held for the Fill Hills Indian Boarding School. You state in this that an effort will be made to place an item in the estimates for the coming fiscal year to cover the purchase and the clearing of a further portion of the property. I am wondering if this will unduly delay the clearing of the property. I take it that the clearing would require to be done this fall or winter to get the land ready for next year's crop.

From my conversation with Mr. Ferrier, I take it that the Department is conferring with Commissioner Graham in regard to the necessity of a residence for the Principal at File Hills.

Yours sincerely,

JHE/EWS

Dear Dr. Scott:-

I have information from Dr. J. H. Edmison, Secretary of the Board of Home Missions and Social Service, that the Indian Department is purchasing a property of approximately 413.35 acres connected with the File Hills Indian School, from the Women's Missionary Society of our Church, for the sum of $3,000. The Board of Trustees is the corporate body which holds property for the Women's Missionary Society and issues transfers, etc. I understand from your letter to Dr. Edmison, dated Jany. 15th, that you are willing to have the transfer prepared in Ottawa, and on behalf of the Board of Trustees am enclosing duplicate Certificate of Title No. 213 LX of S.E.¼ 32, Tp.22, R.11, W.2d M., 160 acres; and Abstract and Certificate of Title No. 6915 of N.E. ¼ 32 - 22 - 11 - W.2d, 151.42 acres, and all that portion of Section 33 - 22 - 11- W.2d, which lies to the West of the Western limit of the Road Allowance adjoining the West boundary of the Indian Reserve, 101.93 acres, or 413.35 covered by both Certificates, and also Plan of Township No. 22, Range 11.

The Transfer will be executed by the Board of Trustees of the Presbyterian Church in Canada under its seal attested to by Mr. J. K. Macdonald, Chairman of the Board of Trustees and Robert Laird, Treasurer of the Presbyterian Church in Canada, as provided for in the Act of Incorporation of the Board. When the Transfer is prepared please send to me for execution along with remittance of the purchase price.

Very sincerely yours,

Robt Laird

Sir:

This Department wishes to purchase from the Presbyterian Church certain parcels of land north of Balcarres, Sask., comprising 413.35 acres as shown in red on the enclosed plan. I should be grateful if you would have your local Agent search title and prepare a conveyance from the Board of Trustees of the Presbyterian Church in Canada to "His Majesty as represented by the Superintendent General of Indian Affairs". The purchase price is $3,000. Mr. J. K. Macdonald, Chairman of the Board of Trustees, and the Rev. Robt. Laird, D.D., Treasurer of the Presbyterian Church in Canada, are the Church officials who will execute the transfer. Their address is Confederation Life Bldg., Toronto.

I am enclosing, in addition to the plan, duplicate Certificate of Title No. 213 LX of S.E. ¼ 32, Tp. 22, R. 11, W. 2d M., 160 acres; and Abstract and Certificate of Title No. 6915 of N.E. ¼ 32 - 22 - 11 - W. 2d, 151.42 acres and all that portion of Section 33 - 22 - 11 - W 2d, which lies to the West of the Western limit of the Road Allowance adjoining the West boundary of the Indian Reserve, 101.93 acres.

When your Agent has found satisfactory title, if you will inform me, I will direct to you a cheque covering the purchase price.

Yours very truly,

Duncan C. Scott

Deputy Superintendent General.

Dear Mr. Scott:-

I have your letter #111-1-9 dated the 20th instant and note that you are arranging for the purchase of the 413.35 acre farm at the File Hills Residential School. I know this land well and would say that it is worth at least $15.00 per acre.

Yours very truly,

W. M. Graham
Indian Commissioner.

Memorandum:

Honourable Charles Stewart.

In 1910 the File Hills Indian Residential School was erected by this Department. The 413.35 acres on which the buildings are situated was owned by the Presbyterian Church. The Department was in error at that time in that title to the property was not secured. The 413.35 acres includes the site of the buildings as well as the school farm, which is a necessary adjunct to the institution. I asked Mr. Commissioner Graham to place a value on the land and he replies that he knows the property well and that it is worth at least $6,200. The Department has arranged for a purchase price of $3,000, and I should be pleased to have your authority to complete the transaction. Funds are available in the Appropriation for Indian Education. The title will be searched and the transfer executed by the Department of Justice.

Re: Purchase of land at Balcarres from
Presbyterian Church in Canada
Your reference No. 111-1-9

I have the honour to advise receipt of communication from our agent dated February 24th as follows:-

> "Search of the title to the land herein has been completed and we find that the same stands in the name of the Board of Trustees of the Presbyterian Church in Canada free from all encumbrances. All taxes against the property have been paid up to and including the 31st day of December 1924. Assessment for the current year will not have been made as yet and we have advised the Assessor that the land in question has been purchased by the Crown."

WITH CHEQUE

I have your B-5291 of the 27th ultimo, and I note that your agent has found satisfactory title to the property which this Department proposes to purchase from the Presbyterian Church for the use of the File Hills Indian Residential School. I am enclosing a cheque in favour of the Treasurer of the Church, for $3,000, which is the purchase price, and I should be pleased if you would direct it to your agent, with instructions to complete the transaction.

DATE		SERVICE.	AMOUNT.
1925			
March	4	To purchase from the Presbyterian Church certain parcels of land, north of Balcarres, Sask., comprising 413.35 acres	$3000.00

NOTE:

These parcels are the site of the Government built File Hills Indian Residential School and the farm, which is a necessary adjunct to the institution. In 1910, the buildings were erected by the Department. At that time, through inadvertence, title to the property was not secured. Mr. Indian Commissioner Graham, of Regina, values the land in question at $6,200. The Department has arranged with the Presbyterian Church for a purchase price of $3,000 - the authority of the Honourable the Superintendent General has been secured and title has been searched and the transfer executed by the Department of Justice.

Certified Correct

Duncan C. Scott,
Deputy Superintendent General,
Department of Indian Affairs,
Ottawa, Ontario.

Dear Dr. Scott:-

I have received from Messrs. Blair, McNeel & Stewart, Barristers, Regina, a draft of a Transfer of the property in connection with the File Hills Indian Residential School from the Board of Trustees to His Majesty the King, as represented by the Superintendent General of Indian Affairs for the Dominion of Canada. The draft Transfer seems to be in order and will be executed by the proper officers of our Board of Trustees. We had no intimation from you that this was in the hands of the above firm, and we shall be glad to have their communication forwarding this Transfer confirmed. I enclose the Transfer. If satisfactory to you kindly return with your Department's cheque for $3,000, the amount of the purchase price, and we shall have the Transfer executed and returned either to you or to Blair, McNeel & Stewart, as you may direct.

The above firm acknowledges receipt from you of Certificate of Title covering the S.E. quarter of Section 32, 22, 11, and asks us to forward to them the Certificate of Title for the balance of the property. Please note that in our letter to you of Jany. 27th we forwarded not only the above Certificate, but also Abstract and Certificate of Title No. 6915 of N.E. quarter of 32, 22, 11 and a portion of Section 33, 22, 11. You acknowledged receipt of these documents, and perhaps you will be good enough to forward second Certificate of Title to Blair, McNeel & Stewart, as they need it for registration purposes.

Very sincerely yours,

RL/O

Dear Dr. Laird:

I have to acknowledge your letter of the 4th instant, enclosing a draft transfer in connection with the File Hills Indian Residential School property. This Department placed the matter of the purchase in the hands of the Department of Justice and I am informed that Messrs. Blair, McNeel & Stewart, of Regina, are their agents. A few days ago, I was informed that satisfactory title had been found and I directed to the Department of Justice a cheque for $3,000 in your favour. As soon as the papers are complete the Regina firm will direct it to you. I am enclosing the draft transfer.

I note that Messrs. Blair, McNeel & Stewart are asking for the second certificate of title. This was directed to the Department of Justice when we asked them to look after the transaction, and I will write to them with a view to having all the papers necessary sent on to their Regina agents.

Yours very truly,

Encl.

Deputy Minister of Justice;

instructions has been registered in the Land Titles Office in the Regina Land Registration District and that the title of the property now stands in the name of His Majesy the King in the right of the Department of Indian Affairs, free from all incumbrances. All taxes against the property have been paid and satisfied and a check of the Department of Indian Affairs No. 6065 for $3000.00 in favor of the vendors of the property and myself jointly, it has been endoresed by myself and handed to the vendors.

The delay in obtaining title is explained in my previous correspondence.

I have endeavored to obtain rebate from the Land Titles Office for the registration fees included in memorandum of fees herewith but have been unable to do so. The Registrar taking the ground that under The Land Titles Act and the tariff of fees fixed, be is required to charge for every transfer registered, except those registered in favor of His Majesty in the Right of the Province.

Yours truly,

AWM/S

The following note was enclosed with Dr. Edmison's letter of November 23, 1925, on file 160-4, which related to Estimates for 1926-27. The item has been noted.

Noted

File Hills, Sask.

This school has been well taken care of in 1925 and is a credit to our Government schools.

$2,000. should be spent in clearing more land which would aid very materially in the self support of this school.

APR 21 1926

Sir:

Will you please advise me if any appropriation has been set aside to provide for the clearing of additional land at the File Hills Indian Residential School to enable the management to increase the area of their farming operations.

This matter has been under review for some considerable time, and if an appropriation has been made I should be advised as operations should be commenced almost immediately.

Your obedient servant,

W. M. Graham
Indian Commissioner.

DEPARTMENT OF INDIAN AFFAIRS

CANADA

Mr Sutherland

April 21, 1926.

Memorandum:

Dr. Scott.

There is an item of $1,500 in the Estimates for clearing additional land at the File Hills Indian Residential School. Mr. Commissioner Graham writes, asking if there is an appropriation for this purpose as the work, if to be undertaken, should be commenced immediately. I wish to recommend that $1,000 be allowed for this purpose and that the Commissioner be asked to undertake the activity on a day labour basis, using Indians.

Ottawa, April 21st, 1926.

Sir:

I have your No. 306-11 A of the 17th instant, requesting to be advised as to whether an appropriation can be allowed for the purpose of clearing additional land at the File Hills Indian Residential School in order that the management can increase the area of their farming operations.

In reply I beg to say that you may incur an expenditure not exceeding $1,000 for this purpose. You should arrange to have the work undertaken on a day labour basis, using Indian labour as far as possible. Proper time sheets, in duplicate, of the labour employed should be kept. These should be certified in the usual manner.

I regret we will be unable to make an advance to pay wages at the present time. It is expected, however, that additional money will be voted shortly and will be available early next month, and if you should then require an advance to pay the labour the same will be sent upon request.

Your obedient servant,

J. D. McLean,
Asst. Deputy and Secretary.

COMMISSIONER'S OFFICE,
REGINA, SASK., April 29th, 1926

Sir:-

I beg to acknowledge receipt of your letter of the 21st instant #111-1-9, authorizing me to clear additional land at the File Hills School, at a cost not exceeding $1000.

I regret to note that the work is to be undertaken on a day labour basis with Indian labour as far as possible. This is quite unsatisfactory; a man can put in weeks and show very little for it on a day labour basis, unless you get a first-class man, and it is hard to check them up. I think you should let this rest with me as to how the work should be carried out. I will do the best I can in the most practical way for the Department and the amount will not be exceeded.

Let him arrange

D REGINA, SASK., February 4th, 1927

SCHOOLS BRANCH
FEB 9 1927

Sir:-

On the 21st. April last, your letter No. 111-1-9, you granted me authority to expend $1000.00 in clearing land at the File Hills Boarding School. I was unable to get this work done during the summer as it was most difficult to get men to do this kind of work, owing to the fact that it requires men with some experience. I had made arrangements to have the work done by a certain party in July, but he failed me, and when harvesting operations came on it was impossible to get men unless we paid them $7.00 or $8.00 a day, which I did not think it wise to do. I was hoping to get some of the heavier scrub cut this winter, but the snow has been very deep and it would only be a waste of money to attempt this work.

I write to let you know that this $1000.00 will be available for the current year's expenses, and would ask you to have a similar amount placed at my disposal next Spring.

Extract 12-1-9

I was not able to get as much scrubbing done at the Gordon School in the Touchwood Agency as I should have liked. So far about $200.00 of the amount of $300.00 allowed for this work has been made use of, and I should be glad if I could have $100 or $150.00 additional for this purpose out of next year's appropriation.

Your obedient servant,

W. M. Graham,
Indian Commissioner.

DEPARTMENT [redacted] INDIAN AFFAIRS
[redacted]ADA

OFFICE OF
INDIAN AGENT

DEPT. OF INDIAN AFFAIRS
AUG 29 1932
RECORDS

Muscow, Sask,

August 19th, 1932.

Dear Sir:

I have received a request from Mrs. Emile Dubois, of the Muscowpetung Band, this Agency, that her son, Duncan Shingoose of Cote Band, who is now attending the Birtle Protestant School, be transferred to the File Hills School.

The mother of the boy, whose maiden name was Lizzie Mentuck, was a member of Cote Band, Kamsack Agency. The boy was born to her before her marriage to Dubois, and after this took place she evidently gave the child to her mother, Mrs. John Shingoose, but I cannot tell if any papers were drawn up or not.

Mrs. John Shingoose is willing to have the boy transferred to the File Hills school and has made a statement to that effect which I enclose herewith.

The boy is now 11 years of age, and of course if transferred to File Hills School, would be able to spend his holidays with his mother, with practically no expense to the Department. At the present time both he and his grandmother are staying with Mrs. Emile Dubois, and of the transfer could be arranged, it would cost the Department nothing to have him taken to the File Hills school, otherwise his fare would have to be paid back to Birtle.

It would seem to me that the request is very reasonable, and I would ask the Department to give it favorable consideration.

Your obedient servant,

R.S. Davis,
Indian Agent.

The Secretary,
Department Indian Affairs,
OTTAWA.

Ottawa, August 31st, 1932.

Sir,-

The Department is in receipt of your letter of the 19th instant, requesting the transfer of "Duncan Shingoose" from the Birtle Residential School to the File Hills Residential School.

A review of the June quarter return of the Birtle School does not show a boy by the name of "Duncan Shingoose". There is on this return the name of "Douglas Robert Shingoose" from the Cote Reserve. This may be the boy to whom you refer.

I am writing to the Indian Agent at Birtle to interview the Principal of the Birtle School in connection with your application and, on receipt of his reply, you will be further advised. It might be well, also, for you to write to Mr. P. G. Lazenby, Indian Agent, Birtle, Man.

Your obedient servant,

J.D. Sutherland.
For Supt. of Indian Education.

Ottawa, August 31st, 1932.

Sir,-

The Department is in receipt of a letter from Mr. R. S. Davis, Indian Agent, Muscow, Sask., applying, on behalf of Mrs. Emile Dubois, for the transfer of her son "Duncan Shingoose" of the Cote Band, from the Birtle Residential School to the File Hills Residential School. A review of the June quarter return of the Birtle School does not show a boy named "Duncan Shingoose". There is, however, a boy named "Douglas Robert Shingoose" of the Cote Band.

Mr. Indian Agent Davis states that the Shingoose boy was placed in the Birtle School by his grandmother, Mrs. John Shingoose, and that both this woman and her daughter, Mrs. Emile Dubois, who is the boy's mother, now wish the boy to be placed in the File Hills School, which is closer to the mother's residence. I am asking Mr. Davis to also communicate with you regarding this matter.

Please interview the Principal of the Birtle Indian Residential School and advise the Department if he has any objections to granting this transfer.

Your obedient servant,

J. D. Sutherland.
For Supt. of Indian Education.

Birtle Manitoba.
4th October 1932.

Sir,

In reply to Departmental letter No; 111-1-10 dated 31st August 1932, I beg to say that Principal Currie of the Birtle Residential School has no objection to the transfer to the File Hills School of Douglas Robert Shingoose.

Mr Currie informs me that he got this boy from his grandmother, at the Valley River Reserve in the Pelly agency, and the grandmother signed the application as guardian, owing to the fact that she had brought the boy up from babyhood.

I am writing to Mr Indian Agent Davis at Muscow Sask, advising him as above.

I may also say that Mr Currie stated that he understood that Mr Indian Agent McKenzie of Kamsack did have some objection to this boy being transferred to the File Hills School, but I do not know what Mr McKenzie's objections were.

Your obedient Servant,

P.G.Lazenby.

Ottawa, October 11th, 1932.

Sir,-

It is noted from your letter of the 4th instant that the Principal of the Birtle Indian Residential School has no objection to the transfer of Douglas Robert Shingoose from that school to the File Hills Indian Residential School. The Department is so informing Mr. Agent Davis.

Your obedient servant,

J. D. Sutherland.
For Supt. of Indian Education.

P. G. Lazenby, Esq.,
Indian Agent,
Birtle, Man.

would, I think, take the form of punishment and in view of the boy's low mentality I would not advise sending him to jail. In order to send the boy to the Detention Home it would be necessary to bring him before the Judge of the Juvenile Court for sentence. This would entail more or less expense which I know the Department are anxious to avoid if we can meet the situation and mete out adequate punishment by other means.

DEPT. OF INDIAN AFFAIRS
DEC 1 1932

IN YOUR REPLY REFER TO
No. 306-11B
ALSO TO DATE OF THIS LETTER

INSPECTOR'S OFFICE,
W. REGINA, SASK., 27th November, 1932.

Sir:-

#145

I beg to inform the Department that John Archie Squatipew, aged 14 years, a pupil of the File Hills School, placed a quantity of paper and wood on the pipes at the back of the furnace in the school where it would have ignited if a big fire had been made. He also placed some paper and wood on the floor underneath the pipes so that the burning embers would fall and set fire to the paper on the floor. The Engineer discovered what had been done almost immediately after the boy had left the furnace room, and the Principal informs me that on questioning the boy he admitted that he was going to try and burn down the school so that they could get a holiday. There was really very little danger of this doing damage even had his plan worked out, as there is a cement wall and metallic ceiling and no refuse is left lying around. However the intent was there and Mr. Rhodes, the Principal, punished the boy by giving him a strapping on his hands.

Write Mrs.

This boy is of very low mentality; as a matter of fact he cannot be considered normal. The Principal feels very strongly that he should receive further punishment and suggested that he be sent to the Detention Home in Regina as an example to the others. I have received a strong plea for leniency from the Agent. It appears that the aged parents of this boy are taking the matter very much to heart, as they feel that he is not altogether responsible, and I would be glad to have the Department's views in the matter.

Personally, I feel that discharging him and sending him home would not meet the situation. In fact it might act as an incentive to other boys to attempt the same thing in order to bring about their discharge from the school. My suggestion is that the boy be sent to either Round Lake, Gordon's, or Elkhorn Schools for a month or two and then discharged if thought advisable. This

- would, I think, -

Ottawa, December 3rd, 1932.

Sir,-

I beg to acknowledge the receipt of your 306-11B of the 27th ultimo, regarding John Archie Squatipew, a pupil of the File Hills Indian Residential School. The Department does not consider it advisable to send this boy to any of the residential schools mentioned in your letter without first laying all the facts in his case before the Principal and receiving his approval. You should, therefore, communicate with the Principals of the Round Lake, Gordon's and Elkhorn Schools and, if any one of them is willing to accept the boy for a limited time, the Department approves of your making the transfer.

Your obedient servant,

T. R. L. MacInnes.

Re #181 Walter Shingoose.

Dear Sir;-

The above mentioned pupil of this School was admitted as a grant earning pupil on Sept 28th 1932.

This boy is a former pupil of the Cote Day School and after completing Grade 5 work did not return to the School for further tuition, I had a talk with this boy last August and he consented to attend here to continue his education.

This boy truanted from this School on December 1st and is now at his home on the Cote Reserve, I would therefore recommend that he be discharged as I am afraid that if he is returned to the School he may truant again and possibly take some of the smaller boys with him and the consequences may be serious.

Yours truly,

J. Rhodes.

Principal.

First.

1. 9-1-33 At 9.15 p.m. this date, a phone call was received at this Detachment from Mr. Rhodes, Principal of the File Hills School, to the effect that an Indian boy by the name of William Stevenson, had beat it from school and was thought to be headed for his home on the Pasqua Indian Reserve. Mr. Rhodes stated he was under the impression the lad would pass through Fort Qu'Appelle on the 10th, inst, and asked that, if possible, I apprehend the lad.

2. 10-1-33 At 7.00 a.m. this date I patrolled, per Police Saddle Horse, Reg. No. 2203, in the Fort Qu'Appelle and Lebret Districts, but no trace of this lad was to be found. Enquiries instituted failed to gain any information as to the whereabouts of the boy, persons interviewed having seen no trace of this lad. Having in mind that perhaps he had gone in a different direction I returned to the Detachment at 11.30 a.m.

3. 11-1-33 At 1.30 p.m. this date, I patrolled, per Cutter livery, to the home of the Stevenson's on the Pasqua Indian Reserve and found upon my arrival that the lad had arrived home the previous evening having got there by way of Lipton and did not come through Fort Qu'Appelle or Lebret at all. I apprehended the lad and escorted him back to the Detachment.

4. Through the medium of a long distance telephone call Mr. Rhodes asked the writer to hire a Cutter and place the boy in the charge of the driver to be escorted to Balcarres, where upon arrival, Mr. Rhodes would take care of the boy and pay the necessary expenses. These instructions was carried out, the lad being conveyed to Balcarres this p.m. Receipt for William Stevenson on file at this Detachment.

1. In reference to report of Corpl.C.Harvey dated 16th, inst, and further in reference to C.M.No.209-33 , I beg to report that investigation has been made in this connection , I have been in touch with the Indian Agent here and the father of Michelle Bryant and questioned several Indians on the Reserve. These youths have not shown up at this Reserve. The father of Michelle Bryant is of the opinion that they have likely gone to the home of Francis KOOTHICUM , he does not think his son will shew up here, if he does so he will be handed over to this detachment.

2. A close watch will be kept for these youths showing up at this point, should they ####### come to the Reserve here I will be notified.

DEPARTMENT OF INDIAN AFFAIRS
CANADA

OFFICE OF
INDIAN AGENT

8932-4-F H

Duck Lake, Sask.
July 7th 1933.

DEPT. OF INDIAN AFFAIRS
JUL 11 1932
RECORDS

Sir:-

I have the honour to forward herewith Certificates of Health and Applications for the admission to the File Hills Residential School of Lucy Hilda Bear and Lena Bear, children of Mrs. Rose Bear Genereau pay ticket No.153 John Smith's Band this Agency,.

In the year 1919 Rose Bear daughter of Henry Bear No.83 John Smith's Band, married Edward Genereau a half-breed a labourer of Prince Albert Sask. She lived with her husband at Prince Albert for a short time, then left him because she claims he was a drunkard and cruel to her; she returned to her reserve to her former (parents) home, with whom she remained for somr time, then left there and went to live with Gilbert James Bear, pay ticket No. 122, a widower a returned soldier. on the reserve. The two children Lucy Hilda and Lena were born to her, while she lived with Gilbert James Bear, who she states is their father, and which he admitted. I placed both children's names on the Annuity pay sheets on their mother's ticket No.153.

On December 3rd 1926 Gilbert James Bear was legally married to Widow Maud Rednose No.III James Smith's Band, with whom he still lives.

The woman Rose Bear Genereau then again went to live with her parents, bringing her two children with her: she is still living with her father who is now a widower, her mother having died in April 1931.

The Bears are very poor and the mother (Rose) cannot provide properly for her children.

I reccommend that the application be approved.

I have the honour tobe
Sir
Your obedient servant

Re;- #0154 Jessie Bear.

Dear Sir;-

I have pleasure in advising that the above mentioned pupil of this School was successful in passing her Grade 8 examination this year.

I am sorry I overlooked advising the Department earlier so that authority could be obtained to transfer this Girl to the Brandon School to continue High School studies.

I will appreciate it if the Department will grant the necessary authority to have this girl sent to Brandon.

Thanking you.

Yours truly,

P. C. R.

First.

28-9-33.

1. Approximately 2.40 p.m. of this date, P.G. LAZENBY, the agent for the Gandler Indian Reserve of Birtle, Manitoba called at this detachment and reported that the three above named Juveniles had run away from the C.N.R. passenger train at this point, that the three above named were entrained for Balcarres, Saskatchewan where they were to attend the Indian school. Their respective ages being 16, 14 & 8 yrs. He further stated that these children after leaving the train had called at one of the house west of the station where they got a drink of water and then continued west. He requested assistance of the police in locating these juveniles.

2. Obtaining the description in detail and pursuant to instructions received from Det/Corpl. Woods of Yorkton C.I.B. I immediately patrolled per Constable Parson's P/Auto to the section of the city where they were last seen. I inquired at John KOHUT'S residence where they obtained a drink of water and there I learned that the boy mentioned about hiding on KOHUT'S premises but the elder girl decided to keep going. They continued another block south and then turned west. I continued enquiries along this route but failed to learn anything further. I continued patrol west and then proceeded to search the bush on the outskirts west of the city without results. Then I continued patrol to the first road west of the city and notify all the farmers along this road, and continued on road north of the city with the same results. After a general search of two hours, I got in touch with the detachment and learned that these children had been picked up by the Indian Agent east of Yorkton. I returned to detachment.

3. About 9.15 p.m. of the same date, F.L.BLANCH from the Indian School at Balcarres called at this detachment. I duly handed these juveniles over to him, obtaining receipt for same which is on file at this office, and escorted them to Balcarres same p.m.
